VOLUMES COULD BE WRITTEN, filled with the testimony of women who have been made well and strong by Dr. Pierce's Favorite Prescription.

It's a medicine that's made especially to build up women's strength and to cure women's ailments—an invigorating, restorative tonic, soothing cordial, and bracing nervine; purely vegetable, non-alcoholic, and perfectly harmless. For all the functional derangements, painful disorders, and chronic weaknesses that afflict womankind, the "Favorite Prescription" is the only *guaranteed* remedy.

It *must* have been the medicine for most women, or it couldn't be sold on any such terms.

Isn't it likely to be the medicine for *you?* Sold by druggists everywhere.

PRESIDENT CLEVELAND'S MESSAGE EFFECTS NO IMPROVEMENT.

Further Decline in New York Stocks—Wheat Low and Weak—Crop Report To-day—Cotton Higher—Local Securities Fairly Steady - Money and Exchange.

Local grain dealers have not as yet put out any buyers, but are preparing to do so. Within the next three weeks they will begin gathering in the new crop.

To-day the August report of the condition of crops in the United States will be issued. It is expected that it will show a poorer condition than the report of July 10.

Further withdrawals of gold to the amount of £500,000 were made from the Bank of England yesterday for export to the United States. Armour of Chicago is reported to be engaging gold in London.

New York stocks declined yesterday, General Electric being again the conspicuously weak spot. During the past two days it has sold off 16 points, but at the close yesterday it became firmer at 5 points rise from the lowest.

Cotton is stronger at 7.53c for September, 7.64c for October and 7.73c for November.

Consols are quoted at 98 for money, 98 1-16 for account.

C.P.R. is steady in London and Montreal, but is easier on the local Stock Exchange.

Loans are difficult to get at 7 per cent. in the local market, except on gilt-edged security. Some stocks must now be bought outright, as banks refuse to lend on them.

Visible stocks of lard in America and Europe Aug. 1 were 138,000 tierces, being 118,000 less than the average quantity held on that date during the past 11 years.

CASH ADVANCES

We make immediate cash advances on Goods, Merchandise and Wares, advance cash to purchase stocks. Superior accommodation for Storage. Bonds on free liberal terms. We solicit correspondence and consignments.

ALEXANDER BOYD & SONS,

No. 11 Front-street west, adjoining Custom House, Toronto. Telephone 1088. Warehouse receipts issued.

WEDNESDAY EVENING, Aug. 9.

There was more activity in local stocks to-day than for some time past. Cable, Western Assurance, Bell Telephone and Consumers' Gas were the principal stocks dealt in. Prices were weaker. Montreal was off 3 points. Merchants' 2 points off, Imperial ⅛ lower, Commerce ¼, Gas ⅛ lower. C.P.R. ⅛ lower, Commercial Cable ¾ lower and Richelieu 1 lower. Dominion Telegraph, Incandescent and Commerce were higher. Quotations are:

TIPS FROM WALL-STREET.

Monroe, Miller & Co. of New York send the following despatch over their private wire to their Toronto office, No. 20 King-street east:

NEW YORK, Aug. 9.—The opening was extremely feverish. Bears raided Burlington and Western Union. Local bank troubles and fears of further scarcity of currency were depressing factors. St. Paul was bought on a scale down by foreign account. Room traders hammered General Electric, which scored a 4 per cent. decline in first half-hour. Low-priced stocks neglected. Supporting orders were disclosed in U.P. W.U. is the weakest feature and long stocks are coming out on the market. Traders sold Chicago Gas. London houses prominent buyers of St. Paul below 51½. Gen. Elec. weak on small transactions. Two prominent houses sold the stock down, in spite of the assurance that the syndicate formed to underwrite the Treasury assets to be sold to pay off the floating debt is prepared to take the entire lot. Sales of stocks to noon, 1,116,074 shares. General market dull and under control of the bear element. Buying is all in small lots. A demand to cover shorts turned the market and there was a brisk rally all along the line. A squeeze in Sugar, St. Paul and G.E. was in progress at the close. The directors' report of the latter company is expected later in the day. Money closed: Offered 3, highest 5, lowest 3, last loan 3.

GOSSIP FROM CHICAGO.

John J. Dixon & Co. received the following despatch over their private wire from Swartz, Dupee & McCormick to-day:

CHICAGO, Aug. 9—Wheat was firm. There was less bad news. Exchange was a little easier. Corn was very strong. Indian-Baltic shipments were light. The Hungarian crop reports showed a loss from last year of about 17,000,000 bushels. Seaboard clearances were about 900,000 bushels, making about 3,000,000 bushels for the three days of the week. The important thing was that all the alarming rumors of Tuesday, so far as Chicago was concerned, were not realized. There was a little bank failure at Minneapolis, an unimportant concern, and there was a failure at New York. Crop bulletins, as a rule, were bullish. It is believed, however, that the Government report to-morrow will show a decline in the condition of spring wheat. Traders were encouraged by a feeling that finances were improving rather than growing worse. The enormous amount of gold now en route to New York is expected to relieve the situation somewhat here. Bank deposits are said to be increasing here, a most hopeful sign. No one feels enthusiastic, but there is a sort of feeling that the situation will not get any worse than it has been. The signal service map showed dry weather still up to 7 o'clock this morning. The price of corn opened strong and advanced a cent for September and two cents for May. Thursday's prediction issued at noon promised showers, and there was some yielding from the best prices. The Government figures will probably show some decline, although they will not show by any means the full effect of this drought. The trade assumes that the crop has been permanently reduced already, and that this reduction without speedy relief will be serious. Corn exports last week were almost two million bushels; to-day's exports were 350,000 and are being affected by the corn drought. It being logically argued that a reduction in the corn yield will make oats worth more money. The embarrassments of shipments because of the condition of the export market is retarding the advance of near-by deliveries. May futures of both corn and oats advance the easiest. The stock here this week is increasing. Receipts of hogs were but half yesterday's estimate, and the provision market opened strong and higher under buying of lard and ribs by commission houses. Packers bought lard and ribs all day and the market throughout was strong, receding from top prices only at the close.
