Lord Elgin Chapter Elects Officers Mrs. Campbell Is Again the Regent

Retiring Officers Eulogized By the Members--The Charity Ball.

The annual meeting and election of officers of Lord Elgin Chapter, Daughters of the Empire, was held yesterday afternoon at the residence of the regent, Mrs. Cl. T. Campbell, Queen's avenue.

There was a splendid attendance of the members.

The reports of the different committees were read, and the affairs of the chapter were found to be in excellent condition.

Election of Officers.

The election of officers resulted in the re-election of practically all the old officers, with the exception of Mrs. C. W. Belton, first vice-regent, and Mrs. Bernard C. McCann, treasurer.

These ladies tendered their resignations, which were reluctantly accepted by the chapter.

Both have been diligent workers, and the resignations were deeply regretted.

The election of officers resulted as follows:

Regent—Mrs. Cl. T. Campbell.

First Vice-Regent—Mrs. Whitwam.

Second Vice-Regent — Mrs. Robert Muir Burns.

Secretary—Mrs. R. M. Graham.

Treasurer—Mrs. John Stevely.

Standard-Bearer—Mrs. Brickenden.

Convener of Amusement Committee—Mrs. T. H. Purdom.

Auditors—Miss Pope and Miss Woolverton.

Charity Ball.

The reports from the charity ball, recently held by the chapter, are not all in yet, and it was impossible to give out the exact amount of the surplus.

A hearty vote of thanks was tendered Mrs. S. Stevely, the retiring convener of the amusement committee.

Several of the members spoke of the splendid organizing ability of Mrs. Stevely, and gave her the credit for the good work done during the year.

She had also charge of the recent charity ball, and a great share of the credit for so successful an entertainment was due Mrs. Stevely.

Professor Sheldon at Canadian Club

The appearance of Mr. Arthur Frederick Sheldon, of Chicago, president and founder of the Sheldon school, in connection with the board of trade banquet, to be given at the Tecumseh House on Friday night, has given, through the kindness of the committee having the banquet in charge, the opportunity to the Canadian Club of entertaining their members at luncheon tomorrow, with an address from this distinguished educationalist and speaker.

Mr. Shelden has addressed many public gatherings, and wherever he has spoken, whether before commercial bodies, made up of hard-headed business men and employers, or gatherings of humble toilers, he has created the most profound impressions. Bubbling over with wit and rich humor, and having a captivating and perfect enunciation, a practical man of wide commercial experience, a deep student of human nature, directing the searchlight of his splendid energies and rare insight into the everyday problems of business—such is the distinguished guest the members of the Canadian Club of London will have the privilege of entertaining at luncheon tomorrow.

Every member should avail himself of this opportunity. It will be an inspiration to hear Mr. Sheldon.

Three New Bridges for the County

At a recent meeting of a special committee from the Middlesex County Council and a committee from Lambton County Council held in Alvinston, it was decided to rebuild the Campbell bridge on the town line between Mosa and Brooke.

The new structure will be of reinforced concrete, and will cost about $1,500.

The span will be 60 feet in length.

Tenders will be opened at Alvinston on the 27th of next month.

The Middlesex committee was composed of Warden D. D. Graham, Councilor L. L. McTaggart and County Engineer Talbot.

Much Work Contemplated.

Mr. Talbot stated this morning that the county contemplates much of new work as soon as the spring opens up.

In this work will be included two steel bridges in the north part of Nissouri Township, on the third concession.

Tenders have been asked for these structures which will each be 55 feet in length.

Orangemen Summoned To Mt. Forest

A meeting of the greatest interest to the Orangemen of Ontario has been called by Grand Master E. T. Essery, of this city, who yesterday summoned the Provincial Grand Lodge of Ontario West to meet in Mount Forest on Wednesday, March 11. The election of a grand secretary to take the place of Grand Secretary William Lee, of Toronto, who recently resigned, will be held, and it is likely that either D. G. M. Harry Lovelock, or Brother William Fitzgerald, assistant grand secretary, both of Toronto, will be chosen for the position. William Lee, who has been secretary of Ontario West for many years, also resigns, as he was elected grand secretary for British America at the convention held last June in Vancouver. The office of deputy grand master, made vacant by the resignation of D. G. M. Harry Lovelock, who is a candidate for grand secretary, will probably be taken by Assistant Deputy Grand Master Fred Dane, of Toronto. Col. Belcher, of Southampton, and A. A. Gray, of Toronto, are said to be candidates for the offices of assistant deputy grand master and grand lecturer. A report that has been prepared by Grand Organizer Robert Birmingham will be submitted at the meeting.

