AGAINST PAUPER EMIGRATION.

(Canadian Associated Press Cable.)

London, June 2.—Right Hon. W. H. Long, president of local government board, in the house of commons debate on poor law schools, said he had no sympathy with the proposed emigration of pauper children in bodies and the establishing of pauper homes in the country to which they were sent. It might be most desirable to encourage the migration of children to Canada, but anyone who had studied the question realized it was attended with great risk.

Up or Down Stream?

Edwyn Sandys in May Outing.

In fly-fishing, as in many other arts, there are more ways than one for the successful accomplishment of the object in view. I know experts who, if allowed their choice, never would fish other than up stream, explaining their preference by the fact that the moving, if not rapid, water is then less liable to carry any sound of disturbed stones or foot movement to the fish. This is reasonable enough and many fine fish are killed in that way. Other anglers scorn the idea of working against the stream and say, "Avoid the disturbing of stones and other sounds. The fish always lie with their noses up stream and their eyes looking for what the water brings down. Therefore, be natural and send the lure down as the real fly would come." This is sound sense, for beyond question the more naturally a lure is presented the more tempting it should prove; hence the reader might say, "The down-stream theory appeals to my judgment and I'll follow it." That is all very well, but suppose, when working either up or down stream a bend happens to bring a low sun directly behind you—what then?

So far as I know there are few things which will so thoroly alarm trout as the shadow of a man or of his arm and rod shifting over a pool. When the complicated shadows of a lot of breeze-stirred branches are playing all over the surface, the addition of a few extra shadows may not greatly matter; but those days are comparatively rare, and even then it would seem that any unusually large shadow would of necessity be noticed. This suggests that upon the typical winding stream, alternate sections of which must needs trend toward widely apart points on the compass, a man will have considerable trouble to keep control of his warning shadow. This is best accomplished by a canny shifting from side to side as occasion may demand, and I believe this maneuvre to be well worth the slight trouble it involves. A wise man never suffers a shadow of his making to touch the water to be fished.

And now in regard to bait-fishing—that shockingly plebeian sport which your bigoted flicker of humbugs deems a gory old crime. I believe in scientific bait-fishing for several reasons, chief of which is its likelihood to catch fish, and the biggest and bulliest fish there. I don't mean a whole lot of fish, but, say, a couple.

FORCED VOTE WAS SURPRISE

Appointment of Thomas Kilvington Voted Down by Parks Board, After Hot Tussle.

TIME WASTED ON DOMESTIC SCIENCE

Special Committee Could Not Agree—Trouble in Hamilton Police Force.

Hamilton, June 2.—(Special.)—After one of the stiffest fights in the municipal affairs in this city, the proposition to appoint Thomas Kilvington superintendent of the city parks, at a salary of $1000 a year, was defeated this afternoon at the meeting of the parks board. The last stage of the contest was full of excitement. Chairman Leos, John Tilden and John Ronan favored the appointment, and Mayor Morden and ex-Ald. Walker contended that it would be a useless waste of money. The mayor and Mr. Walker stayed away from the meetings called by the chairman and there was no quorum. Those who favored the scheme hit upon a brilliant idea this afternoon, and had Mr. Fearman, who was regarded as Mr. Kilvington's supporter, brought to the meeting. Since their absence would not break up the quorum, the mayor and Mr. Walker also attended, and put up a stiff fight against the appointment. The motion to appoint Mr. Kilvington was put to the meeting. Messrs. Dillon and Ronan voting for it and the mayor and Mr. Walker against. Mr. Fearman did not vote, and the chairman, who is a warm supporter of Mr. Kilvington, might have given his vote and settled the appointment, but those behind the proposition were so sure of Mr. Fearman that they forced him into voting, and, to their astonishment, he voted against them. Another effort will be made to put the deal thru.

Birds Sold by Auction.

The birds captured by Special Officer Nicol, when he raided the cock-fight on May 24, were put up at auction today at No. 4 police station. There were eleven of them and they brought good prices.

John Goodman, 24 O'Rielly-street, tried to board a moving G.T.R. train this afternoon at the Jockey Club siding and fell under the wheels. Both legs were so badly mangled that they had to be amputated at the Emergency Hospital. The doctors have doubts of his recovery.

Trouble Among Police.

There is so many petty restrictions, and so much bulldozing on the police force by the superior officers that the young men will not put up with it. P. C. Goodall, one of a batch of six who were appointed a few weeks ago, handed in his clothes this afternoon and will tackle a new job in the morning. Another of his mates will follow his example.

The library board met this afternoon and decided to appoint a librarian on June 16.

Domestic Science Undone.

