Miramichi and the North Shore, etc.

MAJOR CALL'S BATTERY is to commence its annual drill on Monday 18th inst. at Newcastle.

MOLSONS :—It is said that the branch of Molsins Bank located at Campbellton is to be closed in a few weeks.

THE SALE of carriage-makers stock, black-smiths' plant and property advertised by Mr. Simpson ought to attract many purchasers.

ESCUMINAC LIGHT-HOUSE has been removed to its new site by the contractor, Mr. Matthew Russell, who has returned home after satisfactorily completing the job.

FURNITURE, ETC. — The sale of Dr. Bishop's furniture on Friday of next week at Newcastle will afford buyers excellent chances to secure some very desirable articles. See advt.

THE COLORADO BEETLE, whose presence in Blissfield we reported about a month ago, is according to several provincial exchanges, annoying farmers in other sections of the country.

ST. MARY'S CONVENT AND ACADEMY, Newcastle, will reopen, after the summer vacation, in a few days. It offers excellent facilities for the education of young ladies in useful branches, including French—a specialty—Music etc. See advt.

GOOD FISHING :—We omitted to mention last week the fact that R. R. Call Esq. and Hon. M. Adams, took 19 grilse and 9 salmon when fishing well up the Main Northwest the week previous. The catch was, we are informed, made in portions of only two days.

THE WEATHER was very hot the latter part of last week. We learn from G. A. Blair Esq. of the Dominion Observatory here that the thermometer indicated 90° in the shade on Friday, 89° on Saturday and 86° on Sunday. It was just what the haymakers wanted after the wet weather of the previous fortnight.

A HANDY BOAT :—A Tracadie correspondent referring to the Steamer *Zulu*, built at the Miramichi Foundry (the hull by Mr. Wm. Sinclair) for Messrs. R. A. & J Stewart, says she is a most effective little tug, attains a high speed, works to perfection and in every way is a credit to builders and owners.

QUICK WORK:— On Thursday of last week the Autumn Bell, (wood boat schooner) left Chatham at 8 p.m. for Tracadie. Loading at the mill of Messrs. R. A. & J. Stewart there and returning to Chatham the cargo was about half unloaded at 8 p.m Saturday evening—good work for 48 hours,

CHATHAM BRANCH RAILWAY affords a good many ladies and children opportunity for a pleasant trip out of town and the President and Directors, desirous no doubt, of contributing as much as possible to the pleasure of the ladies of the town, have, as will be seen by advt. extended July passes for an additional two months.

DROWNED WHILE BATHING:—John Louis Derosh, of Tracadie, Gloucester County, was drowned while bathing at Micheau's Point, near the mouth of Richibucto Harbour, on Monday forenoon, 4th inst. An Inquest was held by Dr. J. C. Moody, Coroner, and a verdict was rendered: "Accidentally drowned while bathing."

MACKEREL FISHING.—The catch of mackeral in Shediac harbor this season has been remarkably good. One day last week, Rev. E. A. W. Hannington, of Ottawa, and Mr W. L. C. Hanington, accompanied by a Frenchman, caught eight hundred mackerel inside of an hour and a half.—*Sun.*

Clergymen have such good practice fishing for "soles" that the Rev. Mr. Hanington's great catch of mackerel is not a matter of surprise.

PERSONAL :—Dr. W. P. Bishop has removed from Newcastle to Bathurst, the change of location growing out of the decease of his father, the late Dr. Samuel L. Bishop. During a residence of some seven years in Newcastle Dr. Bishop has gained a very large number of friends on account of his high professional attainments as well as excellent social qualities. Bathurst suffered no small loss in the death of Dr. Samuel Bishop, but we have no doubt that the people of that town will be glad to gain so excellent a citizen and reliable practitioner as the deceased gentleman's son.

IMPROVEMENT:—Donald McLachlan, Esq., is completing extensive alterations and decided improvements in the house and premises corner of Duke and St. John Streets, formerly occupied by Capt. Forbes. He has had the house raised some two feet and placed a cut stone wall underneath, renovated the interior, raised the level of the yard and improved the sidewalk on both streets. Mr. McLachlan has a happy faculty of improving public property to bring it in keeping with his private properties. If we had more than we have of such citizens it would be well for the town.

