# JUDGE INCENSED AT CAR SERVICE

## Instructs Grand Jury to Hear Crown's Indictment Against T. S. R.

## HERDED LIKE CATTLE

### Make It Expensive for Companies to Abuse Public, Says Latchford.

Judge Latchford does not like riding on crowded street cars. He has instructed the grand jury to take the indictment which the crown has prepared against the Toronto Street Railway Company and report on it to the court. The judge was greatly incensed at the treatment he and other passengers received on Thursday evening on a Bloor street car. His statement to the grand jury yesterday morning was as follows:

"On leaving the court house shortly before 6 o'clock last night, I boarded a Bloor street car and in a short time 24 or 25 or 26 people were crowded on the back platform of the car. Among these was a child, three or four women and some girls. Two girls were on the steps when the conductor, not being able to see as plainly as I could, started the car. Fortunately nothing happened, but the lives of those girls were in danger and the comfort of all the passengers was in danger. Doubtless this is a common occurrence. I have seen similar cases, but were cattle to be herded into cars where they would be overcrowded, there would be an outcry and doubtless some one would be punished. But, we, as citizens, must be herded into cars with impunity. The responsibility is not with the Toronto Railway Co., but with you and me to put a stop to it, by making it too expensive for companies to carry on their business in such a manner."

The diatribe followed an argument by I. F. Hellmuth, K.C., against the imposition of a $5000 fine each upon the Dominion Bridge Company and the Geo. A. Fuller Company. Hellmuth cited a railway case.

Crown Counsel DuVernet has taken the matter up and wishes all who have complaints against the Railway Company to get in touch with him. The crown will endeavor to prove, in the event of a true bill being found, that the workings of the street railway system result frequently in the overcrowding of the cars to the detriment of health.

**Fine Was Heavy.**

The George A. Fuller Company and the Dominion Bridge Company were each fined $5000 for imperilling the safety of pedestrians at the corner of King and Yonge streets when building the Royal Bank building. The jury returned a verdict of guilty in the assizes to a charge of criminal negligence. Judge Latchford stated, after listening to the argument of I. F. Hellmuth, K.C., for the defence: "It seems to me that both these companies displayed reckless disregard for the rights of the public, and there is no hope that the proper effect can be imposed by a small fine."

Then he imposed the above fine, which is one of the largest that have ever been handed out in that court.

**Was Menace to Safety.**

Adolph Meyers was fined $100 and costs or three months for endangering the safety of the public with a shute at the corner of Toronto and Adelaide streets. He was given ten days in which to pay. The accused was pulling down the building at that corner and bricks which were being put into the shute would sometimes fall thru the carelessness of the men who were filling the wagons. On one occasion the trap of the shute was left open and bricks hurtled down with no wagon to receive them.

## FURTHER ENLISTMENT AT ST. THOMAS ORDERED

ST. THOMAS, Ont., Oct. 30.—Lieut.-Col. Green of the 25th Regiment, St. Thomas, received orders from military headquarters, Ottawa, for a further enlistment in addition to the quota of 75 men already recruited for the second contingent. A second quota of these recruits numbering 25, left for London today following the 40 that proceeded the first of the week to that point. Seventy-eight men have passed the medical examination and a further detachment will go to London the middle of next week. Among the volunteers from St. Thomas there were no less than five sets of brothers on this contingent.

# TURN HAIR DARK WITH SAGE TEA

## If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, tho, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.

# HERE'S REAL NEWS FROM OLD BERLIN

## Londoners, in Terror of Zeppelins, Flee to Scottish Heather.

## DUNKIRK IS PANICKY

### Japan's Aim to Free Asia of American and European Influence.

Canadian Press Despatch.

LONDON, Oct. 30, 9.30 p.m.—The following despatch from Berlin was received here tonight by the Marconi Wireless Telegraph Co.:

"Dunkirk is preparing for a state of siege. In the event of a German advance the whole neighborhood will be flooded. Panic exists in the Town of Dunkirk, upon which several German aviators have dropped bombs.

"The rebellion in South Africa has increased. Gen. De Wet is at the head of the insurrection in the Orange Free State and Gen. Beyers in the Western Transvaal. The Boers have imprisoned many Englishmen.

"The inhabitants of London are leaving the capital for Scotland thru fear of German airships.

"The banks in Cairo, Egypt, have suspended business. The Anglo-French fleet has been recalled from the Dardanelles.

