PREFACE.

The design of the Frederick's Directory has been to give the Post Office Address of the male inhabitants over twenty-one years of age, and others in the Province of Prince Edward Island. We have taken great pains to have the work complete, and it is confidently believed that it will be found reliable and useful to the Public, to whom we now take much pleasure in presenting it, and whose confidence and good opinion the accuracy of the Directory will justify us in meriting.

As the circulation of the book will not be confined to the Island alone, we have, with a view of bringing the Province, its capabilities and advantages as a watering place, into more prominent notice abroad, included in the work a short historical sketch, and a description of its Towns, Villages and various summer resorts.

The advertising patronage, without which it would be almost impossible to publish the book, came up to our expectations, for which we heartly thank our numerous patrons.

To the Press, professional and business men and others who so handsomely aided in bringing the Directory to a successful issue, we tender our most sincere thanks.

FREDERICK'S PUBLISHING COMPANY.

Prince Edward Island RAILWAY.

SUMMER TOURIST TRAVEL.

TOURISTS AND VISITORS to the Maritime Provinces should include in their trip PRINCE EDWARD ISLAND, the "Garden of the Gulf." All the beautiful seaside and fishing resorts of the Island are reached by this railway.

Three trains run daily for western points, and two daily for eastern points during the summer months.—See page 25 for Tourist and Mileage Tickets.

J. UNSWORTH,
Superintendent.

How to Reach the Island.

ONE of the elegant Steamers of the Prince Edward Island Steam Navigation Company on arrival of the Train from St. John, N. B., leaves Point Du Chene every day (Sundays excepted) for Summerside, connecting with Express Train for Charlottetown and other parts of the Island. A Steamer of the same line leaves Pictou, N. S., on arrival of the Halifax Express for Charlottetown every day (except Sundays and Tuesdays). Steamers of the Canada Atlantic, and the Boston, Halifax and P. E. Island Steamship Lines, ply weekly between Boston, Halifax and Charlottetown; the Quebec Steamship Line fortnightly between Montreal, Summerside and Charlottetown; and the Fishwick Express Line weekly between Halifax, Cape Breton ports and Charlottetown. The Black Diamond Line fortnightly between Montreal, Charlottetown, and St. John's, N. F.

1885

RAW GROUND PLASTER,

A FERTILIZER FOR THE GROWTH OF CROPS.

Address: **JAMES A. BENNETT,**

Windsor, Hants Co., N. S., Mill near Windsor Foundry.

TO THE PUBLIC.

RAW GROUND PLASTER

Claims its merits as a Fertilizer. Large quantities are shipped from here to the United States and West Indies for this purpose, and we are informed that much sent to the United States, is there manufactured for Ontario farmers.

From these facts, together with the increase for its demand throughout the country, we conclude that the trade will increase, and also, that the article can be manufactured here, where it occurs in nature, just as well as somewhere else. Consequently, we have secured the mills and necessary apparatus for the purpose, and are now prepared to supply the best quality of Land Plaster in any quantity, at a reasonable price.

"Plaster, unburned, is used as a fertilizer. Its action is probably somewhat like that of lime, and in addition it gathers up ammonia and holds it for the plant."—*Steele.*

"It is said that Franklyn brought Plaster into use by sowing it over a field of grain on the hillside, so as to form in gigantic letters, the sentence, "Effects of Gypsum." The rapid growth produced soon brought out the words in bold relief, and decided the destiny of gypsum among farmers."

In its action, gypsum does not seem to enter into the composition of the plant, to any great extent, but rather plays the part of the cart which carries the manure to the field, in acting as an agent which gathers ammonia and food from the air and readily yields it to the growing plant.

Its action seems to be beneficial on all kinds of soil, and especially on loam or sandy soils, which seem to be incapable of holding a manure. Manure, mixed with a liberal supply of gypsum, applied to such soil, will be more than doubled in its effect. Several years of experiment justifies this statement. And again, the power of gypsum to absorb moisture from the air, makes it of value on soils which suffer from drought.

Not the least of the uses of plaster, is that of the preservation of manure. How easily is the smell of ammonia detected in horse-stables, while the manure heap is dried up, and the cart carrying it to the field is like "Drychaff's dung cart– that creaking hearse—that is carrying to the fields the dead body whose spirit has departed." This most valuable constituent of the manure is readily absorbed by the free use of plaster.

Therefore we recommend its use:—

1. About the stable in order to save the real strength of the manure; as well as to keep the stable healthy.
2. When the manure is applied in the field. (The plaster should be applied with the manure.)
3. On grass, and especially on clover lands. Try a few ridges and you will soon notice the difference in the colour and quality compared with the rest of the field.

☞ Remember it is the famous "Windsor Blue Plaster," which, whether it differs chemically or not, has long established itself as a fertilizer superior to other varieties.

After 1st July, 1889, I shall be prepared to fill orders for Calcined Plaster.

Burnt Plaster, which makes a Hard Durable Wall, will be kept constantly on hand at a resonable price.

JAMES A. BENNETT.

A SHORT

HISTORICAL SKETCH

OF

PRINCE EDWARD ISLAND,

AND A DESCRIPTION OF ITS

PRINCIPAL SUMMER RESORTS, &c.

PRINCE EDWARD ISLAND, one of the Provinces of the Dominion of Canada, situated in the Gulf of St. Lawrence, was discovered on St. John's day, twenty-fourth of June, 1497, by the celebrated discoverer, Sebastian Cabot, who, indicative of the day, named it the Isle of St. John. Its length is one hundred and fifty miles, and width in the widest part is thirty-four miles, and it contains an area of two thousand one hundred and thirty-three square miles. It is separated from Nova Scotia and New Brunswick by the Straits of Northumberland, which, between Capes Traverse and Tormentine, is only nine miles wide. The Island is deeply indented with bays and rivers, which afford short and safe communication betwixt many inland places. A magnificent growth of forest trees at one time waved over this province, and there still remains many shady groves of soft maple, graceful cedar, elegant elm, spruce, hemlock, and all the varieties of wood peculiar to a Canadian forest.

By the treaty of Fontainebleau in 1763, the Island was ceded by France to Great Britain, and placed under the

Mott's Chocolate, Grateful and Comforting.

government of Nova Scotia. A survey of the Island and of all the British North American Provinces, ordered by the Imperial Government, was commenced in 1764, and finished in 1766. After this survey no doubt remained as to the fertility of the land. Previous to that various plans were suggested as to the settlement of the colony. The most strenuous efforts were made by the Earl of Egmont, first Lord of the Admiralty, for a grant of the Island, and to hold the same in fee of the crown. He proposed to settle it on a feudal plan, and that he himself should be lord paramount of the whole Island. His plans were set forth in an elaborate memorial to the king,and were backed by several communications addressed to the lords of trades and plantations, and signed by influential gentlemen distinguished for military and other services. The king referred the matter to the board of trade. In 1764 the board reported that the principles of the plan seemed adverse to the system of late years adopted in the settlement of the colonies, and that as his lordship's scheme was more calculated to answer the purpose of military and defence than of agriculture and commerce, they could not advise his majesty to comply with Lord Egmont's proposal. The Island was afterwards divided into sixty-seven lots. These lots or townships, with the exception of a few reservations, were disposed of, by means of the ballot box, to parties having claims on the government upon certain conditions. Thus, on the twenty-third of July, in the year 1767, was the Island apportioned, with the exception of lot sixty-six. About six thousand acres were reserved for the crown, and lots forty and fifty-nine—which had already been promised to parties in consideration of having made improvements and established fisheries on the Island.

In 1770, at the request of the proprietors, the Island was erected into a separate government, and Capt. Walter Patterson, one of the Island grantees, was appointed Governor. At this time there were only one hundred and fifty families and five proprietors living on the Island. In 1773 the first Assembly was convened, and the first Act passed was one ratifying the proceedings of the governor in council from the first day of May, 1769, to the then

session of the Assembly. One of the conditions on which the land was granted was, that the grantees should settle on each lot a settler for every two hundred acres, and one-third of the land to be settled within four years. Three years had passed; hardly anything had been done to comply with these terms. Only a very few of the proprietors showed any zeal in doing their duty in this matter. To make gain with as little expense as possible seemed to be the great object of the most of these gentry. Governor Fanning succeeded Governor Patterson in 1787, and, being appointed through the influence of the proprietors, he was more disposed than Governor Patterson to favor their interests. He caused a bill to be passed the first session of the Assembly held after his appointment, nullifying some sales of land made for non-fulfilment of terms in 1781. The bill, however, did not receive the royal assent. Under the direction of the Provincial Government an investigation was held in 1797, whereby it was found that twenty-three lots, embracing four hundred and fifty-eight thousand five hundred and eighty acres, had not a single family settled on them, and eighteen lots, containing three hundred and sixty-three thousand acres, had only eighty-four families. At this time the whole population was estimated at five thousand. These facts led to an agitation for the escheat of the lands of those proprietors who had proved so utterly indifferent to the terms of settlement. The House of Assembly, sensible to the necessity of the more effectual settlement of the Island, petitioned the Home Government, praying that measures be taken to compel the landlords to do their duty, or that their lands be granted to actual settlers. The petition was forwarded to the Duke of Portland, who commended the resolutions; but so powerful was the influence of the proprietors with the Home Government, that they not only succeeded in preventing the petition from leading to any practical result, but also succeeded in obtaining (1802) a reduction in the quit rents, which, by the condition of settlement, they were obliged to pay the government, and which now had fallen into arrears amounting to nearly fifty-nine thousand pounds sterling.

The inconvenience arising from the Island bearing the same designation as the capitals of Newfoundland and New

Brunswick, it was deemed expedient to give the colony a new name. In 1798 an Act was introduced in and passed by the Local Legislature, which changed the name to Prince Edward Island, and received the royal sanction the following year. The change took effect from the commencement of 1800. This name was given as a mark of gratitude to the Duke of Kent, father of Queen Victoria, and Commander-in-Chief of the forces of British North America, who took a practical interest in the welfare of the Island. Although the reduction of the quit rents failed as an inducement to many of the proprietors to pay what was really due the government, it enabled them more easily to obtain purchasers for their estates, so that from the commutation to the year 1806 nearly a third of the Island was transferred by purchase to persons, many of whom were desirous, by industry, to make the venture a profitable one. Notwithstanding the large reductions made in the arrears of quit rents by the crown, the landlords seemed in no way desirous of fulfilling their obligations regarding the payment. In 1803 the Island Assembly passed an Act authorizing the establishment of a Court of Escheat on the Island, with a view of having the estates of non-paying proprietors reverted to the crown. The bill was sent to the Home Government for approval. There was no session of the Assembly in 1804, and no information was as yet received regarding the fate of the bill. In 1803 the Earl of Selkirk brought out and settled on his property, north and south of Point Prim, eight hundred Highlanders, who, by industry and perseverance, became comfortable and prosperous farmers. With this exceptlon Governor Fanning's eighteen years administration, which terminated in 1805, was no way remarkable for the progress or advancement of the interests of the Island.

Colonel Joseph F. W. DesBarres in July, 1805, succeeded Governor Fanning. He was well advanced in life, and was for some time previously Governor of Cape Breton, when that island was a separate colony. Shortly after his arrival he received official intimation that the bill passed by the Local Assembly in 1803, regarding the Court of Escheat, was disallowed. During his eight years of office public

Mott's Spices are the Purest.

affairs seems to be conducted with calmness. He gave no evidence of the tyrannical disposition which characterized his successor, Charles Douglas Smith, who succeeded him in 1813. War was then raging between England and the United States, and Governor Smith's earliest attention was given to forming companies of militia for defence of the province. The Assembly met in November, 1813, but, as it did not accord with his notions of propriety, he thought proper to prorogue the House in January, not again convening it until July, 1817, and then, taking offence at some of the proceedings during the session, he dissolved the House, with a view of returning an Assembly more in accordance with his own views. The new House, on being convened, proved as refractory as the former one. In a fit of passion he dissolved it. His actions on subsequent occasions goes to show him to have been an erractic, if not an autocratical ruler.

On the twenty-sixth of July 1823, the Prince Edward Island Register, the first Island newspaper made its appearence, edited and published by Mr. James Douglas Haszard. It referred in severe terms to some of the recent actions of the Governor and charged him with stretching the prerogatives of his office far beyond their legitimate limits, more especially in his capacity of Judge in the Court of chancey. For these publications he was called before the Court, with the Governor against whom the alleged offence was committed as judge. He was charged with contempt of court. But on Mr. Haszard disclosing the authors of the articles complained of, he was dismissed after a solemn admonition that when about to publish anything again to beware and keep clear of a chanceller. The chanceller's rule, however, was drawing to a close. In the following October he was succeeded by Colcnel Ready who arrived in a brig from Bristol. It is not our intention however to dwell on the earlier history of the country. The land question for years was a cause of agitation and discontent on the Island. All that is now happily settled. In 1875 the local government passed an act by which the lands were purchased from the proprietors, in order that the tenants by easy terms, would become owners of the soil they had

redeemed from the forest, consequently a very healthy impetus was given to the farmers and prosperity of the Island.

The soil of the Island is strong and rich, and for a long time, if attention is paid to rotation, good crops can be obtained with but little manure. The soil is particularly adopted for wheat, oats and potatoes. There are many peat bogs said to be of excellent quality, and may some day afford good fuel. The union of P. E. Island with the Dominion of Canada, took place on the first of July 1873, since which time the progress of the Island has been rapid, and the export trade more than doubled.

The population at the last census (1881) was one hundred and eight thousand eight hundred and ninety-one, which is supposed to have increased to one hundred and eleven thousand.

To those who like to spend their summer months in a sequestered spot, undisturbed by the roar and rush, and demands of fashion, at the big resorts of pleasure, Prince Edward Island has peculiar charms. Its cultivated farms and the rolling sea that breaks upon its white downs, and its long reach of magnificient shores are beginning to attract American visitors, and yearly the travel to its silvery strands is increasing. Those who have summered in Prince Edward Island speak in glowing terms of its green hills, and pleasant vales, surf, bathing, boating, fishing and shooting, are among the enjoyments that are here offered. Hardly a square mile but affords a view of the sea with its invigorating breeze. Hardly a parish but can afford excellent fishing or shooting. Hardly a mile of its shores, but offers tempting sea bathing. The drives from Charlottetown, the capital, to the sea shores, to the salmon and trout streams with which the Island abounds, offers abundant enjoyment in themselves, attractions that cannot be lightly esteemed by parties on a summer vacation.

