BANK MANAGER MISSING.

Whereabouts of F. A. Bethune of Smith's Falls Cause of Speculation.

Smith's Falls, March 28.—The whereabouts of F. A. Bethune, manager of the local branch of the Union Bank, since March 19 are stated to be unknown to the bank authorities. On Friday, the 16th, he left here in company with Inspector Billet for the head office in Quebec, and on Saturday night paid his bill at the Chateau Frontenac and left, ostensibly for home. For a time his continued absence did not cause anxiety, the office here thinking him still in Quebec and the head office supposing him to have returned home.

It is understood that Inspector Billet, when here, had occasion to find fault with some of the manager's work, instructions having been disobeyed, but evidently nothing serious, as the bank states all his accounts are absolutely correct and there appears to be no reason whatever for his mysterious disappearance.

To Build a Railway.

Santiago, Chili, March 28.—President Riesco yesterday signed a decree authorizing a loan of $12,500,000 from a German financial house for the construction of a railroad from Arica, Chili, to La Paz, Bolivia.

On Trinity Sunday Bishop Sweatman will ordain four more young graduates in theology in Toronto by request of the Archbishop of Rupert's Land, for work in the far west.

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are now OF KNOWN COMPOSITION. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherrybark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Drs. Grover Coe, of New York; Bartholow, of Jefferson Medical College, Phila.; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are *the very best* ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

DEPUTY'S RIGHT TO VOTE RESTRICTION MUST SPECIFY

Sub-Postmaster at London Was Not Among Those Mentioned as Ineligible to Cast Ballot.

The question of when a postmaster was a sub-postmaster and, therefore, entitled to a vote, was decided yesterday by the court of appeal.

One, Shaw, was postmaster of London South until January 8, 1902, when he was made a sub-postmaster of the same division. He considered that he was entitled to vote and did so on January 25, 1905, when the Reform party was swamped.

"The right to vote is a highly prized right," said Justice Garrow in a written judgment, "not to be interfered with or taken away by anything less than explicit language. And it is, I think, sufficient for the defendant to say the prohibitory section does not contain his official name. Penal offences are not to be established by construction. The defendant is either a postmaster or he is not. If he is he has offended, and if he is not he is entitled to go free from this not too meritorious action.

"But even if we go deeper and look beyond the language for the intention of the legislature we will find that when it is intended to include subordinate officers they are specifically named, as in the case of deputy sheriffs, who are named, while deputy registrars are not."

The appeal of the International Bridge Company against the assessment of the bridge from Bridgeburg to Buffalo for $300,000 was dismissed. It was held that the bridge was assessable as a business venture and the income on the bridge could also be assessed. The company claimed that the bridge was a railway structure and part of the Grand Trunk System. The court, however, held it was a separate proposition.

The judgment of Justice Anglin giving John Higgins, an employe of the Hamilton Electric Light and Power Company, $1200 damages for injuries received thru the company's negligence was supported.

The Bank of Montreal won their appeal against the judgment of Justice Britton dismissing their suit against Margaret Scott. She was supposed to be the endorser of accommodation paper to the extent of $8000, given as satisfaction for indebtedness for the firm of Scott Bros., to which her husband belonged. A new trial has been ordered.

The decision of Justice Meredith, dismissing an action brought by the London and Western Trusts Company against the Lake Erie and Detroit River Railway Company, has been upset. The trusts company, acting in behalf of the estate of Joseph Navin, a London yardmaster of the G. T. R., were given judgment for $5000 damages.

BRITISH POLICYHOLDERS.

Mutual Life Willing to Admit Several as Trustees.

New York, March 28.—Directors of the Equitable Life Assurance Society at a meeting to-day elected John N. Beach, a drygoods merchant, as a member of that board.

The accounts of three lawyers, ex-Justice Wm. N. Cohen, Wm. B. Hornblower and Adrian H. Joline, amounting to $50,000, $45,000 and $25,000 respectively, for services rendered to officers of the Alexander-Hyde administration, are in the hands of an arbitration committee.

Vice-Presidents Robert A. Grannis and Walter R. Gillette, and Trustee Elbridge T. Gerry of the Mutual Life Insurance Company resigned to-day. Mr. Grannis was for nearly 30 years on the board and Dr. Gillette for 36 years.

President Chas A. Peabody made this statement regarding the attitude of his company towards British policyholders:

"We will do in Great Britain whatever the laws of the country require. If the laws of Great Britain so require we will deposit funds in that country. We will do all we can to protect our policyholders there and maintain pleasant relations with them. Our British policyholders have not designated any person for representation on our board. We would be very glad to have, not one, but several such representatives."

Breakfast Going to Buffalo.

The early traveler can now enjoy a dainty breakfast en route to Buffalo in the fine cafe coach lately added to the Canadian Pacific Railway's splendid equipment. Leaves Toronto with the 7.50 a.m. train weekdays, Sundays 9.45 a.m., and returns from Buffalo at 6 o'clock each evening. Dinner coming back. Everything attractive, employes attentive, and prices right.

Presentation to Teacher.

That Miss Rebecca Thompson was highly esteemed by the teachers and pupils of Wellesley school was shown yesterday, when she was presented with an engraved address in book form and a pearl ring. The address mentioned her long service as teacher, with regret at her retirement. Principal Ritchie presided, and brief remarks were given by Dr. John Hoskin, Mr. Butland and Inspectors Hughes and Chapman.
