WOMEN IN CONFERENCE

On the Good Work of Young Men's Christian Associations—Thoughtful Papers and Pleasant Converse.

A conference of the Ontario Y. M. C. A. Auxiliaries was held yesterday afternoon in West Association parlors, and those attending were entertained by the ladies of the West End branch. Together with the delegates the following were present: Mrs. Rice, Woodstock; Mrs. Jefferson, Paris; Mrs. E. J. Strecks, St. Thomas; Miss Dickson, Galt; H. Yeigh, Brantford; Mrs. F. F. Roper, of Toronto Railway branch. Central Association was represented by a dozen members and East Toronto by Mrs. Emmerton, Mrs. McCullough and Mrs. Cook. Mrs. A. B. Alexander, President of the Convention, gave an address of welcome and reviewed the auxiliary work. Bible reading was conducted by Mrs. Ross, and a paper on Railway Work" was given by Mrs. McCullough. A valuable paper was read by Mrs. Kilgour, entitled "How to Make the Auxiliary Meetings Interesting." When solos had been rendered by Mrs. Moire-Dow and Mrs. Malcolmson, a social hour was passed in partaking of tasteful refreshments and bright conversation.

Oriental Entertainment.

Rev. W. P. and Mrs. Byers gave an entertainment in the Carlton-street Methodist Church last evening. There were fifteen characters in costume upon the platform, representing the various tribes which Mr. Byers came in contact with while engaged in missionary work in India. Little Poondee, a native Bengal girl of 14 years of age, lent special interest to the entertainment.

Mr. and Mrs. Byers were attired in the costumes of well-to-do Hindoos. They had numerous curios from India, which Mr. Byers exhibited during the course of his interesting lecture. Speaking of the progress of Christianity in India Mr. Byers said that the Methodist Missionary Association had been at work in India for 40 years, and during that time had made 110,000 converts. Mr. Byers has been actively engaged in the cause for nine years. Both Mr. and Mrs. Byers are Canadians by birth.

ARTIFICIAL TEETH WITHOUT PLATES

If one or several teeth were missing, old-time dental methods knew no means of filling the gaping void except by extracting the remaining sound and serviceable teeth and putting a clumsy plate in the mouth. Modern dentistry inserts a tiny Bridge, so delicately yet firmly attached to the points of fastening and so natural and comfortable in effect and action that one is forgetful of its presence.

CRESPO KILLED.

The President of the Venezuelan Republic Was Slain While Fighting the Rebels.

New York, April 18.—A special to The Evening World from Caracas, Venezuela, says President Joaquin Crespo of Venezuela was killed Saturday while engage in a battle with Hernandez, the leader of the rebel forces.

Heard Nothing About It.

Washington, April 18.—Up to 3 o'clock no word had come to Senor Andrade, the Venezuelan Minister here, of the killing of ex-President Crespo by rebels. The Minister's brother, General Andrade, is now President of Venezuela, having succeeded Crespo. The Minister thought it strange he had received no advices from Venezuela, but said there had been fighting in the part of Venezuela in which General Crespo was last reported.

INDIAN OUTBREAK FEARED.

A Thousand Cheyennes are Indulging in the Ghost Dance at Oklahoma.

Guthrie, O. T., April 18.—Nearly 1000 Cheyenne Indians are gathered on the bank of the North Canadian, many miles from the agency, holding a ghost dance. It is feared that the Indians, incited by their medicine men, will take advantage of the absence of troops from neighboring stores to start an uprising to secure more beef rations and in return for the enforcement of the territorial anti-polygamy law, which has caused great discomfort to the tribe.

Lieut. Dan Godfrey Coming.

The greatest possible interest is being stirred up in military and musical circles over the announced visit of the famous Dan Godfrey, Bandmaster of the Grenadier Guards' Band, and Professor of the Royal College of Music, London, Eng. Interesting preparations are being made by local military men. It is said that Lieut. Godfrey himself is looking forward with the keenest interest to this his first visit to Canada. It was Lieut. Godfrey who made a test of the Heintzman & Co. pianos at the Colonial and Indian Exhibition in London, Eng., and said of them: "They astonish me. The concert grand has a fine tone quality, being very full and powerful, whilst the singing quality, especially in the treble part, is beautiful. Your uprights are beautiful toned instruments. I was specially charmed with them."