The Island is not deficient in good accomodation. There are many fine seaside hotels, plenty of comfortable country hotels and summer boarding houses affording a pleasant haven during the summer months. For pure air, beauty of scenery and general appearence of comfort and independ-

ence of its people, the Island is without a rival. The carefully cultivated farms, the neat and comfortable houses, the well kept orchards and shady groves, the churches, schools stores and post offices, all betoken a thrifty and prosperous people. There are very few who have spent the summer months in this province, who do not again return to their favourite haunts by its shores, verdant fields and shady groves. Its fair bays with wooded Islands offers rich duck shooting at certain times, while plover and other small game are plentiful in their season. There are splendid sheets of water for boat sailing, and dark pools overhung by shadowing trees or ripples of miniture waterfalls offer unfailing sport to the lover of the rod and reel. In a few of the watering places, such as Malpeque, Rustico and Souris, it is a pleasant sight to behold the fishing fleet in the harbor, as the tall masts grow dim and the Island fade from sight in the twilight that steals over land and water. It is also a fine scene to observe them again getting under way and sailing out to sea as the sun sparkles on the rippling waves and snowy sails. In these parts are unlimited recreation for all who care to enjoy cod or mackerel fishing and excellent spots for surf bathing around the sandy shores.

On approaching the Island from the sea, it appears comparatively level, but many parts round the coast are steep, rising to an elevation of five hundred feet. Nearing the shores the voyager beholds imposing and picturesque scenery. The verdant slopes, luxuriously waving grain fields, handsome cottages, and fair rural seats command a beautiful prospect of well cleared and highly cultivated land. Sailing round the Island and entering

civic government comprises a mayor and ten councillors. It is well laid out, with large squares and wide streets running at right angles to each other, some of them have lately been ornamented with various kinds of native and imported trees, which in a few years will add considerably to the pleasant and charming appearence of the city. The four large squares, named respectively Queen's, King's, Hillsborough, and Rotchford, are conveniently and excellently located. On Queen Square stands the Dominion and Provincial buildings. This square of late summers has through the exquisite taste, judgment and incessant watchfulness of Mr. Arthur Newbery, assistant provincial secretary, become the centre of culture and beauty. To attempt a description of it would be idle. It is one mass of variegated bloom. Its well designed walks and the rare taste displayed in harmonizing the colors of the beautiful flower plots command the admiration of beholders. On the erection of a contemplated fountain this square will compare favourably with any public garden in the Dominion.

The city is steadily adopting the improvements of the age. It is lighted with electricity and connected by telephone with the other principal towns on the Island. This fall (1888) it will be supplied with an abundance of pure water, from a spring in the valley west of St. Dunstan's College, about 2½ miles out in the suburbs. Charlottetown can boast of as fine public buildings as any city of its size in the Dominion. The Post Office, Custom House, Savings Bank, and the various offices connected with the Federal Government are in the Dominion building on Queen Square. The Court House built of brick, finished in 1876, is a fine building. In the centre of the square is the Colonial building, built of Nova Scotia free stone, the cornor stone of which was laid in 1843. This is a very imposing edifice and from the roof a splendid view can be obtained of the harbour and surrounding country. In this building the local parliament meets, and in days of yore its walls resounded to speeches which would be creditable to statesmen of mightier parliaments.

A New City building just completed is another acquisition to the city. This building affords accommodation for

the City Council chamber, Mayor's Offices, the Stipendiary Magistrates Court room, water Commissioners, Police and other offices. The steam fire engines are here housed in a roomy apartment. It is built of Island brick trimmed with free stone and fitted with all the modern improvements. A photographic view of this and other public buildings appears in the preceding pages.

There are also two excellently appointed and thoroughly equipped hospitals, named the Charlottetown, and P. E. Island.

The Market house which is on a line with the Dominion, and other public institutions on Queen Square, is a large wooden building and on Tuesday and Friday is capitally supplied with all the creature comforts—flesh, fish and fowl—an abundance of excellent vegetables and fruits which can be procured at extremely low prices. The City Hall is over the Market place and is capable of holding a large number—twelve hundred or more persons. There is also a well furnished opera house, with a seating capacity of one thousand, on Prince street.

The churches are numerous and well attended. With few exceptions, can the school accommodations of Charlottetown be excelled. Besides the Government schools, there are many other massive buildings worthy of notice. The Colleges, Convents, Bishops Palace, and Lunatic Asylum are magnificent structures and a credit to the capital. Within the last five years, some exceedingly handsome private residences have been erected, and the number at present under construction goes to show the taste and prosperity of the inhabitants. The warehouses, dry goods and other stores are substantial buildings. The business men are noted for their integrity, and their places of business plainly indicates that they are no ways lacking in energy, and determination to succeed.

The suburban scenery is magnificient, of which perhaps Victoria Park, about ten minutes walk from the centre of the city and charmingly located, takes the lead. It is encircled by a road running along the shore of the beautiful Hillsborough River, and commanding a splendid view of the picturesque entrance to the harbor, and winding around

Mott's Broma for the Sick.

towards North River. The delightful drives, shady walks and forest scenery would afford a rich theme for the lovers of natural beauties. A more enjoyable drive could scarcely be pointed out than the Malpeque or St. Peter's Road and around the Royalty. Across from the city is Southport, reached by a ferry steamer which crosses every half-hour from here. The Georgetown road to Vernon River is a favourite drive with strangers as well as natives.

In summer, steamers ply regularly between the Island and England, Montreal, Shediac, Pictou, Boston, and elsewhere. In winter, the means of communication between Capes Tormentine, New Brunswick, and Traverse, a distance of nine miles is difficult, and has to be accomplished in small open boats. The steamer "Northern Light" built to ply between the Island and Nova Scotia, will this coming winter give way to a new, improved and more powerful steamer built of steel. The vessel is now being constructed on the Clyde expressly for this service, and it is anticipated that she will greatly facilitate winter communication.

The hotel accommodation is first class. The "Hotel Davies," John J. Davies, proprietor, is situated on Water Street, and is one of the best Hotels in the Maritime Provinces, and has a large patronage. The "Osborne" is a large and well conducted house, fitted with hot and cold water baths and all the modern improvements. Owing to its increasing patronage it has lately been enlarged and otherwise improved. Contains some fifty or sixty sleeping apartments, besides a number of parlors, sitting room and a spacious dining room. The tables are at all times abundantly supplied with the delicacies of the season and the best that the market affords. Mr. C. V. McGregor, the owner and proprietor, has had a large experience in hotel business and is an obliging and popular host, and pays every attention to the wants and comforts of his guests. Free coaches await the arrival of all trains and boats. The hotel is well patronized by tourists, commercial men and others. The "Rocklin" house situated on Kent street. Mr. S. Fraser, proprietor, is obtaining a large share of patronage. The house is well furnished and the fare excellent. Parties visiting Charlottetown, will do well to call

Pure Spices from John P. Mott & Co, Halifax, N.S.

at the "Rocklin" where they will find all the comforts required. It is well situated, and very convenient for the public in general. The "American" house kept by Mr. J. Kelly, and the Provincial, Duncan, and the Eldon house, are good houses, and centrally located. The Railway house, kept by Mr. McRae, situated on Richmond street, is in close proximity to the Market, Post Office, and other public offices. The patrons of any of these hotels, will meet with every comfort, and substantial table fare at moderate charges. There are many other hotels, and lodging houses which our limited space forbid mentioning.

The line of Railway traverses the Island from Tignish, the western terminus, to Souris, the eastern, with branches to Charlottetown, Georgetown, and Cape Traverse. The total length is two hundred and ten miles. The road is well managed, and kept in good condition, and Mr. Unsworth, is one of the most popular and efficient Superintendents in the Dominion, and his many kindly acts prove him to be a whole-souled gentleman. The conductors and other officials connected with this railway, are as popular and courteous a class of men as can be found anywhere. We must also mention that the P. E. Island Steam Navigation Co.'s boats plying between Summerside and Point du Chene, and Charlottetown and Pictou, are excellently fitted up for the comfort of the travelling public, and the officers and men proverbial for their kindness and attention to passengers.

From Charlottetown easy access to any part of the Island, can be had by rail or boat. Of late tourists are beginning to find their way to the Island in large numbers and the numerous summer hotels are constantly increasing along the beautiful shores, where the bright skies, the cool breezes from the sea and the luxurious vegetation of the fertile Island, bring health and enjoyment to the wearied toilers in hot and dusty cities, and bloom to the cheeks of their children. Of the beauty of the interior, too much can hardly be said, and scores of excursions can be made by rail, steamer, or carriage, each presenting a peculiar scene of enchantment. In fact the drives through the royalty, which is almost a continuous park, affords some excellent views of water and shores, and everywhere dotted with farm houses,

Mott's Cocoa, highly recommended by Physicians.

embowered in foliage, are of themselves well worth a visit to the Island. The scenery along the courses of the north, west, and east rivers is delightful, all presenting objects of interest and admiration. A magnificient drive from Charlottetown, is that to Brackley Point, and calling at the "Sea View" house kept by Ewen Houston, the tourist can have a magnificient view of the gulf and bay. The scenery is beyond discription. After partaking of the good things provided by the amiable hostess., we start for "Shaws Hotel," kept by Mr. Neil Shaw. This house is large, well kept and nicely furnished, and has all the comforts of a first class summer resort. After leaving this pleasant spot the next point reached is the "Grand View Hotel," about one mile beyond. Mr. Alex. McMillan is the sociable host. This house is situated on the sloping shores of Rustico bay, it is roomy, well lighted and the table fare is second to none on the north shore. After a mile's drive further on the "Island Home" kept by Mr. Neil McCallum, is reached. This house is beautifully situated on the western shores of Covehead Bay, and everything in connection with it is well arranged, and up to the requirement of the times. "Point Pleasant Hotel," Covehead. is the next stopping place, Mr. Angus McMillan is the proprietor. From here we get the most commanding view of the gulf that can be obtained from any point of the shore. This house was among the first of the summer hotels in this section of the country and still maintains its excellent reputation. A hotel in course of erection by Mr. Francis Mutch, when finished, will be a valuable acquisition to the pleasant hotels that dot this section of the county. Those who take a holiday at this delightful coast will find safe and pleasant boating, excellent fishing in stream and sea, and every facility for use of the gun. Returning by Union and St. Peter's Roads, the scenery is of ever varying and rural loveliness. The visitor will be well repaid by a drive to Tea Hill not many miles from Charlottetown. Here picturesque scenery and magnificient views open before him. The faint outlines of Nova Scotia, in the distance, the blue waters of Hillsborough and Pownal bays, with their pretty Island, surrounding hills, and sharp head-

Broma, Cocoa,

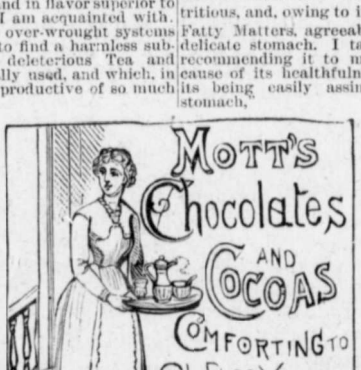
AND

CHOCOLATE.

Highly Recommended by Leading Physicians.

William H. Howitt, Esq., M. D., of Toronto, writing under recent date, says: "I have examined with care your preparation of BREAKFAST COCOA, and find it exactly what is claimed for it, a perfectly pure article, free from fat and starch, and in flavor superior to any other make I am acquainted with. In these days of over-wrought systems it is gratifying to find a harmless substitute for the deleterious Tea and Coffee so generally used, and which, in my opinion, are productive of so much harm."

R. Hearn, Esq., M. D., Toronto, writing under recent date says: "Your COCOA has given every satisfaction, both as to purity and flavor. I regard it as an excellent beverage, highly nutritious, and, owing to its freedom from Fatty Matters, agreeable to the most delicate stomach. I take pleasure in recommending it to my patients, because of its healthfulness, purity, and its being easily assimilable by the stomach."



Thos. Nichol, M. D., LL. D., D. C. L., of Montreal, writing to us under recent date, says: "For over thirty years I have been drinking Chocolate and Cocoa, and have at various times used all the preparations of Cocoa in the market, but I have met with nothing equal to your preparation. Your HOMŒOPATHIC PREPARED COCOA, especially, is superior to any I have seen for use by invalids."

A. C. Poussett, Esq., M. D., Sarnia, writing under recent date, says: "I have used both your Homeopathic Prepared Cocoa and Breakfast Cocoa, and find them excellent, in fact, superior to Epps', which I used to think as good as could be made, and I shall have pleasure in recommending your preparations."

FOR SALE BY ALL GROCERS.

JOHN P. MOTT & CO.,

lands, and the waters dotted with white winged vessels and steamers is a panorama once seen is not soon forgotten. At the East and West River, the blockhouse, and other resorts, no great distance from city the disciples of Isaac Walton will enjoy good sport. If the special attractions of this Island, were as widely known as places of less natural beauty, we feel confident that it would soon become what nature destined it to be, the leading watering place of this Dominion.

After lingering some days in Charlottetown, and its surroundings, the tourists will naturally be inclined to visit other portions of this fair and promising land. This he does on a fair summers day, by starting on the train for Hunter River, *en route* to Rustico, passing down the valley of Hunter River, with its gentle slopes, waving grain fields, and numerous orchards, on through the pretty village of New Glasgow, until he reaches Rustico. This drive is through some of the fairest scenes of rural loveliness. The "Seaside," kept by John Newson & Co., is here, and takes rank amongst the very best watering places in the provinces. The location and beautiful surroundings of the hotel, can hardly be surpassed. Nature has been generous to this locality; no hot or sultry days are here experienced. In Rustico the bracing breeze wafted over the dancing waves, that roll before it, renders the air cool and invigorating giving bloom to the cheek, and health and vigour to the languid system.

