A FARMER'S TALE OF WOE.

THE INTERESTING NARRATIVE OF A GRENVILLE CO. MAN.

His Spine Injured While Working in the Woods—A Long and Painful Illness Followed—How He Regained Health and Strength.

There are few readers of The Recorder who are not familiar with the fact that Dr. Williams' Pink Pills for Pale People enjoy a reputation for excellence, both at home and abroad, not equaled by any other proprietary medicine. That this reputation is deserved is amply borne out by the evidence of many of the best newspapers in the country, which have carefully investigated the most noteworthy of the cures following the use of Pink Pills, and have given the facts to their readers, with a clearness and conciseness that admit of no doubt as to the truthfulness of the report. Recently a reporter of The Recorder was informed by Mr. John A. Barr, the well-known druggist, that the particulars of a case quite as striking as many that have been published could be learned from Mr. Samuel Sargeant of Augusta Township, who had been benefited most remarkably by the Pink Pill treatment. The reporter determined to interview Mr. Sargeant, and accordingly drove to his home in Augusta, about six miles from Brockville. Mr. Sargeant was found busily engaged in loading logs in the woods near his home, and although well up in the sixties, was working with the vigor of a man in the prime of life, exhibiting no traces of the fact that he had been a great sufferer. When informed of the reporter's mission Mr. Sargeant said he could not say too much in favor of Dr. Williams' Pink Pills, and expressed his willingness to give the facts in connection with his restoration to health. "Two years ago," said Mr. Sargeant, "I went over to New York State to work in the lumber region for the winter. One day while drawing logs one slipped and rolled on me, injuring my spine. The pain was very severe, and as I could no longer work I was brought back to my home, and was laid up for about six months. I suffered a great deal and seemed to be growing worse. I became badly constipated, and as a result piles developed, which added to my misery. The various treatments did not appear to do me any good, and one of my neighbors advised me to try Dr. Williams' Pink Pills. My wife went to town and procured a supply, and I had not been taking them long when I found myself growing stronger and the pain leaving me. The pills made my bowels regular again and the piles disappeared, and by the time I had taken six boxes I found myself as well as I ever was, and able, as you see, to do a good day's work." Mr. Sargeant further said that he had been troubled with hernia for fourteen years, during all which time he was forced to wear a truss. To his surprise that trouble left him and in April last he threw away his truss and has had no occasion for it since. Mr. Sargeant declares his full belief that this too was due to the use of Dr. Williams' Pink Pills, but whether this is the case, or whether his release from the rupture is due to his prolonged rest as a result of his other trouble, the reporter does not pretend to say—he simply tells the story as Mr. Sargeant gave it to him. One thing is certain, Mr. Sargeant and his wife are very enthusiastic as to the merits of Dr. Williams' Pink Pills. Incidentally Mrs. Sargeant told the reporter of the great benefit Pink Pills had been to her sister, Mrs. William Taylor, who lives in Essex County, England, and who was a sufferer from paralysis and unable to move hand or foot. The trouble affected her stomach to such an extent that she was unable to retain food, and to stimulants alone she owed her existence for a considerable period. Mrs. Sargeant sent her sister a supply of Pink Pills, which soon showed that she had secured the right medicine. The treatment was continued and a further supply of the pills procured after the company opened its London house, and when Mrs. Sargeant last heard from her sister she had regained almost all her strength after having been prostrated for several years.

A depraved condition of the blood or a shattered nervous system is the secret of most ills that afflict mankind, and by restoring the blood and rebuilding the nerves Dr. Williams' Pink Pills strike at the root of the disease, driving it from the system and restoring the patient to health and strength. In cases of paralysis, spinal troubles, locomotor ataxia, sciatica, rheumatism, erysipelas, scrofulous troubles, etc., these pills are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore the rich glow of health to sallow cheeks. Men broken down by overwork, worry or excesses will find in Pink Pills a certain cure. Beware of imitations and substitutes alleged to be "just as good." Sold by all dealers or sent by mail, postpaid, at 50 cents a box, or 6 boxes for $2.50, by addressing the Dr. Williams Medicine Co., Brockville, Ont., or Schenectady, N.Y.

SADIE SAID HE SAID SO

But as Sadie Was His Wife Her Evidence Was Inadmissible.

William Parks, an Englishman of middle age, pleaded not guilty at the assizes yesterday to a charge of bigamy.

