## Still the Forest is the best Medical School!

*That predisposition which exposes the human frame to the infection and virulence of all the causes, generally or indirectly, from a disordered state of the System, caused by Impure Blood, Bilious and Morbid conditions of the Stomach and Bowels.*

## DR. HALSEY'S GUM-COATED FOREST PILLS.

*(A Sarsaparilla preparation of unmatched efficacy.)*

These Pills are prepared from the best Sarsaparilla, combined with other Vegetable preparations of the highest Medicinal virtue. They are warranted not to contain any Mercury or Mineral whatever. Their purge without griping, nauseating or weakening; can be taken at any time without hindrance from business, change of diet, or danger of taking cold. They neither have the taste or smell of medicine, and are five times more effectual in the cure of disease than any Pills in use.

But a short time has elapsed since these great and good Pills were first made known to the public, yet thousands have already experienced their good effects. Invalids given over by their Physicians as incurable have found relief, and been restored to sound and vigorous health from their use.

### TO FATHERS OF FAMILIES.

Bile and foul state of the stomach occasions more sickness and deaths in families than all other causes of disease put together. In the latter part of Summer and Autumn, when the atmosphere everywhere is poisoned from miasma, arising from stagnant pools and decayed vegetation, whole families are taken down by Malignant Fevers, Fever and Ague and other dangerous disorders, all proceeding from a bilious and foul state of the stomach. No parent can be so ignorant as not to know the great danger existing from biliousness—no parent would be guilty of causing the

*DEATH OF THEIR OWN CHILDREN!!!*

Yet thousands of children and adults die every year through neglect of parents to attend to the early symptoms of bile and foul stomach.

Superfluity of bile may always be known by some unfavorable symptom which it produces, such as sick stomach, headache, loss of appetite, bitter taste in the mouth, yellow tint of the skin, languidness, costiveness, or other symptoms of a similar nature. Almost every person at this season of the year is bilious, the neglect of which is sure to bring on some dangerous disorder, frequently terminating in death. A single 25 cent box of Dr. Halsey's Gum-coated Forest Pills are sufficient to keep a whole family from bilious attacks and sickness from six months to a year. A single dose, from 1 to 3, of these mild and excellent Pills for a child, from 3 to 4 for an adult, and from 5 to 6 for a grown person, carry off all bilious and morbid matter, and restore the stomach and bowels, curing and preventing all manner of bilious attacks and many other disorders.

### SALTS AND CASTOR OIL.

No reliance can be placed on Salts or Castor Oil. These, as well as all common purgatives, pass off without touching the bile, leaving the bowels costive and the stomach in as bad condition as before. Dr. Halsey's Forest Pills act on the gall ducts, and carry all morbid bilious matter from the stomach and bowels, leaving the system strong and buoyant, mind clear, producing permanent good health.

Dr. Halsey's Forest Pills are unlike all others. They act directly on those vital organs of the Stomach, Liver, Kidneys, &c., which secrete the fluids of the body and separate the impurities from the blood. While they purge all bilious and morbid matter from the stomach and bowels they cleanse and renew the blood, thereby destroy the seeds of disease. The Forest Pills do not weaken, but give strength and animation to both body and mind. They not her cause griping nor any inconvenience whatever, and the patient is better able to attend to business while under their influence than before taking them. They are mild in operation, yet powerful in restoring health.

The great amount of good these Pills have done for the sick and afflicted have induced thousands to commend them to their friends and the public. Individuals of worth and integrity in almost every part of the country have testified to the world in favor of their great effects in curing disease.

Testimonial after testimonial showing their great powers of curing in almost every class of disease have been tendered to us by individuals of undoubted character and respectability. The following testimony is from a respectable and wealthy farmer residing near Utica, New York:—

UTICA, November 9, 1848.

