THE SPORTING WORLD

Young English has challenged Billy Frazier of Boston to fight for $500 or $1000.

Dan. O'Leary, the pedestrian, has arrived in San Francisco from Australia. He issues a challenge to walk any man in the world six days for $5000.

Paddy Ryan and Parson Davies have arrived in Chicago from their western trip. Ryan says he has been training and now weighs only 200 pounds. He adds: "If Sullivan will meet me I propose to fight him in December. I think I can beat him." Parson Davies said he would back Ryan. In conversation he incidentally remarked "that there is something coming up you all will be astonished at."

Toronto Snow Shoe Club.

The fourth annual meeting of the Toronto Snow Shoe club was held in the Toronto Lacrosse club rooms Wednesday evening, when the following were elected officers for 1883-4: President, James Pearson; vice-president, Lyman Dwight; sec-treas., J. McLarin; committee, L. H. Whittemore, C. C. Bennett, S. H. Henderson, J. E. Rogers, J. Drynan, with W. Rough as whipper in. The club starts out with good prospects, having a membership of fifty. The club has its first run next Wednesday evening.

A Fast Two Miles.

One day recently W. G. George and William Snook ran a two-mile match race at Birmingham which not only proved very exciting, but was productive of fast time. The story of the race is told in the following manner: Snook at the start took the inside position, and at once commenced to force the pace, and had obtained a lead of eight yards when 100 yards had been covered. At the commencement of the second lap Snook still held a lead of eight yards. At this point George began to reduce the gap, and when half a length had been covered was only six yards in rear of Snook. At the end of the first mile George had considerably decreased his opponent's lead, and Snook somewhat slowing, allowing George to get within a couple of yards of him. This order was maintained until just before the commencement of the last lap, where George passed Snook with consummate ease, and although the latter persevered pluckily George, gradually increasing his lead, romped down the straight amidst deafening applause, the winner by over forty yards Time 9m. 30s. This but 4 2 5 seconds behind the record. Some of the intermediate distances were also very fast.

HIS OWN EXECUTOR.

A Well-Known Gentleman's Philanthropy and the Commotion Caused by One of His Letters.

Rochester Democrat and Chronicle.

We published in our local columns yesterday morning a significant letter from a gentleman known personally or by reputation to nearly every person in the land. We have received a number of letters protesting against the use of our columns for such "palpable frauds and misrepresentations;" therefore, to confirm beyond a doubt the authenticity of the letter, and the genuineness of its sentiments, a reporter of this paper was commissioned to ascertain all the possible facts in the matter. Accordingly he visited Clifton Springs, saw the author of the letter, and with the following result:

Dr. Henry Foster, the gentleman in question is 63 or 64 years of age and has an extremely cordial manner. He presides as superintendent over the celebrated sanitarium which accomodates over 500 guests and is unquestionably the leading health resort of the country. Several years ago this benevolent man wisely determined to be his own executor: and therefore turned over this magnificent property worth $300,000, as a free gift to a board of trustees, representing the principal evangelical denominations. Among the trustees are Bishop A. C. Coxe, protestant episcopal, Buffalo, Bishop Mathew Simpson, Philadelphia, methodist episcopal, President M. B. Anderson of the university of Rochester, Rev. Dr. Clark, secretary of the A. B. C. F. M., Boston. The benevolent purpose of the institution, is the care: 1st—of evangelical missionaries and their families whose health has been broken in their work. 2d—of ministers of any denomination, in good standing order. 3d—of members of any church who otherwise would be unable to secure such care and treatment. The current expenses of the institution are met by the receipt from the hundreds of distinguished and wealthy people who every year crowd its utmost capacity. Here come men and women who were once in perfect health but neglected the first symptoms of disease. The uncertain pains they felt at first were overlooked until their health became impaired. They little realized the danger before them, nor how alarming even trifling ailments might prove. They constitute all classes, including ministers and bishops, lawyers, judges, statesmen, millionaires, journalists, college professors and officials from all parts of the land.