TRUE & CO.—A Chatham gentleman seeing an attack in the *Sun* upon Messrs. True & Co., of Augusta, Me., and having some business with them, wrote to business friends in Portland and received the following reply :—

PORTLAND, ME., July 29th, 1879.

DEAR SIR :—Your card of the 24th was duly received. We learn from True & Co. that they sent a clock to a man by mail which was, doubtless, lost on the way—that, subsequently, another was sent by Express. The complaint as to bad faith on their part seems to be unjust.

As we advertise for Messrs. True & Co., we should be sorry to learn that they were unreliable. If any of our readers have reason to believe them so, they would oblige us by informing us of the reasons on which they base their belief.

THE "TIMES"—A little sheet owned by a number of Conservative and Protectionist small fry in Moncton—has said something about the good example it has set to other journals and the St. John *Sun*, which for certain reasons, is very jealous of its Moncton rival in the "party," reminds it of its attacks on the ADVANCE. The *Sun* ought to understand the *Times* sufficiently not to be moved by anything it says, but the two papers are so much alike that they can hardly help quarrelling with each other. We sincerely hope, however, that the *Sun* will not even pretend any friendship for the ADVANCE, because while we value the appreciation of even our meanest cotemporaries, we cannot help feeling that the *Sun's* friendship would involve us in suspicions which scarcely any respectable journal could survive.

MASONIC FAIR.—The Masonic Fraternity at Saint John, New Brunswick, are to hold, commencing on 15th September next, a Fair in aid of Freemasons Hall at that place. This Hall has been erected since the great fire of June, 1877, by which the whole property of the Society at Saint John was destroyed, and an appeal is now made for outside aid in consequence. The Fair is to be an Art and Industrial Exhibition, to which all classes of contributions will be welcome, the design being, if possible, to illustrate the natural resources and the industrial capabilities of the United States, of Canada, and other contributing countries. Contributions of all kinds are solicited, and as the circulars sent out by the Fraternity may not come under the notice of every Mason, it is requested that all who desire to contribute, whether they have been specially addressed or not, will communicate with the Secretary to the General Committee, Mr. T. Nisbet Robertson, Saint John, N. B. During the week of the Fair the fares on all Railways and Steamers running to St. John will be placed at reduced rates.

DROWNING AT CARAQUET :—A special despatch to the St. John *Globe* reports that John McIntosh, of Caraquet, an unmarried man, before proceeding to the Caraquet fishing grounds on Monday last visited the tavern of R. Blackhall, where he obtained liquor of which, it is said, he partook quite freely. When out from shore about a quarter of a mile he fell out of his boat, and before assistance could reach him was drowned. The body was found soon after the accident. An inquest was held before Coroner Jas. Blackhall, when a verdict of "Death by accidental drowning" was found.

Referring to the above, the Pokemouche correspondent of the ADVANCE writes as follows:—

On Monday last 28th July a young man named John Mackentosh and a boy got into their boat which was anchored off Hon. Robert Young's wharf and made sail. As they were sailing down Caraquet harbor the boy went in the "cuddie" of the boat and when he came out he missed Mackentosh. Looking back he saw his hat floating on the water, and in a few minutes he saw Mackentosh himself come up, but only to sink again. Mackentosh's body was picked up in a short time, but life was extinct. He leaves a brother and two sisters to mourn their loss."

THE COAST LINE TELEGRAPH.—It is stated that the telegraph line on the southern coast of Nova Scotia has been surveyed as follows: From Canso to Whitehaven; thence to Tor Bay, and from thence via Candle and Isaac's Harbor to Country Harbor Cross Roads; thence to Sherbrooke and through Goldenville to Liscomb, Sheet and Ship Harbours to Dartmouth. The distance traversed by this route is 208 miles, and it was surveyed in 3 weeks, which is rather quick work. The Dominion Telegraph Company have the contract for building and maintaining the line, and are now inviting tenders for the poles and set up. The company afterwards will provide and hang their own wires, and providing no difficulty is encountered in getting the poles, the line will be in operation, says the *Eastern Chronicle*, before the first of November. The lighthouses at Canso, Whitehaven, Green Island, Wedge Island, Liscomb Island, Beaver Island and Egg Island will all be placed in communication with the telegraph offices on the mainland by semaphore signals. Mr. Gisborne has devised an ingenous system of signals by which the telegraph offices can communicate with the lighthouses by night or day.

