SELECT SCHOOL
For Young Ladies,

CONDUCTED by MISS THOMSON, assisted by her Father, EDEN THOMSON, M. A., in the large Brick House, lately occupied by the Mayor, facing the Sea, and within three minutes walk of Queen's Square, St. John, N. B. The House is in St. James' street, and is well adapted for a School, containing some of the largest rooms in the City, and being replete with convenience of every character.

"To make amusement and instruction friends,
Some lessons in the guise of play she sends."

Miss Thomson informs her friends and the Public that she will be ready to receive her Boarders immediately after the Christmas recess, and as she will be assisted by her Father *in the higher branches of Study*, and by her Mother in the *domestic arrangements*, she hopes to render her School in every respect one of the first order.

The objects aimed at are—1st, To ensure a thorough scriptural (not sectarian) and lady-like education; 2nd, By means of familiar conversational lectures, to teach the *principles* as well as the common *facts* of knowledge; 3rd, To treat the pupils as members of the family, providing them liberally with domestic comforts.

In the Government and discipline of the school, due regard is had to the health, happiness, and improvement of the pupils; and while every reasonable indulgence is granted, the great objects of education are kept constantly in view, viz.—the full development and proper training of all the physical, intellectual and moral energies, and the formation of habits of industry, punctuality, good order and strict economy in the use of time.

Instruction in the Classics, Mathematics, the Continental languages, English Composition, General History, Pure and Descriptive Geography, Use of the Globes and Maps, Arithmetic, Mental Calculations, Principles of Book-Keeping, General Accounts, Stenography, and Facility in Writing a current hand, Geometry, Algebra, and General Science; with instruction in French, which is constantly spoken in the School. Great pains taken in communicating elementary knowledge. The word of God constantly read—its doctrines opened—its morality inculcated.

Entrance and removal are unfettered by the usual conditions; and the month commences from the day a pupil enters. A vacation of a month given at Mid-summer, and three weeks at Christmas.

The Terms, *with Board and Washing*, including instruction in any or all of the above branches, $12 per month. The only extras are for Music and Drawing, for which $2 each are charged per month. Each Young Lady is expected to bring with her two pair of Sheets, two Pillow cases, and four Towels, which will be returned on her leaving the School; and it is particularly requested that all Linen should be marked in full.

Day Pupils $2 per month. Arrangements will be made to accommodate those Pupils who may wish to dine with the family—terms for such, $4 per month.

References to Clergymen and Parents of great respectability, who have now Children as Boarders with Miss Thomson.

N. B.—By the request of friends, Mr. T. will form two Short-hand classes, during the Christmas recess. He engages to teach his system in twelve lessons. He has given lessons to some gentlemen since he has been in the city, who now constantly correspond with him in Short-hand. Any Lady or Gentleman who wishes to join the class will inform him before the 22d of December, that the first lesson may be taken on Monday, Dec. 27th. Terms for the twelve lessons, $3. Dec. 7.