Domestic science got another setback this evening at the meeting of the internal management committee of the board of education. A special committee had been considering the cost of transferring a class in the science now taught in the Y.W.C.A. building to rooms in two other schools. They reported that the cost of fixing up the two rooms would be $762, and the running expenses that the board would have to pay for would amount to $550 a year. In the two classes 600 pupils could be taught. These three motions were made: That classes in two schools be established; that a class in the Caroline-street school only be established, and that the matter be dropped for a year. There was such a division of opinion that all three motions were defeated, and the committee had nothing to show for a whole night's work. Sergt-Major Huggins was granted leave of absence from June 13 to 24, to act as brigade sergeant-major at the Niagara Camp. The summer vacation will be from June 30 to Thursday, Sept. 1.

Street Railway Agreement.

The street railway conductors and motormen waited upon the company this morning to present a new agreement, and were very disappointed to find that the present agreement does not expire till August.

The Hamilton Jockey and Trotting Association has declared its races off.

Mrs. Scadding, 58 West Jackson-street, who lost $35 and two diamond rings on May 24, advertised a reward for their return, but without success. Yesterday she advertised that the finder could keep the money if the rings were returned, and to-day she got her rings.

Police Commissioners Meet.

At the police commissioners' meeting to-day at noon P. C. Oakes satisfied the members that he was not more than 25 years of age, and he will retain his job. P. C. Libke got six weeks' leave of absence to visit the old country. The salary of Truant Officer Hunter was raised from $600 to $800 a year. The commissioners again refused to make a grant to the widow and family of the late P. C. Barron for the funeral expenses, altho Magistrate Jelfs wanted them to give $150.

Stole From Nurses.

James Maitland, janitor of the nurses' home, South Wellington-street, was arrested this evening on the charge of stealing $10 belonging to one of the nurses.

WHERE IS THOMAS BIRKETT

Continued From Page 1.

by the latter company being granted, are the Metropolitan and the Consumers' companies.

Where is Birkett?

The bill will probably come up in the house to-morrow night, when the fight against the electric light monopoly will be renewed. A. W. Puttee will move the amendment, which he proposed before the private bills committee excluding the Consumers' Company from the companies whose stock may be acquired by the Ottawa Electric Co. No explanation has yet been made of Thomas Birkett's absence from the private bills committee. Why one of the federal representatives of Ottawa should deliberately remain away while the city's interests were being assailed in a committee of the house is a puzzle which has not yet been solved. Mr. Birkett himself has so far declined to throw any light on his extraordinary conduct.

It is a matter of considerable comment that it was almost a straight Liberal vote that rejected the amendment which would have safeguarded the city's interests. Only five Liberals voted against the company, and not a single Conservative was included in the list of members who forced the company's application thru.

Ottawa Journal Comments.

The Ottawa Journal, in an editorial headed: "Liberals for Monopoly," says:

"The division showed an almost solid Liberal vote for monopoly and extortion. Reasonable apprehension exists that this application is made in order to move the Ottawa Electric Co. power to stifle electric competition in Ottawa by acquiring control of the two other electric companies which have franchises here, namely, the Consumers Co., and the Metropolitan Co.

"Civic representatives opposed the bill on that ground. To test the matter, a motion was made by Mr. Puttee, M.P., that the Ottawa Electric Co. get the powers it asked for, with the exception that the powers should not apply in the cases of the Consumers' and Metropolitan Companies.

"At once the Ottawa Electric Company's representatives objected to the exception. They relied on the parliamentary friends of monopoly and their reliance was not in vain. A vote being taken, the monopoly move was supported by 19 to 14.

Reflects Discredit.

"The nineteen who constituted the cohort of the Ottawa Electric Co. were all Liberals. The fourteen who voted to protect municipal interest and the pockets of Ottawa consumers included nine Conservatives, one independent and four Liberals. Among these latter four Liberals, it is just to say, was Solicitor-General Lemieux, who thruout the discussion stood on the municipal side. Mr. McKinnon, another Liberal, was outspoken in the same interest. But the fact that the Ottawa Electric Co. had a solid Liberal contingent of 19 members of the committee behind it must reflect discredit on that party unless in the house itself a different spirit appears.

"It is said of a former parliamentary contest in which private electric interests of Ottawa were concerned, that one of the leading men here so interested canvassed personally 74 members of parliament on behalf of the electric interest. Naturally such a hustler was hard to beat. He won. No doubt the same tactics are at work again. This time there is a better opposition and one may hope, more backbone in parliament in such matters. A powerful factor for civic safety is the league of Canadian municipalities whose president and secretary appeared yesterday on the civic side, and Mayor Ellis is doing his duty in the matter."

LAMSDORFF MAGNANIMOUS.

St. Petersburg, June 2.—Foreign Minister Lamsdorff refuses to make a complaint against Prince Dolgorouky, who committed a personal assault on the minister Monday evening. The latter is still under arrest.

