WOMEN'S CONVENTION.

THE RESOLUTION PASSED BY THE DOMINION W. C. T. U.

Temperance Instruction—Prohibition to be Advanced—The Style of Evening Dress—Round Dances—Impurity in Personal Life—The Influences of Bar Rooms and Billiard Rooms, of Lotteries at Exhibitions, church Fairs, etc., Spoken Against, etc.

At this morning's session of the W. C. T. U. convention after devotional exercises and routine business the report of the executive committee, which met at 9 o'clock was read and adopted as follows:

That Miss Tilley prepare the reports with liberty to choose some one to assist her, and that a grant of $20 be made again this year. That the corresponding secretary and treasurer of the Dominion section be the corresponding secretary of the World's union; that the Dominion union take part in the World's exposition; Mrs. Foster being requested to act as Dominion commissioner.

THE REPORT OF THE RESOLUTIONS COMMITTEE

was then read as follows:—

Preamble—We the W. C. T. U. in convention assembled acknowledge in thankfulness and reverence God's love and favor that has so shielded and guided us during the past year; for new fields of labor and blessed service which He has opened up before us, and for the increase in the number of those women who have heard and obeyed the Divine command, 'Go to work to-day in my vineyard.'

We believe that the prosperity of the Dominion Union is largely due to the systematic way in which the work of our several departments has been carried on. Whilst looking to God for guidance and strength, we believe that greater effort should be made in all lines of work, particularly in the Evangelistic department.

Believing that

THE LIQUOR TRAFFIC

cannot be licensed without sin,

Therefore, resolved,—That as a society based upon non-sectarian, non-political, and non-sectional lines, we reaffirm our platform, total abstinence, as the safety of the citizen and prohibition the security of the state.

Resolved; that we believe in the literal obedience our Lord's commandment "Keep holy the sabbath day," and therefore join with our sisters of the national W. C. T. U. in raising our voices against the Columbian Exposition upon that day; that we deeply regret the opening of canals and unnecessary railway and steamboat traffic on the Lord's day; the opening of grocery and fruit stores; the sale of cigars and liquors, and express our hearty sympathy with all associations who are seeking to enforce the law against the desecration of the Sabbath; further that we urge and invite the practical co-operation of the clergy of the Dominion in frequently, earnestly and persistently presenting to these people the importance of Sabbath observance.

Resolved; That we rejoice greatly in the gain which has come to us in the line of Sunday school and temperance lessons as the result of the memorial effort of 1890, and that in recognition of the large number of women engaged in Sunday school work, and in view of their proven adaptability we do respectfully ask that a woman be added to the committee for preparing the International series of Lessons.

Resolved with gratitude the growth of the W. C. T. U.'s

WORK AMONG YOUNG WOMEN,

which has materially increased the membership of the organization and added to the Provincial and Dominion treasuries, and appreciating that upon the multiplication of these means must largely depend the future prosperity of our work, resolved; that we urge upon the provinces special attention to this particular line of organization.

Resolved that a committee be appointed by this convention to correspond with all organized associations of women throughout the Dominion, for the purpose of calling a council of women previous to or after the next meeting of the Dominion W. C. T. U.; That all women cooperating for religious, philanthropical or educational work, may join hands for all branches of good work on a basis upon on which all can agree.

Resolved that while we rejoice that scientific

TEMPERANCE INSTRUCTION

has been made compulsory in some parts of our Dominion we will renew our efforts in those provinces where a compulsory law does not exist, and to this end would respectfully urge upon the ministers of education to place the scientific Temperance Instruction on the prescribed list of subjects for examinations of both teachers and pupils, recommending that the use of a duly authorized series of text books be compulsory under the forfeiture of school grant.

WOMEN ON SCHOOL BOARDS.

Resolved that in view of the fact that women have been placed upon the School Boards in parts of Great Britain, United States and Canada, and that they have shown their fitness for this position by advancing its work, we would respectfully urge that women be made eligible for office and be represented upon the School Boards of every part of the Dominion.

Resolved that we record our thanks to our Heavenly Father for the advance that has been made in the Department of unfermented wine for sacremental purposes, and do earnestly ask that all ministers and congregations where unfermented wine has not been introduced do carefully consider the expediency of using it.

Believing that mercantile establishments should be under the

SAME SANITARY

regulations as factories, and inspected by the same officials, therefore resolved, that steps be taken to bring about this result.

This Union confidently believes that the time has come when it should take steps to secure the

FULL FRANCHISE FOR WOMEN,

and would urge the thorough circulation of the petitions which are already in our hands for the enfranchisement of women and also urge that the provincial unions petition for provincial franchise.

SOCIAL PURITY.

Believing that the scriptural injunction 'keep thyself pure' comes to all, individually, both as men and women, and that in God's sight all are equally responsible, therefore resolved that we take a more determined stand upon this question, urging each member of our union to make her home such a stronghold of purity that no man or woman known to be leading an impure life can partake of its hospitality, and that we endeavor to make our efforts as far reaching as possible in creating a wholesome sentiment concerning personal purity.

That the Dominion W. C. T U. are in entire sympathy with the societies for the protection of women and children, and do most heartily and sincerely endorse the sentiments of the Montreal society and the Royal Templars of Temperance as expressed in their petition now in circulation only regretting that the petition does not ask that the age of consent be raised to 21 instead of 17.

Inasmuch as

THE USE OF TOBACCO

and other narcotics is alarmingly increasing among the youth of both sexes, and knowing as we do its detrimental effects, physically, mentally and morally, upon society, we do, as a Dominion society, urge upon the provincial government the enforcement of the laws they already possess and the enactment

FIRST EDITION.

of such laws, where they do not exist, for the protection of the youth of the land by the prohibition of the sale of cigarettes and tobacco to minors.