Induction of Rev. Mr. Inkster Today

The induction of J. G. Inkster, M.A., into the pastorate of the First Presbyterian Church, took place this afternoon.

The Presbytery of London is meeting and has charge of the services.

The interim moderator, Rev. Dr. Henderson, will read the report of presbytery.

Rev. Dr. Ross, of St. Andrew's Church, addressed the minister; Rev. Dr. Munro, of Birr, addressed the congregation, and Rev. Mr. Nicholls, of Nelles' Corners, preached the sermon.

A luncheon will be tendered the presbytery this evening, at which prominent laymen of the church and others will deliver addresses.

All Bodies Want More Money This Year

Within a day or two, the city council estimates for the year will be prepared, and the process of pruning will then commence.

The estimates of No. 3 committee are already in, and they are much higher than last year.

The estimates of No. 2 committee will be submitted tonight, and are considerably higher than in 1907.

It is expected that No. 1 committee will be practically the same, or but little higher.

The library board is within its rights, but is asking for more than last year.

The board of health's estimates are not much higher, and other departments are practically the same.

Board of Education.

The board of education will not give the council much comfort. Their estimates will be much higher than last year.

The estimated expenditure in 1907 amounted to $143,993.

The figures this year will be much larger, and will go over $160,000.

This is caused by the increase in the teachers' salaries and other expenditures.

The Lorne avenue school will have to be rebuilt this year at a possible expenditure of $10,000, and the Talbot street school will also have to be renovated, but debentures will be issued for these.

Hospital Trust.

The hospital trust will increase its estimates about $4,000 over last year, and consequently will make a request for something over $30,000.

The estimates last year were $27,000, but there was a $3,000 overdraft.

On the whole, the estimates will be considerably larger than last year.

Three-Year-Old Lad Lost in London

A little lost boy caused considerable excitement last night in the east end.

Early last night, Mrs. Thomas A. Bayley found a lad about three years of age, on the streets crying as if his heart would break.

He was completely lost, and could not tell who he was or where he belonged.

Mrs. Bayley took the little chap in, and did her best to comfort him.

At supper time the youngster was in a better frame of mind, and Mr. Bayley phoned to the police station, and told the desk officer that he had a lost boy at his house.

The boy became sleepy as the hours went on, and was safely tucked into bed, and was soon lost in sleep.

In the meantime the anxious parents of the boy searched everywhere for the "kiddy," but could not find him.

At last the father phoned the police and was told where the boy was. He lost no time in getting over to Mr. Bayley's, arriving there about 11:30 o'clock, greatly relieved at finding the child, and the boy was taken home to his mother.

His name was White, and he lived in the far east section of the city.

Playgrounds Association.

A meeting of the Playgrounds Association will be held at the city hall tomorrow evening for the purpose of formulating plans for the playgrounds to be taken up in the spring.

GROCERS' BANQUET AT THE TECUMSEH

The Big Event Will Be Held Tonight—Some of the Speakers.

There will be a large attendance at the grocers' banquet in the Tecumseh House tonight.

Mr. Knight, manager of the Sunlight Soap Company, will be one of the speakers.

Col. Smith will reply to the toast of Canada, and Mr. Moses Masuret will respond to that of the wholesale interests

The retail grocers, who are giving the banquet, have spared neither pains nor expense to make it a grand success.

Local Items

—Mr. Chas. S. Martin and S. L. McAlpine, of this city, will take part in a concert at Glencoe this evening.

Mr. Gilp Recovering.

The many friends of Mr. A. M. Gilp, the Scotch soloist, will be pleased to hear that he is recovering from a severe attack of the grip.

Will Visit Toronto.

St. John's Lodge, 209a, of this city, will pay a fraternal visit to St. Andrew's Lodge, Toronto, on March 10. The visitors will exemplify the third degree.

London Won.

After being beaten 2—0 in the first half of a hockey game at St. Thomas last night, the London Collegiate team turned the tables and won the game by a score of 3 to 2.

Address by Mayor.

Mayor Stevely will address the Daughters of the Empire at the Paardeberg tea to be given this afternoon in the Y. M. C. A. parlors. There is considerable interest being shown in the affair.

Board of Works.

The board of works will meet this evening. There is little business up for discussion other than the estimates. After the meeting, Ald. Gerry, the chairman, will entertain the committee.

Board of Trade Banquet.