In Hospitals For Months

With Varicose Ulcers

Nothing But Temporary Relief Obtained—After Years of Suffering and Helplessness Permanent Cure Was Effected by

Dr. Chase's Ointment

Miss Elizabeth Campbell, 20 Sheridan-avenue, Toronto, Ont., states: "About eight years ago I hurt my leg near the ankle on a rocking chair. This caused great swelling and was followed by what the doctors called varicose ulcers. After about three months' treatment in the General Hospital, I was sent away as cured, but the trouble came back again. Then I tried Grace Hospital, with the same result, and after that used all sorts of treatments, with no lasting benefit. For a long time I could not get about the house, and could only stand by resting my knee on a chair.

"After suffering for years I read one day about Dr. Chase's Ointment, and began to use it. From the very start it seemed to be exactly what was required, and by persistent use I was entirely cured. As the cure was completed a year ago, it is undoubtedly permanent."

98 MILES IN 85 MINUTES.

Record Flight of Pigeons From St. Mary's to Toronto.

The Dominion Messenger Pigeon Association's second race on the old birds' schedule was flown off on Saturday, May 31, from St. Marys to Toronto, a distance of 98 miles, by teh members of the Dominion Messenger Pigeon Association. Mr. Stanley of St. Marys acted as liberator and released the pigeons at 11.20 a.m., with fine weather and everything in favor of the pigeons. The race proved to be a Canadian record and probably a world's record, for the distance, as W. Gould's Adrift covered the journey in a few seconds less than 85 minutes, or at the rate of 2013 yards per minute. The time in flying the distance and position of the competitors was as follows:

	Rts.	Mins.	Secs.
W. Gould's Adrift	1	24	55
J. Whillan's Scottish Chief	1	04	10
C. F. Kinsey's Miss D. D.	2	06	55
R. Aitken's 92nd	2	07	20
W. Harris' Gt.Expectations	2	07	20
Geo. Perry's Arithusa	2	06	25
G. Bailey's Old Tomorrow	2	07	50
G. Dougles' Grizzly	2	09	20
F. Goodyear's Steady	2	07	30
A. & J. Mayer's S.-You-By	2	20	45
J. Clark's Novice	2	25	00

In reference to the above record flight by Mr. Gould's Adrift, it may be said that Mr. Stanley of St. Marys has assured the secretary of the D.M.P.A. that his telegram stating the time of release, etc., was correct, that all the pigeons were liberated at one time, and all had an equal chance to win. At the Toronto end of the race no fraud is possible, as all competing pigeons are timed with a mechanical device, which, when once started on arrival of the pigeons, is impossible to tamper with or alter until the judge of the race unlocks the machine and breaks the seals.

Jim Jeffries Fit to Fight.

Harbin Springs, Cal., June 2.—Two of the best judges of pugilists on the coast—Col. Martin Brady, politician, and Dick Adams, hotelkeeper—are here. After studying Jeffries for several days, they said yesterday they considered him in fit condition to fight at once. Certainly the champion looks good to see. He is burned brown as an Indian, and tho he weighs at least 225 pounds, he is as light on his feet as he was on the memorable night in Frisco when he outpointed Corbett, and was a revelation to all who had seen him in the ring with Ruhlin and Fitz. Jeffries began regular boxing yesterday with Kennedy and his brother Jack, and the way he hustled them around wah painful—at least to them. When Jeff gets excited, he isn't conscious how heavy he hits, and both his sparring partners are in constant danger of a knockout blow. Jeff is playing baseball every day, as he regards this as fine exercise for the wind.

Ingersoll, June 2.—The last game of the W.F.A. series to be played here was played last night, between Woodstock and Salford, resulting in a score of 3—1 in favor of the latter. At the end of the first half the score was 2—0 in Salford's favor, and during the last half each team scored a goal, leaving it 3—1. L. Norman, with entire satisfaction to all, refereed. The Orillia team are in the best of shape, and will bring a large party down with them for the game, which will be played at the Island, starting at 3.30 on Saturday afternoon. The Tecumsehs will not be without the services of Swayne, who has been away on the trip with Varsity. The referee has not yet been decided on, but will be chosen to-day. Lacrosse Notes.

F. C. Waghorne referees the intermediate C.L.A. game to-day, Mount Forest at Elora. Mr. Waghorne has also accepted the position at St. Catharines on Saturday, when Brantford plays the return game.

The Junior Tecumsehs have dropped out of the junior series and will not go to Streetsville on Saturday.

The Cornwall Lacrosse Club will go to Ottawa next Saturday to play an exhibition game with the Capitals. They will be minus the services of John White, who has gone to Brantford, but they hope to give the Caps a close game. Cornwall has lost nearly a whole team this year, White, Cameron, Degan, Allan, Eastwood, Madden, Decaire and Clement, but there is quite a husky bunch left yet.

The Lornes of Mount Forest will play the first lacrosse match of the intermediate series with the Rocks in Elora to-day. The Rocks' line-up will be selected from the following players: Brew, Valley, Bryans, J. Wells, Bird, W. Wells, Muir, Hewitt, Bowan, Bowes, Adams, E. Powers, W. Powers, D. Caswell, D. Allan.

All members are requested to be there, as important business will be transacted.
