CHICAGO, April 14.—The wheat market was active and stronger to-day, with shorts buying more freely and displaying more anxiety to cover outstanding May sales. Any general buying on their part, however, caused values to rapidly appreciate. Outside news appears to have very little effect on wheat for May delivery. Corn easier. Oats quiet. Pork was unchanged. Remarkable.

—There have been many remarkable cures of deafness reported from the use of Yellow Oil. The proprietors of this medicine have a large number of such testimonials. It is the great household remedy for pain, inflammation, lameness, and soreness of every description, and can be used internally and externally. 246

Astonishing Success.

—It is the duty of every person who has used *Boschee's German Syrup* to let its wonderful qualities be known to their friends in curing consumption, severe coughs, croup, asthma, pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 50,000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the *German Syrup* cannot be too widely known. Ask your druggist about it. Sample bottles to try, sold at 10 cents. Regular size, 75 cents. Sold by all druggists and dealers in the United States and Canada. 246

—The Accident Insurance Company of North America is represented by Medland & Jones, who are also agents for the British fire companies, the Norwich Union Fire Insurance Society of England, and the Scottish Union and National Insurance Company of Edinburgh. Insurers should call on them at their office, Equity Chambers, entrance Victoria-st., before going elsewhere. 462

Pursuit After Happiness.

Peace may be the lot of the mind
That seeks it in meekness and love:
But rapture, affection and bliss are confined
In the smoking of Dobson sublime.

WITH $3,000,000 CAPITAL.

A New York Syndicate Formed to Develop Canadian Iron Mines.

From the Brockville Times.

A company with $3,000,000 capital has been formed in New York for the purpose of developing the iron ore district on the line of the Kingston and Pembroke Railway Company. It is called the Kingston and Pembroke Iron Mining Company, and, according to the New York Tribune, owns 8000 acres of mineral land between Kingston and Renfrew. It has three mines in active operation and other openings will be made within a short time. Henry Seibert is President of the company, and among the principal stockholders are Samuel Thomas, Calvin S. Brice, J. O. Moss, Alexander J. Smith, H. H. Porter, R. R. Cable, S. F. Fowler, H. H. Hollister, James Tillinghast, Geo. A. Kirkpatrick and Chas. F. Gildersleeve of Kingston, William Pollock of Cleveland, and John S. George of Milwaukee. The entire amount of stock has been subscribed, but the formal organization will not be announced until the company has been chartered at Kingston under the Kingston law.

An officer of the Kingston and Pembroke Railway who was interviewed in New York on Wednesday said: "We have known for many years that there were valuable iron fields on the line of our road. At last capital has been attracted to them and the combination in the new company is strong enough to assure success."

Coming Home to Die.

—At a period of life when building womanhood requires all her strength to meet the demands nature makes upon it, many a young woman returns home from the severe mental strain of school with a broken-down constitution, and her functions disarranged, to go to an early grave. If she had been wisely counseled and given the benefit of Dr. Pierce's "Favorite Prescription" her bodily development might have kept pace with her mental growth, and health and beauty would not have given way to decline and death.

Barrie Pork Show.

The exhibition of pork, brought about by Mr. J. A. Strathy, and which took place last Saturday, was the finest show of pork ever seen in the town. There were over thirty entries and about 60,000 lbs., or thirty tons was on exhibition. About $3000 was paid out for pork. It was, in fact, the finest display of well bred and nicely dressed hogs that the oldest inhabitant had ever seen in a town of this size. The first prize was awarded to Mr. David Brown, Oro. He exhibited twelve hogs, aggregate weight 3151, price obtained $6.05 per cwt. The second prize was won by Mr. W. H. Raus, Oro, for eleven hogs, weight 2780 lbs., price obtained $6 per cwt. Mr. Henry Crawford obtained the highest price, $6.10 per cwt., for seven hogs weighing 2233 lbs. Mr. Neve of Vespra had the best dressed hogs, six weighing 1318. For three hogs the first prize was given to Mr. William Gough, Oro, one hog weighing 513 lbs. The second was awarded to Mr. Arthur Bell, Crown Hill, who exhibited one hog weighing 512 lbs., or just one pound less than Mr. Gough's.

It is to be hoped that these exhibitions, which have been initiated by Mr. Strathy, will lead to permanent marts for pork, butter, etc., and for cattle, and that buyers will be attracted here and thus make the thing of financial value to the farmers, the town and to all concerned.

—Severe colds are easily cured by the use of Bickle's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those who have used it as being the best medicine sold for coughs, colds, inflammation of the lungs, and all affections of the throat and chest. Its agreeableness to the taste makes it a favorite with ladies and children.