DR. G. W. HALSEY,—Every fall, for several years back, I have had much sickness in my family, of Bilious Disorders, and Ague and Fever. In the fall of 1848 two of my sons were taken at the same time with Bilious Fever. In former seasons, when sickness occurred in my family, I had always employed a Physician. But at this time having two boxes of your Forest Pills in the house, I concluded to try them. I gave to each of them six Pills, and four hours after I gave them three Pills more. They soon operated, bringing away much black and green matter. On the following day the fever had left them, and they both recovered without any more medicine. Since this time I have always kept your Pills at hand, and in all cases of sickness we have used them with the most happy results.

(Signed) IRA S. GOODHOE.

### NOTICE TO THE PUBLIC.

In 1845 Dr. Halsey's Pills were first made known to the public, under the denomination of "Halsey's Sugar-Coated Pills." Their excellent qualities soon gained for them a high reputation, and the annual sale of many thousand boxes. This great success excited the avarice of designing men, who commenced the manufacture of common Pills, which they coated with Sugar, to give them the outward appearance of Dr. Halsey's, in order to sell them under the good-will Dr. Halsey's Pills had gained by curing thousands of disease.

The public are now most respectfully notified that Dr. Halsey's genuine Pills will henceforth be coated with

*GUM ARABIC,*

an article which in every respect supersedes Sugar, both on account of its healing virtues and its durability. The discovery of this improvement is the result of a succession of experiments during three years. For the invention of which Dr. Halsey has been awarded the only Patent ever granted on Pills by the Government of the United States of America.

The Gum-Coated Forest Pills present a beautiful transparent glossy appearance. The well-known wholesome qualities of pure Gum Arabic, with which they are coated, renders them still better than Dr. Halsey's celebrated Sugar-Coated Pills. The Gum-Coated Pills are never liable to injury from dampness, but remain the same, retaining all their virtues to an indefinite period of time, and are perfectly free from the disagreeable and nauseating taste of Medicine. In order to avoid all impositions and to obtain Dr. Halsey's true and genuine Pills see that the label of each box bears the signature of G. W. HALSEY.

*Reader!!! If you wish to be sure of a medicine which does not contain that lurking poison, Calomel or Mercury, purchase HALSEY'S GUM-COATED FOREST PILLS, and avoid all others.*

If you desire a mild and gentle purgative, which neither nauseates nor gives rise to griping, seek for HALSEY'S PILLS.

If you would have the most concentrated as well as the best compound *Sarsaparilla Extract* in the world for purifying the blood, obtain Dr. HALSEY'S PILLS.

If you do not wish to fall a victim to dangerous illness, and be subjected to a Physician's bill of 20 or 50 dollars, take a dose of Dr. HALSEY'S PILLS as soon as unfavorable symptoms are experienced.

If you would have a Medicine which does not leave the bowels costive, but gives strength instead of weakness, procure HALSEY'S PILLS, and avoid Salts and Castor Oil and all common purgatives.

Parents, if you wish your families to continue in good health, keep a box of HALSEY'S PILLS in your house.

Ladies, Dr. HALSEY'S PILLS are mild and perfectly harmless, and well adapted to the peculiar delicacy of your constitutions. Private them.

Travellers and Mariners, before undertaking long voyages, provide themselves with Dr. HALSEY'S PILLS, as a safeguard against illness.

☞ General Depot for Halsey's Forest Wine, No. 254, Spruce Street, New York. One Dollar per bottle, or Six Bottles for Five Dollars. Twenty-Five Cents per Box for the Pills.

For Sale by Wm. Lyman & Co., and all respectable Druggists.

