AN OLD TIME RELIC.

A mold for casting table spoons, which is said to be at least two hundred years old, lies on our sanctum table. Its appearance would certainly indicate great age. The history of it is said to be that it was brought to America in the Mayflower by persons who took passage in that vessel. For a certainty it has been in the Smith family since 1760, which is about the time of the first settlement of Liverpool, N. S. It is now owned by Zenas Smith, of Caledonia.—Caledonia Gold Hunter.

CURIOUS FIND AT BATHURST.

Last Thursday, as Mr. George Murray was digging post holes for the erection of a fence on Mr. Robert Ferguson's property, at Youghall, about two or three miles from Bathurst, he unearthed three copper kettles—one large and two small ones, the two small ones being covered over by the large one, and an ancient battle axe of metallic composition. Following up the discovery he next unearthed the skeleton of a human being. The skeleton was that of a man of large proportions and is supposed to be the remains of a Spanish sailor, who likely lived with the Indians. Mr. Murray says that he thinks the body must have been interred there over 100 years ago. The depth at which he discovered the skeleton is about three feet.

KILLED WHILE FROM HOME.

A sad and fatal accident occurred at New London, Conn., on Wednesday, 15th instant, by which Richard M. Kennedy, son of Mr. Patrick Kennedy, of Ten Mile Creek, St. John Co., lost his life. In boarding the cars at the New London station he took the wrong train, and on finding out that he was on the way to New York, he immediately jumped from the car. Although apparently not much injured at the time, he only lived till Monday at noon. He was brought home for burial by his father, and interred in St. Martins on Friday, the 24th. The deceased was a fine young man, about 22 years of age, and deservedly respected by a large circle of friends and acquaintances. This makes four young men from the vicinity of Ten Mile Creek killed in the United States within a short time.

HARBOR FISHING.

The harbor fishing this season has been below the average in the quantity of gaspereau and shad that have been taken. The drifting fishermen have done much better than the weirs. It is said that the owners of the weirs on the flats will scarcely make enough to clear expenses while some who bought their weirs at high rates will lose money. The run of shad is pretty well over and salmon are putting in an appearance. The prices this year have also been lower than usual which is another cause for the depressed feeling among the fishermen. The cause assigned for the scarcity of fish is that a freshet came so late that large quantities of the fish got up river. That this is the case is evidenced by the fact that up river fishermen are having better luck than usual. A prominent fish dealer in speaking of this up river fishing said: "Talk about protecting the fisheries, by stopping salmon fishing on the rivers with nets; why this custom of spreading nets everywhere along the river to catch shad and gaspereaux almost on their spawning beds, does much more to diminish our fisheries than the fishing of salmon with nets. All this up river net fishing should be stopped. The fish have enough to do to get through the maze of weirs and nets below the falls."

Flags are flying over the drug store of Hazen Dick in honor of the marriage of that gentleman to Miss Currey in Leinster street church this afternoon.

Town Tattle.

The versatility of the feminine mind is almost miraculous. It is rarely found wanting when occasion demands some conception that shall be new, novel and attractive. The members of Portland auxiliary of the Woman's Missionary Society will receive their friends in the school room of Portland street Methodist church this evening from 8 to 9 o'clock, and the reception will be followed by a half hour concert by well known talent under the direction of Mrs. John Salmon. The several missionary stations of the society will be represented, where, in addition to the exhibit of curios from each country represented, full information relative to the work of the society may be obtained. At the Japanese mission, the ladies in attendance will serve their visitors with tea; at the French, with coffee; at the Chinese, with flowers; and at the Indian with articles of Indian manufacture. The room will be handsomely decorated,—the highly artistic letters used in the mottoes and in designating the different stations were made and contributed for the occasion by Miss Annie Kilpatrick.

* * *

I have always taken a deep interest in the prosperity of the Portland Public Library which continues to be one of the most useful institutions of the city. Additions are being constantly made to the books which load its shelves; in periodicals and newspapers its tables are well supplied, and its patronage is liberal and constant. To keep pace with the times its management should be enabled to place before its patrons, not only a few of the new books that issue from the press, but all that are notable and of permanent value. I hope that dozens of the moneyed men in the community for whose benefit it was established, will remember the Portland Public Library in their wills. During the librarian's vacation in July the ceilings of the room will be renovated, the walls repainted and everything connected with this resort of readers and students will be put in first class order.

* * *

The pupils of the Industrial school, the young people who have made use of the library, and those who have attended the lectures and concerts that have been given in Union hall each winter since its erection, owe a deep debt of gratitude to the ladies of the Portland W. C. T. U., and there are hundreds of others who have been the recipients of their substantial sympathy in sickness and death by whom they will be honored and remembered always.

Equity Court.

The "Bovinine"-"Bovine" case is still before Judge Palmer and the jury in the Equity Court.

The evidence is all in and C. N. Skinner, Q. C., began his address to the jury on behalf of the defendants this forenoon. He was still speaking when the Court adjourned at 1 o'clock. Mr. Skinner finished his address early this afternoon and was followed by Solicitor General Pugsley for the plaintiff company. The counsel engaged are admittedly able lawyers, and have been pitted against each other in respect to this matter, on a previous occasion in Ottawa.

