Damage Done.

The heavy downpour of rain on Wednesday did considerable damage. Above the town line to the cross roads, the fall of hail was very heavy, and did much injury to the growing crops, threshing out the oats and cutting up the leaves of turnips and potatoes. It was accompanied with a heavy wind which blew down some trees and fences. The pine tree at Feddis', the former one of the pair which for so many years had been such a land mark was blown down some years ago, and in the squall of Wednesday the remaining one was blown down. An old settler states that these trees have been prominent land marks for all of eighty years and now the last one has gone. The hail is said to have been heavy over in Nelson, and that a number of windows were broken.

The Crops.

Reports from different parts of the county speak well of the crops. Hay on uplands was not more than two-thirds or half of the crop of last year, but the hay on the meadows, (much of which has been housed in prime condition,) is reported to be far in advance of last year. Grain and roots promise well and the crop of apples is abundant. The recent rains have been most beneficial to the growing crops.

Weak and Nervous

Describes the condition of thousands of people at this season. They have no appetite, cannot sleep, and complain of the prostrating effect of warmer weather. This condition may be remedied by Hood's Sarsaparilla, which creates an appetite and tones up all the organs. It gives good health by making the blood pure.

HOOD'S PILLS are the best after-dinner pills, assist digestion, cure headache.

"Camp Adams."

The "fishing season" of 1895 at "Camp Adams" was closed on Tuesday, Aug. 13, with a most successful trip made by Messrs. J. R. Lawlor, R. H. Armstrong, John Sargeant and R. H. Gremley, of Newcastle. They arrived in Camp on Saturday, Aug. 10th, and remained for three days during which they landed fourteen grilse and four salmon, two of which weighed 16 and 23 pounds respectively.

This season's fishing has been a great success (notwithstanding the low water) the total catch from 7th July to 14th Aug. being 272 salmon and grilse.

How to Cure Corns.

Easy? Yes, if you go about it the right way. Get the best always. Putnam's Painless Corn Extractor never fails to cure. Acts in twenty-four hours and causes neither pain nor discomfort. Putnam's Corn Extractor extracts corns; it is the best.

Beats Methuselah.

The Chignecto *Post* publishes the following item which is a rather startling argument in favor of the use of tobacco;

Paducah, Ky., points with pride to a 95-year-old citizen, Mr. A. Rice, who never chewed or smoked tobacco, never swore an oath, and was never drunk. Meanwhile Philadelphia is getting ready to celebrate on the 5th of September the 1024 birthday of Mr. Jacob Urban, a hale old gentleman who has been an inveterate chewer and smoker of tobacco since boyhood.

A Warning to Smokers.

For some time past certain dealers have been selling inferior brands of tobacco when "T & B" is asked for, thus not only trading on the reputation of the manufacturers but also injuring the sale of the article.

The Geo. E. Tuckett & Son Co., of Hamilton, have taken the matter in hand and intend prosecuting the offenders.

Smokers should be careful to see the "T & B" stamp on each plug as, to gain extra profit, unscrupulous dealers tear the tag off other brands and say it is "T & B" and "just as good."

A Case of Triplets.

It is supposed that a claim for "the Queen's bounty"—which, however, is said not to be extended to persons in the colonies — will be made in behalf of Mrs. Cleophas Mallais, of Tracadie, who not only fairly earned it on the 9th instant by giving birth to triplets, but has, since her marriage in 1885, made a record as a mother which it is safe to say is not often equalled. Her maiden name was Odille Dorion, and she and her husband, Cleophas Mallais, are each thirty-two years old. In 1886 she gave birth to twins, both of which died. In 1887 she again presented her husband with twins, and these, together with two children afterwards born singly, are alive and well. As if to make up for lost ground and maintain the pace on which they started in the "fruitful and multiply" business, the couple had the three little strangers—two boys and a girl—added to their home on Friday last. The family are French and live in a single-roomed house this side of Tracadie settlement.—*Advance.*

Total Voters.

The revised voters lists for the year of 1895 shows that 1,323,735 persons are entitled to vote at the next general election, a gain of 221,498 over the revision of 1891. Of this number New Brunswick has gained 21,176.

Literary Notes.

