BRANCH ORGANIZED OF AMBULANCE ASSOCIATION

Earl Grey Present — Election of Officers—What Local Police Have Already Done.

In pursuance of a policy or reorganization in Canada adopted by the St. John's Ambulance Association, a provincial branch was formed at a largely attended meeting in the Normal School yesterday afternoon, at which Earl Grey was present. His excellency pointed out that the association derived its inspiration from the Crusaders, and was the direct descendent of the traditional order of the Knights of St. John of Jerusalem, otherwise known as the Knights Hospitallers. Their object in war time was to aid the wounded on field of battle, and in time of peace to do what they could to stop preventible loss and needless suffering.

"So," continued his excellency, "the object of this association is to minister to the wounded in war, and to enable people in every city of the empire to conduct a successful warfare against the evils that surround them." It provided a voluntary organization which instructed them how to render first aid to the injured and prevent unnecessary suffering pending the arrival of a physician.

His excellency congratulated Lieut.-Col. Mason, president Toronto branch, and Dr. C. J. Copp for their interest in the work. He hoped that the time would come when policemen, firemen, railway employes, miners and seamen would all be equipped with the certificate of the association. The C.P.R. had already established classes for instruction to this end, and he expected other railways to follow that example.

Work in the Police Force.

Lieut.-Col. Grasett, chief constable, said that nineteen years ago, at the instance of Dr. Sprague, the police commissioners had made it compulsory for all recruits to pass the examination prescribed in order to receive the certificate of the association. During that time 599 constables had been awarded certificates, and out of the present force of about 500 men, 396 held certificates. Col. Grasett bore personal testimony as to the work the police force had done in rendering first aid and preventing death. A case was now in the hospital where a woman, who had both legs crushed by a car, would have bled to death but for the prompt action of a constable.

A resolution was proposed by Hon. Wallace Nesbitt, K.C., seconded by Lieut.-Col. Bertram, Dundas, that an Ontario council of the association be formed, which was unanimously adopted.

On motion of Sir Edmund Walker, seconded by W. K. George, the following officers and members were elected:

Officers Elected.

Patron: His Honor Lieut.-Governor Gibson.

President: Colonel James Mason, Toronto.

First vice-president: Lieut.-Col. W. Gartshore, London.

Haney, Hon. L. Melvin Jones, Hon. A. G. MacKay, J. G. O'Donoghue, A. E. Mercer, Hon. Dr. Pyne, Sir Henry M. Pellatt, M.V.O.; Geo. H. Putman, J. H. Plumer, Col. G. Sterling Ryerson, T. A. Russell, W. H. Scott, Sir B. Edmund Walker, Sir James P. Whitney, E. R. Wood, D. R. Wilkie, S. M. Wickett, F. E. Watts, Tororto; T. M. Storey and John M. Gill, Barrie; Lieut.-Col. W. N. Ponton, Belleville; Lloyd Harris, Brantford; J. E. Seagram, L. J. Breithaupt and Geo. Long, Berlin; R. T. Sproule, M.L.A., Cobalt; W. R. London, Chatham; D. B. McLennan, Cornwall; Mayor Field, Cobourg; Jas. M. Smith, Collingwood; Lieut.-Col. E. B. Rathbun, Alex. Saunders, Goderich; C. H. R. Warnoch, Galt; Geo. C. Creelman and John M. Beaty and Franklin Grobb, Brantford.

Provinces All Organizing.

Dr. Montizambert, Ottawa, who is president of the Dominion council, said that the proposal for reorganization had met with a hearty response in every province. The maritime provinces, with the exception of Quebec, were already organized. Quebec would follow in a short time, and Capt. Birdwhistle, the general secretary, would complete the entire organization in time for the annual meeting in Ottawa in February next.

Col. Carlton Jones said that the greatest work of the association was done in times of peace, but he added that 2000 men represented the association in the South African war and 70 gave up their lives to the cause.

"There is heroism in the hospitals as there is bravery in the battlefield," he said. The association was not an adjunct to the military forces, but it augmented the work. There were branches in England as well as in other parts of the empire. The St. Andrew's organization attended to similar work in Scotland.

Police Get Certificates.

The following constables who paraded under Inspector Cuddy and Sergeant Reeves, were introduced by Lieut.-Col. Grasett and received the certificates at the hands of his excellency: Class 36—English, Parish, Scott (24), Hamilton (56), Johnston (128), Garbe, Todd, Snelgrove, Moore, McDonald (93), Miller (205), Collver, Chapman (276), Francis (37), Cooke, Gammack. Class 37—Scott (211), McIvor, Maree (322), Weatherum, Bundy, McCrae (257), Galbraith, Umphrey (287), Richardson, Perry, Watson (386), Crowson, Watt, Johnston (252), Hicks, Graham (355), Walsh (391), McGaughey (absent thru sickness).