THE MCCARTHY MYSTERY.—The Boston *Sunday Herald* of the 27th inst. published a lengthy review of the McCarthy case, from the concluding portion of which we make the following extract :—

The Osbornes, aided by their friends, caused the arrest of Annie Parker, the principal witness for the Government, on a charge of perjury. At this stage of the proceedings the services of Detective Hollis C. Pinkham of this city were called into requisition by the prosecuting attorney (Hon. W. H. Tuck) of the county wherein the alleged murder was committed, and Mr. Pinkham, by the advice of Maj. Clemence, the chief of the state force of police, and consent of Gov. Talbot, went to the scene. Devoting his whole attention to the work assigned him, assisted by the indefatigable Mr. Tuck, the Boston officer succeeded in developing a state of facts, the sequel of which appears in the following extract from the St. John (N. B.) *Globe*, bearing date July 17, 1879 :

"Annie Parker was yesterday released from custody, at the Westmoreland Circuit Court, by order of Judge Fisher, the Crown having decided not to prosecute the charge of perjury made against her by the Osbornes. Previous to the release, R. D. Smith, Esq., counsel for the Osbornes, requested the judge to order a private prosecution by the Osbornes of Annie Parker for perjury. This, however, the Judge replied he had no power to do."

The end of the remarkable case is not yet, however, and more important developments may be expected in the near future.

Entertainment of the Dutcher Reformers.

On Tuesday evening the Dutcher Reformers held their weekly entertainment in the Temperance Hall, this being the last Tuesday evening prior to the close of the quarter. William Anderson, Esq., occupied the chair, and the meeting was opened with prayer by the Rev. Mr. Teed. Addresses were delivered by the Rev. Mr. Teed, and Messrs. McAllister and Holder. A Duet was given by Miss Maggie Johnston, and Miss Gifford of Newcastle, and a Solo by Miss Burns, choruses were sung by the Choir and Miss Annie Shirreff presided at the Piano. The meeting was closed by singing the National Anthem. The attendance was larger than of late.

BUSINESS MEETING.

At the close of the entertainment the quarterly business meeting was held, although those who remained were comparatively few. John Shirreff was called to the chair and Mr. A. W. Paterson appointed Secretary.

The Chairman read the report of Mr. William Johnston Treasurer with a statement of the receipts and expenditure accompanied by vouchers, of which the following is a short synopsis :

TREASURER'S REPORT.

The Treasurer, Mr. William Johnston, stated in his report that the expenditure during the past-quarter had been comparatively large, amounting to $34,91, a considerable portion of it being incurred in getting the petitions in favour of the permissive bill properly signed.

The small amount taken in entrance fees on the evenings of the weekly entertainments, had compelled the treasurer to draw to some extent on the funds of the Society deposited in the Savings Bank.

In conclusion the report urged the necessity of those who had the temperance cause at heart putting forth all their energies at the present time, in view of the coming election in connection with the introduction of the permissive bill into this County so that the result of a triumphant majority might be attained, and claimed that as the Dutcher Society was formed for promoting the welfare of society at large it deserved the most cordial public support.

FINANCIAL STATEMENT.

The financial statement which accompanied the report showed that the expenditure amounted to $71,91 and the receipts $25,71, the deficit of $46,20 having been drawn from the Savings Bank in which the Society still had $51.84 to its credit.

Messrs. A. D. Shirreff, Frost, and Cantley were then appointed a committee to audit the accounts.

A committee to nominate officers for the ensuing quarter was then appointed as follows viz. Messrs. J. J. Brown, William Sinclair, D. Davidson, A. Frost, and A. Cantley. Mrs. John Shirreff, Mrs. A. Shirreff, Mrs. A. W. Paterson, Mrs. W. Murray and Miss Mary Johnson.