The leading article in the September Harper's will give the impressions received by Mr. Richard Harding Davis during a recent overland journey in Honduras, undertaken for Harper's Magazine and Harper's Weekly. The title is 'three gringos in Central America,' and the paper will be attractively illustrated. Besides Honduras, Mr. Davis's travels included Nicaragua and Venezuela, and other things he saw in this interesting quarter will be told in subsequent numbers.

A capital feature of Harper's Weekly in the immediate future will be a series of humorous papers entitled 'A House-Boat on the Styx,' written by John Kendrick Bangs and illustrated by Peter Newell. Adventures and conversations in the lower world are the themes attacked by this brace of humorous talents, and the distinction of the defunct persons whose doings and sayings are recorded leaves nothing to be desired.

Beautiful toilettes for the latter summer will be given in the August issues of Harper's Bazar. Everything will have a light, bright, charming outdoor effect, befitting the season. 'A Suburban Episode,' a clever and timely story by Anna Wentworth Sears, will appear in the Bazar dated August 17th.

An illustrated article on ice-making will be a feature of Harper's Round Table for August 13th. The same number will have a description of the meeting of the world's navies at Kiel.—HARPER & BROTHERS, Publishers, New York. August 6, 1895.

LITTLE MEN AND WOMEN FOR AUGUST.—The story of Ida Levis, the famous lifesaver of Lime Rock Lighthouse, is told for the children in the August Little Men and Women, by Keziah Shelton; the article has a portrait and a view of the Light-house home of the brave Light-Keeper. There are two bright true stories also: 'How Dick Drove Mail Coach,' by Everard Jack Appleton, and 'How Little Betsey Went Swimming,' by Elizabeth Robinson, as well as other interesting reading matter with several poems, jingles pictures, and original music. Price $1.00 a year, 10 cents a number. Specimen (back number) free.

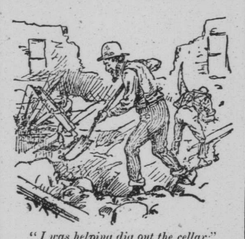
FATHER AND SON CURED.

THE VILLAGE OF WHITECHURCH DEVELOPES A SENSATION.

The Father Attacked With Rheumatism and the Son With St. Vitus Dance—A Story That Can be Vouched For by All the Neighbors.

From the Wingham Advance.

Mr. Joseph Nixon is the proprietor of the only hotel in the village of Whitechurch, and is known to the whole countryside as a man who thoroughly understands his business, and a jovial companion as well. It is well known in this part of Ontario that Mr. Nixon's hotel was destroyed by fire, but with that energy which is characteristic of him he quickly set to work to re-build. His story, as told a reporter of the Wingham Advance, who recently had occasion to visit his hostelry, will prove of interest. 'I was helping to dig out the cellar,' he said, 'and in the dampness and cold I contracted rheumatism which settled in my right hip. It got so bad that I couldn't sit in a chair without doubling my leg back at the side of the chair, and I couldn't ride in a buggy without letting the affected leg hang out. I suffered a great deal more from the trouble than anyone who has not been similarly affected can



"I was helping dig out the cellar."

imagine. How I was cured is even more interesting. One day I saw a neighbor whom I knew had rheumatism very bad, running down the road. I called him and asked what had cured his rheumatism. Dr. Williams' Pink Pills he promptly replied, and that determined me to try the same remedy. Well, the result is Pink Pills cured me, and that is something other medicines failed to do. I don't know what is in them, but I do know that Pink Pills is a wonderful medicine. And it is not only in my own case,' continued Mr. Nixon, 'that I have reason to be grateful for what the medicine has done. My son, Fred, about twelve years of age, was taken with an attack of cold. Inflammation of the lungs set in and as he was recovering from this, other complications followed which developed into St. Vitus dance, which got so bad that he could not possibly stand still. We gave him Dr. Williams' Pink Pills, with the result that he is now thoroughly cured, and looks as though he had never had a day's sickness in his life, and if these facts, which are known to all the neighbors, will be of benefit to anyone else, you are at liberty to publish them.'

Dr. Williams' Pink Pills are a specific for all diseases arising from an impoverished condition of the blood or a shattered condition of the nervous forces, such as St. Vitus dance, locomotor ataxia, rheumatism, paralysis, sciatica, the after effects of la-grippe, loss of appetite, headache, dizziness, chronic erysipelas, scrofula, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, building anew the blood, and restoring the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excess of any nature. Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper (printed in red ink), and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y., at 50 cents a box, or six boxes for $2.50.
