PREFACE

AS in the past, the publishers of this work have taken every precaution to make our Halifax City Directory for 1893-94 as complete and reliable as possible, and while we know there are errors and omissions, we think, when it is taken into consideration the amount of detail we have to go through in so short a time, it should be considered very correct. We are well aware of the fact that we will be accused of making errors when such is not the case. The number of changes during this year has been more than usual, hence the names of the same parties will be found to have different addresses, also different occupations in the different parts of the Directory.

While we are very anxious to have errors or omissions pointed out to us, and will feel very thankful for such, we trust the parties will be very careful to ascertain before wasting our time or endeavoring to injure our reputation, that it is not their own want of knowledge of the spelling of the name, or from some of the many other causes, they imagine that we are in error.

The book will be found to be much better bound this year than previously.

To the supporters of this work the publishers return their sincere thanks.

DIRECTORY BORROWERS.

MANY are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves These are the people who carry off your Directory, just for a few minutes, which generally means a FEW DAYS, unless you send for it before ; then you have scarcely housed it before some one else comes with the request : "Please lend me your Directory for a few minutes." Perhaps you will not see it again for a WEEK or MORE. Yet this same borrower will tell our solicitor that he has no use for a Directory, he knows everybody, and everybody knows him.

A Parcel Post has been established between Canada and Newfoundland, on the conditions governing the transmission of parcels to the United Kingdom. Parcels can be sent to all the countries and colonies with which the United Kingdom maintains a Parcel Post. Information as to the principal places, and the rates applicable, can be obtained at the delivery wicket. These parcels will be subject to the same regulations as regards weight, size, etc., as parcels addressed to the United Kingdom. Postage 15 cents per pound, or fraction thereof.

DIRECTORY BORROWERS.

MANY are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office looks at the Directory, and goes out, but the business men who continually need it for reference, yet are too close fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means a FEW DAYS, unless you send for it before; then you have scarcely housed it before some one else comes with the request: Please lend me your Directory for a few minutes. Perhaps you won't see it again for a WEEK or MORE. Yet this same borrower will tell our solicitor that he has no use for a Directory, he knows everybody, and everybody knows him.
