Nursery Rhymes—No. 18.

A HOARSE CRY.

"What's in a name," the * *News* man said,
"And what about this Erthipipic,
How tells the Horse sit in the horse,
And how gets on the Episcotic?"

The † *Telegraph* said with a smile,
"Tis meet all men should know the causes,
That brought about this dread disease,
Which horsemen call Hipposimosis.

"It is an infinite sore,
A hippopathic epidemic—
A horse-distemper, wricken steed,
An Equicoid—Episcotic."

"Nonsense" cried the ‡ *Tribune* mild,
"A tribe to all your answers various,
Doctors Green and Bunting term
It a disease Hippomisarious."

The § *Globe* dropped from its summit high,
Resolved to set these pigmies right,
"An equine plague 'tis called by some,
By surgeons, typhoid-laryngite."

"Come boys," the wise old ‖ *Freeman* said,
"Ben Franklin taught us time's money,
Let's drop euphonious-pseudonyms
And call it simply horse aphony."

—HENRY WARD BEECHER (on the horse.)

Hoarse Notes.

[From our own Catarrh.]

* Terms $5.00 a year with the editorials on the first page and the *Record of Crime* thrown in.

† Advertising Rates $7 or $8 a line according to location and length of the advertiser's purse.

‡ The "Ring" buster and Custom-House Literary Companion, " Custom-House blanks for sale at this office."

§ The bulletin of commercial disasters and financial crashes.

‖ Ned Burke, an Irish speaker, once said: "A newspaper is the history of the world for one day." He meant the *Freeman*. Yes he did. It's a History—a *School History*.

Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote. Hence its wonderful cures, many of which are publicly known, of **Scrofula**, and all scrofulous diseases, **Ulcers, Eruptions**, and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Running and Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility, and Leucorrhœa**, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even when no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

Watchmaking in Switzerland.

[From the Swiss Times of May 20th.]

WE have already drawn attention to the annual meeting of the Society of Arts held on the 23rd current, under the presidentship of M. Th. de Saussure, and are now able to furnish some further details.

Professor Soret, in delivering a most interesting report, passed in review the operations of the Industrial section, in reference to Commerce, laying great stress upon the competition that has taken place in the manufacture of chronometers. This competition was instituted with the object of testing the workmanship and precision of chronometers turned out by Genevese manufacturers, and none but those adopted for pocket use were admitted. They were deposited in charge of the authorities at the Observatory, and underwent the most searching ordeal possible to be applied to pocket instruments of this class. The jury specially retained to decide the difficult question as to whom to award the palm of excellence, unanimously decided in favor of Messrs. J. M. Badollet & Co. This firm having carried off the sole prize by exhibiting a chronometer which fulfilled in the highest degree every condition required, crowned their first success by gaining honorable mention for two other chronometers. The allusion to this triple honor was received with enthusiastic applause, and Professor Humbert, President of the Fine Arts Section, closed the meeting with a happy and humorous dissertation upon subjects connected with this department.

An assortment of

Gold and Silver Watches,

of different grades, from the eminent manufacturers above referred to, always kept in stock by
