An Old-Fashioned Custom

The appointment of individuals as executors is an old-fashioned custom that is gradually dying out.

In naming friends as executors of your estate, you unconsciously burden them with additional responsibilities.

The appointment of this Company as your executor will relieve you of any feeling of obligation to friends.

OPERATOR'S MISTAKE MAY HAVE CAUSED PART OF SHORTAGE

Error In Provincial Commission Is Revealed.

Has London been suffering from a power shortage partly because of some mistake of some of the employees or operators of the hydro electric commission? This seems a logical conclusion from the statements made by Manager E. V. Buchanan at the meeting of the utilities commission Thursday.

Mr. Buchanana said that he had taken the question of more power up with Chief Engineer Gaby. The latter asked how many kilowats the city was getting. He was informed. "There must be some mistake," was his deply. They got in touch with the operator at Niagara. He confirmed Mr. Buchanan's statement. Mr. Gaby reiterated his statement that there was a mistake, and ordered that London be given some 4,000 more kilowats.

This fact came out when Commissioner F. G. Mitchell asked about the London Electric plant and what was being done about it.

Mr. Buchanan replied that he had authority to connect up with London Electric customers and that the city's needs would be taken care of. Mr. Buchanan also said that all the factories were economizing and must continue to do so, but there would be no more pulling of the switch. The manager expressed belief that the recent Meredith commission decision told the whole story. It would give hydro 25,000 horsepower.

Mr. Mitchell declared that all he wanted was to be assured that there would be light.

Chairman Pocock again said that there was no question but that the order to operate the London Electric had been made.

"By whom?" asked Mr. Mitchell.

"By Drayton," replied the chairman.

Mr. Mitchell answered that Sir Henry had told him presonally that there would be nothing done, and asked why the plant is not going, if such an order were issued.

Mr. Pocock said it was a question of cost. He said it would cost $60,000 a year to operate the plant.

Mr. Mitchell retorted that it would cost nothing of the kind. He had the figures. Mr. Pocock laughed.

"Don't laugh, this is serious business," said Mr. Mitchell. He added that with the London Electric customers and the street lighting load connected up, the plant of the London Electric, as he would want it, would pay for itself in five years. He had the figures, he said, and would prepare a full report and then present it to the commission for it to deal with.

SYNOD DECIDES NOT TO CHANGE THE DATE OF VESTRY MEETINGS

Business Wound Up by Election of Committees.

The discussion re the changing of the date of the vestry meetings from Easter to the new year was continued in the Thursday afternoon session of the synod. It was voted down, however, by the clerical delegates, the lay vote not having to be taken on this account.

The proposal of John Ransford to amend the constitution so that the synod could be called together at the discretion of the bishop, but not less than once every two years, was discussed.

In reference to changing the date of holding the synod to February, proposed by G. Collyer, there was little discussion.

In the absence of Mr. Collyer, Principal Waller brought the motion to the notice of the meeting. He thought that a large attendance would result from the change of time. His lordship stated that the present synod was the largest in years. The general opinion was that there would be no benefits from the change, and the proposal was withdrawn.

Rev. W. J. Spence urged a change relating to the appointment of a rector to a vecant parish, to the effect that no names of clergy should be mentioned in connection with the appointment, unless the rectors have been duly notified and their consent obtained. After an expression of the opinion of the delegates, Rev. W. J. Spence, with the consent of the synod, withdrew his motion.

Reverting to the missionary report the synod dealt with the question of the best method of raising the extra money needed for the missionaries in China, owing to the loss in exchange since the war. The Synod of Huron will raise $2,000 towarus this fund.

Will Ask Churches.

There was a great deal of discussion on the question. It was finally decided to ask the various churches of the diocese to raise their allotment of the sum by canvass or special collection before the end of June.

The synod, on motion of Rev. Dr. Tucker, reconded by Rev. J. M. Perkins, unanimously pledged itself to support the Government by every means in its power in any measures it may see fit to take to provide greater food production and conservation.

Resolutions were passed, thanking the postoffice department, Canon Cody, the press and all officers of the synod, and the citizens of London for their courtesy extended to the delegates.

Bishop Williams, in a few words, outlined the importance of the work that had been done by the synod. Special mention was made of the expression of the synod against the cancellation of the general synod, and the memorial to it in reference to the general pension fund.

The newly-elected executive committee met at the close of the synod.

WILL COST THEM MORE

Light Users in Broughdale Face High Hydro Bills.