Chalmers' Successful Soiree.

In connection with the church anniversary a most successful social was held last evening in the schoolroom of Chalmers' Church. Refreshments were served during the early part of the evening, and over 200 persons enjoyed the repast. Tea over, the assembly adjourned to the church proper, where a musical and literary program was provided. The pastor, Rev. S. R. Mclelements, occupied the chair, and performed the pleasant function of presenting Rev. R. P. McKay, who occupied the pulpit on the decease of the late pastor, with a purse containing $100, as an acknowledgment of generous substitution. Readings were given by the Misses Gordon and Wilkinson, a violin solo rendered by Miss Kerr, and the following sang: Mrs. Cockburn, Mr. F. Radcliffe and the Misses Kate Westman, McEachern and Malcomson. Miss Vena McClean and Miss Mabel Large performed a pretty wand drill. The music was under the direction of Mr. Robert Gorrie.

Be There a Will, Wisdom Points the Way.—The sick man pines for relief, but he dislikes sending for the doctor, which means bottles of drugs never consumed. He has not the resolution to load his stomach with compounds which smell villainously and taste worse. But if he have the will to deal himself with his ailment, wisdom will direct his attention to Parmelee's Vegetable Pills, which, as a specific for indigestion and disorders of the digestive organs, have no equal.

PREPARATIONS FOR MAY 24

A Great Day is Expected by the Citizens of Hamilton.

The Three Toronto Regiments Are Invited to Join the Thirteenth and the Local Artillery in a Grand Sham Fight—The Matter of Street Pavements—Opening of the Spring Assizes—General News From Hamilton.

Hamilton, April 18.—(Special.)—If all goes well, and the hopes of the promoters of the Queen's Birthday military demonstration are realized, Hamilton on that day will be overflowing with concrete martial enthusiasm. Col. Maclaren and Capt. Ross of the 13th Battalion and Mr. W. F. Burton and Mr. C. D. Blachford, representing the St. George's Society, went to Toronto to-day and interviewed the officers of the Queen's Own, Royal Grenadiers and 48th Highlanders, extending them a hearty invitation to visit Hamilton on May 24 and jubilate with the officers and men of the 13th Battalion and 4th Battery. Most of the deputation returned to the city this evening. They say their proposition was well received, and, while it could not be definitely said all the three regiments would be here, there was every hope that arrangements would be completed for their visit. Mr. Blachford stayed behind to complete some of the arrangements. In the event of the Toronto regiments joining the local corps, a grand sham-fight will be one of the day's features.

Fire on Walnut-street.

There was a fire in the residence of Albert Williams, Walnut-street north, late tonight, a quantity of bedding being burned. A few months ago Williams' mistress was burned to death in the same house.

Ald. Dunn, chairman of the Board of Works, desires to see many of the city streets paved with gas tar and vitrified brick, and says it would be cheaper for the city to lay these pavements instead of patching up the present roadbeds. At present it costs the city $20,000 for repairing, and much of this is practically wasted. He is preparing a bylaw to raise $130,000 for permanent roadways, and hopes to have it ready for submission next week. Prominent wheelmen of the city have promised to put forth efforts to have the bylaw carried.

Old Books and Manuscripts.

There was no business at the Ministerial Association this afternoon, but Rev. Dr. Burns entertained the brethren by explaining to them the value and beauties of a number of Greek and Hebrew books he had brought from his well-stocked library. It was the Doctor's intention to read a paper on ancient Biblical manuscript, but he got no farther than a portion of the introduction so occupied was he in answering questions fired at him by the members. The subject will be resumed at a later meeting of the association. At the next meeting Rev. Dr. Smith is to read a paper on "The Value of the Novelist to the Preacher."

At the Assizes.

The Spring Assizes opened here to-day before Judge R. M. Meredith. Ald. Montague was elected foreman of the grand jury. The action of Mrs. Hanson Quinn of the Mountain Top against the Barton and Glanford road, for damages for the killing of her late husband on the road, was settled out of court. Mrs. Quinn got $500. The cases of Smedley v. Economical Insurance Co. and Smedley v. British America Insurance Co., for loss under policies were also settled out of court. The plaintiff proved $750 in each case. The judge non-suited James Parsons, who was suing the C.P.R. for damages for injuries received by falling from a train.