December 24, 1850. 272

## PLANTAGENET WATER.

Among the Medicines exhibited at the late Industrial Fair, the celebrated Plantagenet Water held a conspicuous position, and its exhibitor, Mr. Sharples, received from the Judges the highest award. The demand at the Room for this health-restoring draught was so urgent that it was with great difficulty strangers and visitors to the city could be supplied. The testimonials of these Medicinal Springs have been so thoroughly and satisfactorily established that testimony of the most valuable character comes daily accumulating. The Medical testimonials and certificates given in our paper of Monday will, if possible, increase their reputation, and add to their value throughout the Province. The testimony of the medical gentlemen is certainly highly favorable to the chemical and medicinal qualities of these Springs—Drs. Nelson and Gibb placing them above all other Mineral waters on this Continent:—

"I believe I was one of the first Practitioners of this city who recommended the use of the Plantagenet Spring Water, and since that time I have prescribed it to a very large number of my patients with invariable advantage.

"Two members of my family, of feeble and delicate constitutions, have derived marked benefit from the use of the Water. One had nearly lost all power in the right arm, the result of a severe and protracted attack of Rheumatism; the other was extensively debilitated from derangement of the digestive and alimentary organs.

"The administration of the Water is attended with the happiest result in constipation, arising from sedentary habits, and in aged persons.

"In heartburn, morning sickness, and the other complaints to which women are subject under certain circumstances, it acts most agreeably and effectually, but in these derangements, as well as where there is over action of the kidneys and bowels, it should be taken in smaller quantities at a time, but more frequently.

"From an extensive experience I am well satisfied with the operation of the Water; to weak persons it is most suitable, and I deem it preferable to any other of the Mineral Waters in Canada with which I look upon many of the Mineral Waters as a great boon conferred by Providence on mankind.

"WM. NELSON, M. D., V. R. Col.,
"Phy. & Sur., Canada East."

"Many months experience in the use of the Plantagenet Waters in my practice have fully convinced me of their value as a remedial agent, and I have not had reason on any single occasion to regret their use. I find that they seldom disagree with the stomach, and always act as a gentle aperient and alterative, and, from their composition, they possess, in addition, decidedly tonic properties.

"Certainly, too much has not been said in their favor, for they are, probably, the most valuable Waters on that Continent.

"GEORGE D. GIBB, M.D.,
"Licentiate Royal College of Surgeons, Ireland,
"Physician to the Montreal Dispensary.

"Montreal, 8th August, 1850."

The following certificate is from the Hon. Peter McGill, a Member of the Legislative Council of the Province, and President of the Bank of Montreal:—

"CHARLES LAROCQUE, Esq.

"SIR,—Having during the year past used the Plantagenet Water, so well known and so highly commended to public favor by many of our most eminent Medical Practitioners, I can bear testimony to its salutary effects on my own immediate health, and doubt not its efficacy in contributing to strengthen and invigorate the constitution of those who may freely use it. The value of this water has been generally acknowledged in this community, and my own experience of its excellent qualities fully warrants me in giving my testimony to its beneficial effects.

"PETER MCGILL.

"Montreal, October 24, 1850."

## MONTREAL HIGH SCHOOL,

WITH WHICH IS INCORPORATED THE ROYAL GRAMMAR SCHOOL.

*The Classes will be Re-opened on Monday, August 19th, at 11 o'clock, in presence of the Directors, when his Honor Judge* McCORD *will preside, and make an appropriate Address to the Pupils.—Parents and Guardians are invited to attend.*

Directors:

| | |
|---|---|
| Hon. J. Ferrier | Robert McKay, Esq |
| B. H. LeMoine, Esq | Hew Ramsay, Esq |
| Dr. Crawford | His Honor Judge M'Cord |
| J. J. Day, Esq | Dr. M'Culloch |
| D. Davidson, Esq | Wm. Lunn, Esq |
| Dr. Campbell | D. Torrance, Esq |
| John Young, Esq | C. Dunkin, Esq |

Joseph Savage, Esquire.

David Davidson, Esq., *Treasurer.*
Hew Ramsay, Esq., *Honorary Secretary.*

Rector:—H. Aspinwall Howe, Esq., *of Trinity College, Dublin.*

Second Master:—T. A. Gibson, M. A.

