

whom we are much indebted for the long service which he has rendered in this department of the Home, and the character of the boys must be much influenced by his continuance in this office.

Mr. S. S. Brush still devotes himself as musical director, and we are most grateful to him and to the other teachers who undertake this portion of the work of the Institution. We would especially mention Miss Cowan and her assistant, Miss Blight, who labor faithfully in the day school of the Home. Also to Drs. Thorburn and Caven, whose duties this year has been more laborious than usual, on account of the numbers in the Infirmary—Dr. Caven having this year kindly consented to assist Dr. Thorburn in the medical work of the Home.

The Managers commend to the public the object for which they ask their support, as being one which has been, and will be in the future, productive of incalculable good, and bespeak for the collectors a kindly welcome. In this connection, we wish to make mention of Mr. R. L. Baird, who kindly undertook to raise funds for the December prizes, given as an encouragement to the boys to reach as great perfection as possible in their studies, while under the protection of the Home. Also to Mr. Osler for his kindness in providing each boy in the Home at Christmas with a ten-cent piece.

An invitation to visit the Home is extended to any one who may take an interest in our work, and such calls will be appreciated, as showing that the public are interested, and wish to encourage the Institution in the good which it is laboring to accomplish.

In conclusion, the Board of Management, desire to record their devout thankfulness to Almighty God for His unfailing goodness in the past, and offer their earnest prayer for guidance and help in future.

BELLA P. NELSON,
Acting Secretary.