Drawing the morning Democrat and Chronicle from his pocket, the reporter remarked, "Doctor, that letter of yours has created a good deal of talk, and many of our readers have questioned its authenticity."

"To what do you refer?" remarked the doctor.

"Have you not seen the paper?"

"Yes, but I have not had time to read it yet."

The reporter thereupon showed him the letter, which was as follows:

CLIFTON SPRINGS SANITARIUM Co.,
CLIFTON SPRINGS, N. Y., Oct. 11, 1883.

DEAR SIR: I am using Warner's Safe Cure, and I regard it as the best remedy for some forms of kidney disease that we have. I am watching with great care some cases I am now treating with it, and I hope for favorable results.

I wish you might come down yourself, as I would like very much to talk with you about your sterling remedy and show you over our institution.

Yours truly,
[Signed] HENRY FOSTER, M.D.

"I do not see why anybody should be skeptical concerning that letter," remarked the doctor,

"Isn't it unusual for a physician of your standing and influence to commend a proprietary preparation?"

"I don't know how it may be with others, but in this institution we allow no person to dictate to us what we shall use. Our purpose is to cure the sick, and for that work we use anything we know to be valuable. Because I know Warner's Safe Cure is a very valuable preparation, I commend it. As its power is manifested under my use, so shall I add to the completeness of my commendation."

"Have you ever analyzed it, doctor?"

"We always analyze before we try any preparation of which we do not know the constituents. But analysis, you know, only gives the elements; it does not give the all important proportions. The remarkable power of Warner's Safe Cure undoubtedly consists in the proportions according to which its elements are mixed." While there may be a thousand remedies made of the same elements, unless they are put together in proper proportions, they are worthless as kidney and liver preparations.

"I hope some day to meet Mr. Warner personally, and extend fuller congratulations to him on the excellence of his preparations. I have heard much of him as the founder of the Warner observatory, and as a man of large benevolence. The reputed high character of the man himself gave assurance to me in the first place that he would not put a remedy upon the market that was not trustworthy; and it was a source of a good deal of gratification to me to find out by actual experiment that the remedy itself sustained my impressions."

The conclusion reached by Dr. Foster is precisely the same found by Dr. Dio Lewis, Dr. Robert A. Gunn, ex Surgeon-General Gallagher and others, and proves beyond a doubt that great efficacy of the remedy which has awakened so much attention in the land and rescued so many men, women and children from disease and death.

READABLE PARAGRAPHS.

Mistletoe.

To the cradle bough of a naked tree,
Benumbed with ice and snow,
A christmas dream brought suddenly
A birth of mistletoe.

The shepherd stars from their fleecy cloud
Strode out in the night to see;
The Herod north wind blustered loud
To read it from the tree.

But the old year took it for a sign,
And blessed it with his heart,
"With prophecy of peace divine,
Let now my soul depart."

Kram's Fluid Lightning

—cures toothache and neuralgia quick as flash, relieves any pain instantly, the cheapest and quickest application known. Why suffer with toothache, neuralgia, headache, rheumatism, lumbago, sciatica, sore throat, or acute pains of any kind, when you can go to F. T. Burgess' drug store, 364 King street east, and get a perfect and instantaneous cure for twenty-five cents. Ask for Kram's Fluid Lightning.

A Cleveland despatch says that George Shaw, living six miles from Canal Dover, killed his wife and six children.—No particulars.

—If people troubled with colds, would take Ayer's Cherry Pectoral before going to church or places of entertainment, they would avoid coughing, greatly to the comfort of both speakers and hearers. Public speakers and singers find that the Pectoral wonderfully increases the power and flexibility of the voice.

The gold diggers in Berkshire county, Mass., are losing faith upon the enterprise upon which they entered with sanguine expectations. The owner of the vein, however, who is a colored man, keeps on digging and will not admit that he is discouraged.

A Secret for the Ladies.

