Whose Bills are You Paying?

ONLY a high-class custom tailor could give you Semi-ready quality and fit.

Such a tailor must charge you something for his uncollectable accounts, because he gives all sorts of credit, and certain "Corinthians" don't believe a tailor's account should be paid anyway.

With our cash system we don't ask you to make up another fellow's bad debts. You simply pay for the value you yourself receive—for the highest grade tailoring at the lowest price it can be produced for.

Semi-ready is made up to the trying-on stage and can be finished to order in two hours according to your own individuality.

Billy Ray's Saddle Slipped.

A special despatch from Baltimore says: There was a handicap steeplechase at about two miles and a half on Saturday's program that resulted in a mighty good contest, altho it was marred by several accidents. The queer part of it was that the six starters did not carry the weights assigned to them by Mr. Vosburgh, the official handicapper of the jockey club. The entries for this event had been telegraphed to Vosburgh on Friday, but at midnight there had been no response from him. So an unofficial board of handicappers was made up of visiting New York turf writers, and the weights assigned by them were carried not only in the steeplechase, but in the other handicap on the card.

Vosburgh would have had Billy Ray, a winner here before, carry only 140 pounds, but the newspaper men gave him 148, and at that he was a hot favorite at 6 to 5. He was unfortunate in the running, for before he had gone a mile his saddle slipped, and for the next mile he carried his jockey, Kelly, away back on his haunches.

The good going in the race was Dr. William Kerr's Mamie H., of whose pedigree nothing was known. Despite her lack of acknowledged sire and dam, the Washington people knew her worth, and when she opened at 3 to 1 she was quickly backed down to 3 to 1. That she did not win was due entirely to her fall at the last jump, where she had a safe lead, with only Id Used, a 12 to 1 outsider, anywhere near her.

Savage, a lad employed by the Kerrs not only had a nasty fall, but some one of the horses behind trampled him, and when he was carried away in an ambulance to the Maryland University Hospital it was believed there was no chance for his recovery.

Higbie, who carried the top weight in the race, came to grief in the early part, unsaddling his rider at the second jump. Lida Woodlands then took a long lead, but was unable to carry it, and was passed by every other horse that went the route. After Mamie H. fell, Id Used was unseated, and won by a dozen lengths. Despite the accident to his saddle, Billy Ray came with a great rush at the finish, and was beaten only a head for the place by Macillan. Lida Woodlands was ten lengths away.

Dufferin Driving Club.

With the continued fine weather the Dufferin Driving Club are assured of another successful matinee on Wednesday next, when three races will be given. Entries close at the track this evening, when a meeting will be held.

No sooner was the demand made than the shareholders were there with the goods for double the amount, and now the bondholders are numbered amongst the also rans.

The election of officers resulted as follows: President, Mrs. Strangman; vice-president, Mrs. Cecil Gordon; secretary, Miss Ethel Macrae; treasurer, Mrs. James Hill. Munro Knocked Out Maher.

Philadelphia, Nov. 7.—Jack Munro, the Butte miner, stopped Peter Maher to-night in the fourth round of what was scheduled to be a six-round bout, at the National Athletic Club. Many of the spectators were of the opinion that Maher quit, as he went to the floor after a series of blows on the jaw and body. He took the count, and was picked up by his backers, who led him to his corner. The bout was a fierce and bloody one, and Maher was leading until the fourth round. Both men scored knockdowns in the first round, but they were up and fighting before the referee had counted three. Shortly before the end of the round, when Maher sent Munro down from a right, Munro jumped to his feet and clinched. Maher tried to shake him off, but the miner held on. Both men lost their heads, and kept on fighting after the bell. Both were aggressive, and when the fight ended they were covered with blood.

In a wrestling match at Carnival Stadium, Jacksonville, Fla., Saturday night between Tom Jenkins of Cleveland, Ohio, and Tom Sharkey of New York, for the championship of the world, Jenkins retained the title, throwing his antagonist the first two falls. The first was secured in 14 minutes with a high crotch and flying fall, and the second with a crotch and neck hold in 14 minutes. The match was for two out of three falls. Sharkey appeared the equal of Jenkins in strength, but lacked cleverness. Jenkins at various stages worked out of dangerous positions.