Mr. A. D. Shirreff on behalf of the auditing committee reported the accounts of the Treasurer correct. The Treasurer's report and financial statement were then received and adopted.

Mr. Frecker recommended economy in the expenditure of the funds, or the Society would so on be in an awkward position

Mr. S. Frost thought that the expenditure in connection with the Permissive Bill was for a good purpose.

The chairman said that one of the matters to be brought before the meeting was that of changing the name of the Society.

Mr. Frost asked if any word had been received from Mr. Burril of Yarmouth.

The Chairman said that Mr. A. W. Paterson had received a letter from Mr. Burril of Yarmouth in which he stated he was much puzzled in reference to the matter.

Capt. Brown thought that something should be done as the Rev. Mr. McBain had stated that if no action was taken in the matter, he should leave the Society.

Mr. A. W. Paterson read the letter received from Mr. Burril dated Yarmouth, July 18th, in which he stated that even now he was very much puzzled, he feared that his enemies were trying to crush poor Dutcher, but he could not think him guilty of anything but indiscretion.

Mr. Adam Shirreff said that putting it in a very mild way Mr. Dutcher had committed a great indiscretion. The facts had been published in the papers and there had been no effective denial. and even from the tone of the letter which had been received from Mr. Dutcher himself, he believed him guilty. There was however, a difference of opinion, but the fall of Mr. Dutcher could in no way injure the cause.

The Chairman, John Shirreff, Esq., said it was possible that Mr. Dutcher might have broken his pledge, but if it was so, his name as their founder, was scarcely creditable to them as an organization. He thought it might be as well to take a little time and deal with the matter quietly. He thought the incoming Executive Committee might deal with the matter and if necessary, Mr. Dutcher's name might be quietly dropped.

Mr. A. W. Paterson then moved that the matter be left in the hands of the officers to be appointed for the ensuing quarter.

Mr. Frecker said that a week ago a local paper had ventured to cast some reflections on their society, because some of the members had ventured to doubt the reports in the newspapers. He thought that kind of thing ought to be stopped.

Mr. D. Davidson asked how altering the name of the society would affect the act of incorporation.

He was assured that the incorporation only affected the Hall Company.

Mr. Frecker said he did not see how Mr. Dutcher's conduct was going to affect the matter. When the Society was founded, Mr. Dutcher was anxious it should be called by another name, and now if they went back on him, it would wound his feelings and probably make him drink. He thought it their duty to hold on in the matter for the present. If he had fallen why forget the good he had done? He though it was their duty to bear his name.

The Chairman said the interests of the Society had to be studied. There should be no hasty action. He thought the Executive Committee should have written to the States. The only letters they had seen were those in the papers and the ambiguous one which had been read that evening.

Mr. Frecker moved in amendment to the original motion that the Executive Committee be requested to write to Mr. Dutcher and consult other sources of information, relative to the matter, and then if they found it necessary, a public meeting could be called to discuss the matter. Carried unanimously.

Mr. A. D. Shirreff made some explanations relative to the terms offered by the Masonic Hall Company, and the Sons of Temperance to the Dutcher Society for the use of their hall. The terms first offered by the Masonic Hall Company were $3.00 a night. The Sons of Temperance for the use of their Hall asked $1.50 a night in summer and $2.00 in winter.

Mr. Fotheringham ultimately offered $2.50 a night till Oct., 1st, and $3.00 for the next six months, the Dutcher Society to find their own fuel. The bills announcing the change from the Masonic Hall were only issued the evening before the first meeting held in the Temperance Hall. Mr. Wm. Johnston stated that Mr. Gillespie had afterward offered the same rates as the Temperance Hall. He made this explanation because many of the Masonic Hall stock holders thought that the some rates had been offered by their company, as had been offered by the Sons of Temperance, but this had not been done till the Monday evening before the meeting.

[We report the above society's meeting, as usual, but think the moral weakness it displays in connection with its title is unworthy of the cause it professes to be engaged in promoting. The proposition to "write to Dutcher" is of a piece with the lack of self-respect which has lately characterized the utterances of those members who appear to have the mastery over the reflective, sound sense of less obtrusive temperance people belonging to the organization. Had some of these gentlemen belonged to the early Christian Church they would, doubtless, have found great difficulty in getting rid of the fellowship of Judas Iscarriot, Ananias and other worthies who would have been shown up by the press had it then been in existence.—ED.]