—The great secret of beauty is pure blood. Eruptions and all blotches that disfigure the face may be quickly cured by Burdock Blood Bitters. Annie Heath of Portland certifies that she was cured by this remedy after suffering for two years.

When a woman smiles from ear to ear, chirrips a western editor, it's real mean to say that her mouth goes back on her.

—John R. Vert, Hamilton, says: "McGregor's Speedy Cure for dyspepsia and indigestion is cheap for fifty times the price asked for it. I am a commercial man, and travel continually, and would no more think of leaving home without a bottle of McGregor's Speedy Cure in my valise than I would of leaving my team at home and going on foot." Free trial bottles at F. T. Burgess' drug store, 364 King street east. Regular size fifty cents and one dollar.

"What are you Russian fur?" asked a peak-nosed woman of her flushed and excited sister-in-law, at the threshold of a Fourteenth street bazar. "This female is sable to mind her own business!" loftily said the other, and passed on.

"Rough on Rats.

She Had Him There.—"Are you near sighted, miss?" said an impertinent fellow to a young lady who did not choose to recognize him. "Yes," she retorted; "at this distance I can hardly tell whether you are an ape or a puppy."

A Remarkable Result.

—It is a remarkable fact that W. A. Edgars of Frankville, who was so far gone with liver and kidney complaint that his life was despaired of, was cured with four bottles of Burdock Blood Bitters.

Quite a number of cases where girls have been deceived by mock marriages have been reported of late, which impels the Hotel Mail to remark that no girl has any business marrying a man that she hasn't known at least ten minutes.

A Wonderful Change.

—Rev. W. E. Gifford, while pastor of M. E. church, Bothwell, suffered from caronic dyspepsia so badly as to render life almost a burden. Three bottles of Burdock Blood Bitters cured him.

"Yes, I loved that girl once," said Charley Peddington to the Marathon Independant man, as the young lady passed him on the sidewalk. "Did she not return your love?" asked his companion. "No, nor the $100 ring I gave her!"

—Mother Graves' Worm Exterminator is pleasant to take; sure and effectual in destroying worms. See that you take no other and you will be satisfied.

Among the unique paragraphs in the printed report of a foreign benevolent association is this: "Notwithstanding the large amount for medicine and medical attendance, very few deaths occurred during the year."

Pimples and Blotches.

—Call at F. T. Burgess' drug store, 364 King street east, and get a package of McGregor & Parke's Carbolic Cerate. It is composed of vaseline, carbolic acid and cerate, and has never failed to remove pimples, blotches, ulcerated sores, rough skin. It cures when all others fail. Try it.

It was at a private bal masque that a wicked and jolly French girl inquired of her partner: "You like to waltz, monsieur?" "I adore it." "Then why did you never learn?"

—Give Holloway's Corn Cure a trial. It removed ten corns from one pair of feet without any pain.

Naugatuck, which is in Connecticut, pits itself against the world with a cherry tree that blooms three times a year.

This is Reliable.

—R. N. Wheeler, Merchant, of Everton, was cured of a severe attack of inflammation of the lungs by Hagyard's Pectoral Balsam. This great throat and lung healer cures weak lungs, coughs, hoarseness, bronchitis, and all Pectoral complaints.

Sir Stafford Northcote's political visit to Ireland was successful, if in nothing else, in once more giving a good stir up to the miserable antagonisms between Orangemen and Roman catholics which had of late years so happily subsided, and may very likely cost the taxpayers a very handsome sum in the cost of special police and troops to keep order in Derry and Belfast.

Popularity.

Why are they popular. The reason that National Pills are so universally popular is because they are certain in their action, mild and painless in their operation, and never leave the bowels constipated. They are sugar-coated, and contain no mineral poison.

How the ordinary man purse-pires when he loses his wallet, especially if it contains a month's salary.

—Ayer's Sarsaparilla works directly and promptly, to purify and enrich the blood, improve the appetite, strengthen the nerves and brace up the system. It is in the truest sense an alterative medicine. Every invalid should give it a trial.

