KAI CHOU OBJECT OF JAP ADVANCE

Russians Expect It Will Be First Position Attacked.

TO CLEAR ROAD TO NEW CHWANG

The Latter May Be Used as Base by Mikado's Generals, Replacing Korea.

London, Friday, June 24.—A dispatch from St. Petersburg last night says: "General Kuropatkin's latest official dispatch does not carry the military situation further than the press advices have already indicated, save that it shows the Japanese to be active north of Feng Wang Cheng. The movement in this direction is interpreted both as a threat to detain as many Russians as possible in the northern part of the Liao Tung Peninsula and as a protection of the Japanese flank against a counter move on the part of General Kuropatkin in case the opposing armies should be seriously engaged in the vicinity of Hai Cheng.

"Emperor Nicholas has received the following dispatch from General Kuropatkin, under date of June 21: 'A Japanese army from Kai Chau is gradually advancing northward. General Kuroki's advance from Siu Yen has been suspended, evidently to effect an alignment of the two armies. The strength of the enemy's vanguard is approximately a division and several squadrons of cavalry and the Siu Yen force of nine squadrons, supported by a strong column of infantry toward the south. The enemy's position on June 19 and June 21 extended within seven miles southward to Senu Chen, along a line from the sea to the mountainous and difficult district east of the railway. The enemy's advance lines are being strongly held by cavalry and a screen of infantry. The passes and defiles in the mountains east of the railway are also vigilantly guarded. A movement of strong Japanese mounted patrols, with infantry supports, was noted, June 20, from five in the after noon onwards. We had no losses in the firing which ensued, while the Japanese had several killed and wounded. An increase in the Japanese forces had been noticed south of Vian Fiapudze and near the villages of Manziapudze, Vaediapudze and Khakahei. Reinforcements are also reaching the Japanese at the farthest point of the road between Siu Yen and Ta Cuhi, via Uaiahaniou and Siakhotan. The Japanese are erecting field fortifications on the road from Siu Yen to Kai Chau. The enemy's outposts have occupied the pass between Hangranboi and Paicheng, on the northern road, nine and a half miles east of Siakhotan and the Chapan Pass, seven and a half miles south of Siakhotan. On June 19 two Cossacks were wounded by Chinese ruffians. The Japanese have fortified Kian Dian Sian, mounting eighteen guns, with a strong screen. The enemy has occupied the village of Sapenhai, 25 miles northeast of Saimatsze, and is firmly entrenched."

JAPS WANT NEW CHWANG.

Liao Yang, Wednesday, June 22. — According to reports received at the Russian headquarters, the Japanese intend to attack either Kai Chou or Ta Tchekiao (on the railroad about midway between Kai Chou and Hai Cheng) from two sides. Their armies continue to advance from the south and east. The leading detachments of General Oku's army have occupied Senuchen and Japanese scouts have appeared in the vicinity of Kai Chou. Constant skirmishing is in progress between them and the Cossacks, who are observing the movements of the army. General Kuroki's army has appeared on the road leading westward from Siu Yen and in the neighboring valleys. The success of the Japanese plan would mean that Korea will lose its value as a base, New Chwang then being available for this purpose. The movements of the Japanese troops are facilitated by the cessation of the rains, and hot weather having set in, which has dried the roads.

Another Cossack detachment has fallen into an ambush of Japanese infantry, losing a number of men wounded.

KUROKI'S REPORT.

General Kuroki's Headquarters in the Field, via Fusan, Korea, June 22.—The Russians are still occupying the town on the main road in front of Gen. Kuroki's army, with a considerable force of men, but during the past few days there has been no encounter of importance. Major-Gen. Mistchenko is in command of the Russian forces in the vicinity of Siu Yen. Small parties of Cossacks hover about the Japanese lines of communication, but the damage they have inflicted amounts to little. Now the heavy rains have ceased and the country has dried up quickly.

AN OUTPOST AFFAIR.

General Kuroki's Headquarters in the Field, via Fusan, June 23. — Afternoon. — Russians from Samimak attacked the Japanese outposts in force yesterday, apparently for the purpose of testing their strength. The Russian force consisted of two regiments of artillery, one of infantry, and one battery of artillery. The enemy were defeated and retreated toward Shintailing. They are supposed to have sustained considerable loss. On the Japanese side Major Kubota was killed and nine men were wounded. A party of foreign military attaches, which was on a visit to the outposts, probably witnessed the fighting.

THE ALLANTON SEIZURE.

Vladivostock, Wednesday, June 22. — The captain of the British steamer Allanton (captured by the Russian Vladivostock squadron, with contraband coal on board), deposed before the prize court today that twelve other British steamers are loading coal at Muroran, Japan, from which port the Allanton sailed for Singapore, according to her claim.

The home of Mr. E. Thomas, North Street, Lambeth, was the scene of a happy event on Wednesday evening, June 15th, when his daughter, Miss Addie, and Mr. Archie McGuigan were united in marriage. The ceremony was performed by Rev. R. Fulton Irwin, of Lambeth, in the presence of a large company. Mr. and Mrs. McGuigan left on their honeymoon trip for Detroit accompanied by the best wishes of their many friends.

Dr. Randall Thomas Davidson, has accepted an invitation to attend the general convention of the Protestant Episcopal Church of the United States and Canada, which will be held in Boston next October. A HIGH-BORN BABE.