Lumber and Fish Exports for July.

The Lumber Exports of Chatham for the month of July 1879, compared with those of the corresponding month last year were as follows :—

		Vessels.	Tons.	S. F. deals.
To England	'79	14	6,365	5,500,000
" "	'78	12	6,950	6,173,000
" Ireland	'79	4	1,798	1,698,000
" "	'78	7	3,440	3,277,000
" Wales	'79	6	2,471	2,248,000
" "	'78	4	1,850	1,685,000
" France	'79	4	2,585	2,218,000
" "	'78	5	2,389	2,144,000
" Algiers	'79	1	190	213,000
" "	'78	1	289	285,000
" Spain	'79	1	458	403,000
" Scotland	'78	2	717	715,000
Totals	1879	30	13,867	12,280,000
"	1878	31	15,635	14,279,000

The Fish Exports from Chatham were :

To United Kingdom, 38,312 lbs preserved lobsters
" " States 89,672 lbs fresh salmon
" " " 5,064 lbs spiced "
" " " 4,431 lbs smoked "

NEWCASTLE LUMBER SHIPMENTS.

To Ireland	'79	1	755	609,000
" England	'78	2	1044	975,000

NEWCASTLE FISH SHIPMENTS.

Salmon (fresh) 63105 lbs. to U. S.

Americans and our Fisheries.

An American press despatch says :—"In anticipation of an early re-opening of North American Fishery question, Mr. Evarts will request that an American naval vessel be sent to cruise on inshore fishing grounds of the Dominion. Information of recent date is already obtained to demonstrate extravagance of award of Halifax tribunal. The object of the presence of an American vessel is to secure latest authoritative information respecting these fisheries as the basis of future negotiations with Great Britain. The position taken by Mr. Evarts in his correspondence on the award and in connection with payment of $5,500,000, was endorsed by the Senate in December last, and a resolution then passed which recommended abrogation of fishery clause of the Treaty of Washington."

The cruiser may learn and report to the American Government, the destructive modes employed by American fishermen in taking fish on our coasts. They have destroyed their own coast fisheries and now seem determined to destroy ours—while the Canadian Government stands helplessly by and its Department of Fisheries busies itself in passing regulations for the purpose of harrassing Canadian fishermen. A more hopelessly inefficient and helpless Minister than the present one could not well be chosen to preside over so important a Department.

Kent By-Road Appropriations.

The following are the names of commissioners and amounts appropriated for By-road services in the different parishes in Kent for 1879 :

DUNDAS.

1 *Thomas B. White, Andrew Burgeois, Peter Richard.*
To pay debts due in equal proportion to amount due different parties, and balance (if any) to be expended in discretion of Commissioners. $450 00

WELLINGTON.

2 *Oliver P. Collett, Charles K. Douglas, Valentine Legere.*
To pay debts due in equal proportions to amount due different parties previous advances to be taken into account, $380
To part pay for work to be done on Potts' bridge this year 20 — 400 00

SAINT MARY.

3 *Vital Gotreau, John W. Coates, Anselm Alain.*
To pay debts due in equal proportions to amount due different parties, and balance (if any) to be expended in discretion of Commissioners, 350 00

HARCOURT.

4 *Thomas Atkinson, Mathew T. Glenn, Stephen S. Briggs.*
To be expended on road reserved on line of land granted to George G. King and Mathew Glenn, $50
To pay debts due in equal proportions to amount due different parties, and balance (if any) to be expended in discretion of Commissioners, 200 — 250 00

WELDFORD.

5 *Robert Murphy, Phineas Beers, Alexander M'Michael,*
To pay debts due, in equal proportions to amount due different parties, in past years, $440
To pay in part for bridge at Holder's, 100
To repair road from bridge over the South Branch, below Doherty's mill, towards the Chockpish road, 50
To Sesime Myers for work done, 10 — 600 00

RICHIBUCTO.