Hockey in New York.

New York, Nov. 8.—Ice hockey, which has been steadily gaining in popular favor as a winter sport in this city, promises to be more popular than ever the coming season. The five clubs which compose the New York League—the Crescent, A. C., champions for three years; the N.Y.A.C., the Brooklyn Skating Club, the St. Nicholas Skating Club and the Hockey Club of New York—have all strengthened their teams considerably, and the champions will have their work cut out to win the pennant for the fourth time.

The N.Y.A.C. will probably lose one of the best players in America in Captain Tom Howard. He was considered the best goal shooter in America, and his loss will be keenly felt. The Mercury Foot team, however, has secured two star players from the Canadian League, and it is probable one of these players will succeed Howard as captain.

Canada has always turned out the strongest teams, and with these two new stars on the team the N.Y.A.C. boys may be considered a strong factor in the struggle for the championship.

It is understood that there will be several changes in the champion Crescent team this season, as several of the old team have decided to retire. The Games Committee of the club has not made any selections yet, but it has a number of promising players in view.

Both the Brooklyn and St. Nicholas Skating Clubs will have new players on their teams. Olive Dorion, the Metropolitan skating champion, is thinking seriously of taking up hockey for the winter. He is an expert player, and, with his speed as a skater, he would be a valuable acquisition to the Brooklyn club, with which he would most likely be affiliated.

The Committee on Rules and Schedule will meet within a week, and it is more than probable that some changes will be made in the rules, which will greatly help to eliminate much of the rough work which has characterized the playing of some of the teams in the past.

Bowling at Caer Howell.

Bowling is still in full swing at the Caer-Howell lawn; a number of interesting matches were played on Saturday and should the weather keep fine several more will be played this week, as the lawn is in first-class condition.

Mike Ward and Willie Fitzgerald will have their tilt at 140 pounds in Detroit on Dec. 16.

The Enormous Sales of

It is a standard for purity and general excellence and holds its own against Competitors of all and every kind.

SATURDAY WITH THE HOUNDS.

The hounds met on Saturday at Captain Forsyth's residence for what proved one of the best runs of the season. The pack was hunted by Mumford, and ran exceptionally well. The Master was in charge, and there were 60 odd in the saddle. From Rosedale the hunt was up the Don Valley, thru Thorncliffe farm, then east, north and west over Donlands and again north, cross-ing Yonge-street at Glen Grove, then west about a mile and a half and back to Eglinton, where the hounds finished.

Foot Race at Barrie.

Barrie, Nov. 7.—A foot race between Knox of Orillia and Taylor of Montreal was run off here to-day in the Agricultural Park. The course was 100 yards. The men got away to an excellent start. For the first 40 yards the Orillia man had the best of the argument, but Taylor passed, and at the finish was at out four feet in the lead. The race was for $500 a side. The amount of money outside the stake which changed hands on the result was not large. The time made is said to have been 9 1-5 seconds, but a strong wind favored the runners, and some allowance should be made for this.

WIN AT NEW ORLEANS!

No greater opportunity has ever been afforded the American racing public to earn a steady income with a small capital than does the Maxim & Gay Co. offer you at New Orleans, beginning Thanksgiving Day, Nov. 26.

Everybody conversant with the history of the Maxim & Gay Co. knows that at New Orleans it has scored those sensational successes which have made its name a household word among patrons of the turf. No record approaches ours for the number of winner named at long prices at the Crescent City. Our experts are already on the ground preparing for the opening. Every indication points to us surpassing our best efforts in furnishing information from that track, and we are again certain we will enable patrons of the Company to win steady incomes on small investments there.

We Pick the Winners.

The system we employ to locate winners is identical with that used by "Pittsburg Phil," John A. Drake, John Gates, W. Langdon, Joe Yeager, and other famous plungers who win hundreds of thousands on the turf every year, and it proves just as successful.

We gather our information of prospective winners through a force of expert horsemen who hold a watch on the horses in their early-morning trials, and in that way learn when they are ready to win.