Paris, June 23.—The child of a humble father and mother was born last week in a very high position indeed. The youngster first saw the light of day on the top of the Eiffel Tower.

While Emilienne Capronnier, 27 years old, was on the tower on one of the highest platforms, she became the mother of a fine girl. The baby seemed not the least disturbed by its strange surroundings. It took kindly to the high altitude from the first and for at least a day was the talk of all Paris.

The mother was removed to a hospital as soon as possible by the order of the police. There the infant was christened Eiffeline.

Direct to Exposition Gates Via Canadian Pacific Railway.

By special arrangement, the Canadian Pacific is able to land its passengers in St. Louis, either at the exposition grounds or at the Union Depot, as they prefer. An outlay of some $50,000 has been necessary for the erection of a new station which is located directly in front of the main entrance to the grounds and through which a very large volume of the season's business will pass. The most thorough precautions have been taken in the laying out of the new structure to avoid crowding.

Fuller particulars and literature relating to the trip may be obtained at the city ticket office, corner of Dundas and Richmond streets. 39-u

Ottawa, June 24. — The Grand Trunk Pacific measure was given its third reading in the Senate yesterday.

An amendment proposed by Senator Macdonald was defeated on a vote of 26 to 13, the division being strictly on party lines.

HEIR TO BIG FORTUNE.

Toronto, June 24. — Henry Hacker, shipbuilder, of Port Hope, Ont., has been advised by the executors that he is the heir to a large fortune in Marmchurch, England, through the death of his grandfather, some 74 years ago.

MAJOR FORRESTER DEAD.

Toronto, June 24.—The death occurred yesterday morning at Oakville of Major William Forrester, of the Royal Canadian Dragoons. About a year before the outbreak of the Boer war, Major Forrester was sent to England for a course of instruction, and there was with the Scots Grays for nine months. He was sent to South Africa as an advance Canadian officer, although attached to the Scots Grays. When the first contingent of Canadian Mounted Rifles went to South Africa he was transferred to them. During the Boer war he was on active duty, and saw a great deal of service.

NEW LUMBER RATES.

Toronto, June 23. — The G. T. R. issued today a new tariff in connection with the lumber trade, between points in Ontario and the State of Pennsylvania. The chief points in Ontario are as follows: Gravenhurst to Erie, 17 cents per 100 pounds; to Pittsburg, 17 cents; Connelsville, 19 cents, and Johnstown, 20 cents. From Owen Sound and Midland the rates are the same, 17, 17, 19 and 20 cents. From North Bay the rate will be 18, 20, 22, and 23 cents per 100 pounds.

KING'S BIRTHDAY HONORS

G. A. Drummond, of Montreal, Made Knight Commander of St. George.

London, June 23. — Among the King's birthday honors gazetted yesterday, are the appointment of Sir Robert Finlay, the Attorney-General, for services rendered during the Venezuelan arbitration at The Hague, to be Grand Commander of the Order of St. Michael and St. George, and G. A. Drummond, president of the Bank of Montreal, to be Knight Commander of the same order.

Alfred Harmsworth, proprietor of the Daily Mail and other publications, was created a baronet. Knighthood was bestowed upon Thomas Barclay, barrister, formerly president of the British Chamber of Commerce in Paris, who was one of the principal leaders in the movement for closer relations between France and Great Britain, out of which grew the Anglo-French arbitration treaty. Edward Elgar, the composer, was also knighted.

GUERNSEY MUST APOLOGIZE

For Discourteous Treatment of Winnipeg Boy Mistaken for Spy.

London, June 24. — The name Mrs. Moss, of Toronto, in Tuesday's cable, should have been Mrs. F. Morton Morse, of Winnipeg. Stanley Morse, her son, was accused at Guernsey of photographing secret batteries. The sergeant who arrested him stated he had been watching Morse for an hour. Morse denied the faintest idea of the existence of any secret batteries. He was detained a short time, then allowed to return to the hotel, where he had scarcely arrived, before a sergeant, accompanied by a policeman, came again, arrested him, and brought him before Col. Campbell, the lieutenant-governor. His mother at once offered to cable Sir Daniel McMillan, Premier Laurier, Sir Charles Tupper and several others in Canada, but Col. Campbell never even replied, and would not permit the son's release, unless the mother would sign a bond to put up £10 bail that her son would not leave the island until the case was investigated.

Mrs. Morse is most indignant at the brutal treatment of her son, a lad 14 years of age. Col. Campbell was most discourteous and exceedingly rough in his treatment of herself, and she intends to demand an apology from the Guernsey governor, through the Canadian Government.

CLASSIFICATION LISTS

Manufacturers' Association Holds Some of the Rates Are Illegal.

Toronto, June 24. — The railway commission adjourned yesterday till Monday or Tuesday, and go to Guelph and possibly to Hamilton.

W. H. D. Miller, railway expert of the Canadian Manufacturers' Association, presented their complaints against the present classification lists, which, he pointed out, are still illegal, never having been approved by the railway committee of the Privy Council.

Mr. Pullen, of the G. T. R., replied to the charges of unfair rates for glassware and cooperage from Detroit to Montreal in contrast with the rates from Wallaceburg. He argued that the Detroit rate had to be down to the level of the rate south of Lake Erie, but there was no obligation to keep down the rates in Ontario to the same level. The rate to the south of Lake Erie was fixed by competition from Chicago, and by the water rate, but there was no such reason for keeping down the rate from such points as Wallaceburg.