A German chemist can freeze up any man or woman, depriving them of all appearances of vitality, and thaw them out in good condition at the end of two years. There are no volunteers.

"Mother Swan's Worm Syrup."

Infallible, tasteless, harmless, cathartic; for feverishness, restlessness, worms, constipation, 25c.

The Granite state's hatching house in Plymouth, N.H., has about 40,000 salmon eggs that was taken out of twelve fish. The house has also about 50,000 trout eggs.

—The star dyes are unexcelled for cheapness and fast colors.

A farmer in De Wit county, Texas, bought 200 acres of land a few months ago, and will gather enough pecans from it this fall to pay one-half of the purchase price.

What it Has Done.

Mrs. George Simpson, Toronto, says: I have suffered severely with corns and was unable to get relief from treatment of any kind until I was recommended to try Holloway's Corn Cure. After applying in for a few days I was enabled to remove the corn, root and branch—no pain whatever, and no inconvenience in using it. I can heartily recommend it to all suffering from corns.

It is estimated that ten thousand hunters are killing deer and buffalo in Montana, along the line of the Northern Pacific railroad.

"Sachu-Paiba."

Quick, complete cure, all annoying Kidney, Bladder and Urinary Diseases. $1. Druggists.

New Haven's oystermen smile derisively at the rumor of a New York and Chicago syndicate's forming to monopolize the oyster trade, and as to electricity killing the star fish that are destroying oysters in the sound the dealers say that an electric shock that would kill the fish would kill the oyster also.

A Praiseworthy Object.

—"None name it but to praise." This is true of that unsurpassed remedy, "Hagyard's Yellow Oil." It cures pain and inflammation, whether from sprain, burn, bruise, or frost bite, lame back, rheumatism, neuralgia, sore throat, croup, deafness, and is for internal and external use.

HALL'S VEGETABLE SICILIAN Hair Renewer.

Seldom does a popular remedy win such a strong hold upon the public confidence as has HALL'S HAIR RENEWER. The cases in which it has accomplished a complete restoration of color to the hair, and vigorous health to the scalp, are innumerable.

Old people like it for its wonderful power to restore to their whitening locks their original color and beauty. Middle-aged people like it because it prevents hem from getting bald, keeps dandruff away, and makes the hair grow thick and strong. Young ladies like it as a dressing because it gives the hair a beautiful glossy lustre, and enables them to dress it in whatever form they wish. Thus it is the favorite of all, and it has become so simply because it disappoints no one.

PROSPECTUS:

This Company has been organized for the purpose of constructing and running one or more Steamboats upon Lake Ontario, more particularly between the Ports of Toronto and those on the Niagara River, and for the purpose of increasing the present facilities for transfer of Traffic beeween the Ports on Niagara River and Toronto.

With this view a special contract has been entered into by the Canada Southern Railway Company providing that all the business of that Company coming over the Erie and Niagara Branch of its Railway shall be given to this Company for the period of fifteen (15) years, and also giving this Company the exclusive right to issue tickets in Toronto to read "Via the Canada Southern Railway," which contract has been executed under the seal of the Canada Southern Railway Company and attested by the signature of Cornelius Vanderbilt, Vice-President; and it has also been approved of by resolution of the Board of the Michigan Central Railway Company.

A similar contract has been entered into with this Company by the majority of the other Railways under the seals of the respective Companies.

It is proposed to construct at once a palatial, side-wheel, steel steamer in accordance with the contracts made with the said Railway Companies, of sufficient capacity to accommodate the expected traffic, and properly fitted out.

The Company expects to be ready for the Summer business of 1884.

The cost of this steamer is estimated at about $120,000, and will be built and fitted up by first-class boat builders and engineers, and under special contracts.

Subscriptions for stock will now be taken by the undersigned, and the same will be payable as follows: Ten per cent. at the time of subscription, and the balance as the construction of the steamer proceeds and the requirements of the Company render necessary.