Third Master:—Mr. Rodger.

French:—M. Montier, *Lecturer at McGill College.*

Writing Master:—Mr. Johnson.

Preparatory Department:—Mr. Johnson.

THE SYSTEM of INSTRUCTION is modelled from that pursued in the great Public Schools of England and Scotland, but undue time and attention are not given to the Classics to the prejudice of other branches of Education equally essential.

THE COURSE comprises Latin, Greek, English and French Literature, the general Truths of the Christian Religion, the Elements of various branches of Mathematics, Familiar Lectures on Natural Philosophy, Elocution, History, Geography, the use of the Globes, Writing, Arithmetic, and Book-Keeping.

Drawing is added, if required, but there is an extra charge for it.

The year is divided into four Terms.

| | | |
|---|---|---|
| The First Term commences | ..... | August 20th. |
| The Second do do | ..... | November 6th. |
| The Third do do | ..... | February 1st. |
| The Fourth do do | ..... | April 25th. |

The FEES, which are payable in advance, are as follows:—

| | | | | |
|---|---|---|---|---|
| The First and Second Classes, | £2 | 10 | 0 | per Term |
| The Third, Fourth and Fifth do | 2 | 0 | 0 | do |
| Preparatory School | 1 | 5 | 0 | do |

and 2s. 6d. per Term for Stationery.

In order to extend the advantages of this School to those who live at a distance, arrangements have been made to receive BOARDERS, to the formation of whose moral character, advancement in learning, and personal comfort, every care and attention will be given.

The Rector's Terms are £50 a Year; those of the First Master are from £35 to £45.

The French Master, also, is prepared to take Boarders on the same terms.

## MOST IMPORTANT

To Farmers, Housekeepers, and others, having Store-Houses, &c., infested with Vermin or Insects.

SMITH'S EXTERMINATOR
FOR THE ENTIRE EXTIRPATION OF
*Rats, Mice, Cockroaches, Beetles, Crickets, Ants, &c,*
Without the use of Arsenic or other Mineral Poisons.

The Genuine Article has a Label, similar to the above, pasted on the top of each Box.

The following TESTIMONIALS, from parties of high respectability, will place its efficacy above suspicion:—

With pleasure I assert, that the use of SMITH'S EXTERMINATOR was attended with complete success in destroying Cockroaches, Beetles, and Rats, in and about my premises; which was effected without any inconvenience.

C. F. BAILLARGEON, Ptre.

Quebec, 7th March, 1848.

My premises have been infested with Rats for several years, and I have tried various means to rid myself of the annoyance, without success. Having been strongly recommended SMITH'S EXTERMINATOR, I have much pleasure in testifying that its use has been perfectly successful in the total destruction of the Rats with which my place abounded, and that without the least inconvenience.

BENJAMIN HART.

Montreal, November 22, 1845.

I hereby certify, that by using SMITH'S EXTERMINATOR it has perfectly succeeded in ridding the College Premises of Cockroaches, Crickets, and such like disgusting Insects, which were before very numerous.

S. VILLENEUVE,
Director of Montreal College.

Montreal, April 20, 1848.

*From the Rev. B. Davis, D.D., Minister of the Baptist Church, Montreal.*

I most willingly bear testimony to the good effects of SMITH'S EXTERMINATOR. I found my present dwelling over-run with Beetles; the nuisance bid defiance to all efforts to abate it, until this preparation was applied. One Box has sufficed to exterminate the Insects almost entirely from the house. Similar cases of success have occurred in my neighborhood.

BENJ. DAVIS.

4, Sydenham Place, Montreal, Nov. 16, 1848.

This preparation is warranted in all cases; and Agents are instructed to *refund the money* to purchasers, should it not prove effectual.

Sold, Wholesale and Retail, at the principal Drug and Medicinal Warehouses throughout the Province.