Parents Ask for Compensation.

The parents of Arthur Morris, who was killed near the Exhibition grounds, Toronto, have asked the C.P.R. for compensation. If they dont get it at once, they intend to sue the company for $3000.

Music for the Masses.

The 13th band is undoubtedly the musical organization for the masses. During its season last year over 40,000 persons paid to hear the concerts. This season's series commence to-morrow evening, when the band, among other selections, will play the "Jubilee overture" (Flotow), and "The Flying Squadron" (Kappey). Mr. George Fox, violinist, will play three numbers.

Police Briefs.

A lot of serious offenders faced the Police Magistrate this morning. Charles Aaron Price of Dunnville, pleaded guilty to a charge of stealing a bicycle from Bessey's livery, and was remanded for three days for sentence. Herman Kneck of Hespeler, charged with the same offence, was remanded till to-morrow for trial. W. F. Bauer of the Victoria Hotel was fined $48 for violating the License Act. John Gagan and "Curly" McCann were remanded till to-morrow for sentence for committing an inhuman offence.

Minor Matters.

The statement of the affairs of A. Hamilton & Co., druggists, who have been in business here for 50 years, and are in financial difficulties, show that the liabilities are about $10,000 and the assets about $8000. It is likely the business will be wound up by the creditors.

Robert Mitchell and Thomas Smith were nearly drowned in the bay yesterday afternoon, being upset during a squall.

At the meeting of the Crescent Cycling Club this evening, Ralph Ripley, the president, was chosen to represent the club on The Times Race Committee, and the following Racing Board was appointed: James Maxwell, R. F. D. Graham, W. G. Weatherstone, James Myers, S. Hunter.

Socials were held this evening at Zion and Barton-street Methodist churches, in connection with the various anniversary and special services yesterday.

Rev. F. Smith of Woodchester, Eng., lectured on Palestine in the Church of Ascension School room this evening.

This afternoon Miss Smith addressed the members of the Mission Auxiliaries on the same interesting subject.

Major Hendrie delivered a lecture to-night in Association Hall, on "Reminiscences of the Queen's Jubilee," in aid of the Camera Club. A fashionable audience was present. Major J. J. Mason was chairman.

Dr. Montague Laid the Stone.

Dunnville, Ont., April 18.—The cornerstone of the new United Brethren Church at Franconia was laid to-day in the presence of a very large assemblage of members of the church and other citizens. The ceremony was performed by Hon. W. H. Montague, who delivered an address. Other appropriate exercises followed. This evening a concert in aid of the building fund was held.

Both Sides are Now Tired.

The strike of the J. D. King bottom finishers is still void of any result. Neither side has given way, and for monetary reasons both wish the strike at an end. If a compromise could be effected without either side losing dignity it would be joyfully welcomed. It was expected that some definite action would be taken yesterday, but as some repairs on the engine were not finished the shop did not open.

MONTREAL MAKES AN OFFER

To the Grand Trunk of a Site for the General Offices.

St. Ann's Market is Tendered Under Certain Conditions—Final Answer to be Given Within 48 Hours—Beaver Line Steamships to be Sold to Uncle Sam, Presumably—The Grand Trunk and its Operators—News From Montreal.

Montreal, April 18.—(Special.)—The Special Committee of the City Council appointed to discuss the question of a site for the proposed new general offices of the Grand Trunk this morning decided to write Mr. Hays, tendering the St. Ann's Market to the railway. The dimensions of the land are 58 x 340 feet. The building to be erected must cost a quarter of a million dollars.

Mr. Wainwright had to go to Ottawa, but wrote that Mr. Hays would be prepared to give a final answer to the city within 48 hours.

Negotiating With Uncle Sam.