The money that is played into the game by persistent losers, such as the large mass of uninformed players are bound to be, goes into the pockets of the big operators, of which the Maxim & Gay Co., representing a large clientele, stands at the head. The work of the Maxim & Gay Co. is to place the general public upon a level with the winning plungers, and our success in this accomplishment has made us famous on two continents.

We do business only on the great racetracks of the U.S. We number among our clients some of the best known sportsmen, financiers and merchants in the country. Investment on the turf is now deemed as legitimate as any other high-class form of speculation. The present high standard to which racing has been brought, and the absolutely good faith in which turf affairs are conducted under the auspices of the Jockey Club in the East, and the Western Jockey Club in the West, has inspired millionaire capitalists and business men all over the country with as much confidence in racing as in the stock, grain and cotton markets, and this is one reason why transactions in the betting rings now rival in magnitude those of the stock, cotton and grain exchanges.

Another reason for the rapid growth of turf speculation in popular favor, is the rapidity with which all transactions are wound up. The speculator makes his investment at the racetrack in the afternoon through us and receives a notification by mail, in a letter guaranteed to bear a postmark earlier than the race is run, of just what horses are to be backed for his account. By the next mail he is informed of the result of that day's operations, and he learns quickly just where he stands. At the end of each week he receives a complete statement of his account with a money order for his profits, less 25 per cent., which we deduct as our fee.

This gives a wholesome tone to legitimate turf speculation which cannot be found in the more or less involved transactions of the big exchanges, and this is why turfmen live more comfortably and live longer than do men whose involved transactions are on their minds, day and night, for weeks and sometimes months at a stretch.

OUR CLIENTS WON A MILLION DOLLARS

As it is well known that our clients have collectively won as much as a million dollars at a single race meeting, it is sometimes asked: "Why do not Maxim & Gay simply sit down and back their own selections instead of running a considerable clerical force and spending large sums in advertising in newspapers throughout the country?"

The answer is simple enough if one stops to consider the situation. Maxim & Gay, by dint of ability, energy, organization, capital and advertising, have secured an enormous clientele, which means the command of immense capital. If we can pick winners for this immense number of investors, our profits are larger than if we played our own money only, for on a basis of 25 per cent. of winnings, which we charge for information and commission, one man out of every four of our customers is practically betting for us. The proof that this plan works for the benefit of the public as well is that they win three weeks out of four, and our books show that no customer who stuck to us for two months ever failed to get winners from our selections through us.

We are cutting an important figure on the turf, began the game as mere novices, playing our selections through us.

The principle upon which we operate is such that we must of necessity do the best we can for you. Our income, as pointed out, is derived solely from a percentage of the winnings of our clients, and if we cannot make you win, our entire income is cut off. That we have been successful in making our clients win, is amply proven by the fact that we have prospered for upward of three years, while imitators, pursuing more economical and less businesslike methods, have gone under by the score. Noting the success that was being achieved by Maxim & Gay, scores of "get-rich-quick" operators tried to break into the field successfully occupied by the older and more responsible firm, but it did not take the press and public long to discriminate between the legitimate and the illegitimate, and as a result we have continued to flourish uninterruptedly, while in the ranks of our rivals there have been scores of enterprises initiated, only to end in failure.

JOIN OUR WINNING ARMY

The greatest race meeting in the history of the South begins at New Orleans on November 28th. In magnitude it will eclipse all other turf gatherings of the past. The Crescent City Jockey Club knows this to be a banner year and has prepared for it. So have we. If there are more horses at the New Orleans racetrack than ever gathered there before, we have more expert "clockers" and handicappers than we ever employed at any other meeting. They cannot make the game too big for us to handle. We move with the times.

If you want to get aboard our discretionary series, at New Orleans, in which we play daily those and only those horses we think A1 betting propositions, with the privilege of not playing any horses at all on days when we consider conditions unpropitious, fill out the following blank and forward your remittance to us at New Orleans as soon as you can. Play will be begun on the first day of the meeting, if your money reaches us in time; otherwise, we will begin to play the first day it reaches us after the meeting has begun. Money should be sent by bank draft, express money order, or currency in registered letter. Uncertified checks are not accepted.