It was charged that when in September, 1893, Parks, who was also said to be known as William Taylor, married Sadie Conley at Cooke's Church, he had admitted to Miss Conley, or Mrs. Parks, that he had married Sarah A. Black in England and that his first wife was still alive. His Lordship, however, ruled that Sadie's evidence was not admissible and Parks was discharged.

Something to Swear By.

Yes, The Toronto Sunday World is something to swear by, in so far as it is always good and always reliable. If you miss buying to-night's paper you will make a mistake that you will subsequently regret. It will contain, as well as all the news up to the hour of going to press, a wonderfully interesting article on English and American Home Life, by Price Collier; The Siege of Delhi, an article founded on a famous lecture delivered by Lord Roberts, who at the time of the Mutiny in India was a lieutenant; England's female volunteers, a witty article on the latest phase of woman's attempt to imitate man; Some Strange Irishmen, an interesting description of a singular race; New Zealand's Land Laws, an article that all reformers and political students shoud read; Literary and Topical Notes; Should Women Propose, by Tennessee Claflin; The Real Dick Sheridan, being the true story of the romance in the famous playwright's life; Beauty on the Bicycle, or costumes for wheeling women; a full page of society news and gossip, illustrated, with notes on what Toronto ladies are wearing; the customary departments, and a capital cartoon by the only Sam Hunter. If you are not a subscriber for The Toronto Sunday World buy it off the newsboys or from your newsdealer, but the best way to get the paper is to have it mailed or delivered free on the following terms: $2 a year, $1 for 6 months, 50 cents for 3 months, 20 cents a month, 5 cents a copy.

For Europe.

A. F. Webster, general steamship agent, northeast corner King and Yonge-streets, booked the following Torontonians to sail this week for Europe: John Donogh, wife and two children, A. E. Ames, Mrs. Charles Walker, Miss Walker, Robert Thompson, E. W. Thompson, Albert A. Thompson, John Gordon, E. E. Mockley, William E. Ramsay, wife and child, John Lauder, T. A. White, Mrs. H. Taylor, Charles Davis, P. Moriarity and wife, Ada Loudon, D. Birch, Ambrose Kent, W. C. Kent, Miss Kent, David Lindsay, John M. Clark, Dr. J. Caven, Mrs. Caven, Miss Burns, Miss Annie Goldie and Mrs. Nelison.

Street Car Accident.—Mr. Thomas Sabin says: "My eleven-year-old boy had his foot badly injured by being run over by a car on the street railway. We at once commenced bathing the foot with Dr. Thomas' Eclectric Oil, when the discoloration and swelling was removed, and in nine days he could use his foot. We always keep a bottle in the house ready for any emergency."

MISSING PACKAGE 399.

Ex-Mail Clerk Patrick Duffy Presently on Trial at the Assizes for the Larceny of $231.

On the charge of stealing package 399, containing $231 of the Postmaster-General's money, Patrick J. Duffy was placed upon trial yesterday afternoon.

The evidence put in last evening is very much similar to that introduced at the former trial on which Duffy was acquitted of a like charge. His handsome wife, in a dainty spring costume of gray and blue, her brown curls surmounted by a dashing black Gainsborough hat, sat by her husband's counsel, Mr. Murdoch.

Twenty-four jurymen, 12 on each side, were challenged before a satisfactory jury was secured. Then Mr. Clute outlined the case for the crown and called the first witness.

Mary Cavanagh, a demure little brunet in black, the assistant postmistress at Burk's Falls, told of the starting on its voyage of package 399. On Dec. 7 last she mailed the letter in which was enclosed $231 for the Montreal Bank at Ottawa.

S. Blatherwick, a young man living at Burk's Falls, carried the mail from the postoffice to the train.

Robert H. Little ran on the mail car from Burk's Falls to Gravenhurst. He received package 399 in good order from the carrier at Burk's Falls. He turned this over to the Northern Railway at Gravenhurst. Duffy and Quinlan were on the car. He came on to Toronto with them in the same car.

Michael Quinlan, mail clerk, was Duffy's partner on Dec. 7. On that day Duffy assorted the ordinary letters and was senior clerk in charge of the car. Witness attended to the registered letters and newspapers. The registered letters were sealed and put in a bag, which Mr. Duffy was to turn over to the transfer agent at the Union Station, Toronto.

The hearing will be continued this morning.

PARTNERS NOT OF ONE MIND.

Two Peculiar Charges of Theft Ventilated at the Sessions.