The board of trade banquet will be held promptly at 8 o'clock in the Tecumseh House on Friday evening. Tickets are going rapidly. All who desire to attend should communicate with Secretary Nelles at once.

Play Londoners.

The officers of the Grenadiers and Governor-General's bodyguards of Toronto, will play a game of indoor baseball here Saturday night with the officers of the Seventh Regiment. Tomorrow night the Seventh Regimental team will play at Windsor in the Garrison League.

Interesting Address.

Rev. Isaac Baker, of Meaford, gave an interesting address last night in connection with the special services being held this week in the Askin Street Methodist Church. There was a large attendance. Mr. Baker is a brother of Mr. Robert Baker, and Mr. Samuel Baker, of this city.

The Late Mrs. Nichol.

Mrs. Mary Nichol, wife of Mr. Hugh Nichol, who died in Stratford on Tuesday after a short illness from pneumonia, was in her 58th year. She was well-known in London, being mother of Mr. Ewen Cameron Nichol, of this city. Mrs. Nichol's other children are Mrs. W. R. Jenkins, of Windsor; Mr. William W. Nichol, B. A., of Listowel; and Miss Marion, at home Surviving members of her immediate family are her sisters, Mrs. J. Bateman, of Toronto; and her brother, Thomas McDermid, of Lockwood, Mo.; John McDermid, Hamilton, N. D.; Duncan McDermid, of North Easthope, and Malcolm McDermid, of Stratford. The funeral will take place on Friday afternoon.

QUEBEC BRIDGE DISASTER

Continued from Page One.

formulae now adopted as standards for bridge construction, the designers in the mass of detail seem to have lost sight of the great basic point, namely, the making of proper provision for the maximum strain on the great central span across the river. In an undertaking greater than ever before attempted in bridge construction it appears that the engineers failed to recognize that the usual working formulae as to weight and strain were not applicable without considerable modification in the present instance. The design was a beautiful one, and the details of construction were worked out with the finest care, according to the best principles of modern bridge building, but the weight of the great middle span was too great for the supporting members, hence the collapse. No flaw was found in any of the material supplied by the Phoenix Company.

That, in brief, is understood to be the conclusion at which the commission has arrived. For the design the chief engineer of the Phoenix Bridge Company was primarily responsible, his design being afterwards approved by Mr. Cooper, consulting engineer of the Quebec Bridge Company, being recognized as authorities on this continent in the matter of bridge construction. After both had passed on the design it was approved by the Government. In carrying out the design, when once approved, the commission, it is said, found no carelessness or any reason for criticism.

That the defect of the present design can be remedied and the bridge finally constructed is now the opinion of the engineers.

The commission, of course, makes no judicial finding as to the responsibility of the Government or of the Phoenix Bridge Company for the collapse beyond the statements outlined above. Responsibility for the financial loss involved, etc., will have to be settled later.

East Lambton Liberals To Hold a Convention

The Executive Accept the Resignation of Mr. H. J. Pettypiece.

Watford, Feb. 26.—The executive committee of the East Lambton Reform Association met here this afternoon to discuss the resignation of Mr. H. J. Pettypiece, ex-M. P. P., of Forest, who found it impossible to contest the riding. After considerable discussion the resignation was accepted, and it was decided to hold a convention in Watford on March 18 to elect a candidate.

The Conservatives will also hold a convention here within two or three weeks to choose a candidate. Two aspirants are in the field—Mr. Hugh Montgomery, M. P. P., and Mr. John Farrell, Forest.

Big Pistol Cost Owner a Cool $24 Who Pointed It at Another Boy

Magistrate Love Is Determined To Break Up Rowdyism in London West.

That Magistrate Love has not changed his attitude in the slightest in regard to the young rowdies who have been carrying on so outrageously in West London, was again in evidence this morning, when Fred Kaltenbach, a young man from that district, was found guilty of carrying one of the largest-sized pistols made, and of pointing it at Ernest Ryckman, a young boy, who lives on Blackfriars street.

The trouble resulted over a girl, again whom, it is alleged, Kaltenbach made some remarks of an insulting nature.

Ryckman told the magistrate the girl was a friend of his, and his ire was roused at once.

He and Kaltenbach engaged in a fight, and it was after the fight that Kaltenbach pointed the gun at him.

Testimony Corroborated.

Several witnesses corroborated the testimony of Ryckman.

Ryckman did not wish to prosecute, but the police made him do so, as, in the magistrate's opinion, a boy with Kaltenbach's reputation is too dangerous to carry such a weapon around.