From the piazza of the "Seaside" the view is extremely delightful. A few paces from the lawn, a little to the north, is the calm and placid waters of the harbor with its narrow entrance, and protected on the other side by a substantial breakwater, a friendly lighthouse guides the hardy toiler of the sea. A group of fishing establishments in the back ground, flanked by green and picturesque scenery rolling away to the west. Another branch of the harbor is to the right, and is separated from the gulf by Robinsons Island, while beyond all, the deep blue sea in majestic grandeur stretches away, far away beyond the reach of mortal eye. Robinsons Island is a long stretch of grass grown downs, or sand hills, whose outer banks slope

away to meet the dancing waves that glide so majestically towards its welcoming embrace. The scene here is magnificient and we cannot do better than give the beautiful description of a graphic writer, who visited the shore. "Over the smooth broad beach, the waves unceassingly roll and break in white foaming surf that is a delight to the bathers who day after day in their gay costumes sport in the genial waters. How many of them stop to learn the song these wild waves sing, of the majesty and power of Him "who holds the waters in the hollow of his hand." Out far out is the ever restless, never silent sea, dotted with hundreds of fishing boats that follow the movements of their finny prey. Shoreward its waves playfully roll. On calm bright days when there is little more than a zephyr to stir them shoreward, they dash and hurry; and surge with angry roar, when the storm king drives the fishing fleet to shelter and tosses the sand far over the top of the highest downs. The waves and the winds are the messengers that proclaim the existence of a diety whose praises they sing in an ever varying tone."

The surf bathing at Rustico is acknowledged to be unequalled in any of the watering places. The two and a half miles of beautiful beach, with the splendid boating facilities lined with good boats, and experienced boatmen in attendence at all times offers inducements which the admirers of the beautiful, cannot fail to appreciate. The surrounding country also affords many delightful drives. The roads are in excellent condition, every hill top affords splendid views, and every farm has its orchard and shady grove.

Like Souris in the south eastern section of the Island, the large mackerel fleet of schooners and boats make the harbor of Rustico the head quarters at the north side of the Island and consequently affords an excellent opportunity for the enjoyment of deep sea fishing. The Seaside is elegantly furnished, fitted in the best style, and is bright, airy and comfortable. The dining room has a capacity without crowding of seating a hundred. The parlors, reading, and other rooms are well furnished and command good views of the gulf. And the *cuisine* cannot fail to satisfy the

most fastidious. A new wing has lately been added, which owing to the increased patronage was necessary, and the hotel now affords room for about one hundred guests.

One of the most beautiful scenes perhaps of the whole Island is thus described by the graphic, pen of the visitor heretofore quoted, and one beheld nearly every evening from the Piazza of the "Seaside;" "is when about one hundred of the white sailed fishing boats, with their tired crews, come into the harbour every sunset, each boat as she comes to anchor in the quiet haven inside the bar dropping her snowy sails, as a bird folds its weary wings at twilight, or a child sinks to rest on its mothers breast. The breeze dies away, the sea calms down, mystic twilight, soft as an angels blessing, steals slowly over the scene, merging into the darker hours of night, till all is hid from view but the faithful lamp of the lighthose, the twinkling farm lights on the hillsides, the watch lights of the boats, and the silvery harbor whose surface is touched and glorified by the faint beams of the new moon, just discernable in the western sky; and ever the moaning sea—its waves changed to long heaving swells—sings in its plaintive notes. We go to sleep at night to its lullaby and waken with its morning song ringing in our ears."

Another beautiful scene for thou who rise with the sun, is the starting out of the fishing fleet. Under a cloud of white canvas, they leave the harbor together, and by the time they have scattered and reached the various fishing grounds the round of sweet holiday has again commenced among Rustico's happy visitors.

Another beautifully situated place with charming natural surroundings is

CAPE TRAVERSE

destined to become one of the leading resorts of the province. It is beautifully situated at the narrowest part of Northumberland straits, opposite Cape Tormentine. From these capes the ice boats cross in winter, and at this point is the terminus of Cape Traverse Branch Railway. Here also the Island is connected with the outside world by telegraph and daily trains. Besides its beautiful natural

Pure Spices from John P. Mott & Co, Halifax, N.S.

scenery it possesses many other advantages peculiar to itself. The dark green woods form a splendid back ground to the rich farms that tip the waters edge, and at some points terminating in abrupt headlands and steep red banks with a long line of splendid beach at their base.

A splendid bay is formed by Cape Traverse River, with Carlton point on the right, and Cape Traverse on the left. Boating and sea bathing are the favourite pastimes here and for such there are ample facilities. Here the tourist enjoys good trout fishing in Cape Traverse and other rivers. The shores, meadows, and marshes, abound in plover, snipe, and duck, while the straits afford some of the finest mackerel fishing. The air at this place is the purest, and the water the clearest that can be met at any point along the straits, this together with the temperature, which is most agreeable during the summer months, contributes largely to make the Cape one of the most attractive points along the Island coast.

Along this shore is seen the long low line of New Brunswick coast, terminating in Cape Tormentine, only a distance of nine miles across the strait. Whilst the continued passing and repassing of numerous steamers, vessels, and boats on the blue waters of this narrow strait adds vivacity and interest to the natural scenery. Cape Traverse is a stirring little village. The "Lansdowne" hotel, Alex. Strang, proprietor, is in every way as good as could be wished for; in connection with which are conveniently situated bathing houses, sail boats, and other attractions and conveniences necessary for a full round of amusement and recreation. The view from the hotel is in all directions splendid, and those who wish to spend a pleasant vacation in a delightful spot will find the realization of their desires in a visit to Cape Traverse. The drives round about and into this highly cultivated section of the country are very pleasant, and the walks along the shores and on the lengthy pier running a considerable distance out into the waters of the strait, form a splendid promenade during a fine summer day.

Leaving Cape Traverse for the west, we touch at the thriving village of

KENSINGTON

situated eight miles east of Summerside. This is a place of commercial importance, its business men are noted for their enterprise, and the straight forward manner in which they conduct business is very commendable. The hotel accommodation is very good. The "Jubilee" hotel is well furnished and receives a large share of patronage. The people are contented and prosperous. We are much indebted to the resident physician, Dr. Darrach, for the courtesies and kindness shown us while procuring reliable information for the directory. In addition to his regular practice the doctor conducts an extensive drug business. The doctor is also a member of one of the leading mercantile firms. Within a few miles drive of Kensington, good bathing, and boating can be enjoyed.

After a short and pleasant drive we reach

SUMMERSIDE

the capital of Prince County, and the second town of importance in the Island. Here we find fine stores, splendid private residences, good hotels and several excellent private boarding houses affording accommodation for a large number of guests. The natural facilities, the tempting attractions of the surrounding country, the numerous forests west of Summerside abounding with partridge, the shores swarm with curlew and plover, the streams with fine sea trout and salmon, the ample opportunities for indulging in deep sea fishing, and the various places within easy reach affords unfailing sport and makes Prince County the most inviting field to the sportsman. The Dunk, Lot 10, and Trout River, Tignish, Pierre Jacques, little and big Miminegash, Black Pond, round pond, Bain's and various other streams easily reached by carriage or rail, are the haunts of fine sea trout, and in not a few of them splendid salmon fishing is enjoyed.

A drive from Summerside to Alberton, affords a magnificient opportunity of viewing a delightful variety of wooded and richly cultivated country, and an excellent shooting ground, being the haunt of myriads of partridge and other game. A long range of sand hills divides the harbour of

Alberton from the open waters of the gulf. Here is a splendid sheet of water and all that could be desired for yatching, etc. The large fleet of schooners, and fishing boats that seek the finny tribe in the treasure stocked waters of the gulf, make Alberton harbour their head quarters. The country in the neighbourhood of the village is exceedingly picturesque. The fine farms dotted with neat and comfortable buildings, and the vast rolling green swells broken here and there by shady groves and luxurious orchards. While lingering around a magnificient settlement known as Kildare, we touch at the Capes, where the visitor cannot but look with admiration on the vast blue waters dotted with the white sails of the fishing fleet. While away across the broad gulf looms the neighbouring shores of New Brunswick. Passing through a very beautiful, and one of the most inviting spots on the Island we reach

TIGNISH

the western terminus of the P. E. Island Railroad, sixty eight miles from Summerside. It is a neat, thriving, well kept though somewhat scattered village. The streets are well laid off and carefully looked after. The surrounding country at once gives evidence of the industry and thrift of the people. The groves and orchard surrounding the majority of dwellings indicates a love of the beautiful in nature. The land in this vicinity is level, and the farms highly cultivated. A beautiful view of the gulf with the picturesque fleet can be obtained from a site near the church. The shore with gently sloping, smooth, hard sand beaches is about a mile and a half from here and offers tempting inducements to surf bathers. The large marsh between the shore and the village, through which runs a fine trout stream emptying into Tignish river, is a capital shooting ground; beginning about the middle of August, this marsh abounds with plover, curlew, and other small game. The quiet streams and ponds of Tignish and vicinity affords unrivalled sport. While the deep sea fisheries here are the most extensive of the Province. Besides, good hotels, there are a number of commodious and finely situated private dwellings, whose owners could be induced to accommodate

a limited number of tourists who might tarry awhile at this pretty village.

Returning eastward a delightful drive on excellent roads, can be had through the picturesque village of Cascumpec, and crossing ferry to Lot 11, pass on by the winding banks of Canadian and Foxley Rivers, passing pastures green, and fields of waving grain, by Conway inlet and Freelands cultivated farms, green woods and charming retreats, or branching off to Egmont Bay, find another delightful summer resort. Proceeding east, we come to the thriving village of Port Hill, and on to the beautiful acadian village of Miscouche, through St. Eleanors, and back once more to Summerside. We take the cars at Summerside and roll along through some of the most fertile spots on the Island. To the right and left as far as the eye can reach are large fields of wheat, oats, potatoes, timothy, and rich orchards which must rejoice the hearts of the owners. Alighting at Bedford Station, and after an interesting drive of four miles from there, arrive at a pleasant watering place that has many special attractions, we are in

TRACADIE,

connected with the gulf by a narrow channel running out into the sea, on the outside are a high narrow range of sand hills "grass clad to their picturesque summits." At their base the sea rushing in over a reef breaks in a snowy line of booming surf on the closely packed bright and stainless sands of Tracadie's wild reef." This beach can hardly be surpassed for bathing purposes. There is here an excellent hotel, the "Lorne" under efficient management.

BRACKLEY POINT,

between Rustico and Covehead Bays, is peerless, as a haunt for bathing. No one who contemplates spending a pleasant summer holiday in this garden of the gulf will regret making Brackley Point his stopping place. The range of beach to Rustico is beautiful in the extreme. There are a number of good hotels and boarding houses in

this vicinity, and in the immediate neighbourhood, surf bathing, shooting, fishing, and other recreations sought after by tourists. There are many other excellent summer resorts in Queen's County, but our limited space reminds us that we cannot dwell much longer on the charms of this county. After visiting the "New London" house at

STANLEY BRIDGE,

a most delightful locality for recreation, affording good angling, boat sailing, and quiet bathing, we leave the fair settlements of Queen's County. On our route to King's the eastern County of the Island, we touch at Mount Stewart where some years ago shipbuilding was carried on to a considerable extent, and is a lively shipping place at certain seasons. The produce of the surrounding country for miles is shipped from here, and numerous vessels of the neighbouring provinces, after the summers fishing is over, come here to load with potatoes, grain, and other products of the farm. Leaving Mount Stewart, we pass St. Andrews Station and across the famous trout rivers of Morell and Midgell, along the banks to the head of St. Peter's Bay, where the waters are spanned by a bridge. This place is thickly peopled. Here are stores, tasteful houses, and one or two good hotels. The most imposing edifice is the Catholic Church with its towering spire which is seen for miles in the distance. It is built of brick, and makes a pleasing point of colour in the landscape. There are other fine Churches, and Schools, Post Office, and wharves all within convenient distance of each other.

A few miles north from here is Cable Head, at the extreme north side of the Island, and from here all along the shore as far as east point is an unrivalled view of the deep blue sea, flecked with foam and dotted with the white sails of the fleet which off these shores find an almost exhaustless run of fish. From St. Peter's we pass through to Rollo Bay, to enjoy the rustic scenery to the utmost, once more we pass the green and gold of the waving grain, and the varied foliage so refreshing to the eye, and here and there the freshly

painted houses shining in the sun, and every where is an air of hospitality and comfort. A bend in the road and the stately towers and building of a town are in view. We are landed in

SOURIS

the commercial metropolis of the east and the eastern terminus of the P. E. Island Railroad. A walk through its streets reveals the energetic and enterprising character of its merchants, and the prosperity and comfort of the general inhabitants. It has fine churches and schools. A public hall, large stores, and warehouses. The streets are well laid out, cleanly kept, and lighted at night. The favourable position of the harbor on the south east of the Island commands one of the finest views of the gulf between the Island and Cape Breton. Inside of the substantial and extensive breakwater is the sheltering resort for a very large fishing fleet. It is also a port of call for a number of steamers including the one to the Magdalen Islands. The landscape of King's County is sufficiently undulating to relieve it from monotiny, while the bays and winding rivers with their silvery waters and varied banks, together with the dark and bright green foliage of evergreen trees, and rich verdure of the meadows, make up a scene, which if not grand is at least beautiful and picturesque.

GEORGETOWN

the Capital of King's County, is thirty miles from Charlottetown. It has a magnificient harbor which remains open the greater part of the year, and attractions too numerous for detail. Not far from here is the thriving villages of Montague and Cardigan, which at times present a lively and bustling scene of shipping and commercial industry. A visit to Murray Harbour, White Sands, and the many points of pleasure or interest along the south shore of King's County, leaves many a lingering and pleasant recollection in the mind of the tourist. It is a great place for a home, for health, or for a visit.