George Taunt was tried in the Sessions yesterday for the alleged theft of goods under seizure. James C. Gordon claimed that Taunt was in arrears with the rent of the premises at 69 Jarvis-street, where he was manager of a carriage repository. A bailiff was put in and Mr. Taunt gave a covered buggy as security, and Gordon claims that Taunt afterwards took possession of the buggy again without redeeming it. It was shown by the defence that the buggy belonged to a carriage builder named Nafe and that it was removed at his instance. Taunt was discharged.

Sarah Thomas was charged with the theft of a quantity of furniture from Mrs. Margaret Nesbitt. Mrs. Nesbitt and Miss Thomas kept a boarding house at 191 Church-street, at the first of this year, each supplying a certain amount of furniture and doing half of the work. During the month of April the two dissolved partnership, and Miss Thomas removed a number of articles of furniture to another house. Mrs. Nesbitt claims that these goods belonged to the partnership and Miss Thomas had no right to them. On the other hand Miss Thomas claimed that the furniture was bought from the C. F. Adams Company after the boarding house was opened, and that the deposits were paid with her money.

When the court adjourned the case was still in argument.

Murdered By a Madman in Jail.

CHICAGO, May 11.—James Maher, a prisoner in The Bridewell, was murdered last night by his cell-mate, George Dunlap, who became suddenly insane. Maher's head was beaten to a pulp on the stone floor before assistance could reach him. A terrific struggle took place between the guards and the madman before he was overpowered.

Plante Further Remanded.

F. J. Plante, extradited from Denver, Colorado, was up in Justice Wingfield's court yesterday, charged with assaulting two Chinamen about nine months ago.

W. G. Murdoch appeared for Plante and secured a remand until Tuesday next.

Northrop & Lyman's Vegetable Discovery has worked wonders for dyspeptics, and we don't think there is a case of dyspepsia to be found that it will not cure if the directions are followed. Mr. C. E. William, Druggist, Wingham, says: "The Vegetable Discovery is selling well, and I know of one bad case of dyspepsia that it has completely cured."

An article of great interest is English and American Home Life—a contrast—in The Toronto Sunday World.

WASTED TO A SKELETON.

Spring Valley, Rockland Co., N.Y.
DR. R. V. PIERCE: *Sir*—For three years I had suffered from that terrible disease, consumption, and heart disease. Before taking Doctor Pierce's Golden Medical Discovery I had wasted away to a skeleton; could not sleep nor rest, and many times wished to die to be out of my misery. Step by step, the signs and realities of returning health gradually but surely developed themselves while taking the "Discovery." To-day I tip the scales at one hundred and eighty-seven, and am well and strong.

ISAAC E. DOWNS, ESQ.

PIERCE Guarantees a CURE.

The "Golden Medical Discovery" has also cured my daughter of a very bad ulcer located on the thigh. After trying almost everything without success, we purchased three bottles of your "Discovery," which healed it up perfectly. Respectfully yours, ISAAC E. DOWNS.

SCROFULA
CURED BY
B.B.B.

MRS. JAS. CHASE.

Worst Kind of Scrofula.

DEAR SIRS.—I had an abscess on my breast and scrofula of the very worst kind, the doctors said. I got so weak that I could not walk around the house without taking hold of chairs to support me. The doctors treated me for three years, and at last said there was no hope for me. I asked if I might take B.B.B. and they said it would do me no harm, so I began to take it, and before three bottles were used I felt great benefit. I have now taken six bottles and am nearly well. I find Burdock Blood Bitters a grand blood purifier and very good for children as a spring medicine.

DRINK AND THE DEATH RATE.
The British Medical Association appointed a committee to make enquiries in order to ascertain the average age of the different categories of drinkers, that is to say those who refrain completely from alcoholic drink, those who indulge more or less in moderation, and those who drink to excess. Its conclusions are drawn from 4234 deaths, which are divided into five categories of individuals, with the average of age attained by each:

	Yrs.	Days
1—Total Abstainers	51	22
2—Habitually Temperate Drinkers	63	13
3—Careless Drinkers	59	67
4—Free Drinkers	57	59
5—Decidedly Intemperate Drinkers	53	3

These figures show, singularly enough, that those who reach the shortest age are those who drink no alcohol whatever; after them come the drunkards, who only exceed them by a trifle. The greatest average age is reached by those who drink moderately.—Revue Scientifique.
