NO INSTRUCTIONS RECEIVED HERE TO CALL OUT "C" MEN

But Rumor Has It This Is Coming.

Notwithstanding the fact that rumors have been in circulation for some days past that category C men would be called up immediately, no information to that effect has yet been received at the deputy registrar's office.

The statements were made that category C men would be ordered up for duty because the exigencies of the occasion made this action necessary.

Veterans Object.

It is understood many returned men who have not been discharged are putting up strenuous objections to doing duty in Canada when thousands of C men are available to take their places.

Representations will be made to that effect to Ottawa by the returned men, it was stated today.

Men in category C have been pronounced medically fit for duty only in Canada.

Men in D category are being re-examined daily by boards all over the military district. About 40 per cent of those re-examined have been found fit for service, and have been put in khaki.

DEEP INTEREST TAKEN IN THE CONFERENCE OF CHINA INLAND MISSION

Mrs. Fiddler Tells of Exciting Scenes in 1900—Meetings Ended.

"Although the attendance at our meetings was small, the interest in the work of the China Inland Mission was very deep and real," said Rev. F. A. Steven at the close of the China Inland Mission conference Thursday evening, held in the First Presbyterian Church.

Mrs. J. S. Fiddler, a returned missionary from China, gave a vivid description of the escape of several other missionaries, Rev. Mr. Fiddler, herself and family, during the Boxer outbreak in 1900. At this outbreak, 50 missionaries, sent out to China by the China Inland Mission, 20 children and many of the natives were killed, Mrs. Fiddler and family barely escaped with their lives, losing every possession.

"Foreign Devils."

Throughout the interior of China the missionaries are known to the natives as "foreign devils," and after their escape to the far north of China, they were not very warmly received, said Mrs. Fiddler, but after a few years had been spent in this part, and they were preparing to leave for a mission station farther south, the officials and magistrates gave a farewell banquet in their honor, and begged them to return as soon as possible. Mrs. Fiddler related a story, telling how a home for foundlings and cast-out Chinese baby girls, was started. On opening the door one morning, a foundling was found upon the doorstep of the missionary's home, on the same day a letter arrived from England containing a sum of money for the most needy purpose. Mr. Fiddler thought that the foundling was the most needy person just then, and the money was given to support the child.

Once Again.

Not long after, a Chinese baby girl was found carefully laid at the door of the missionary, and strangely another letter arrived containing money to be used for the most needy purpose. This money also was given to support the little girl, and from this incident, a school has been founded, in which are at present 500 orphan Chinese children. Rev. Henry Frost closed the conference by reading a passage of Scripture.

The speakers at the afternoon session were: W. R. Williams, a returned missionary, and Rev. W. J. Southam of All Saints' Church, Toronto.

CONGREGATION HONORS CAPT. AND MRS. GRAHAM

Former Pastor and Wife Receive Presentation From Chalmers People.

Capt. (Rev.) A. Graham, who recently resigned from the pastorate of Chalmers' Presbyterian Church to accept the appointment of camp chaplain, was last evening presented with a handsome arm chair by his former congregation at a talent tea held in the home of Mrs. Forrester, 311 Horton street. Mrs. Graham was presented with a bedroom electric lamp as an expression of appreciation of her services to the church. Miss Macbeth, a valued member of the church for many years, was presented at the same time with a purse by the Ladies' Aid, in which organization she has been an active worker previous to her leaving to make her home elsewhere. Capt. and Mrs. Graham are continuing their connection with Chalmers Church as members, the former acting as interim moderator during the vacancy.

FOUR TO GO OVERSEAS RATHER THAN TO JAIL

Guilty of Desertion But Willing to Redeem Past Errors.

That Magistrate A. H. M. Graydon is of the opinion that it is better to fill the ranks of the Canadian army overseas than fill the Canadian jails and prisons with violators of military law was evidenced in police court today, when he allowed four deserters to go on suspended sentence, providing they went overseas. All expressed a desire to go overseas. They were: Alfred Hoeltze, Ernest Frederick Sanabair, Adrian Ladonener and Joseph Denys.

Each man pleaded guilty to desertion when his name was called. All had deserted from the first depot battalion, W. O. R.

Release Asked.

Major Baron Osborne, representing the military authorities, stated to the court that he had been instructed to ask for suspended sentence for all four men providing all were willing to proceed overseas at once.

Magistrate Graydon concurred with Major Osborne in the latter's argument and suspended sentence in all cases.

Denys was recognized as a deserter when he attempted to enlist at the armories a few days ago.

Ladonener stated he had gone home to see a sick relative and had forgotten to return.

Pat Draws Sentence.

A fifth deserter, Patrick Joseph Robert McCormick, was sentenced to six months in the county jail. He pleaded guilty in police court on Tuesday last along with two others who were sentenced to two years each.

Major Osborne stated to the court that he would make application inside of two weeks for McCormick's release, so that the latter might be sent with a draft overseas.

PLAY ON OWN FLOOR; HAVE 20-POINT LEAD

O. B. A. Junior Title Looks Due to Stay in London For Another Season.

The London Y. M. C. A. junior basketballers are in fine trim for the second game of the O. B. A. finals here tomorrow night, when the Toronto Central Y. M. C. A. squad comes up to meet them. London has a nice 20-point lead corked up, and this coupled with the advantage of playing the second game on their own floor is expected to give them the title without any great trouble.

It looks as if Manager A. T. Taylor, who piloted last year's London Juniors to the championship, will repeat his performance again this season. He has Gillies and Cline, two of 1917 winners, on his lineup, and backing them are Mascari, McLean and Henderson, three of the smoothest kids that ever appeared in London. This may look a lot to say, but nevertheless it's true.