May 21, 1851. 340

---

THIS GALVANIC EMBROCATION is an unparalleled remedy for the Cure of Rheumatism, Acute or Chronic, seated in the Head, Joints or Limbs, The Disorders and Pain of Gout, in the worst forms, Palsy, Fits, Scrofula or King's Evil, Spinal and Hip Complaints, Stiffness of the Joints, Lumbago, Neuralgia, Chilblains, Fever Sores, Salt Rheum, Ring Worms, White Swellings, Diseases of the Skin, Leucophlas, Goitre or Thick Neck. It is likewise highly recommended in the most confirmed cases of Scrofula and Scrofulous Affections of the Neck, Affections of the Spine, Mercurial Affections, &c., &c., &c.

It is now generally admitted, by the learned and scientific, that the mysterious power called *Galvanism* or *Magnetism* is in fact the principle of Vitality or Life, and that disease in many of its most painful forms is entirely owing to the absence of this Galvanic or Magnetic power in its healthy proportions. If, then, we can artificially supply this wondrous power, when it is thus deficient, we can successfully combat disease; and this has been fully and perfectly attained by this most wonderful scientific discovery, of combining Magnetism or Galvanism with a Fluid which has cost the inventor of this remedy years of study and labor.

There is not an intelligent Physician, who has kept pace with the progress of science, that does not readily approve of the use of the Magnetic power in various diseases, and there is scarcely a Medical Journal, either in this country or Europe, which makes its appearance, without the statement of various cases, showing some new effects of these wonderful agents, corroborating the experience of their beneficial use. The inventor of the *Galvanic Embrocation* has great pleasure in being able to state, that a majority of the most distinguished Physicians of New York constantly recommend this Embrocation in their practice, and from many of them he has received the kindest testimonials of approval and commendation.

ELEGANT AND INVALUABLE ARTICLES FOR THE TOILET.

### BOGLE'S HYPERION FLUID,

FOR RESTORING PRESERVING, AND EMBELLISHING THE HAIR.

*The following Certificate, from Dr. Winslow Lewis, one of the most eminent Physicians of Boston, will show the estimation in which it is held by the scientific and learned, being one only of many similar ones.*

BOSTON, Feb. 15, 1847.

Mr. WM. BOGLE,—Sir,—The preparation introduced by you for the hair, has been extensively used in my family, and they give it the decided preference over all other compositions of the kind. It invigorates and beautifies the hair, and clears the skin of all impurities, without producing any ultimate deleterious effects, which are so frequently the result of many well-known patented compounds.

WINSLOW LEWIS.

It is an indispensable article for the Ladies, as it keeps the hair in place and curl, and the skin or parting of the hair free from dandruff and scurf. For children, it lays the foundation of a good head of hair.

### BOGLE'S AMOLE,

A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the *Amole*, or "soap plant," of California, an article used by the natives of that country for washing; and thus the use of strong alkali, so hurtful to the skin, is avoided. Its vegetable and detergent properties have the purest and most nourishing effects on the skin,—it soothes and allays irritation, and has a fine, thick, creamy lather, which does not dry on the face. It is a decided luxury to be shaved with this incomparable soap. It is done up in elegant style, calculated either for the dressing case of the rough and ready "traveller, or the toilet of the most fastidious connoisseur.

### BALDNESS CURED.

*The following is from Sumner F. Barrett, Saratoga Street, East Boston;*

EAST BOSTON, Feb. 8, 1847.

*Mr. William Bogle.*—Dear Sir; For several years past, my wife has been troubled with baldness on the Crown of the head, about six or seven inches in circumference.—After repeated failures of other so-called remedies, and by the advice of friends, she was induced to use your Hyperion Fluid, for the purpose of restoring her lost hair, and I am happy to say that its effect has been to cause the hair to grow all over the part affected. She has used only two bottles, and that very irregularly; but she used it clean and more regular, I am convinced that the growth of the half would have been accelerated. I am, Sir, yours respectfully, SUMNER F. BARRETT.