6 *Thomas Frecker, William M'Arthur, Placide Richard.*
To pay debts due, in equal proportions to amount due different parties in past years, $434
To pay for work done on bridge on road going to Cape, 16 — 450 00

SAINT LOUIS

7 *Pierre L. Richard, Hurbert D. Richard, Francois J. Daigle.*
To pay debts due, in equal proportions to amount due different parties in past years, and balance (if any) to be expended in discretion of Commissioners, 325 00

CARLETON,

8 *Thomas M'Master, Robert M'Intyre, Simon J. Murroll.*
To pay debts due, in equal proportion to amount due different parties in past years, amount due for repairing hill at Caie's store to be paid in full, and balance (if any) to be expended in discretion of the Commissioners. No further payment to be made for bridge over the Kouchibouguac at Ronald M'Donald's, 325 00

ACADIEVILLE.

9 *Joseph P. Richard, Aime Malliet, Jean Breau.*
To pay debts due, in equal proportion to amount due different parties in past years, and balance (if any) to be expended in the discretion of the Commissioners, 200 00

Twelve dollars of the amount to be paid to Peter Daigle.

Benefits of the National Policy.

The *Sun*, Moncton *Times*, Halifax *Herald, News, Mail, Gazette*, and other Conservative papers are giving us items of news concerning industries which exist, and otherwise, in spite of the National Policy. We have not reproduced any of the items aforesaid, but now supply a few gathered on our own account, which, no doubt, will be as much to the point as those of the other papers mentioned :

Several lumber operators are talking of going into the woods next winter.

The good looking old knights of the shovel and axe who repair our sidewalks have put two new planks in the sidewalk near the ADVANCE office.

The sale of ice cream at Holdsworth's has latterly increased so much that the quantity sold for the last two months exceed that of the previous six months.

Nearly all our mills are shut down in order that the "working man" may collect his thoughts and bless the national policy for not improving the British and foreign lumber markets.

Persons who desire to see our languishing industries flourishing are sending articles on the developement of our outside fisheries, which appeared in the ADVANCE over a year ago, for publication in our local contemporaries.

The *Advocate* publishes an agonizing article in which it is declared that "many "a home in the rural districts has been "made desolate by reason of the same in-"fatuation which allured Dick Whitting-"ton to London in quest of those golden "streets—the stalwart sons have been "lured from their homes by glittering "tales of the golden wealth to be achiev-"ed in the populous cities, in many in-"stances to awake from their day-dreams "to find them a delusion and a snare." This is a terrible arraignment of Sir John. Wonder if the *Advocate* means it !

The New Pacific Railway Scheme.

[From the Leeds (England) "Mercury."]

There are, however, just two or three reflections which we imagine will be suggested to the three bearers of these fourteen resolutions of Sir John A. Macdonald's Government and majority. The question as to British Columbia is capable of settlement consistently with both honor and justice; but it will not be honourably settled either by a supreme regard for votes, or by the policy of deceiving the Dominion Parliament as to the port of terminus, and then obtaining permission for 125 miles to be made upon a contract not submitted to Parliament. But this is the course Sir John Macdonald's Government have chosen. Next, the three gentleman will find the pseudo-patriotic fever in England wonderfully cooled down under the collapse of Lord Beaconsfield's Eastern policy, the inglorious encounter with Cetewayo, our big war bills, and the approach of the general election. But chief of all will come the question—Will it pay, and in whose name do you speak? We have no space for lengthened details on these points, but will confine ourselves to Sir John Macdonald and his remarks in the debate on the resolutions. He said English capitalists were wanting solid investments, and cared only for what would pay and not "about loyality or disloyalty.' "Canada could go to them, and pledge the faith of the Dominion and 100,000,000 acres of land, worth two dollars an acre, for the money they advanced, besides offering them the road itself as security." But English capitalists will ask where the land is situated, and what the road will be worth "as a going concern" when made' If the security is as good as Sir John Macdonald estimates, what need of the English Government guarantee, and of his going on to argue that "the guarantee would not cost the English Government a sixpence?" There are securities that look altogether too good, and there are men whose word at the back of them is altogether too bad. Such a name is that of Sir John A. Macdonald, whose corrupt sale of a prior contract for this very line to American speculators, in order that he might have funds to buy himself a Parliamentary majority, is not forgotten in this country. His representatives will be "protected" by all the courtesies of English hospitality, but they will return from their mission without the English guarantee—sadder and, we may hope, wiser men.