There are 54 former London Electric customers in Broughdale and district who will likely pay a great deal more for their light in the future than when they were customers of the private company. These customers are scattered from Huron street north to the fourth concession. They made the suggestion to the utilities commission that they personally should take over the London Electric lines as they stand, as they announced that they secured a price from Manager C. T. Barnes. The price he gave was $1,600. It would cost the utilities over $900 additional.

The commission is not inclined to spend this money outside the city, and it is up to the would-be customers. It was suggested that they should pay 10 per cent in addition to their lighting bills. This would work out 50 cents each, but would allow but 3 per cent on the money. The commissioners suggested 20 per cent or $1 a month extra. The next suggestion was that the would-be customers should club in and buy the equipment and turn it over to the commission. The customers will be communicated with.

More than 100 notices have been received by Sarnia young men between 20 and 22, ordering them to report for duty at London.

OUR DEFENCE

In the spring we may be attacked at any moment. Toxic poisons pile up within us after a hard winter, and we feel "run-down," tired out, blue and discouraged. This is the time to put our house in order—cleanse the system and put fresh blood into our arteries. You can obtain an alternative extract from Blood root, Golden Seal, Stone and Queen's root, Cherry bark, rolled into a sugar-coated tablet and sold by most druggists, in fifty-cent vials, as Dr. Pierce's Golden Medical Discovery. This blood tonic, in tablet or liquid form is just what you need for "Spring Fever," for that lack of ambition. It will fill you full of vim, vigor and vitality.

Lindsay, Ontario.—"When my little daughter was five years old her liver was so sluggish that I feared she might be troubled with habitual constipation. I had read a great deal about Doctor Pierce's Golden Medical Discovery and decided to try it with her, giving her small doses. I found that it not only helped her liver, but it also proved to be a splendid tonic as well. It was such a splendid medicine that I would never hesitate to give it to her again if she needed it, and I take pleasure in recommending it to other mothers whose little ones seem to need a liver regulator and blood maker."—Mrs. Louisa Beach, Box 1135.

NEELEY—LANE.

DORCHESTER, May 2.—A pretty wedding was solemnized at the home of W. B. Lane here on Tuesday, when his daughter, Zella, became the bride of Frank Zeeley, son of the late George Neeley, M. P. P., also of Dorchester. The ceremony was performed by Rev. G. W. Rivers, B. A., in the presence of only the immediate relatives and friends of the contracting parties. The bride, who was unattended, was given away by her father, and to the strains of Lohengrin Wedding March, played by Miss Hattie Rath, they took their places beneath an arch of roses and smilax. The bride was attired in white satin and georgette crepe embroidered with pearls, with veil and orange blossoms, and carried a bouquet of roses and lillies of the valley. Her travelling dress was navy blue serge with hat to match. The bride's mother was attired in black silk with bouquet of roses and sweet peas. Among those present from a distance were the groom's brother Homer, from New Ontario, and Mrs. R. Neeley from Toronto.

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! See if Tongue Is Coated, Breath Hot or Stomach Sour.

"California Syrup of Figs" Can't Harm Tender Stomach, Liver, Bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste, and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit-laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

GAS FORMED ABOUT THE HEART

Causing Pain and Much Anxiety — Chronic Indigestion Was the Source of Trouble—Complete Cure Obtained.

Woodstock, Ont., May 2.—No derangements are so dreaded as those of the heart. And yet many who imagine that they are in a serious way from heart disease are really suffering from indigestion. The food ferments, instead of being digested, gases are formed which crowd about the heart and cause pain, dizzy spells and smothering feelings.

Dr. Chase's Kidney-Liver Pills are the most satisfactory treatment obtainable for this condition because they awaken the action of kidneys, liver and bowels, and thereby remove the cause of trouble.

Mrs. R. Walmsley, 403 Main street, Woodstock, Ont., writes: "My husband was troubled with gas around the heart, and suffered in this way for some little time. A friend advised me to have him try Dr. Chase's Kidney-Liver Pills, and acting upon her advice we got a box and gave them a trial. My husband found they helped him splendidly, completely relieving his old trouble. Since then he keeps them in the house, and if he feels any of his former symptoms returning, he always finds immediate relief in Dr. Chase's Kidney-Liver Pills."

Mrs. Horatio Scratch, Kingsville, Ont., writes: "I feel it a duty as well as a pleasure to tell of the benefits received from the use of Dr. Chase's Kidney-Liver Pills and Ointment. One year ago I was a great sufferer from cramps in my stomach and bowels and sometimes had to call in the doctor I was so bad. The use of Dr. Chase's Kidney-Liver Pills completely overcame this trouble."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.