We would fain dwell on the generous acres, the varied and beautiful scenery of this fair Island. Every bay and headland has its natural beauties, "each place rivalling all others in loveliness. An afternoon on the sand hills is one of peculiar and healthful enjoyment. How deep the blue of the great sea flecked with foam and dotted with the white sails of the fishing fleet. You sit on the sand hills and wreathe the bright blossoms that cover their summits. Ocean's wild turmoil roars at your feet, the little sparrow whispers its ditty by your side; the sea gull's shriek rends the air overhead. A group of wild mallards is dappling in the silvery lagoan; the great northern diver is plunging in the dark sea billow. You look to the foam and the wild war of waters, and the driving mist, and the desolate sand reef, and then to the fairy picture of rolling green swells and fair white homes, and glossy streams that mirror the spotless heaven of blue, and acknowledge the unsurpassed joyous beauty that dwells in this wave girt gem of the gulf."

BIOGRAPHICAL.

HIS HONOR, ANDREW ARCHIBALD MACDONALD,

LIEUTENANT GOVERNOR OF PRINCE EDWARD ISLAND.

HON. ANDREW ARCHIBALD MACDONALD, Lieutenant Governor of Prince Edward Island, was born in this Province on the 14th Feb., 1829. He is the eldest son of Hugh MacDonald and Catharine MacDonald his wife, and grandson of Andrew MacDonald who purchased an estate of ten thousand acres on this Island in the early part of the century, and with his family and some fifty of his countrymen whom he brought with him to settle on the property, emigrated from Inverness-shire, Scotland, to Prince Edward Island where his kinsmen MacDonald Glenaladale and other relations had already taken up their abode. Shortly after his arrival in the Province, he likewise purchased the beautiful Island of Panmure, seven hundred acres in extent at the entrance of Cardigan bay. There he erected a dwelling house and store, and took up his residence. Here he set apart a suitable piece of land for a church, which was soon built, with the assistance of a few settlers of the same faith, and these all would assemble to join in offering the sacrifice of the mass at such rare intervals as a Priest visited the district. The firm of Andrew MacDonald & Son, established an extensive business in exporting the pine timber of the province to Great Britain, and importing such goods as the settlers required, and also extended a branch of the house to Miramichi in New Brunswick. They experienced all the usual difficulties of early settlers in a new country, but we will only note a few somewhat different

from the ordinary kind. In 1807 while the first ship they had chartered was loading, a sloop of war arrived from Halifax and pressed the crew for the king's service, no men could be had to replace them, and the ship and cargo was detained for a long time, other ship owners bearing the same fate would not accept colonial charters, and provincial trade was at a stand still, but Mr. MacDonald represented the matter, so well to the government that the practice was soon discontinued and business went on. At another time as the old man and one of his sons were taking passage to Britain in the Autumn, by a timber laden ship, she was captured by an American privateer and taken as a prize to Philadelphia, where he and his son were confined in jail for some months, as prisoners. In the following spring he managed to acquaint his friends with his situation, and the attention of the Provincial Government being called to the case, they obtained his liberation and he returned home. In 1817 the house at Panmure with every thing it contained including valuable family papers, was destroyed by fire, the inmates barely escaping with their lives, but undaunted still he imported brick and material from Britain and erected the first brick dwelling house and stables ever seen in that part of the Province. His original purchase of township lands had proved a very unfortunate one and involved him in a chancery suit which continued up to the time of his death. His son Hugh succeeded to the property and continued the suit for almost another generation, with the usual result in the chancery suits of that period, the litigants were ruined and the whole estate swallowed up in costs. Hugh MacDonald of Panmure Island was one of the first Roman Catholics appointed to any office of importance after the passage of Catholic emancipation. He was high Sheriff of the Province in 1834, and held many other important offices, and represented Georgetown in the House of Assembly for some time, he died in 1857. He was succeeded by his eldest son, Andrew Archibald MacDonald, the subject of this sketch, who was educated at the public schools of the county and by private tutors. He first entered as a clerk in a general store, opened in Georgetown

by a relative, in 1844, and soon became a partner in the business. On the death of the senior member of the firm, 1851, he purchased the estate, continued the business and embarked largely in the fisheries, and took his two brothers into partnership. The firm became large buyers and exporters of the products of the province, and engaged extensively in ship building. In 1871, he removed with his family to Charlottetown, and shortly afterwards disposed of his interest in the business to his partners. He had been consular agent for the United States, at Georgetown, for twenty-five years before his removal to the capital. He had entered political life at an early age, and was returned to the House of Assembly in 1854, as one of the representatives for Georgetown. At the next general election although he polled a majority of the votes, he was unseated on the change of parties, by scrutiny in the house in 1859. When the Legislative Council first became elective in 1863, he was elected thereto by the second district of King's County, and again returned by the same constituency in 1868. Whilst a member of the opposition, the Government appointed him one of the delegates to confer with those from the Government of Nova Scotia, and New Brunswick, at the Charlottetown Conference, of first of September, 1864, on the expediency of the union of the three provinces when the deputation from Canada was received, and the subject of a general confederation of the British America provinces informally discussed. He was also in the same year a member of the delegation to Quebec, which arranged the first terms of confederation for the Dominion. On submitting these to his Island constituents, at public meetings, they were not approved, and he did not afterwards advocate this measure until terms more favourable to the province, and more acceptable to the people had been obtained, when they received his strenuous support, both on the platform and in the legislature. He was first called to the Executive Council in Mr. Coles' administration, formed March, 1867, and continued in that of Mr. Hensley, and also of Mr. Haythorne, until the defeat of the party in September, 1870. They were succeeded by Mr. Pope's government, of

which he became a member and was leader in the upper house until the defeat of the party and their resignation on the 22nd April, 1872. They were recalled to power within the year and he continued a member of the Government from that time until the better terms of confederation were secured and finally accomplished, when he resigned his seat and accepted the position of provincial postmaster general, 1st July, 1873. After confederation this office was merged in that of post master of Charlottetown, although still directing the provincial mail service. In 1881, he was also appointed post office inspector for the Colony, and held these offices until his appointment as Lieutenant Governor, on 1st August, 1884. He was a delegate to the international convention held at Portland U. S., in 1868, and has been a governor of the Prince of Wales College, a trustee for the Provincial Hospital for the Insane, a member of the Board of Education, a member of the Board of Works, and a member of the City School Board. In 1875, he was appointed by the Government arbitrator to settle differences between them and the contractors of the P. E. I., Railway. He was also public trustee under the land purchase Act of 1875, and when the value had been awarded to the proprietors by the Court of Commissioners, but they had refused to divest themselves of their titles, he executed conveyances of upwards of four thousand acres of their property to the government, as provided in the land purchase act. While in the legislature he assisted in passing many of the most important acts on the provincial statute book, and was one of the earliest advocates of the construction of the P. E. Island Railway, as a provincial work, although it involved an expenditure of three million of dollars by a province whose ordinary revenue was only three hundred thousand dollars, and whose population was but one hundred thousand, but it was successfully accomplished and the cost borne by the province now enjoying its benefits. Mr. MacDonald, like his fore fathers from time immemorial, professes the Roman Catholic faith. He is a member of the St. Vincent de Paul Society, for the relief of the poor, and has been chief of the Caledonian Club for

several years past. He is also president of the Arbor Society. He married in 1863, Elizabeth, daughter of Thomas Owen, formerly postmaster general, with issue four sons, the eldest Æneas Adolphus is his private secretary and a law student in the office of Peters & Peters; the second son Percy has gone into a mercantile establishment to learn the business, and the two younger sons are still at college.

HON. WILLIAM WILFRED SULLIVAN, Q. C.,

ATTORNEY GENERAL OF PRINCE EDWARD ISLAND.

HON. WILLIAM WILFRED SULLIVAN, Charlottetown, Premier and Attorney-General of Prince Edward Island and a member of the Provincial Parliament, for the second district of King's County, was born at New London, Prince Edward Island, on the 6th of December, 1843. His parents William Sullivan and Mary McCarthy, both now deceased, were natives of the County Kerry, Ireland. Hon. Mr. Sullivan was educated at the Central Academy, and St. Dunstan's College, Charlottetown. He studied law with the Hon. Joseph Hensley, then Attorney-General and now one of the Judges of the Supreme Court of Prince Edward Island. He was called to the bar of Prince Edward Island in trinity term, 1867, and became a partner of his preceptor, holding that connection until Mr. Hensley was appointed to the Supreme Court bench two years later. No client ever suffers at the hands of Mr. Sullivan, for the want of close application to his cause. Possessed of much coolness, clear judgment and sterling good sense, and being candid and logical in his arguments, Mr. Sullivan never fails to make admirable points, or to favorably impress bench and jury. We learn from Rose's Cyclopædia of Canadian biography that Mr. Sullivan was appointed a Queen's Counsel, by the

Government of Prince Edward Island in June, 1876, and by his excellency the governor-general of Canada, under letters patent, on the 19th of May, 1879, that he was one of the Counsel for the Government in the interests of the tenants before the land Commissioner's Court, under "the land Purchase Act, 1875." Hon. Mr. Sullivan is head of the extensive law firm of Sullivan & McNeill, who do business in all the Courts of the Province, and the Supreme Court of the Dominion; is a deputy Judge of the Admiralty Court, and a Notary Public, and is president of the Board of education and president of the Board of Trustees of the Prince Edward Island Hospital for the Insane, a director of the Merchants Bank of Prince Edward Island, and a local director of the Canada Life Assurance Company. He first entered public life in 1872, when he was elected to represent the first district of King's County. He was returned for his present seat at the general election in April, 1873, and again by acclamation, the following month on being appointed to office. He was re-elected at the general elections of 1876, 1879, 1882, and again at the last general election, 1886. He was a member of the Executive Council from the 22nd April, to June 1872, when he resigned, was appointed to the Executive Council with the office of silictor-general on the formation of the Pope Administration, 18th April, 1873, resigned his seat in the Executive Council, upon the resignation of the conservative government on the 4th of September, 1876, and was unanimously elected leader of the opposition at the meeting of the legislative on the 14th of March, 1877. On the 1st of March, 1879, Mr. Sullivan moved in the House of Assembly, a resolution of non-confidence in the government, which after a long and animated debate was carried by a vote of nineteen to ten on the 6th of March, and the administration resigned the following day. Our subject was then invited by the lieutenant governor, Sir Robert Hodgson, to form a government and take the position of premier. He succeeded in forming an administration, and the government were sworn in on the 11th of March, 1879. He was elected leader of the government by the unanimous vote of his party in both branches of the legislative, and

was appointed attorney and advocate general, and president of the Executive Council, on the formation of the administration, which positions he has held continuously ever since. The House of Assembly was dissolved and a general election held on the 9th of April, 1879, when the Government were sustained by a majority of twenty-six to four, being the largest support ever accorded to any administration in the Island. Among other acts Hon. Mr. Sullivan was chiefly instrumental in securing branch lines of railway to Souris and Tignish in 1872; assisted in carrying through the Island legislature, Terms of Confederation in 1873; assisted in passing the Land Purchase Act, 1875, and other acts on the same subject in 1876; introduced and carried through the Legislature, an Act for Abolishing Imprisonment for Debt in 1879, and the Jury Act, 1880, which provides for the trial of all civil cases by seven instead of twelve jurors, as well as many other measures of law reform, and acts for the general welfare of the province. The Hon. Mr. Sullivan has been on several occasions a delegate to Ottawa on public business, and in 1886 was a delegate to London to lay before the Imperial Government the case of Prince Edward Island concerning the non-fulfilment of the Terms of Confederation with regard to continuous steam communication between that province and the mainland of Canada. He declined a nomination for the House of Commons at the general election in February, 1887. Hon. Mr. Sullivan has been Premier for a longer period than any of his predecessors. As a leader he matures his measures thoroughly before submitting them to the House, hence his success in that position; his industry is unwearied, he clings with the utmost tenacity to the cause which he advocates, and never trusts the discharge of any parliamentary duty devolving upon himself to another. He is a thorough master of the English language and speaks with exactness and precision. He is also extremely cautious and takes good care not to get his party (the Conservatives) into deep water. Having a strong and determined will, once convinced that he is right he pushes forward with unflinching perseverance, and success almost invariably crowns his efforts. He was married at Charlottetown on the 13th August, 1872, to Alice Maud Mary, third daughter of John Fenton Newbery, B. A., of Oxford, and formerly of London, England, and Siena, Italy, and they have six children. Their residence "Brighton Villa" adjoining Charlottetown is a beautiful place.

HON. THOMAS HEATH HAVILAND, Q. C.,

MAYOR OF THE CITY OF CHARLOTTETOWN.

HON. THOMAS HEATH HAVILAND, son of the late Hon. Thomas Heath Haviland, formerly of Gloucester, England, who for many years before the introduction of responsible Government in this Island, (1851) was a member of the Executive and Legislative Councils, and Colonial Secretary of P. E. Island. Born at Charlottetown, 13th November, 1822. Educated at Brussels, in Belgium. Married in 1847, Ann Elizabeth daughter of John Grubbe, Esq., late of Horsendon House, Bucks, England. Called to the bar of Prince Edward Island in 1846, and was created a Q. C. in 1865, also a master in chancery; a Notary Public, and a Colonel in the volunteer militia. Was a member of the Executive Council of Prince Edward Island, from April 1859, until November 1862; for a short period in 1865; from 1866 to 1867, and from September 1870 until April 1872. During which several periods he held the office of Colonial Secretary almost constantly, except in 1865, when he was Solicitor General. He was Speaker of the Provincial Assembly in 1863 to 1864, and leader of the Opposition in that Chamber from 1867 until the general election in 1870. Entered the local cabinet again 18th April, 1873, and held the office of Provincial Secretary, which he resigned in 1876. Was a delegate to the Quebec Union Confernce, 1864, and to Ottawa with Hon. Messrs. Pope and Howlan, May, 1873, to arrange final terms upon which the Island was admitted as a Province of the Dominion. He was a representative for Georgetown in the Provincial Assembly from 1846 until he resigned, 1874; during which he introduced and was with others instrumental in passing many measures beneficial to the Province. He was called to the Senate of the Dominion in October, 1873, and was Lieutenant Governor of Prince Edward Island from 19th July, 1879, to the 31st July, 1884. Elected Mayor of the City of Charlottetown 1886, re-elected in 1887 and 1888, and again in 1889, a position he now holds, and fulfills the duties in this as well as the other responsible positions he has held, with the dignity of a gentleman, and the ability of a statesman.

