To-Morrow's Celebration.

The Dominion Day celebration is not far distant, and last evening the demonstration committee met for the last time and settled several minor matters. Messrs. Cook (chairman), Dewar, Craig, Allaster and McElheran and several city teachers were present. The principals will arrange for the placing of the pupils. The chairman of the board, the chairman of the committee, the secretary of the board, and Mayor Spencer will be a deputation to meet Dr. Sangster at the station. Dr. Proudfoot wrote to say that his physician had forbidden him to speak at the demonstration, and consequently he would not attend. A letter of regret from J. Armstrong, M.P., was read, stating his regret at being unable to be present. The teachers will assist the principals in taking care of the pupils.

A Joyous Quartet.

The residence of Mr. Daniel Allen, 110 Waterloo street, was the scene of a double wedding yesterday afternoon, for which the services of Rev. W. H. Butt, of Chatham, were called into requisition. Marshal E. Brady, of Dayton, Ohio, son of John C. Brady, school trustee, of this city, was married to Miss Mary Allen, Waterloo street. Edgar Brady, brother of the groom, was best man, and Miss P. Templeton, city, officiated as bridesmaid. Among the many beautiful gifts of which the bride was the recipient was a large photograph of her Sunday school class at Wellington Street Methodist Church. Mr. and Mrs. Brady will spend their honeymoon in Detroit, Cleveland and Columbus. Walter Ellis, of Cleveland, Ohio, formerly of London, and Miss Hannah Allen, sister of the former bride, were also made one. Charles Ellis, brother of the groom, was groomsman, and Miss Alice Allen assisted her sister, the bride. Both couples left on the 7:10 G. T. R. train for the west, amid a shower of best wishes.

Number Three Committee.

Ald. Fitzgerald (chairman), Wm. Heaman, Parnell, Hannah, John Heaman and Moule, Mayor Spencer and Secretary Bell attended the regular meeting of No. 3 Committee last evening. Dr. T. V. Hutchinson, medical health officer, reported on the exposure of vegetables for sale on the market. He was of the opinion that it caused a depreciation in their value as food. They should be kept under cover instead of being exposed to the heat of the sun. Filed. Wm. McCormick claimed $2 for alleged damages done to his stall in the Market House by plumbers who were doing work for the city. M. H. Rowland applied for a light on the corner of Peter street and Queen's avenue, and the alderman for the ward will report to the committee. J. Dunn applied to have Clarence street watered between Horton and Bathurst streets. J. S. Williams put in a contra petition and the engineer will report on the matter. The market clerk reported that the Market Square had not been satisfactorily watered up to date, and the contractor will be notified to have the work completed each market morning by 7 o'clock. The clerk also recommended the renting of fourteen spaces on the platform adjoining the Convent Garden market house at $1 50 for some, and 75 cents for others, and his suggestion will be acted upon. Poultry, butter and egg hucksters who do not rent these spaces will be located in front of the stores at the north side of the market and west of the Market Lane. The engineer will estimate the cost and make sketches for tables of uniform size for hucksters under the bazar. H. W. Heely claimed $49 70 as amount he had lost during the fourteen days when the scales were being repaired. The chairman and engineer will ascertain whether or not the city is liable in such cases. Ald. Parnell, Ald. Hannah and the engineer will obtain all possible information regarding the lighting of the city by the electric system. Chief Roe was empowered to get sods for the vacant space at the east side of No. 1 station. Accounts were passed and the committee adjourned at 9 o'clock.

ECHOES FROM THE CAMP.

Newsy Notes from the Field of Tents.

Camp Orders—Cavalry Reconnoissance and Carbine Drill.

CAMP NOTES.

The camp orders for to-day, as issued by Lieut.-Col. Smith, commandant, and signed by Lieut.-Col. Aylmer, brigade-major, name Major McQueen, of the Twenty-second, as field officer, and Major Weir, of the Thirty-second, next for duty. The medical officer at the ranges will be Assistant Surgeon Rice, of the Twenty-second, and Surgeon-Major Brown, of the London Field Battery, is next for duty.

Lieut.-Col. Smith last evening addressed the officers in camp on "Discipline and Military Law."

The London Field Battery acquitted themselves very creditably at drill yesterday afternoon. The corps has attained a high degree of proficiency, and Col. Peters has reason to be one of the proudest officers in the camp.

The First Regiment of Cavalry surprised their commander, Col. Gartshore, at the butts. He says some of the men are crack shots with the carbine. Frequent showers of rain interfered materially with their practice as there was no shelter. Yesterday the four troops of cavalry engaged in a reconnoissance drill. It consisted of a general reconnoiter of the surrounding country in search of the forces of an imaginary enemy. The main object is to report on the condition of the district between the opposing forces regarding the swamps, bridges and where the rivers are fordable. The troops were out for about six hours and carried provender for their horses. They were met by a party from camp with rations for the men. While in active service they carry provisions for 24 hours.

The entire camp turned out to battalion drill yesterday afternoon. It was the first since camp started.

Col. Montizambert left yesterday for Quebec.

The men are expecting another midnight alarm, and are constantly on the alert.

When a shower of rain comes on while the battalions are drilling they make a hasty retreat to the tents. The Oxford Rifles refused to run during one heavy shower, and were the only ones in the field. The effects of their thorough drilling are visible.

The whole camp will parade to the "Hoisting of the Flag" celebration in Victoria Park to-morrow morning.

Camp will break up on Saturday about noon.