An Indian War Ended.

GUAYMAS, Mexico, April 13.—Cajone Yaqui, the Indian chief, was captured yesterday by Gen. Martinez at a ranch ten miles from Guaymas, where he had been hiding for two months. His capture ends the war between the Yaquis and Mexicans, which has been waged in Sonora for two years.

—Is there anything more annoying than having your corn stepped upon? Is there anything more delightful than getting rid of it? Holloway's Corn Cure will do it. Try it and be convinced.

How it Works in Peterboro.

From the Peterboro Times.

It is high time that some action was taken to weed out and close up the whisky joints that abound in all quarters of the town. They have become a regular curse, and are ruining hundreds of boys and young men who drink the vile stuff sold as liquor by the dive keepers. This is one of the great evils of the Scott Act. If the respectable hotel men were left alone for a time and an honest and earnest endeavor made to wipe out the dens, some good might be accomplished.

—So rapidly does lung irritation spread and deepen that often, in a few weeks a simple cough culminates in tubercular consumption. Give heed to a cough, there is always danger in delay, get a bottle of Bickle's Anti-Consumptive Syrup and cure yourself. It is a medicine unsurpassed for all throat and lung troubles. It is compounded from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing consumption and all lung diseases.

A Boom for Calgary.

From the Calgary Herald.

In one respect at least can the rapid development which Calgary is undergoing be called a boom—that is in the rapid increase of the number of business houses. New mercantile enterprises have been launched during the past few weeks in great numbers and there will no doubt be a lively competition for trade during the coming summer.

The Field to Itself.

From the Victoria, B.C., Times.

We understand that a reduction has been made on west bound freight rates over the Canadian Pacific on those which were in force for the last two or three days. The new schedule comes into force to-day. This line has the "inland wood" on all the other transcontinental lines. It is beyond the pale of the Inter-State Commerce Bill and able to quote any rate it chooses. That the new condition of things will help the Canadian national line is universally admitted.

—Worms cause feverishness, moaning and restlessness during sleep. Mother Graves' Worm Exterminator is pleasant, sure and effectual. If your druggist has none in stock, get him to procure it for you.

New Bank at the Sault.

From the Algoma Pioneer.

Our readers will be pleased to learn that Mr. W. A. Quibell, who has taken a most lively interest in getting a bank opened at the Sault, received instructions on Tuesday last to lease "the stone house" and the building next to the Albion Hotel for the directors of the Central Bank of Canada. The required premises were promptly leased, and, hence, we may confidently look for a branch of the Central Bank of Canada to be established here immediately after the opening of navigation.

—Even Japan and China dealers keep in stock and sell West's Liver Pills—"the world's best." Liver complaint, dyspepsia, indigestion and sick headache readily yield to them. 30 pills 25c. All druggists the world over. ed

King Edward VII.

"Inclede" in the Montreal Gazette: What will be the title of the next king of England? Will it be Albert or Edward? Decidedly the latter. Albert is not royal English, having no regal precedent. Edward is English, and Edward VII. ought to be the name of our next sovereign. Neither would a compound title do, as Albert-Edward, or Albert Victor, especially not the latter, which is decidedly not English. We should jealously guard the old dynastic nomenclature.

—Do you feel as though your friends had all deserted you, business calamities overwhelmed you, your body refusing to perform its duties, and even the sun had taken refuge behind a cloud? Then use Northrop & Lyman's Vegetable Discovery, and hope will return and despondency disappear. Mr. R. H. Baker, Ingoldsby, writes: "I am completely cured of dyspepsia that caused me great suffering for three years. Northrop & Lyman's Vegetable Discovery is the medicine that effected the cure after trying many other medicines."

A Formidable Cruiser.

From the Kingston News.

The new cruiser Triumph, recently built at Shelburne, N.S., has proceeded to sea on her mission of fishery protection. We warn the Yanks when they see her to "skedaddle" for she carries 1800 yards of canvas and sails like a racer.

—"It is a Great Public Benefit."—These significant words were used in relation to Dr. Thomas' Electric Oil by a gentleman who had thoroughly tested its merits in his own case—having been cured by it of lameness of the knee, of three or four years' standing. It never fails to remove soreness as well as lameness.

The average man will manipulate Indian clubs until he is ready to drop from exhaustion and never complain; but if he is obliged to carry a scuttle of coal up two flights of stairs his family will not hear the last of it for several days. Wherefore is this?

—Catarrh, when chronic, becomes very offensive. It is impossible to be otherwise healthy, and, at the same time, afflicted with catarrh. This disagreeable disease, in its most obstinate and dangerous forms, can be cured by the use of Ayer's Sarsaparilla. d
