NEW YORK, Sept. 4—p. m.

Gold 115 1-2; sight exchange 107 7-8: money 6 per cent.

The Boston *Journal* to-day figures Washburn alread six delegates ahead of Butler, and says the defeat of the latter in the Republican Convention is assured.

The cashier of the State Bank at New Brunswick, New Jersey, is an alleged defaulter of between one and two hundred thousand dollars.

DROWNED AT SEA.

PORTLAND, Me., Sept. 4.

Schooner Gray Eagle at Boothbay, 29th, reports, 27th sixty miles north by east from Mt. Desert, picked up the fragment of a raft with inscription on a board, dated August 24th, to the effect that schooner Eliza Francis, of Eastport, was waterlogged and upset, that she afterwards went to pieces, six men who had been two days on the raft without food, viz:—The captain who belonged to St. Andrews, N. B.; Wm. W. Hooper, mate, Deer Island; Arthur Hooper, Deer Island; James Conley, St. Andrews, N. B.; Stillman Thornton and James Burns, Princeton. Some hair on one of the sticks seemed to indicate that some or all of them had been violently swept from the raft.

PARIS, Sept. 4.

The last instalment of war indemnity will be paid to Germany to-morrow.

It is officially announced that the Duke of Harcourt takes the French mission to Austria, and Duke DeCases the mission to England.

It is announced, upon authority, that about 40,000 Carlists are under arms in Spain. They are making arrangements to establish a cannon factory in Tarragona.

(Special Telegram to the Tribune.)

Light through the Cloud of Calumny---Strong Testimony in Behalf of the Government---Satisfaction with Judge Day's Conduct.

OTTAWA, Sept. 5.

The evidence given yesterday created an impression favorable to the Government.

Sir Francis's review of the history of the Pacific negotiations showed conclusively that the Government acted throughout for the best interests of the Dominion. His statement that he never knew that Sir Hugh Allan had subscribed to the election fund till long after the elections were over created a deep impression, as also did his statement that before and after the elections the Government laboured earnestly to bring about an amalgamation of the two Canadian companies with good hope of success. This they could not possibly have attempted had they already promised, not to say sold, Sir Hugh Allan the charter. Sir Francis also stated that when Allan subscribed to the election fund the Government had come to no decision except to exclude Americans, and that Allan could have had no possible means of knowing that he might eventually get the charter.

Every one, except some rabid Grits, is satisfied with the thorough and impartial manner in which Judge Day conducted the examination.

The whole case, boiled down, is that the Conservative party formed an election fund the same as did the Grits.

On the charge of selling the Charter the Government will come out of the investigation cleared beyond the shadow of a doubt, and they cannot be held responsible for Allan's mistatements to his American associates.

MADRID, Sept. 4.

CIVIL WAR IN SPAIN.

The authorities of Garez, in Andalusia, fear a socialistic outbreak in that town, and have made a demand upon the Central Government for reinforcements for the garrison. Willaton, commander of the artillery of the Republican force besieging Cartegena, has tendered his resignation, alleging as a reason that the forces at his disposal are not sufficient to enable him to maintain himself against the guns of the Insurgents.

BAYONNE, Sept. 4.

It is announced upon authority that that there are now about 40,000 Carlists under arms in Spain. They are making arrangements to establish a cannon foundry near the town of Tortosa in Tarragona.

Freights.

NEW YORK, Sept 5th—The tonnage supply has again become reduced to a low figure, not only here, but at the outports, and the market has gained somewhat in tone and strength. Grain tonnage is most sought after for the United Kingdom and Continent, and rather fuller rates have been paid in some instances. A feature of the market is the charter of two or three vessels with wheat to Italy. Long voyage tonnage is much wanted, but rates are relatively lower than trans-Atlantic voyages. Westindia, South America and coastwise business is restricted by the scarcity of tonnage. The Rive Plate lumber trade has slackened under less favorable advices thence.

SAN FRANCISCO, Aug 26th—Sch Lovet Peacock, 349 tons, has sailed for the north to load lumber for Callao. Ship Northern Light, wheat to Cork £4 15s; Hawaiian bark Chocola, 273 tons, is at last fixed up to load lumber at Cementville for Callao, private.

Ayer's Sarsaparilla.
FOR PURIFYING THE BLOOD, nothing has ever been offered which can compare with this EXTRACT OF SARSAPARILLA. It is found a great promoter of health, when taken in the spring, to expel the humors that rankle in the system at this season of the year. Many complaints have their origin in the spring, and in the causes above mentioned, for which no better remedy has ever been devised. By its use multitudes can spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system strives to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Prepared by