Resolved that we reaffirm our belief in the educative power of temperance literature, and urge our unions to use their influence in placing temperance books in the Sunday schools, public, benevolent and reformatory institution's libraries, and in railway stations and that every possible means be taken to place temperance reading in the hands of young and old.

Resolved, that we are in perfect sympathy with

THE PROHIBITION PETITION

now before parliament and trust that the outcome may result in prohibition of the manufacture, importation and sale of alcoholic beverages thoughout the Dominion.

Resolved that realizing the evil associations that gather around barrooms, billiard rooms etc., we urge upon the unions the establishment of reading rooms as counter attractions and that they endeavor to take an interest in existing

READING ROOMS

not under the supervision of the unions in order that nothing but pure literature and wholesome amusements be presented to our young.

Resolved. that we reaffirm our confidence in the Woman's Journal as the organ of the Dominion W. C. T. U., and urge its increased circulation in the unions as a means of acquaintance with the Dominion work. We also commend the Union Signal, organ of the W. C. T. U. That we reaffirm our opinion as to the advantages of the Demorest medal contest as a means of arousing general interest and as educating the public principle in temperance.

Resolved. That we endorse the world's petition for the protection of the women of the world, and will continue to circulate and obtain signatures for the same.

Resolved that the Dominion union is pledged to discountenance by its influence the

OBJECTIONABLE STYLE OF EVENING DRESS,

which obtains in society gatherings throughout the Dominion and desire to place on record its disapproval of round dances as leading to social impurity.

Resolved that we deeply deplore the great evils that flow from the lottery system, as authorized by some of our provincial governments, our church fairs and all forms of gambling and urge upon the unions the necessity of doing all in their power to put them down.

Resolved that as a Dominion W. C. T. U. in convention assembled, we approve the plan of having an exhibit in connection with the World's Union, at the Columbian Exposition in 1893.

Thanks were returned to the fraternal delegates.

Resolved that we earnestly request our general officers to see that the International Teachers association, soon to convene at Toronto, is provided with literature concerning scientific temperance instruction, that the signatures of Canadian teachers to our petition are sought and an expression secured if possible in favor of the educational methods of the Dominion National W. C. T. U.

The report was adopted.

Mrs. Steadman moved that a letter of thanks be sent to Lady Somerset of the British union. Carried.

The report of the plan of work committee was then read and adopted, after which the officers for the several departments were chosen.

A MURDEROUS HUSBAND.

HE IS JEALOUS OF HIS WIFE AND TRIES TO KILL.

He Wounds Two Men and Beats His Child With the Butt of His Revolver—He is Captured by the Police and Shoots Himself.

BY TELEGRAPH TO THE GAZETTE.

BEVERLY, Mass., June 23.—Warren A. Shaw, whose wife keeps a boarding house in this town went home last night and shot Henry L. Roberts in the back while he was talking to Shaw's 13 year old daughter in the kitchen, Arthur G. Morgan, another boarder received two bullets in the breast and one in the thumb; Shaw's daughter interfered and was beaten over the head with the butt of a revolver.

The would be murderer fled and was collared by his daughter Lizzie, at whom Shaw fired a shot which lodged in her leg.

Officer Raymond pursued Shaw and caught him when Shaw turned the revolver on himself and blew out his own brains.

The victims were sent to the Salem hospital where they still remain, The bullet has been removed from Roberts but Morgan's recovery is doubtful. The cause of the shooting was jealousy, Shaw claiming that Morgan was intimate with his wife and Roberts with his daughter, the story having been told by a servant employed in the family.

Shaw has not been living with his wife for the past two weeks on account of the trouble.

Robert and Morgan are each about 30 years old and Shaw was about 42 or 43. He was a shoemaker by trade.

Not the Work of a Religious Fanatic but Instigated for Revenge.

BY TELEGRAPH TO THE GAZETTE.

NEW YORK, June 23.—A despatch from Chicago says that G. Naterman, of the firm of Gross & Co., of Tokio and London, is at present in Chicago. He was a passenger on the same vessel that brought the royal messenger having important despatches sent by the Czarewitch to the Czar. This messenger, he says, has mysteriously disappeared and his theory is the Japanese authorities had him put out of the way in order to suppress the real facts in the recent attempted assasination of the Czarewitch.

Mr. Naterman says the attack on the Czarewitch was instigated by a great noble of Tokio through revenge and the story that it was the work of a religious fanatic is a pure fabrication.

THE REDPATH CONCERT COMPANY at the St. Andrew's rink on Thursday and Friday evenings will among other features present to St. John lovers of music the famous pianist Mr. John Francis Gilder. The following extracts show how he is appreciated elsewhere:

Mr. John Francis Gilder, the pianist, has perfect command of the keys, and executed to perfection Gottschalk's "Tremolo Etude" and "Plantation Echoes," of his own composition.—Indianapolis Journal.

John Francis Gilder's touch of the piano seems almost divine.—Moravia (N. Y.) Valley Register.

The feature of the evening was Mr. Frank Gilder's magnificent piano recitals. He was rapturously applauded.—San Francisco Morning Call.

The pianist, Mr. Gilder, was mos capital, and was very heartly encored.—Elmira (N. Y.) Advertiser.

Mr. Gilder represents a class of pianists almost unknown to the concert stage of to-day, but a larger following of his ideas in concert performances would remove many of the present terrors of the ordinary piano recital programme. He has all the technical attainments of the modern school pianist, and his touch has a limpid clearness and purity which is but seldom attained by the modern methods.—Boston Daily Herald.