A good turnout is expected at the game.

TOMMIES SHOT LEAD INTO DENSE MASSES UNTIL BODIES ACHED

Germans Could Be Shot Down With Eyes Shut, Says Gunner.

TOLL OF LIVES TERRIBLE

Coolness of Troops Under German Attacks Shown by Incidents.

London, April 12.—"You could have shot them down with your eyes shut," said a wounded machine gunner, in describing how the Germans attacked on the western front, according to the correspondent there of the Daily Mail. "We fired straight into them, and they went down in heaps, yet we could not stop them. It was one down and another came on."

The correspondent quotes other remarks from wounded soldiers which are indicative of the unconquerable spirit of the British defenders and which bear further testimony to the terrible toll the Germans are paying for every foot they advance. The correspondent says wounded soldiers agreed that the Germans outnumbered the defenders at least two to one.

It Was Murderous.

"Aye, we're never far away," a wounded Highlander replied to the remark of the correspondent that the Highlanders seemed to get into all the battles. He proceeded to tell how his regiment was on the canal bank when the Germans tried to cross. "They advanced on both flanks, coming upon either side in the attempt to get across. We were told to hold our fire and waited until they were well in view. Then, when there were hundreds before us we let fly. Man, it was murderous."

A Yorkshire man, who was standing nearby, broke in: "That may be, but that was no better than when we saw them along the side of a hedge. They didn't expect us to be so near. We pumped bullets into them with Lewis guns until our bodies ached."

As an illustration of the coolness and confidence of the British troops, the Daily Mail correspondent says some Highlanders told him how they found a quantity of food in trenches which some other troops had been forced to evacuate before heavy German attacks. The Highlanders said the first thing they did was to sit down and eat the food.

Took Care of Inner Man.

"We fried their eggs and frizzled their bacon. Never miss a chance, is our motto. We had a fine feed."

In the garden of an improvised hospital, where the daffodils toss their golden heads in a light breeze, several men sat on a bench. They did not eat the daffodils; they saw nothing. They sat hunched up as they slowly recovered power to breathe freely. They were poisoned gas cases. The correspondent adds: "Happily, they were not likely to be much worse, the doctor thought. But they were bad enough, and it made us feel that for chemists who invented such means of war craft and generals who were devilish enough to introduce it, and for the nation which applauded its employment, no punishment could be too cruel, no torture too refined."

NO ARRANGEMENT FOR USE OF L. E. PLANT

But Commissioner Mitchell Hopes for Something Definite Soon.

Commissioner F. G. Mitchell is working hard to obtain some measure of relief for those firms and people who have been deprived of power and light through the shutting down of the London Electric plant, but so far has not been able to get anything definite arranged. He had intended to interview Mr. McDougall, general manager of the Toronto Electric Light and Power Company and of the London Electric Company, but has been unable to get in touch with him, as Mr. McDougall has been in Ottawa for the last few days on business.

Commissioner Mitchell believes his scheme for using only small machines in the London Electric plant here will be favorably received by Mr. McDougall and hopes to have something satisfactory to announce in a day or two.

PTE. BRADLEY WOUNDED

Pte. Bradley enlisted in London, and went overseas with the C. M. R. two years ago. He was in the record office in London, England, until six months ago, when he was transferred to France. It is not known whether the wound is serious or not.

Pte. H. R. West, another Londoner, is reported ill, but until further particulars are received the extent of his illness will not be known.

GRAIN.

Chicago, April 12.—Sharp setbacks took place today in the price of corn, as a result of generally accepted opinions that yesterday's sharp advance had been excessive to extent. Probability of an increase in the crop movement next week tended likewise to favor the bear side, and so too did the fact that hedging sales are not limited to any specified amount. Opening prices, which varied from unchanged figures to 1¼c lower, with May at $1 27⅞ and July at $1 56@1 57, were followed by decided further losses in the July delivery.

Fine weather and lack of an eastern outlet weakened oats. Besides, the downturn of corn had a bearish influence. After opening ⅛c to 1c lower, with May at 85¾c to 86¼c, prices continued to decline.

Chicago, April 12.—Opening: Corn—May, $1 27⅞; July, $1 57@1 56.

Oats—April, 89½c; May, 86c.

Winnipeg, April 12.—The oats market opened ¼c to ½c lower for May at 94½@94c; July ½c down at 91c.

May flax, ¼c higher at $3 89.

There was a good demand this morning for cash oats, with very light offerings.

Inspections yesterday totaled 551 cars.

LONDON STOCK EXCHANGE.

London, April 12.—While there was little disposition to do business over the week-end, the stock market today maintained a cheerful tone. Consols improved and the war loan and other investment stocks were firmly maintained on light buying. Tin mines continued in favor, and Spanish bonds were the strongest features on the low exchange rate. Shipping shares were easy, while the other sections were dull.

Halifax, N. S., April 12.—Bank clearings, $3,763,674.

WALL STREET.

New York, April 12—Wall Street, 10:30 a.m.—A considerable part of the setback recorded in the final hour of yesterday's stock market was recovered at the outset of today's trading. War issues led the rally, especially equipments and shippings. Gains of about a point were scored by Marine preferred, Baldwin Locomotive, American Car, Industrial Alcohol and Distillers. High-grade rails made substantial improvement, but pressure against steels and coppers developed soon after the opening. Liberty bonds were steady.

1:30 p.m.—Following its usual custom, the market came almost to a halt during the noon hour. The few changes were mainly toward higher levels, however. Amaconda, Texas Company and Harvester preferred showing gains of 1 to 1½ points.