HOTEL BRUNSWICK,

MONCTON, N. B.

GEORGE McSWEENEY, PROPRIETOR.

The above FIRST-CRASS HOTEL, situated a few minutes walk from the I. C. R. Depot, has been thoroughly renovated and furnished with all the modern conveniences, Electric Light and Electric Bells, Hot and Cold Baths; everything in the way of comfort; spacious Parlor, Ladies' Room, Office, etc., and the Table ranks second to none in the Lower Provinces.

Tourists are specially invited to stop over and see one of nature's most interesting sights, the passing of the *Bore*, or Tidal Wave, washing up the Petit Codiac. Moncton is a Railway centre, full of activity. Numerous enterprises in full working order are chief attractions to the traveller. It is the heart of the Intercolonial. From Moncton the Tourists can go to any point of the celebrated Bathing and Fishing places, such as Shediac, Charlo, Dalhousie, and to the famed Prince Edward Island. A rest at Moncton would be quite a treat. The Hotel has accommodation for 150 guests, with or without adjoining rooms, or rooms *en suite*.

The Hotel is famed throughout the Dominion and the United States, and every attention is given to the pleasure-seeker. A First-class Library is attached to the establishment, and the surroundings are well worth inspection.

Medals awarded Geo. A. Troop & Co., Paris 1876, Phila. 1876.

Use "Sea Foam" Soap.

The Great Family Remedy.

No Medicine of the same age has so many genuine certificates of cures made and relief given as

SIMSON'S LINIMENT.

Pain caused by Neuralgia, Sprains, Bruises, Burns, Rheumatism, Stiff Joints disappear on its being applied. The hair will not fall out, (no bald place on the head), and the saying, "Your wife is cross," will not be said to you if SIMSON'S LINIMENT is properly applied.

Two or three drops on Sugar, taken internally, will relieve the Croup in a very short time.

SIMSON'S JAMAICA GINCER

Possesses all the valuable properties of Jamaica Ginger. It gives relief in cases of Dyspepsia, Colic, Chills, and imparts a glow and vigor to the whole system.

Simson's Jamaica Ginger is a Medicine, not a Beverage.

SIMSON'S TOLU AND ANISEED

Is a scientific preparation of valuable remedies that have long been used for the relief of Coughs, Colds, Throat and Lung Troubles, and is very pleasant to take.

The smallest child will not refuse SIMSON'S TOLU AND ANISEED, and the old like it equally as well,

Use Simson's Liniment,

Simson's Jamaica Ginger,

Simson's Tolu and Aniseed.

Best on Earth, "Surprise Soap."

SPENCER'S

Opthalmoscopic Test Lenses

WILL DETECT ALL VISUAL DEFECTS.

A scientific and practical instrument for detecting all optical defects of the eye, and determining the lenses needed for their correction.

As we use this instrument in adjusting Spectacles and Eye-glasses, we can guarantee satisfaction to our customers in all cases of

MYOPIA, or Near Sight.
HYPEROPIA, or Far Sight,
PRESBYOPIA, or Old Sight, and
ASTIGMATISM, or Poor Sight

Caused by oval eyes, which causes some figures on a clock dial at fifteen feet to look darker than others.

This instrument measures each eye separately, a method which all Oculists agree is the proper one.

In our experience many persons have been found to have eyes that are unlike, that is requiring lenses of different magnifying or diminishing power for each eye, which combined in one frame, will give distinct normal vision.

Persons who have had difficulty in obtaining Spectacles to suit them are cordially invited to call and acquaint themselves with the merits of the instrument

SPECTACLES AND EYE-GLASSES

Always in stock, of the several grades, in Frames, in STEEL, RUBBER NICKEL, CELLULOID, SILVER, GOLD, and Spectacles and Eye-glasses other than regular goods mounted to order.

OCULISTS' PRESCRIPTIONS CAREFULLY FILLED.

Sole Agent for B. Laurance's Celebrated Axis Cut Pebble Spectacles and Eye-glasses.

IN STOCK:

ROCKFORD & WALTHAM WATCHES,

FINE DIAMOND AND OTHER RINGS,

Fancy Brass Goods, Silver-plated Novelties, etc.

THE

Dominion Illustrated.

A Canadian Pictorial Weekly, 16 Pages, Large Quarto and Cover.

PUBLISHED EVERY SATURDAY

BY G. E. DESBARATS & SON, MONTREAL.

SUBSCRIPTION, $4 per annum in advance.

Trial Subscription of Three months, $1 in advance.

For Sale by Newsdealers at 10 cts. per copy.

READ THE FOLLOWING EXTRACTS FROM MARITIME PRESS NOTICES

The Dominion Illustrated, issued by G. E. Desbarats & Son, Montreal, is admirably printed, and the Illustrations of Canadian Scenery and Public Buildings, with portraits of our Public men, are exceptionally good. Its articles are bright, readable and of a literary finish that entitles this publication to a high place among Dominion Serials.

Daily Telegraph, St. John, N. B.

Canada needs and should support a publication such as this . . . The engravings are beautifully executed, the reading matter excellent, and the entire get up neat and attractive.

Morning Chronicle, Halifax.

The object of this handsome and artistic work is to illustrate in the best manner the scenery, cities, industries, and prominent public men of the Dominion. The work is accomplished in a most beautiful and satisfactory manner, well worthy of generous support.

Summerside Journal, P. E. I.

The second number of the Dominion Illustrated has come to hand and is indeed first class. It sustains the promises of the initial numbers.

The Herald, Charlottetown, P. E. I.

Remarkably well got up, the engravings being very fine and the letter press simpty faultless. The Dominion Illustrated is the best effort of the kind yet made in Canada, and we wish the proprietors all the success their enterprise merits.

Evening Telegram, St. John, Newfoundland.

☞ Send your subscriptions direct, or through your News Dealer, RIGHT AWAY, while the back numbers may be had. Later they will be worth their weight in gold.

TELEPHONE COMPANY

OF P. E. ISLAND.

MALCOLM McLEOD, PRESIDENT. C. C. GARDINER, TREASURER.

BENJAMIN ROGERS, SECRETARY. ROB. ANGUS, MANAGER.

Central Office Charlottetown, open for Trunk Line Messages, from 8 a. m. to 10 p. m. on week days, on Sundays and Holidays, from 9 to 10 a. m. and 1 to 2 p. m.,

HEAD OFFICE, KENT ST., CH'TOWN.

DIRECTIONS FOR USING THE TELEPHONE.

To Call Central Office, Ring the Bell, then place the Telephone to the ear and listen for the operators voice; while waiting for connecton with anothcr subscriber keep Telephone to your ear.

Give one short ring when you are done, when Central Office calls, answer promptly, as operators are instructed to only ring you twice, any other arrangement would keep subscribers who are less dilatory waiting, and also lead to confusion.

Report promptly to the Office by mail or messenger, any difficulty in getting connecton.

Do not use Instrument during thunder storms.

Non-subscribers will not be allowed to use this Telephone.

ENCOURAGE HOME MANUFACTURE,

BY USING

BEARDSLEY'S

CELEBRATED OIL PASTE

BLACKING,

THE BEST

LEATHER PRESERVATIVE KNOWN

FOR

HARNESS, BOOTS & SHOES,

AND ALL KINDS OF

LEATHER.

Why this BLACKING is the Best

1st.—It is thoroughly Waterproof. 2nd.—It will parfectly preserve the Leather. 3rd.—It keeps the Leather Soft and Pliable. 4th.—Because all who have used it testify that it is just as recommended.

PERFECTLY WATERPROOF,

Lumbermen, Farmers and Miners will never have wet feet, if they will use "Beardsley's Oil Paste Blacking" ask your dealers for BEARDSLEY'S OIL PASTE BLACKING, and if they have none, send 25 cents to the Manufacturer and have a box sent to you by Mail.

SPECIAL RATES FOR WHOLESALE ORDERS.

Mott's Spices are the Purest.

1888-Good Things Musical-1889

Whatever they are, the music to perform them, to understand them, to enjoy them, will be found in the immense establishments of **OLIVER DITSON & CO.**, who have on hand

Concert Songs, Gospel Songs, Sacred Songs, School Songs, Sunday School Songs, Comic Songs, College Songs, Jubilee Songs, Popular Songs, Choir and Congregational Music, Tonic-Sol-Fa-Music, Catholic Music, Anthems and Choruses, Part-Songs and Glees, Opera, Oratorio and Cantata Music, Collections of Music for Piano, Organ, and all other Instruments, and in fact every kind of Music that is made.

All this in the shape of Sheet Music (300,000 pieces). Octavo Music (3,000 kinds), or of music collected in well-bound books (4000 kinds. Send for Lists, Catalogues, Descriptions and Advice. Any book mailed for retail price.

SOME OF THE NEWEST BOOKS ARE:

Classical Pianist, Piano Classics. Song Classics, Song Classics for Low Voices, Classic Tenor Songs, Classic Baritone and Bass Songs. Each $1.

Praise in Song (40 cts., $4.20 per doz.) is the best new Sacred Music Book for Home and Vestry Singing.

Let the Children Sing from Menard's Songs for Kindergarten and Primary Schools (30 cts.) or Jenk's Songs and Games for Little Ones ($2) or Children's School Songs (35 cts.. $3.60 per doz.) All have very sweet child's songs,

Give your aid in getting up a rousing good evening Singing Class to use Song Harmony (60 cts., $6 per doz.) Full of most interesting music, sacred and secular. Song Manual, Book 3 (50 cts., $4.80 per doz.) is also a good collection, mostly secular.

Tell the Temperance People that no better Temperance Song Book has appeared than Bells of Victory (35 cts., $3.60 per doz.)

Send for lists of Christmas and Easter Cantatas and Carols.

Any Book Mailed for Retail Price.

THE

"SEA VIEW"

HOUSE,

BRACKLEY POINT,

P. E. ISLAND.

This Hotel, only 13 miles from Charlottetown, is situated amidst unrivalled scenery, in one of the most charming localities of the Island. It is within easy reach of deep sea fishing, and the streams near by teem with trout from one to four pounds in weight. There is a delightful view of the white winged fishing vessels as they glide majestically along the blue waters of the Gulf, and the white waves rolling grandly shoreward and breaking along a magnificient beach, makes it an excellent spot for those who wish to enjoy delightful surf bathing.

Special Rates for families by the week and month.

EWEN HOUSTON,
Proprietor.

Grand for Laces "Seafoam Soap."

ALL RIGHT, 5817.

ALL RIGHT is standard and registered, No. 5817. He has made himself standard by the greatest of all tests—the power to impart great speeed to his progeny. His son George Lee started in the three minute class in 1886, and ended the season with a record of 2.23¼, which is the fastest record over made by a P. E. Island horse, and even that is no measure of his speed. Another son, Black Pilot, has a record of 2.30¼ and is considered by all intelligent horsemen, able to beat 2.25 any day that he is asked to do it.

In All Right's veins flows the blood that has produced some of the fastest and gamest of American trotters, some of which are Lula 2.14¾, and May Queen, 2.20. Morgan stallions have produced such trotters as Charley Ford, 2.16¼; Lady Maud, 2.18¼; Albemarle, 2.19; Capt. Emmons, 2.19¼; Comee, 2.19¼; Iron Age, 2.19½, &c.; and from Morgan mares have come Gloster, 2.17; Adair, 2.17½; Bessie, 2.19; Overman, 2.19¼; Pilot Knox, 2.19¾, &c., &c.

All Right was sired by Taggart's Abdallah, record 2.36½, sire of Ned Wallace, 2.25; Dauntless, 2.26¾, and the dam of Minnie C., 2.26¼, he by Farmer's Beauty, son of Gifford Morgan, he by Woodbury Morgan, son of the original Justin Morgan. Height, 16 hands. Weight, 1180 lbs.

The dam of All Right was Toot, by Grey Eagle, he by the Morse Horse, 6, sire of Grey Eddy, 2.30, and the dams of Farmer Boy, 2.28; Quechee Maid, 2.25, and Young Columbus, 2,30; also Alexander's Norman, 25, sire of Lulu, 2.14¾; May Queen, 2.20; also Norman, 1777, sire of Prince John, wagon record 2.31¾. The Morse Horse was sired by European, dam by Hambletonian, 2, sire of Green Mountain Maid, wagon record 2.34; Sontag, wagon record, 2.31; Hero, 2.20½, and Lady Shannon, 2.28½; also the dams of Annie G., 2.28; John Steward, 2.30; Major Edsdall, 2.29; Nelly Holcomb, 2.28; Panic, 2.28, and Seafoam, 2.24½.

TERMS—Twenty-five Dollars for the season, to be settled by Cash or Note of Hand at time of first service.

Prices of a few of his Colts :—

Flora E., sold for	$400	Pamsey (Jones' Mare)	$200
Little Fred	500	Goldie	200
Longworth Mare	300	Andy Doyle's Mare (refused)	300
Hinton Horse	250	Edward McEwen (Pami Mare)	400
Kate Reid	500	Wm. Miller Horse (refused)	400
Maud (Farrow Mare)	400	Ronald Steele Colt	300

The Robins mare, dam of Good Luck, 6612, could trot a half-mile in 1.18. She took first premium at Bangor in 1887, with sixty in her class. She was never beaten in a show ring.

NEWTON LEE, Owner,

Truro, N. S.

FRENCH ROCK.

FRENCH ROCK was got up by the celebrated Stallion French Rock, who was imported direct from France; he by Romulus, he by Avalanche, he by Matchless. French Rock's dam was got by Napoleon the Second, he by imported Villager, quarter grand-dam, Vollroy.

French Rock springs from the best pure-bred Canadian French stock, who were winners of many first prizes. He was raised by Mr. John Robertson, the well-known stockman, of Collingwood, County Grey, Ont., and imported to this Island October, 1885, by Alex Blue, Bonshaw.

French Rock is the farmer's choice wherever he goes. He is six years old, a beautiful black, stands 16½ hands high, with great flat bone, immense power, extra good action and grand feet, weighs 1500 lbs., has an extra long mane, and fine tail, and is a sure foal getter.