For carrying the weapon he was fined $10 and costs, and for pointing it at Ryckman $10 and costs—a total of $24—and in addition was given a severe reprimand by the magistrate.

Another Case.

Out of this case grew another, in which William Dunsmore, a young man with a police record, was charged with being disorderly on the premises of Ryckman's father.

Dunsmore, it seems, went down the next day after the fight with Kaltenbach, and pitched into young Ryckman.

Mr. Ryckman, sen., tried to separate them, and Dunsmore attacked him.

Mr. Ryckman is excitable, and suffered an epileptic fit as a result.

Dunsmore was found guilty of being disorderly and fined $5.

Sold Liquor to a Juvenile.

For selling liquor to a juvenile, a young bartender was fined $10 and costs.

The charge was laid by Inspector Galpin.

Under the circumstances, the minimum fine was imposed, as the boy was invited in with a party of friends, and the bartender asked him his age, which was wrongly given.

The defense maintained that all that could be done was done to find out if the boy was of age, and that the bartender could do no more than take his word for it.

The court, however, ruled that the accused was exceedingly youthful-looking and that the bartender should have taken no chances.

Firemen When Ill Will Lose Pay No. 3 Committee So Decides

Information Regarding Pension Fund Will Be Secured at Once.

The firemen's superannuation fund was discussed at some length at the meeting of No. 3 committee last evening.

Chief Clark made a report of the amount of sickness during the present year.

Since Jan. 1 the men had been off a total of 88 days, at a cost to the city of $250 for the men's pay and substitutes' pay.

Chief Clark was in favor of a time limit on sickness, but the members of the committee thought the matter should be gone into slowly until the pension fund were established.

On motion of Ald. Booth, the matter was left with Ald. Greenlees, the chairman, to arrange, until the committee could get a report regarding the fund.

Will Lose Their Pay.

"Every man who is sick will lose his pay," said Ald. Greenlees, "if the matter is left to me. The privilege has been somewhat abused in the past, and I am going to put a stop to it. That will be my stand until the committee decided to do something else."

This was agreed to.

Ald. Booth will be in Toronto next week, and he was instructed to secure information regarding the establishing of a pension fund, and report at the next meeting.

Improvements To St. Peter's Organ

Extensive improvements to the big church organ in St. Peter's are just about completed, and it is hoped the instrument will be in readiness for the services on Sunday next.

The work is in charge of Warren Brothers, of Woodstock, and for some weeks they have been overhauling the organ and enlarging it.

The work has cost many hundreds of dollars and a large number of new pipes have been added.

The organ is now one of the largest and best-equipped in this part of Ontario.

Mr. Traher, the organist of the church, will test it thoroughly in a day or two.

Wants a Uniform Weight for Bread

Ald. Greenlees will confer with the city solicitor regarding a uniform weight for bread, and also regarding the selling of produce on the market.

The matter was discussed yesterday afternoon at the meeting.

At present, the question of selling produce by weight on the market is in the hands of the Provincial Legislature, and the city can do nothing regarding it until it is discovered what the Legislature will do.

"There should be a uniform weight for bread," said Ald. Greenlees. "It is a fearful nuisance at present.

"The bread is labeled, and the weight printed on the tag is so small that it can be seen only with great difficulty. I am going to do what I can to get a uniform loaf."

Inspector McCallum and Market Clerk Maker referred to the short weights being given by the farmers on the market, and declared that the committee should do something to abate the evil.

However, as the city has no power until the act is amended, the matter will rest until the council has the power.

DOPED AND ROBBED.

Detroit, Feb. 27.—What may develop into a mysterious murder was revealed yesterday morning, when a man, later identified as E. Chilcott, of Toronto, was found in an unconscious condition on Wabash train No. 12 and taken to the Detroit sanatorium, where he died yesterday afternoon without regaining consciousness. It is said he was doped with morphine and robbed.

What Your Savings Will Produce

for you when regularly deposited in the

Savings Department of The Bank of Toronto

Incorporated 1855

The table given below shows how deposits of one dollar to twenty dollars, made on the first day of each month, will accumulate in from one to ten years, with compounded interest at three per cent.

Interest is added to all savings balances four times a year.

Small or large sums may be deposited at any time. A deposit of $1 or more will secure for you a savings pass book.

YOUR SAVINGS ACCOUNT IS INVITED.

Capital	$ 4,000,000
Reserve and Undivided Profits	4,650,000
Deposits	25,000,000