The World is informed that 120 members of the police force have taken the examination this year.

Resolutions of thanks were passed to Earl Grey and Lieut.-Gov. Gibson.

VAIN FIGHT TO SAVE LIFE

Dozen Doctors and Corps of Nurses Worked All Night.

NEW YORK, Dec. 21.—A dozen doctors and a corps of nurses worked all night in Williamsburg Hospital to rouse Walter Benson, a young medical student, from the stupor of illuminating gas poison, only to see him die to-day.

Benson, 22 years old, was a son of a justice of the peace at Alexandria Bay, Thousand Islands. He was a student at Bellevue Hospital Medical College, where he was a general favorite.

He went to his room late yesterday to take a nap, and lit a gas stove. Three hours later he was found unconscious. The room was full of gas, and the tube connecting the stove with a gas jet was disconnected. It was apparent that Benson, in moving the stove had accidentally pulled the tube from its position.

BEST FAIR EAST OF CITY.

WHITBY, Dec. 21.—(Special.)—The Whitby Christmas Fair will be held on Saturday. It is the best fair east of Toronto. W. J. Stark of Toronto will be one of the judges.

Barrister Loftus Explains.

J. T. Loftus, barrister, writes The World in regard to the comments of Judge Winchester concerning himself in non-jury court Saturday, saying:

"A witness for the plaintiffs had sworn to having seen a certain ring which belonged formerly to the late Walter S. Freeman in his possession at the Toronto Exhibition in 1909, and I produced a ring which I had borrowed for the occasion and asked him if that was the ring which he saw on the late Walter S. Freeman, and after a little hesitation he swore that it was. Another witness was called for the plaintiffs, who swore that the same tiffs, who also swore that the same ring was the one which belonged to the late Walter S. Freeman. I then put my own client in the box and she swore that she had never seen the ring produced before, and she identified another ring which I then produced and which she said she had received from the late Walter S. Freeman, and which was the ring in question in the action. This method of cross-examining a witness who swears to the identity of an article, a person or a writing is well established in our courts, and I was doing what I was not only entitled to do as a conscientious advocate for my client, but I felt under the obligation to pursue this course. A truthful witness would welcome this method of cross-examination, as he could thereby be put in a position to convince the court that he was telling the truth, whereas an untruthful witness, who is anxious to swear out a case for his friend regardless of truth, would likely be caught by this method."

Characteristic Letter From Mr. E. F. B. Johnston, K. C.

Sending his cheque for $25 as a contribution to the Muskoka Free Hospital for Consumptives, Mr. E. F. B. Johnston, K.C., writes Mr. Gage in these words:

"If 'the Lord loveth a cheerful giver,' I should be specially in favor by reason of the pleasure with which I contribute the modest sum enclosed for the purpose of helping you on with your splendid work in the fight against consumption.

"I regret that I cannot make it a great deal more, but I have certain institutions to which I am more or less committed, by reason of contributions for many years, and which to some extent I have to consider permanent in the way of charitable consideration.

"I recognize, however, that your work goes beyond the realm of charity, and is in every sense one of grave necessity."

Wounded Two; Killed Himself.

WINDSOR, Dec. 21.—After seriously, but not dangerously, wounding his wife and her sister, Mrs. Dora'd Stowe, Elmer Lepine, teamster, waited until the sergeant of police broke down the door of the house to capture him and then shot himself thru the head, death resulting instantly. The shooting is the result of the estrangement of husband and wife.

Five Years for Bigamy.

GRAND TRUNK RAILWAY SYSTEM

Experienced Travellers Know
The Advantages of the Grand Trunk Route

To Montreal

It is the only double track route; which contributes to safety and comfort. It runs along the shores of Lake Ontario and River St. Lawrence, and through the principal towns and cities. It has an unequalled roadbed, laid with 100-lb. rails. It operates Pullman "up-to-date" Sleeping Cars, with their great reputation. It runs handsome vestibule modern coaches. It runs a "dining car and parlor car" service that cannot be surpassed. It has polite and attentive conductors and porters. It is the route of Canada's fastest and best train, "The International Limited." Always in the lead, it deserves your patronage.

A high official of one of the greatest railway systems in the United States, who recently travelled over the G.T.R. from Niagara Falls to Montreal, speaking of the roadbed, said there were very few lines in the United States that could compare and none that could surpass.

Tea Market Higher.

The tea market is higher this week in London than it has been for eleven years. The London Grocers' Gazette says of Ceylon tea:

"Tea was again dearer all along the line this week. Offerings continued to be on an almost absurdly small scale, and the 12,000 chests printed for this week were, of course, a mere drop in the ocean compired with the requirements of the trade."