As a prize winner he stands high in Ontario. He won 1st prize and diploma at Centennial Dominion Fair, held in the City of St. Thomas in 1882. Since then he has taken three first prizes at exhibitions in Ontario, which were open to the whole Dominion. Although not having the advantage of a thorough training he can show a three minute clip at any time with good style and action.

His Colts are yet young, but some of the finest in the country may be seen on the farms of the following gentlemen :—In Lot 16, John McLean, John McLaren, Archibald Campbell and Martin Cameron. St. Eleanors, Wm. Brown, Thos. Lanton, Benjamin Kent; Bedeque, Solomon Hilson, Jas McMurdy, Angus McDonald.

All questions pertaining to French Rock will be gladly answered on application to Mr. John Robertson, Collingwood, Ont.

D. McKINNON & SON, Owners,

ABDALLAH MESSENGER.

NO. 4869.

COPY OF

Wallace's American Trotting Register Official Certificate.

"THIS IS TO CERTIFY that Abdallah Messenger has been duly Registered as Standard under Rules of 4; 7, in Volume VI. of the American Trotting Register and the Pedigree can there be traced in the following form; No. 4869. Abdallah Messenger, 4, 7, B. H. Foaled 1863, got by Jupiter Abdallah 189, dam by Grey Messenger 155, bred by Peter Vanderveer, Flat Bush, N. Y. Taken to P. E. Island, Canada in May 1877, where he got Bijou, Record, 2.25.

Signed by

J. H. WALLACE, *Per* L. E. MACLEOD."

Bijou, 2.25; 2 mares owned by Mr. Power with records of 2.40 without handling.

Burdett Colt, which sold for $300. The Reid mare which is trotting very fast.

Maud M., owned by Mr. Miller, which beat Nelly J. in a match race for $100 a side.

Also Stewart's Colt who took first money in every race he started in, to Campbell's Colt which sold for $500.

Black Colt, owned by Mr. Kelly, who beat all the four-year-olds on Summerside track in 1885.

The Cairn's mare, who can down them all.

Duggan's Colt, who beat the Royal Harry colt in 1886 in three straight heats.

Owned by **JOHN O'RONAGHAN,**
Kinkora, P. E. I.

Medals awarded Geo. A. Troop & Co., Paris 1876, Phila. 1878.

FISHERIES.

The Gloucester Net & Twine Co.

MILLS AT GLOUCESTER, MASS,

OFFICE—94 Commercial St., Boston, Mass.

Make every variety of good Nets, Seines and Traps, suited to the Fisheries of the Island. They invite correspondence.

HISTORICAL.

HONORABLE HISTORY.—From the year 1200 to 1600, sixty Fish Dealers were elected Lord Mayors of London.

IN the year 1382, forty thousand vessels and three hundred thousand fishermen fished, in September and October, off Denmark, for Herring, besides five hundred vessels for gutting and packing.

THE first market of London had fifty-four stalls—thirty-six for fish and eighteen for meat—prior to reformation.

PRIOR to the settlement of this country, the Hurons of the Lakes were the Fishermen.

SIMPLICITY.—The Bishop of Rochester, England, in 1077, ordered his tenants to furnish him 1000 eels yearly to enable him to keep hospitality.

SIR William Walworth, Fish Merchant, Lord Mayor of London, 1381, and Special Treasurer or England, Member of Parliament, with a salary "4 shillings a day, if he keeps house and supports the dignity of the citte—if he bords, he shall have but two shillings and no more fro nowe forthe."

WILL fish fail? "One annual birth restores the vast decay."—*Oppian*, 5th Century.

SIR Stephen Foster, Fish Merchant and Lord Mayor of London, 1464, paid the salary of the preacher of Pauis—the original of St. Pauls—£40 yearly.

CORONATION.—The City of London in the Coronation of Richard III. appointed the Fish Merchants to be the cup bearers.

SHREWD.—In 1400 Parliament voted that Germany could expert to London their wine, if they would "take pay in Herring, for all their stuff come to."

STEAM
Job Printing
AND
BOOK BINDING.

THE best place in Prince Edward Island to get fine **Job Printing** done is at the office of the **Journal** and the **Agriculturist,** Summerside. Having one of the most completely equipped Steam Job Offices in Lower Canada, replete with the very best stock procurable, and the latest styles of type, and five of the best presses, the whole being in charge of a foreman of much skill and experience, we are enabled to turn out, at short notice,

Plain and Colored Labels, Railway, Shipping,
Lawyers and Magistrates Blanks of every description,
Bill Heads, Posters, Hand Bills, Dodgers, Programmes,
Invitations, Cards, Notes, Drafts, Checks, Receipts, Orders,
Service Books, Catalogues, and in fact everything in the line of plain and fancy job work, finished in the highest style of the art.

Catalogues and Tabulated Pedigrees a specialty.

In connection with the Job Office is a well-equipped

BINDERY

where special attention is devoted to the manufacture of **Ledgers, Day Books, Journals, Bill Books,** and **Blank Books** of every description. Only the best stock is used. The work of the **Journal** Bindery has long had the reputation of being vastly superior, in style and quality, to imported work in the same lines. Our Blank Books are now in common use in all parts of the provinces, and greatly appreciated by business men. Special attention is also given to the binding of **LETTER PRESS WORK,** and to **Ruling** in all styles.

We carry a large stock in all sizes of

Kilgour's Square-bottom, Self-opening Paper Bags,

which we print in quantities to suit purchasers.
This is the best and cheapest bag made.

The Summerside Journal,

ESTABLISHED IN 1864. CIRCULATION OVER 5000.

W. A. BRENNAN, Editor and Proprietor.

The Oldest and Best Advertising Medium in the Province.

ISSUED EVERY THURSDAY,
AT THE OFFICE,
CORNER WATER & QUEEN STREETS, **SUMMERSIDE.**

TERMS: One Dollar and Fifty Cents per year, or One Dollar if paid strictly in advance. Subscribers outside of P. E. Island, One Dollar and Twenty-five Cents in advance. Each subscriber for this paper receives the AGRICULTURIST FREE.

As a family paper and news paper, **The Summerside Journal** is acknowledged to be the equal of any periodical in the Maritime Provinces. Current topics are discussed from an independent standpoint, and the latest news gathered for every issue. Nothing objectionable is given a place in its columns.

As an Advertising Medium, **The Journal,** reaching every town and settlement, and being read by nearly every family in the Province, besides having a large circulation in Nova Scotia and New Brunswick, is superior to any other paper published in Prince Edward Island. Advertisers get solid value for money expended in our advertising columns.

Fifty Cents per inch for first insertion, and Twenty-five Cents per inch for continuations. Special rates on yearly, half-yearly and quarterly contracts. Special Notices, twenty cents per line.

Sample Copies sent on application.

The Prince Edward Island AGRICULTURIST.

W. A. BRENNAN, EDITOR & PROP'R.

Issued every MONDAY, at the office, Corner Water and Queen Streets, Summerside,

CIRCULATION UPWARDS OF 5000.

Devoted Entirely to the Interests of Farmers and Stock Raisers.

The Prince Edward Island Agriculturist is a forty-column paper, filled every week with original and selected matter specially adapted to this Province, all that appears in its columns being written or selected with this aim in view — that it shall be practical and capable of application by our own farmers. The great feature of this paper is its

Horse Department,

great care and attention being given to the breeding of standard trotting and driving stock. Our reports of trotting races, exhibitions, etc., are everywhere conceded to be the most reliable published. Much space is devoted to cattle and sheep raising, poultry, and similar branches of farm industry, as well as to grain, root and grass crops, dairying, and in fact all departments of Agriculture. Other features are Market Reports, the latest Local and General News, Woman's Kingdom, Short Stories, etc.

THE AGRICULTURIST is an unsurpassed medium for advertising stock, agricultural machinery, farms for sale, etc., as well as miscellaneous announcements.

Continual improvements are being made in this paper, and new correspondents added to our list, and in future it will be a journal that farmers can not afford to be without.

Terms: $1.00 per year, strictly in advance; $1.50 if not paid in advance. Subscribers outside of P. E. Island, $1.25 in advance. Each subscriber to the **Agriculturist** in this Province also receives the **Journal** free with it.

Rates of Advertising are the same as for the Journal.

SEND FOR SAMPLE NUMBER.

PARKSIDE FARM, SUMMERSIDE.

THE STOCK at present on Parkside Farm consists of the following highly bred animals, all of which, except the last three, are standard-bred, and registered in Wallace's American Trotting Register :—

Agriculturist, 9105, bay horse, standard under rule six ; by Hernando, 2891 ; dam Lucy Thorne, by All Right, 5817 ; g. d. Starlight, by Thorndale, 305 ; g. g. d. Starling, by American Star, 14.

Journal, 9104, light bay horse, standard under rule six ; by All Right, 5817; dam Starlight, by Thorndale, 305 ; g. d. Starling, by American Star, 14.

Beta, bay mare, standard under rule six ; by Hernando, 2891 ; dam Lucy Thorne, by All Right, 5817 ; g. d. Starlight, by Thorndale. 305 ; g. g. d. Starling, by American Star, 14.

Delta, bay mare, standard under rule seven ; by Hernando, 2891 ; dam Nell, by Abdallah Messenger, 4869 ; g. d. by a son of old Saladin.

Gama, bay mare, Standard under rule seven ; by Hernando, 2891 ; dam Nelly, by All Right, 5817, &c.

Hernani, bay mare, standard under rule six ; by Hernando, 2891 ; dam Starlight, by Thorndale, 305 ; g. d. Starling, by American Star, 14, (in foal to Crayton, 4346.)

Lucy Thorne, bay mare, standard under rule six ; by All Right, 5817 ; dam Starlight, by Thorndale, 305 ; g. d. Starling, by American Star, 14, (in foal to Administrator, 357.)

Starlight, bay mare, standard under rule seven ; by Thorndale, 305 ; dam Starling, by American Star, 14, (in foal to Hernando, 2891.)

Jersey Lily, bay mare, by Hernando, 2891 ; dam Dolly Varden, by Imported Abel ; g. d. Imported Lelia, by Uncle Vic, &c., (in foal to Administrator, 357.)

Parkside, bay horse, by Administrator, 357 ; dam Jersey Lily, by Hernando, 2891 ; g. d. Dolly Varden, by Imported Abel ; g. g. d. Imported Lelia, by Uncle Vic, &c.

Alpha, bay mare, by Dean Swift ; dam Starlight, by Thorndale, 305 ; g. d. Starling, by American Star, 14.

My object in thus advertising this stock is not for the purpose of disposing of it—as none of it is for sale at present—but as an illustration to prove that this province is keeping pace with other great breeding centres, in raising the class of horses that is destined, at no distant date, to become the greatest breed in existence.

Respectfully,

W. A. Brenman.

BRUNSWICK HOUSE.

THIS HOUSE which is the most conveniently and pleasantly situated in the town, near the Court House and Post Office, has recently been enlarged and refitted, and now offers superior advantages for permanent and transient boarders. Accommodation first-class.

There is also good stable accommodation for a number of horses.

Patrons of the BRUNSWICK HOUSE may rely on receiving the best of attention.

TERMS MODERATE.

JOHN T. LINKLETTER.

When U want Wood Engraving

THE
Dominion Illustrated.

A Canadian Pictorial Weekly, 16 Pages, Large Quarto and Cover.

PUBLISHED EVERY SATURDAY

BY G. E. DESBARATS & SON, MONTREAL.

SUBSCRIPTION, $4 per annum in advance.

Trial Subscription of Three months, $1 in advance.

For Sale by Newsdealers at 10 cts. per copy.

READ THE FOLLOWING EXTRACTS FROM MARITIME PRESS NOTICES

The Dominion Illustrated, issued by G. E. Desbarats & Son, Montreal, is admirably printed, and the Illustrations of Canadian Scenery and Public Buildings, with portraits of our Public men, are exceptionally good. Its articles are bright, readable and of a literary finish that entitles this publication to a high place among Dominion Serials.

Daily Telegraph, St. John, N. B.

Canada needs and should support a publication such as this . . . The engravings are beautifully executed, the reading matter excellent, and the entire get up neat and attractive.

Morning Chronicle, Halifax.

The object of this handsome and artistic work is to illustrate in the best manner the scenery, cities, industries, and prominent public men of the Dominion. The work is accomplished in a most beautiful and satisfactory manner, well worthy of generous support.

Summerside Journal, P. E. I.

The second number of the Dominion Illustrated has come to hand and is indeed first class. It sustains the promises of the initial numbers.

The Herald, Charlottetown, P. E. I.

Remarkably well got up, the engravings being very fine and the letter press simply faultless. The Dominion Illustrated is the best effort of the kind yet made in Canada, and we wish the proprietors all the success their enterprise merits.

Evening Telegram, St. John, Newfoundland.

☞ **Send your subscriptions direct, or through your News Dealer, RIGHT AWAY, while the back numbers may be had. Later they will be worth their weight in gold.**

TELEPHONE COMPANY

OF P. E. ISLAND.

MALCOLM McLEOD, PRESIDENT, C. C. GARDINER, TREASURER.

BENJAMIN ROGERS, SECRETARY, ROB. ANGUS, MANAGER

Central Office Charlottetown, open for Trunk Line Messages, from 8 a. m. to 10 p. m. on week days, on Sundays and Holidays, from 9 to 10 a. m. and 1 to 2 p. m.,

HEAD OFFICE, KENT ST., CH'TOWN.

DIRECTIONS FOR USING THE TELEPHONE.

To Call Central Office, Ring the Bell, then place the Telephone to the ear and listen for the operators voice; while waiting for connecton with anothcr subscriber keep Telephone to your ear.

Give one short ring when you are done, when Central Office calls, answer promptly, as operators are instructed to only ring you twice, any other arrangement would keep subscribers who are less dilatory waiting, and also lead to confusion.

Report promptly to the Office by mail or messenger, any difficulty in getting connecton.

Do not use Instrument during thunder storms.

Non-subscribers will not be allowed to use this Telephone.

All kinds of Soap made by St Croix Soap M'f'g Co

H. B. GRIFFIN & Co.,

DEALERS IN

EGGS & EGG CASES.