Correspondence.

Mr. Gulliver Contradicts Overseer Williston.

HARDWICKE, 5th Aug., '79.

To the Editor of the Miramichi Advance:

DEAR SIR :—I see a letter in the *Advocate* of a late date with the name of John Williston, Overseer of Fisheries for this parish, attached to it. It purports to be a reply to a letter written by your correspondent, "Teazer" concerning the Gully set of salmon nets. Mr. Williston says that the Gully set was taken up the evening that the *Andover* left here with Messrs. Wyse, McIntosh, Fitzpatrick and Blake on board. This is not correct as the Gully set, as stated by "Teazer," was taken up *before* those Chatham officers came down at all. "Teazer's" version of the case was the correct one. I cannot understand how Overseer Williston could write, or allow to be published, a letter over his own signature, in which such false statements were made about the Gully set, as those in his letter published in the *Advocate*.

By publishing this you will oblige,

PHINEAS GULLIVER,

Managing partner of the firm of W. Williston & Co. on Fox Island.

[It is not probable that Mr. Williston knew what he was putting his name to when he signed the letter referred to. He has always been credited with a certain amount of shrewdness, but his friends will not have any better opinion of him, in any way, because of the manner in which he has been made a catspaw of in the matter referred to above. EDITOR.]

The Forgetfulness of People.

The Oxford Professor who, to avoid the wind when taking snuff, turned around, but forgot to turn back, and walked six miles into the country, was no more forgetful than those who still use the huge, drastic, cathartic pills, forgetting that Dr. Pierce's Pleasant Purgative Pellets, which are sugar-coated, and little larger than mustard seeds, are a positive and reliable cathartic, readily correcting all irregularities of the stomach, liver, and bowels. Sold by all druggists.

The relaxing power of *Johnson's Anodyne Liniment* is almost miraculous. A gentleman whose leg was bent at the knee and stiff for twenty years had it limbered by its use, and the leg is now as good as the other.

The evil consequences resulting from impure blood are beyond human calculation, so are the vast sums expended in worthless remedies. *Parson's Purgative Pills* make *new* rich blood, and taken one a night for three months will change the blood in the entire system.

Why Will You

Allow a cold to advance in your system and thus encourage more serious maladies, such as Pneumonia, Hemorrhages and Lung troubles when an immediate relief can so readly be attained. *Boschee's German Syrup* has gained the largest sale in the world for the cure of Coughs, Colds and the severest Lung Diseases. It is Dr. Boschee's famous German prescription, and is prepared with the greatest care, and no fear need be entertained in administering it to the youngest child, as per directions. The sale of this medicine is unprecedented. Since first introduced there has been a constant increasing demand and without a single report of failure to do its work in any case. Ask your Druggist as to the truth of these remarks. Large size 75 cents. Try it and be convinced.

DIED.

On 27th July at Chatham, of inflammation of the lungs, after a short illness, John Murphy, aged 26 years, a native of P.E.I., leaving a widow to mourn the loss of a temperate industrious and affectionate husband.

MARRIED.

On the 4th Inst., at St. Mary's Chapel, by the Rector of Chatham, Alexander McAloney to Margaret Tushie, all of Chatham.

Shipping Intelligence.

Port of Chatham.

ENTERED.

Aug. 1—Schr. Wild Briar, 84, McLeod, St. Pierre, bal., A Morrison.

SAINT MARY'S

CONVENT AND ACADEMY,

NEWCASTLE, N. B.

Under the direction of the Ladies of the Congregation of Notre-Dame.

THIS INSTITUTION, situated at a short distance from the Intercolonial Railway Station, offers to parents great facilities for procuring for their children a solid, refined, and useful education. The course of Instruction is pursued in the English Language, and is well adapted to qualify the pupil to fill any position in Society.

Superior advantages for French are afforded.

Particular attention is given both to Vocal and Instrumental Music. Terms moderate.

For further information, apply to the

MOTHER SUPERIOR.

Newcastle, Aug. 5, 1879.