Negotiations are pending between the United States Government and the Beaver Line of steamships for the purchase of the fleet of the latter. The fleet is composed of the steamships Lake Ontario, 4501 tons; Lake Winnipeg, 3300 tons; Lake Superior, 4561 tons, and Lake Huron, 4040 tons. The price offered is said to be about $400,000 each. The Lake Ontario is 374 feet in length by 43 in width, has a speed of 14 knots, and was built in Sunderland in 1887. The Lake Huron is 385 feet by 42 feet, and has a speed of 11½ knots. The Lake Superior is 400 feet by 44 feet and has a speed of 15 knots, and the Lake Winnipeg is 355 feet by 40 feet, and has a speed of 11 knots. The last three were built in Glasgow in 1881, 1885 and 1879, respectively.

The Allan Line steamship Lucerne also has been sold, and all indications point to the United States Government as the purchaser. This morning a cable was received at the Allan Line office in this city from the Glasgow end of the firm, stating that the Lucerne had been sold, and that all the Allan representatives on this side of the water had to do was to deliver her over to an agent at St. John, N.B., who would come forward to take charge.

This is absolutely all the information which the Allan Line owners in Montreal have on the subject; but, in the face of all evidence, it is fair to presume that the Lucerne is about to be added to the United States auxiliary fleet. She arrived in St. John on Thursday.

The Case of Joseph O'Meara.

The application for a writ of habeas corpus in the case of Joseph O'Meara will come up before Mr. Justice Wurtele in the Court of Queen's Bench this morning. Mr. Cooke, Q.C., said in court that he thought the course was quite right in take the ground that he did, but the Judge rebuked him, saying that Mr. McMahon was altogether without right, both in this case and in arresting people, as he did at the time of the Demers inquest. The application was put back for Wednesday, when Mr. McMahon will appear in support of his actions.

The Grand Trunk and Its Operators.

Mr. McGuigan made the following statement to-day in regard to the stories from Toronto that there was trouble between the company and its telegraphers: "We have not heard of any such dissension among our employes. In fact, we have seen it only in the newspapers, and it is only in the newspapers it exists. I have established a system on the road of giving all my operating men an opportunity once each year to meet me at a friendly conference, and at such meetings to discuss any points that may lead to a more efficient, a more satisfactory, relation between the men and the management. The approach of this annual conference, I presume, has led the general public, through the press, into this mistake, of course," said Mr. McGuigan, "on a system so extensive as the Grand Trunk, where 18,000 men are employed, it is an absolute impossibility to eliminate or prevent minor misunderstandings and little disagreements, but there is no truth in the statement that there is any friction between the Grand Trunk and its men."

Contrary to what the Toronto papers have been saying, the same state of affairs had been reported as existing on the C.P.R. Mr. Tait, when seen this morning, made practically the same statement. "All that there is in such reports," said Mr. Tait, "is that a certain agreement between the management and the trainmen has just expired, and it was necessary to renew and readjust this old agreement."

Bannatyne v. Grand Trunk.

When the Bannatyne v. Grand Trunk case came up this morning it was decided to appoint a commission rogatoire to take the evidence of Sir Charles Rivers-Wilson and Messrs. L. J. Sargeant and Linley, the commission being returnable on June 18. Mr. Charles Russell, son of the Chief Justice, will act as the commissioner.

MARGARET MATHER'S WILL

John Finlayson, Her Father, Will Not Accept the Statement That She Died Bankrupt.

Detroit, April 18.—John Finlayson, father of Margaret Mather, is not willing to accept the statement of Horatio C. King that his daughter's estate is bankrupt, and has instructed Attorney Grove Campbell to contest the document. King, who is Miss Mather's counsel, filed her will for probate in New York last week. By its provisions all her property is left to King. He states, however, that when all debts are paid there will be a deficit rather than a surplus. Finlayson will contest the will on the ground that King, as attorney, used undue influence to induce the making of Miss Mather's will in his favor. B. C. Whitney, Miss Mather's manager, claims to own half of the "Cymbeline" production. Finlayson protests that his daughter owned that production entire. In her will Miss Mather gave her residence as New York, although she generally claimed Detroit. If the will is admitted to probate in New York the contest will have to be made there.

PANIC AT MANILA.

Spanish Officials and Well-to-Do Spanish Families Stampeding From the Philippines.

London, April 18.—A special despatch from Singapore says that the steamship Leo XIII., from Manila, has arrived there crowded with Spanish officials and well-to-do Spanish families who are escaping from the rebellion, which is spreading rapidly in the Philippines. They report that Manila is panic-stricken.