**Russ Batteries Destroyed.**

"Vienna official advices say there have been no new developments in Galicia, where both armies are well entrenched. Several Russian batteries have been destroyed by the heavy Austrian guns. In Servia several successes have been obtained. A strongly fortified position has been captured after gallant resistance.

"The enemy lost four guns, eight machine guns and five officers and 500 men, in addition to a great deal of war material.

"The stock of copper in Germany is ample to provide war material even if the war should be of long duration. The stocks are large enough to satisfy the requirements of private industries.

"Herr Rhomberg, former counsellor of the German embassy in Tokio, has informed interviewers that Japan's aim is to free Asia of European and American influence and subjugate China."

# TURKISH INFANTRY STRONGEST BRANCH

## Three Hundred Thousand Trained Men Are Available for Struggle.

Canadian Press Despatch.

WASHINGTON, Oct. 30.—The full war strength of Turkey's army is 300,000 trained men, according to statistics here, but in addition it is believed that there are about 400,000 irregulars, some of whom actually have joined the army, while the rest are ready to do so.

The regular army is composed of 13 army corps, most of which are in Turkey in Asia. The infantry is said now to be the strongest branch. The artillery lost many of its guns during the recent Balkan war.

Turkey's naval strength consists of three battleships, four cruisers, three torpedo gunboats, 10 destroyers, 10 torpedo boats, 28 small gunboats, a coast defence ship and some auxiliary craft. The battleships are old and none has guns larger than 11-inch.

Two of the four cruisers are the Goeben and Breslau, recently secured from Germany.

## TO EXCHANGE SUBJECTS NOT LIABLE FOR SERVICE

### France to Send Back Quarter of a Million Austrians and Germans.

PARIS, Oct. 30.—The French Government is arranging thru the American embassy here to send to Germany and Austria all subjects of those countries now detained in France, who are not subject to army duties. The first convoy of these subjects of enemy countries probably will leave for Switzerland next week.

The French citizens held in Germany and Austria will be returned to France. There are relatively few Frenchmen in these countries. Baron von Schoen, the former German ambassador here, said before departing from Paris that there were about 80,000 Germans in France. It had been supposed that the Germans outnumbered the Austrians, but the attaches of the American embassy who are dealing with the situation estimate that there are twice as many Austrians in France.

**Winter Tourist Trips to Southern States**

Are becoming more popular every year, largely owing to the increased transportation facilities and modern luxurious equipment, making the journey to California, Florida and other resorts a pleasure instead of a hardship. With one change of cars, you can travel from almost any point on the main line of the Grand Trunk Railway System to your destination in the Sunny South, where the flowers bloom and warm balmy breezes blow. Meals served in dining cars make it unnecessary to leave the train en route. Travel is an education, and it is delightful to get away from the everyday grind, the monotonous or strenuous life to mingle with successful, happy people, and, besides, it pays. Round trip tickets are issued by the Grand Trunk Railway at exceptionally low fares, giving choice of all the best routes, via Chicago, Detroit, or Buffalo. Fast trains are run daily from Toronto, carrying electric-lighted Pullman sleeping cars, dining and parlor-library cars and first-class coaches, making connections with through trains for the south, etc.

Before deciding on your trip, ask any Grand Trunk ticket agent for full particulars, Toronto city office, northwest corner King and Yonge streets, phone Main 4209. 46

## CARRANZA IS WILLING TO BECOME AN EXILE

Canadian Press Despatch.

MEXICO CITY, Oct. 30.—The resignation of Gen. Venustiano Crranza, provisional president ond first chief of the Constitutionalist army, based on the condition that Generals Villa and Zapatá retire to private life was read to the peace convention at Aguascalientes today. In the document Carranza even expressed a willingness to leave the country if his absence would tend toward the re-establishment of peace.

The message caused a turmoil in the convention hall, and at one time spectators tried to intervene and break up the meeting. Order was finally restored and business proceeded. What action, if any, was taken on the resignation was not known here this evening.

## DENMARK BADLY NEEDS SHIPMENTS OF COTTON

Canadian Press Despatch.

COPENHAGEN, via London, Oct. 30, 10 p.m.—Cotton is needed badly in this country, and manufacturers are anxious to learn whether American shippers are now willing to risk sending cotton here.

In order to avoid all possibility of breaches of neutrality in connection with shipment the Danish Government has prohibited the re-exportation of cotton. Furthermore, the king today signed an act providing that cotton goods shipped into Denmark shall be used by Denmark alone.