ESTABLISHED 1875. REMOVED 1889.

Owing to the steady increase in the volume of our business, and our consequent crowded condition, we have found it necessary to seek more commodious quarters, and have succeeded in securing store

NO. 111 SOUTH MARKET STREET,

ONE DOOR BELOW OUR OLD STAND,

Which gives us twice the amount of room without practically changing our location which is one of the best in the city.

Our success is due largely to our close attention to our specialty,

EGGS!

We shall endeavor to merit the continued patronage of our numerous P. E. Island friends, and should be glad to correspond with others who may be shipping EGGS to Boston with a view to handling their goods, assuring prompt returns,

H. B. GRIFFIN & CO.,

111 South Market St., - BOSTON, MASS.

GREAT BRITAIN AND IRELAND.

THE QUEEN AND THE ROYAL FAMILY.

HER MAJESTY ALEXANDRINA VICTORIA of the United Kingdom of Great Britain and Ireland, Queen Empress of India, Defender of the Faith; *born* 24th May, 1819; *succeeded* to the Throne, 20th June, 1837, on the death of her uncle, King William IV; *crowned* 29th June 1838; and *married*, 10th February, 1840, to His late Royal Highness Francis Albert Augustus Charles Emmanuel, PRINCE CONSORT DUKE OF SAXONY, PRINCE OF COBURG AND GOTHA, who was *born* 26th August, 1819; *died* 14th December, 1861. Her Majesty has issue:

1. Her Royal Highness VICTORIA Adelaide Mary Louisa, PRINCESS ROYAL, *born* 21st November, 1840, *married* 25th January 1858, to His Imperial Highness the Crown Prince (only son of the Emperor of Germany), and has had issue—Frederick William Victor Albert, *born* 27th January, 1859; Victoria Elizabeth Augusta Charlotte, *born* 24th July, 1860; Albert William Henry, *born* 14th August, 1862; Francis Frederick Sigismund, *born* 15th September, 1864; *died* 18th June, 1866; Frederika Welhelmina Amelie Victoria, *born* 12th April, 1866; J. F. B. Waldemar, *born* 10th February, 1868; *died* 27th March, 1879; Sophia Dorothea Ulrika Alice, *born* 14th June, 1870; and Margaret Beatrice, *born* 22nd April 1872.

Mott's Spices are the Purest.

Mott's Broma for the Sick.

2. His Royal Highness ALBERT EDWARD, Prince of Wales, Duke of Saxony, Cornwall and Rothesay, Earl of Dublin, &c., *born* 9th November, 1841; *married* 10th March, 1863, to Princess Alexandra Caroline Mary Charlotte Lousia Julia, *born* 1st December 1844; eldest daughter of the King of Denmark, and has issue—Albert Victor Christian Edward, *born* 8th January, 1864; George Frederick Ernest Albert, *born* 3rd June, 1865; Louise Victoria Alexandria Dagmar, *born* 20th February, 1867; Victoria Alexandra Olga Mary, *born* 6th July, 1868; Maud Charlotte Mary Victoria, *born* 26th November, 1869; and Alexander J. C. A., *born* 6th April, 1871.

3. Her Royal Highness Alice Maud Mary, *born* 25th April, 1843; *married* 1st July 1862, to His Royal Highness Prince Louis Frederick William of Hesse Darmstadt, *born* 12th September, 1837, *died* December 14th, 1878, and has issue—Victoria Alberta Elizabeth Matilda Mary, *born* 5th April, 1863; Elizabeth Alexandrina Louise Alice, *born* 1st November, 1864; Irene Marie Louise Anna, *born* 11th July, 1866; Ernest Louis Charles Albert William, *born* 25th November, 1868; Frederick William, *born* 7th October, 1870; *died* 29th June, 1873; Victoria A. H. L. B., *born* 6th June, 1872; and Mary Victoria Feodora Leopoldine, *born* 24th May, 1874; *died* 16th November, 1878.

4. His Royal Highness ALFRED Ernest Albert, Duke of Edinburgh, Earl of Kent and Earl of Ulster, &c., *born* 6th August, 1844; Rear-Admiral Royal Navy; *married* 23rd January, 1874, the Grand Duchess Marie Alexandrowna, daughter of the Emperor Alexander II. of Russia, and has issue—Alfred Alexander William Ernest Albert, *born* 15th October, 1874; Marie A. V. *born* 29th October, 1875; Victoria Melita, *born* 25th November, 1876; and A. L. Olga Victoria, *born* 1st September, 1878.

5. Her Royal Highness HELENA, Augusta Victoria, *born* 25th May, 1846; *married* 5th July, 1866, to Prince Frederick Christian Charles Augustus, of Schleswig Holstein-Sondenburg Augustenburg and has issue—Christian Victor, *born* 14th April 1867; Albert John, *born* 26th

GIVEN AWAY!

Some person has given away the secret how Prowse does the Hat business of P. E. Island.

And now as the secret has become public property and town talk, there is no use of us keeping quiet, so we admit that the secret of our Great Hat Trade is to sell the very best article for the lowest possible price.

Best Goods and lowest price, in short, is what fills our store with customers, and makes a household word of the name of Prowse, the Wonderful Cheap Man, and his Hats.

PROWSE BROS.,

Sign of the Great Big Hat.

IMPORTANT

TO EVERY OWNER OF A

Horse, Cow, Sheep, Pig or Hen.

We have opened a **Feed Department** in connection with our Seed business and respectfully solicit the patronage of Farmers and Stock Raisers. At the head of the list we place

Blatchford's Royal Stock Food,

of which we are the sole agents for P. E. Island. This celebrated FEED is manufactured in Chicago, Ill., and is used by leading stock raisers throughout the United States, England and Canada. It is not a CONDITION POWDER, but a FEED, remarkably rich in Flesh and Fat forming matter, to be used every day in small quantities, mixed with the other food. For this purpose it is found by experienced feeders to be of ONE THIRD MORE VALUE THAN LINSEED MEAL. Fed to horses the effect is seen at once in preventing constipation, keeping the bowels regular, increasing the glossiness of the skin, brightening the eye and improving the general health. Milch cows fed with it will give fully 25 per cent. more milk; fattening stock take on flesh much faster, and it is especially valuable for Pigs, Sheep and Poultry. The manure from feeding the STOCK FOOD is very rich, and returns a large proportion of the cost.

(Circulars giving full information and directions on application.)

TESTIMONIALS.

Alma Cottage, Ch'town, 16th Feb., 1889.

Messrs Geo. Carter & Co.,—Dear Sirs,—This winter I have been feeding "Blatchford's Calf Meal" to a six months old Jersey Heifer Calf with excellent results. I feed one part of calf meal mixed with three parts of bran and cracked oats alternately.

Yours truly, T. HEATH HAVILAND.

I have used "Blatchford's Stock Food" for my milch Cow, and without making any difference in her feed except using the "Blatchford" her yield of milk increased at least 25 per cent.

J. D. SEAMAN.

Blatchford's Royal Stock Food, For Cattle, Horses, Sheep, Pigs & Poultry.
Special low rates for from two bags upwards.

Blatchford's Calf Meal, a milk substitute for Calves and all young Stock.

Ground Oil Cake, guaranteed Pure and of Best quality.

Also, Manhattan Stock Food (10 lb. bags), **Manhattan Poultry Feed, Crushed Oats** and **Oats and Barley, Bran, Oats, &c.**

ABSORBENTS.—The best absorbent for the stable is **Ground Gypsum,** or Land Plaster. It absorbs the liquids, and retains the ammonia. A sprinkling over the heaps of manure in the field or barn yard will prevent the escape of ammonia. Per bbl. (330 lbs.) $1.00.

The "Examiner"

was established in Charlottetown on the 19th day of August, 1847. Consequently, it is now in its forty-second year and, by all odds, the oldest paper published in Prince Edward Island. Its founder was the Hon. Edward Whelan, to whom the Province is largely indebted for Free Government, Free Schools and Free Land. At his death in the year 1866, the *Examiner* passed to the management of Mr. Walter Grant. The plant and good will of the paper was shortly afterwards purchased from Mr. Whelan's executors by Mr. J. S. Carvell—now the Hon. Senator Carvell. While owned by Mr. Carvell, the paper was edited by a number of persons including Mr. Patrick R. Bowers. The Examiner Printing & Publishing Company was formed in 1873; and the first day of July in that year Mr. W. L. Cotton, became editor of the paper, and manager for the Company. The Company sold out, in 1874, to Mr. Cotton, who continued to publish the paper until The Examiner Publishing Company was formed and steps taken towards the publication of THE DAILY EXAMINER. The first copy of the first daily paper established in the Province, was issued on the 21st day of May, 1876. In 1879 the Company purchased the plant and good will of the *Argus* newspaper from Mr. James H. Fletcher, and that paper was thereupon amalgamated with the *Weekly Examiner* under the name and title of "THE WEEKLY EXAMINER AND ISLAND ARGUS."

The "Patriot."

The *Patriot* was first issued at Charlottetown, P. E. Island, about July 1st, 1864, though the proprietor who established it, published another journal as early as July 1st, 1859, now nearly thirty years ago. Some of the files of the paper have been lost, and it is difficult to give particulars regarding its history. As nearly as can be recollected the *Patriot* was issued weekly from 1864 to 1867, when it became a semi-weekly journal, the first

advance of the kind in this Province. In 1878, the *Daily Patriot* was started but after a few months its publication was discontinued until April, 1882, when it re-appeared and has been regularly issued up to the present, except the suspension of a few weeks after the fire on the south side of Queen Square in 1884.

The *Patriot* was first established by Mr. David Laird; Mr. Henry Lawson became its proprietor in 1876; Mr. Laird resumed its proprietorship in 1882; and The Patriot Publishing Company took it off his hands after his printing plant was destroyed by the above mentioned fire. The *Patriot* is liberal in politics, and notwithstanding the fact that it receives no patronage from either the Dominion or Local Government it is more prosperous now than at any former period of its history. Its subscribers are the best payers in the Province, which fact is known to advertisers, and they govern themselves accordingly.

The Charlottetown "Herald."

The *Herald* is a weekly newspaper, devoted to religious political, scientific and general information. It was established in 1863, and has been published by the Herald Printing Company since 1882.

In politics the *Herald* is Liberal-Conservative. It has faith in the future greatness of our Dominion and believes in "Canada for the Canadians."

The aim of the present owners of the *Herald* is to make it one of the most instructive, interesting and widely read family newspapers in the Maritime Provinces. That they are succeeding in the attainment of this object is evidenced by its rapidly increasing circulation.

In January, 1889, the *Herald* moved into new, spacious and elegant offices in Connolly's Building, Queen Street, where, in addition to the publication of the paper, every kind of plain and fancy job printing is attended to with the greatest promptitude. All communications should be addressed to the Herald Printing Company or to Mr. McIsaac, editor and manager.

The "Island Guardian"

And Christian Chronicle.

Towards the end of the year 1886, the late Revd. W. R. Frame and the late Joseph W. Mitchell, both of whom had been engaged on the *Protestant Union* newspaper for some time, the former as its editor, started the *Island Guardian Publishing Company*, and purchased the plant and subscription list of the *Protestant Union*. The efforts of the promoters of the *Island Guardian* have been so successful that it is now looked upon with much favor, by an increasing number of patrons as a thoroughly independent and trustworthy journal.

The first number was issued on the 15th January, 1887. Eight pages originally, it has been subsequently altered to four pages of double size.

The platform laid down by its late editor the Rev. W. R. Frame, and still adhered to is strictly as follows:—

1. To maintain the principles of the Reformation.
2. To supply its readers from week to week with the news of the several Evangelical Churches and give a correct summary of leading events at home and abroad.
3. To have no hand in partizan politics and thus be in a position to command the right and expose the wrong.
4. Prohibition of the Liquor traffic and to aid in carrying out the "Canada Temperance Act."

During the last year (1888) the Company had to deplore the loss by death of their esteemed editor, the late Revd. W. R. Frame, and their efficient business manager, the late Joseph W. Mitchell.

The "Summerside Journal"

And the Prince Edward Island Agriculturist.

The *Summerside Journal* was established in 1865, and is now in its twenty-fourth year. Since 1875, when W. A. Brennan, the present Editor and Proprietor became

connected with the business it has continued to grow with the growth of the town, their interests being identical, until to-day it is more strongly entrenched than ever in the respect and esteem of its patrons, and never was it in a more advantageous position to do battle for the people's rights. While it has seen many of its contemporaries falter and fall by the wayside, the *Journal* has kept steadily on, triumphing over every obstacle, until it attained its present proud position, and its prospects were never brighter than they are at the present time. It may truly be said that the history of Summerside, for almost a quarter of a century past, and the history of the *Journal*, are one and the same, for they have grown together during those years of solid progress, and a brighter future yet is in store for both.

In 1882, the *Prince Edward Island Agriculturist*, a paper devoted exclusively to the interests of the farmers, and especially the stock breeders, of the Province, was started in connection with the *Journal*. At first it was a small four paged paper, issued fortnightly, and mailed with the *Journal*. In 1884, it was first issued weekly, but still mailed in the same way. In 1887, it was enlarged to an eight paged, forty column paper, a local news department added, and the papers issued and mailed on separate days of the week—the *Journal* on Thursday, which has always been its day of publication, and the *Agriculturist* on Monday.

The phenomenal success of the *Journal* and *Agriculturist* has never been equaled by any other Island paper, which is a proof of their great popularity. It is worthy of remark that while every other paper in the Province is owned and controlled by a joint stock company, the *Journal* and *Agriculturist* are entirely the result of one individual's enterprise, and therefore all the more entitled to a generous support.

The *Journal* is provincial and local in its scope. Believing this to be the banner province of the Dominion, our aim is to promote every movement and every interest calculated to benefit the Province in general, and Summerside in particular. Current events receive an independent editorial treatment, and the various departments of news and literature are kept abreast of the times.

Yarns, Warps, &c., &c.

Orders entrusted to our Travellers, or sent to Warehouse, will receive careful and prompt attention.