The case will probably be given to the jury this afternoon or evening.

THE SOUTH PORTLANDS AT HALIFAX.

Pickering was umpire—and the story is told. At the end of the fifth inning when the game was called, the Socials were 9, the South Portlands 3. As usual Halifax rain and mist interfered and the game was drawn. The regular Halifax baseball audience was present—no ladies—and acted in the usual demonstrative manner. Flynn got in some of his antiquated Chicago tricks and nobody to look at him would have thought he was an outcast from that place.

THEY ASK TOO MUCH.

Says the Bangor Commercial:—Manager Toole has heard from the A. A. club, of St. John, to the effect that they could not play in this city on July 4th, anyway. Should they play they would want $120 for one game which is considerably more than it would be worth. He is now trying to arrange a game here between the Beacons and some other strong club.

THROWN OUT.

Meeting of the old Clippers this evening.

Thursday evening the formation of the amateur league will likely be effected.

If the "pennant series" drop through a cup will be offered by several baseball enthusiasts for competition among the three clubs that have the pennant series scheduled.

Robinson was down from Moncton to the recent games. He seemed to enjoy the success of his old club.

The Monctons are pretty confidant of a successful season. They are playing good ball, and expect to wipe out at least the Celestials.

The Turf.

BETTING ON THE DERBY.

A late despatch from London says—London and England generally are more interested in the great event of the year, the Derby, than in all other things put together. Betting is already very heavy. Donovan the favorite, made his reputation in the Newmarket stakes winning easily against his stable companion, Turcophone, who is also owned by the Duke of Portland. Enthusiast, who was beaten by Donovan at Lancaster, was then beat Donovan in the 10,000 guineas, and beaten in a long way from time at Newmarket. Donovan's win at Newmarket has made him a firmer favorite than before. He is now backed at 100 to 80 on. Pioneer did not race in the Newmarket stakes' as he met with a slight accident and is being reserved entirely for the Derby. The stable hope they may be able to turn the tables on Donovan, who is but three years old, yet. He has won already £33,000 in stakes for his owner. He has moreover, a chance of winning this year the Eclipse stakes of £10,000, the Lancashire Plate of £12,000, the Derby of £6,000, and the St. Leger of £5,000, so that, with good luck and a long life, Donovan may look forward to dying a millionaire stakewinner, and has beat all previous records so far as racehorses are concerned.

C. Wescott's Rosy won the 3 minute class at Amherst Friday, the best time being 3.01. Edward Blake, by Peter Blair, won the colt race, half mile heats, in 1.38, 1.40.

The race for the great American stakes, for 2 year olds, valued at $20,000, on Thursday, was won by Belmont's St. Carlo.

The Ring.

THE HAVLIN-GRIFFIN CONTEST.

The two clever contestants in the common feather-weight contest, Jack Havlin and Johnny Griffin met Monday and each posted $50 as a forfeit that he would be at weight (120 pounds) on Friday afternoon. The contest, which is to be of 25 rounds, is to take place at the Day State Athletic Club on Friday evening. The men are well matched, and, though Havlin has had the longer experience, Griffin is admittedly a cool scientific boxer, and is somewhat clever, than the game little Northender.

THE MARINE KNOCKS OUT LUCIE.

SAN FRANCISCO, May 28.—The first of a series of contests for the middleweight championship of America took place tonight between George LeBlanche, of Boston, (the Marine) and Mike Lucie, of Philadelphia. Lucie was knocked out in the 13th round.

CHAMPIONSHIP GOES TO YALE.

NEW YORK, May 27, 1889. The postponed two mile bicycle race between Yale and Harvard for the championship of the Intercollegiate Athletic Association, was run in the rain at the Berkeley oval this afternoon, and Yale won the race and the cup. On Saturday in the final heat, R. H. Davis of Harvard ran into F A Clark of Yale, fouling him, and Davis was disqualified. The race today was between Clark and W B Greenleaf of Harvard, who was third. By this result Columbia and Yale are tied in the number of first prizes, but Yale leads with five second prizes. Mr. Hugh Baxter, N. Y. A. C., was referee, and Mr. Charles A. Reed N. Y. A. C., time keeper. The race was started at 3:15 in the rain, with Greenleaf a few feet in the lead. On the eighth lap Clark forged ahead and crossed the line 80 feet in the lead. The time was 6m. 48 2-5s. Both riders were covered with mud from head to foot.

THE SARACEN AT NEWPORT.

A despatch from New York says: Mr. Hemenway's cutter-yacht Saracen made excellent time on her run to this port from Boston on Friday and Saturday, crossing the shoals and up through Vineyard sound to Newport, where she lay on Sunday for a harbour. She made the run from Boston to Newport, 150 miles, in 30 hours, and for over four hours she was run under trysail and jib.

On Saturday next the spring regatta of the Quincy Yacht Club will be sailed off Quincy point. The prizes will be cash.
