## EMPERORS NO LONGER ON BRITISH ARMY LIST

**Duke of Saxe-Coburg and Gotha's Name Also Struck Off.**

[Canadian Press.]

LONDON, Oct. 31.—1:55 a.m.—The names of the German and Austrian Emperors have been eliminated from the list of British field marshals in an army list just published, and also from the roster of officers of the royal dragoons and King's dragoon guards, in which regiments respectively they were colonels-in-chief.

The Duke of Saxe-Coburg and Gotha also ceases to be colonel-in-chief of the Seaforth Highlanders.

## SCHEME TO RECLAIM MILLION "RAW" ACRES

**Will Be Presented to the Dominion Council of Grain Growers.**

[Canadian Press.]

CALGARY, Oct. 30.—A pretentious scheme which contemplates the cultivation of a million or more acres of land that is now raw, and the seeding of it to grain with the idea of bringing the trade balance of the Dominion up to normal, will be presented to the Dominion Council of Agriculture, which convenes in Winnipeg Tuesday. The plan is sponsored by the Canadian Manufacturers' Association, and a delegation representing that organization will confer with the council. The idea is for the manufacturers, the farmers, the banking and railroad interests to shape up the plant and give it support and ask the Dominion to finance it. In addition to the revenue that it would produce and the land it would reclaim and the money it would put into circulation, it would do much to safeguard the Empire against any shortage of foodstuffs in wartime.

## FRANCE WILL SEND GERMANS BACK HOME

**Austrians Not Subjcet to Army Duty Must Go Also.**

PARIS, Oct. 30.—6:50 p.m.—The French Government is arranging through the American Embassy here to send to Germany and Austria, all subjects of those countries now detained in France, who are not subject to army duty. The first convoy of these subjects of enemy countries probably will leave for Switzerland next week.

The French citizens held in Germany and Austria will be returned to France. There are relatively few Frenchmen in these countries.

Baron Von Schoen, the former German ambassador here, said before departing from Paris that there were about 80,000 Germans in France. It had been supposed that the Germans outnumbered the Austrians, but the attaches of the American embassy who are dealing with the situation, estimate that there are twice as many Austrians in France.

## FEW CANADIANS MAY HAVE GONE TO EUROPE

**Full Force Not Expected to Cross the Channel for a Couple of Months.**

[Special to The Advertiser.]

OTTAWA, Oct. 30.—The military authorities at Ottawa have not been informed that any of the Canadian expeditionary force has been sent to Europe.

However, they do not at all discredit the report that a Canadian motor truck driver had been killed by a shell at Lille. While absolutely nothing is known here, and the militia heads surmise that transport facilities are wanted at the front by the allied forces and that such Canadian drivers and trucks as could be spared from Salisbury Plain have been sent to the front. It is not thought that any other arms of the Canadian expeditionary force has gone to the front.

It is not believed that they will go across the channel for a couple of months.