M. R. & A.

The *Agriculturist* is devoted to the advocacy of improvement in all lines of farming, and particularly the breeding of improved horses and cattle. All matter in its columns, either original or select, is specially adapted to the requirements of this Province, in which respect it is much more advantageous to our farmers than foreign agricultural papers, which are conducted with reference to entirely different soils and climates.

A proof of the popularity of the *Journal* and *Ayriculturist*, is their very large and constantly increasing circulation at home, in the adjoining Provinces and in the Unired States, in which they vastly surpass any other paper in the Province, and which is a remarkable circumstance for a periodical strictly provincial in tone and aim.

The "Pioneer."

The *Pioneer* newspaper was first established at Alberton, in Prince County, where the initial number was issued on July 4th, 1876. At the outset it was a twenty-four column paper and neutral in politics, John L. McKinnon, Esq., being the publisher and owner. The memorable outbreak of small-pox, which occurred in that rising town in February, 1879, caused a complete stoppage of business and intercourse with the outer world, so that Mr. McKinnon was forced to suspend publication. During the following summer the *Pioneer* was removed to Montague, in King's County, and was there issued for about twelve months, but on account of insufficient advertising patronage the plant was moved to Summerside, where, since September 10th, 1880, it has been regularly published.

In January, 1887, Mr. McKinnon sold the paper to the Pioneer Publishing Company, by whom it has been published since that date. Shortly after the Company acquired the *Pioneer* it became patent to many of them that as P. E. Island was almost wholly a farming community, a paper published in the interests of agriculture would be of great benefit, and therefore about July, 1887, the *Island Farmer* was started in connection with the *Pioneer*. At first the *Farmer* was published semi-monthly but since the first of May, 1888, it has appeared regularly as a weekly. The *Pioneer* is a newsy, wide-awake newspaper, and has been, since its removal to Summerside, a consistent and vigorous upholder of liberal principles. The *Island Farmer* is almost wholly devoted to the various interests of the farming community and is much prized by its many readers. The wide circulation which the *Pioneer* had in the latter days of Mr. McKinnon's management has, since coming into the Company's hands, very much more than doubled, so that it is now claimed by the manager to be the best advertising medium in the county. It goes into almost all the homes of our wealthiest farmers and has therefore on its list an excellent class of promptly paying subscribers. From starting out with but twenty-four columns it has steadily gained strength and size until now it is a thirty-two column paper of excellent reading matter and the wonder is that for but one dollar two such excellent papers as the *Pioneer* and the *Island Farmer* can be given to the reading public.

The Canadian Textile Directory,

PUBLISHED BY

E. B. BIGGAR,

MONEY ORDER OFFICES

are at Alberton, Charlottetown, Georgetown, Montague Bridge, Stanley Bridge, Souris East, Summerside, Kensington and Tignish.

Money Orders issued and paid from 10 a. m. to 4 p. m.

COMMISSION ON MONEY ORDERS.

On Money Orders drawn by any Money Order Office in Canada or any other Money Order Office in the Dominion, is as follows:—

	If not exceeding	$ 4	.....	2c.
Over	$ 4	"	10	..... 5c.
"	10	"	20	..... 10c.
"	20	"	40	..... 20c.
"	40	"	60	..... 30c.
"	60	"	80	..... 40c.
"	80	"	100	..... 50c.

Room Paper, every quality and price,

In sending money by mail it is always best to transmit by Money Order, if possible. If sent by letter it should always be registered.

No single Money Order, payable in the Dominion of Canada, can be issued for more than $100; but as many of $100 each may be given as the remitter requires.

On Money Orders payable in Austria, Hungary, Barbadoes, Belgium, British India, Denmark, (including Iceland). France, Germany, Italy, Jamaica, Netherlands, (Holland), Newfoundland, New South Wales, New Zealand, Norway, Sweden, Roumania, Switzerland, Tasmania, United Kingdom, United States, Victoria:—

If not exceeding			$10	10c.
Over $10	"	"	20	20c.
" 20	"	"	30	30c.
" 30	"	"	40	40c.
" 40	"	"	50	50c.

Money Orders on the above named countries are drawn in Canada Currency and may be had for any sum not in excess of $50; but the Postmasters are at liberty to issue several orders of $50 each, if required by the remitter.

SPECIAL NOTICES.

CONVENT DE NOTRE DAME.

THE CONVENT DE NOTRE DAME, a branch of the far famed "Villa Maria," the first Educational Institution conducted by the Daughters of the Venerable Marguerite Bourgeoys. It was founded in 1857, when the Saintly Bp. McDonald guided the destines of the diocese of Charlottetown, and has since pursued, in an unpretentions way, a career of usefulness. This happy result has been attained chiefly through the persevering efforts and fostering care of his Lordships worthy successor, the Rt. Rev. Peter McIntyre who now exercises Episcopal Jurisdiction over P. E. Island.

The Convent we believe, has been justly favoured with the patronage, not only of Catholics but of members of various denominations desirous of a conscientious and kindly care for the morals, the health, and the intellectual advancement of their children.

The site is one of quiet beauty, lofty trees enclose the spacious and tastefully laid out pleasure-grounds, invigorating breezes from the neighbouring Hillsborough inspire both physical and mental activity, while the retired nature of the locality invites to reflection and study. The building of red brick with free-stone basement, is fitted up in a style desirable for the health and comfort of young ladies in attendance.

We are acquainted with the workings of several religious seats of learning, but we know of none which we would

recommend more heartly to parents for their daughters than the Convent de N. D., Charlottetown. It is now entering upon its 31st year of unobtrusive labor. That it may long continue the noble work of Christian Education, is undoubtedly the prayer of its numerous offspring scattered throughout the length and breadth of the Maritime Provinces.

ST. DUNSTAN'S COLLEGE.

St. Dunstan's College (founded in 1855), is situated in Charlottetown Royalty, about a mile and a quarter from the City. Thus, whilst it enjoys the conveniences of the city, it possesses also the advantages of the country. The extensive orchards, velvety lawns; well-trimmed hedges, widespreading firs and chestnuts and limetrees, that adorn the College grounds, form a scene of rural beauty rarely to be found. The view from the college is simply charming: the silvery waters of the North, East and West rivers, winding through shady grove and verdant meadow, the dim outline of Nova Scotia rising from the Strait of Northumberland and miles of richly cultivated fields on all sides.

Persons intending to enter on any of the learned professions may receive at St. Dunstan's a thorough classical education.

The commercial course, conducted on the most modern principles, is equal to any in the Maritime Provinces. Persons, too, who desire to qualify as teachers, are carefully instructed. Besides the intellectual and moral training imparted at St. Dunstan's the physical training of the pupils is not neglected. Spacious grounds surround the college for all kinds of games and sports. It has been the aim of the directors to make this a *modern* institution; consequently, the students have a brass band, a college journal, a foot-ball team, a glee-club and, we understand, a reading-room is to be fitted up for the incoming year.

No. 214 ARGYLE STREET, HALIFAX, N. S.

For Fine Felt Hats,

R. K. BRACE, EGGS, ETC.

The egg industry of this Province has made tremendous advances during the past few years. Formerly eggs were shipped in barrels packed in oats by schooner, and thirty years ago the old, S. S. "Commerce" afforded the principal conveyance to the United States markets, now they are packed in patent cases and delivered in Boston in one half the time it then took. The prices during recent years have steadily increased,we quote for small lots during the month of July 1885, 10 cents per dozen, in 1886, 11 cents, in 1887, 13 cents, and in 1888, 15 cents. The reason given for the advance from year to year is that buyers,are more particular as to the quality of eggs and they are larger and cleaner, another important thing for farmers would be to change the breed of their hens and get ones that will lay a deeper yellow yolked egg, and thereby take first place in this industry.

The quantity of eggs exported from this Province is very large and few even of the residents of the Island are aware of the sum of money realized from this source. This fact is ascertained by the customs returns, which show the shipments for the year ending 30th June 1887, to be 1,675,180 dozen valued at $203,601.00 or $43,443, more than the year 1884. Butter is also coming up in quality of late years, at the last Exhibition it was conceded on all sides that a marked improvement has taken place and that the farmers are becoming more alive to their interest in this respect. The improvement is largely due to the use of creamers and improved churns.

To Mr. R. K. Brace is largely due the credit of introducing the Creamers in 1884. Mr. D. S. Richards brought the celebrated Champion Creamer here. Mr. Brace purchased his patent right for $800.00 and had considerable trouble to introduce them at first. It is surprising how fast they have become a prominent article on the farm. It was Mr. Brace's great object to help the farmer to improve the butter so that it could be exported. He visited nearly all the Exhibitions in Canada in search of a churn to suit the trade,

Go to P. J. Foran's, Queen Street.

When you want Stylish Clothing,

durable, easily worked, and easy to keep clean. Having now the patent right of the grandest of all Churns,—*The Air Pipe Rotary*,—Mr. Brace will be the means of having the Island butter up to the highest grade for export.

MANUFACTURERS.

The Manufacturing Interest of Charlottetown have rapidly developed of late. They consist of Cheese, Starch, and Soap Factories, Grist Saw and Woolen Mills. Factories for curing and preserving meat and fish. In Charlottetown are two first class furniture factories, that of Mark Wright & Co., and Mr. John Newson, both establishments do a very large business. The Charlottetown Woolen Mills employs a great number of hands, and their elegant goods have a noted reputation throughout the country. Hickey & Stewart's and T. B. Riley's Tobacco Factories both do an extensive business.

ESDALE FOUNDRY.

McKinnon & McLean proprietors, general Founders and Machinists. Builders of all kinds of Portable and Stationery Engines, and Boilers, a speciality made of Steam Fillings and Water Power machinery. This is one of the oldest firms in the country in this line of business. They have a very extensive trade on the Island as well as abroad, and have a reputation for the staunch and straight forward manner in which they conduct their business.

A. WHITE & SON.

A. White & Son, have a noted reputation for the excellence of their work. In the past they have been largely engaged in the fitting up of Steamboats, and Mills with boilers and machinery. Their foundry turns out work quickly and satisfactorly, of the best material and by skilled and practical workmen.

Go to P. J. Foran's, Queen Street.

Gents' Underclothing Cheap,

ROBERT PALMER & CO., PLANING MILLS.

Messrs. Robert Palmer & Co., unquestionably, have unrivalled facilities for executing all kinds of work which they advertise and claim to do. Mr. Palmer has had twenty-five years experience, consequently is well qualified to perform all work that may be entrusted to him, in his line. With experienced and competent workmen, new machinery, all first class, and the best Quebec Stock, their workmanship, doubtless, cannot be excelled in the Province. And not the least important feature in the whole business is the extreme lowness of price for which they sell.

ALBERT DUCHIMIN, PLANING MILLS.

To continue in a particular line of industry for over twenty years, and to have the results through that period endure and give satisfaction is a good evidence of the satisfactory character of a man's work. Such has been the case in regard to Mr. Albert Duchimin, whose Planing Mills are on McMillan's wharf, where he is prepared to carry out all orders in his line of business with promptness, and satisfaction.

T. B. RILEY'S, TOBACCO FACTORY.

RILEY'S FACTORY is the oldest tobacco establishment in the City of Charlottetown. It occupies the whole of a large three story building on Water Street, adjoining the premises of Messrs Peake Bros & Co. Mr. T. B. Riley, the present manager and proprietor has proved that he is not only able to keep up the well earned reputation, but he has increased its business and the facilities for manufacturing various grades of the soothing weed to the satisfaction of its numerous patrons. The fact of the business having very much increased during the last few years, must be attributed to the superior quality of the leaf used: to the pure ingredients employed in its manufacture and the honorable treatment always extended to customers. His new brands of smoking, "Gold Stick," "Gold Brick," "Bright Twist,"

At P. J. Foran's, Queen St.

Shirts, Collars & Ties,

and "Black Pilot," "O K," "Rail Road," and black twist for chewing, manufactured from the choicest leaf grown in the great golden belt, Virginia and North Carolina is pronounced by competent judges (foreign as well as local) to be an excellent article and bids fair to gain a world wide reputation. His ware-room adjoins the factory were a good stock of all the grades to be had in the estabilshment is kept constantly on hand.

A. & C. QUIRK, CITY STEAM BAKERY.

The City Steam Bakery, Messrs A. & C. Quirk proprietors, the only establishment of the kind on P. E. Island. Besides loaf bread, pastry and other articles of daily consumption, they operate ovens which are especially adapted for fine biscuits and all kinds of fancy bakery, goods, which find ready sale, and like their ship-bread has a reputation for keeping qualities.

CARRIAGE MANUFACTURERS.

The prominent carriage manufacturies of the City are that of Messrs Large & Sons, J. J. Seaman, P. Halloran & Son & L. H. Coffin, all do a good business and turns out some elegant rigs.

J. H. SLACKFORD, BOAT BUILDER.

The Boat building establishment of J. H. Slackford, on Steam Navigation Wharf, furnishes yachts, sculls, shells and all kind of pleasure boats which are second to move in Canada.

TANNERIES.

Charlottetown has three extensive Tanneries that of Messrs Love & Son, Wm. Boyle, and Godkin & Son, all are in a flourishing condition.

At P. J. Foran's, Queen St.

BRIGHTON BREWERY.

About a mile from Charlottetown is the Brighton Brewery, an establishment of long standing. Messrs Morris & Hyndman, proprietors. A speciality is made of light beers of excellent quality.

THE PATTERSON & BRO. COS., FACTORY.

THE PATTERSON & BRO. COS., FACTORY, is located in Woodstock, Ont., and is one of the largest and finest in Canada. The flooring measures over three and a half acres, the buildings are erected of stone and white brick. The machinery for manufacturing their Implements is of the latest and most improved style. The shipping facilities are good, as they have a track running into the yard on which they can load Grand Trunk and Canadian Pacific Cars. The number of men employed are between three and four hundred, and in the busy time of the year they have to work night and day in order to meet the great demand for their Implements, their light all steel framed Binder, the five Rake Reeper, Patterson Tigar Rake, and New Buckeye Mower, are taking the lead all through the Dominion, and for Plows the variety and quality cannot be surpassed.

W. B. Robertson & Co., Charlottetown, represent this firm in Prince Edward Island.
