The--File--That --Won't--Forget

There are not many men who have good enough memory to think of everything—that's the reason this little device above is made. It's just good enough to make you feel you wouldn't be without it for anything. If you don't like the looks of an untidy, littered desk buy one. We think enough of them to let you have one "on suspicion" for thirty days and if you don't think well enough of if to keep it we'll buy it back for one dollar and a half—the price we are asking for them.

Made of selected quarter-cut oak—wax polish finish, and contains a complete daily, monthly and alphabetical index, with a heavy leatherette cover—ornamental as well as useful—small cost.

ADAMS
CITY HALL SQUARE

ROUGH LACROSSE PLAYERS C.L.A. WOULD RULE THEM OFF

Pointed Amendment Proposed Will Likely Be Adopted at Good Friday Meeting.

"Any player striking another, whether such blow is accidental or otherwise, shall be ruled off for a period to be determined by the C. L. A. If, in the opinion of the referee, the blow was deliberate, he must rule the offender off for the remainder of the match and report to the association."

This is an amendment to the C. L. A. constitution proposed by F. C. Waghorne, and will come up at the Good Friday meeting. The opinion of those in the best position to judge is that the new amendment will carry.

Other amendments in preparation are: One empowering the president to appoint all referees, and another to define intermediate and junior players more clearly, deciding that once a senior always a senior.

G. L. Allen of Mount Forest has been nominated for the presidency. His paper was handed in to Secretary Hall yesterday.

A. Cameron of Beaverton and Brown Jackson of Seaforth, are expected to contest the first vice-presidency, and J. D. Bailey of Toronto, the second vice-presidency, tho their nominations are not in yet.

There is not expected to be any opposition to the candidature of Mr. Hall for the onerous office of secretary-treasurer. The councilors and two auditors are to be elected. All nominations, with the notices of amendments, are to be in the hands of the secretary not later than April 14.

Fight for C. L. A. President.

Montreal, April 4.—The fight for the presidency of the Canadian Amateur Lacrosse Union is becoming hotter. A prominent member of the Shamrock Lacrosse Club said to-day: "We maintain that the presidency should come to us this year, because Mr. O'Connell, who was vice-president, gave up his claims in favor of Nationals. If Montreal refuses to allow us to have it, and to be satisfied with taking it the year after, we will see that it goes to Ontario, and if it goes to Ontario the chances are that William Foran will get it. The clubs here will be in the same position in which they were before, and the same point will come up again the year after.

A Dollar's Worth Free To Any Rheumatic Sufferer

I ask no deposit—no reference—no security. There is nothing to risk — nothing to promise—nothing to pay either now or later. Any Rheumatic sufferer who does not know my remedy may have a full dollar's worth free to try.

I willingly make this liberal offer because I know that Dr. Shoop's Rheumatic Remedy may be relied upon ALWAYS to bring the utmost relief that medicine can. Years before I discovered this remedy, I studied the nature of Rheumatism. For Rheumatism is really

Crystalized Poison!

Your blood is always full of poison—the poison you eat and drink and breathe into your system. It is the purpose of the blood to absorb and carry off this very poison. And the kidneys, which are the blood filters, are expected to cleanse the blood and send it back through the system clean, to gather more poison which, they, in turn, will eliminate.

But sometimes the kidneys fail. And sometimes, from some other cause, the blood gets so full of poison that they cannot absorb it all. This is the start of Rheumatism. The poison accumulates and crystalizes. The crystals look like little grains of sugar or of fine white sand. The blood carries them and they increase in size. Then, when it can carry them no longer, it deposits them in a joint—on a cone—anywhere.

The twinge in your leg—the dull ache in your arm on a rainy day—these are the outward signs of the unseen crystals. And the twisted limbs and unspeakable anguish of the sufferer who has allowed his symptoms to go unheeded and unattended for years—these are the evidences of what Rheumatism, neglected, can do.

Rheumatism includes lumbago, sciatica, neuralgia, gout—for all these are the results of rheumatic poison in the blood.

Plainly, the first thing to do is to remove the poison. But this is not enough. The FORMATION of the poison must be stopped, so that nature may have a chance to dissolve and eliminate the crystals which have already formed. Unless this is done, there can be no cure—no permanent relief.

I searched the whole earth for a specific for Rheumatism—something that I or any physician could feel safe in prescribing—something that we could count on not only occasionally, but ALWAYS. For the ravages of Rheumatism are everywhere and genuine relief is rare.

Mild cases are sometimes cured by a single package. On sale at forty thousand drug stores.

I spent twenty years in experimenting before I felt satisfied that I had a certain remedy for this dread disease—a remedy which would not only clean out the poison but one which would stop its formation.

Certain Relief

The secret lay in the wonderful chemical I found in Germany. When I found this chemical, I knew that I could make a Rheumatic cure that would be practically certain. But even then, before I made an announcement—before I was willing to put my name on it—I made more than 2000 tests! And my failures were but 2 per cent.

This German chemical is not the only ingredient I use in Dr. Shoop's Rheumatic Cure—but it made the remedy possible—made possible an achievement which, I doubt not, could have been made in no other way.

This chemical was very expensive. The duty, too, was high. In all, it cost me $4.90 per pound. But what is $4.90 per pound for a REAL remedy for the world's most painful disease?—for a REAL relief from the greatest torture human beings know?

I don't mean that Dr. Shoop's Rheumatic Cure can turn bony points into flesh again—that is impossible. But it will drive from the blood the poison that causes pain and swelling, and then that is the end of the pain and swelling—the end of suffering — the end of Rheumatism. That is why I can afford to make this liberal offer—that is why I can afford to spend the FIRST dollar that Rheumatic sufferers, the world over, may learn of my remedy.

Simply Write Me

The offer is open to everyone, everywhere, who has not tried my remedy. But you must write ME for the free dollar package order. I will send you an order on your druggist which he will accept as gladly as he would accept a dollar. He will hand you from his shelves a standard-size package, and he will send the bill to me. There are no conditions—no requirements. All that I ask you to do is to write—write today. I will send you my book on Rheumatism besides. It is free. It will help you to understand your case.
