Remember Boys . . . .

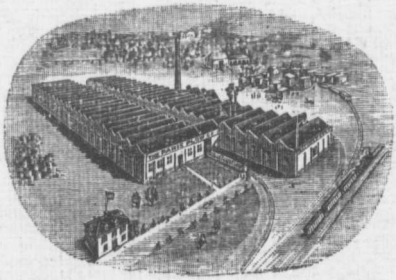
You are cordially invited to visit the Model Factory, which has been erected since most of you left the old town, for the manufacture of Plows and other Implements.

Come in and see for yourself why our goods have been brought to the front.

They are of one grade only, and that the very highest.

Paris Plows are superior to all others because of the extra finishing touches they receive in every department.

Put in a good word for our goods. They will never disgrace the old Town. . . . . .



Our Specialties

High Grade Riding and Walking Plows of every description.
Success Manure Spreaders, the latest improved machine for its work. Years in advance of all others. Largest sale on its merits.
Ensilage Cutters.
Grain Grinders.
