Important Reduction
IN THE
PRICE OF GAS.
The Directors of the Consumers' Gas Company hereby announce to their consumers and the public generally, that on ascertaining the result of the year's business just closed they have decided to reduce the price of gas per 1000 cubic feet, as below:
The gross price of all gas consumed will be reduced from $2 to $1.50, and the net prices for prompt payment as follows:
To consumers of 200,000 cubic feet and over, per annum, from $1.25 to $1.12½.
To consumers of over 300,000 and under 500,000 cubic feet, per annum, from $1.15 to $1.05.
To consumers of over 500,000 cubic feet, per annum, from $1.10 to $1.
For gas for gas-cooking stoves and engines, supplied by separate meter as heretofore, $1.
The additional discount to large consumers will be allowed at the end of each year, on September 30.
The Directors are satisfied that the above low prices will make gas cheaper than any other illuminating or cooking agent, and thus place it within the reach of all classes of the community.
According to recently published statistics of American gas companies the above prices are, with the exception of two or three places in the bituminous coal district, lower than those charged by any other gas company in America.
W. H. PEARSON,
General Manager and Secretary.