### BOGLE'S HEBEAIONA,

FOR REFRESHING AND BEAUTIFYING THE COMPLEXION.

Eradicating Tans, Pimples, and other eruptions of the skin, and rendering it fair, delicate, and blooming. It is equally efficacious in protecting the skin from the hot sun of summer, and freezing blast of winter, and is the most fragrant and delicious article to be found at the toilet or fashion.

All the above articles have stood the test of the severest examination, and are WARRANTED superior to anything yet introduced.

WILLIAM BOGLE, Proprietor,
277, Washington Street, Boston.

AGENTS FOR CANADA:—Mr. Lymans & Co., Montreal; J. D. Manson, Quebec; R. Lovell, Toronto.

HUMAN HAIR.—HYPERION FLUID.—This is a compound admirably adapted to the decoration of the hair, and has the particular merit of being prepared purely from vegetable substances, so that its application is perfectly free from any injurious effects. It promotes growth, imparts a healthy glossy appearance, and, in cases where the hair is merely dry, or affected with the dandruff, or slightly inflammation of the skin of the head, caused by severe brushing, it will be found invaluable. It is also a most elegant use of the Hyperion, in a state thus they will find, to their delight, a complete change will have taken place in the action of the glands, and a healthy growth of hair will shortly follow. Its effects in checking the hair from falling and changing to any other colour, are wonderful. The Hyperion should be used in the following manner:—Dip body's sponge or brush into the Hyperion, and gently rub it into the roots of the hair, so as to moisten the skin. Its effects will be found astonishing. The Hyperion should be used once or twice a week, according to the state of the hair.

T. D. HALL.

---

## CRAMP AND PAIN-KILLER.

THE MOST SUCCESSFUL REMEDY KNOWN

For the Cure of all Rheumatic Affections—Pain in the Stomach, Back, Side or Limbs—Stitches in the Back, Side or Limbs—Cramp in the Limbs or Stomach—Darting Pains, Bilious Cholic, Dysentery and Diarrhœa, Colds and Sore Throat, all cases of Local Inflammation—Cuts, Wounds, Bruises, Headache, Toothache, Burns, Scalds, Frozen Limbs, &c., &c.

THIS wonderful Medicine has effected many truly surprising cures in cases of the foregoing complaints. And we say no more than hundreds and thousands who have used it will assert, when we say there is no Medicine designed for that class of complaints, possessing more than a tythe of the power to relieve and cure of this.

We solicit particular attention to the fact that it does not contain a particle of *Opium* in any form. Neither does it contain Camphor.

It is free from any deleterious article, and cannot, in any supposable case, injure the patient.

It does not deaden the *Life Faculties*, nor produce the burning, drying, parching sensations, so much complained of in the use of other "Pain Killers."

It does not weaken the peristaltic motion of the bowels, promoting Costiveness and its attendant evils, but is a promoter of digestion, and of proper and healthy action in the stomach and intestine canal.

IN ALL RHEUMATIC AFFECTIONS,

LOCAL Pains, &c., it has proved *surprisingly* successful, rarely failing to *cure*, even in the most desperate and long standing cases. (See Certificate.) In these cases the parts affected should be freely bathed, and then rubbed lightly, but briskly—not hard enough to hurt the patient, till an irritation is produced on the surface, and in severe cases the patient should take half a teaspoonful on sugar or molasses.

CRAMP IN THE STOMACH OR BILIOUS CHOLIC.

We believe it will never fail to *speedily cure*. It should be a teaspoonful at a time, on sugar or molasses, or in any manner the patient can take it best, and the stomach and bowels freely bathed. And if in fifteen or twenty minutes the patient does not find relief, repeat the dose.

DYSENTERY OR DIARRHŒA.

Are speedily and easily *cured* by it. It should be given a teaspoonful at a time, once in an hour or two, or oftener in severe cases, and bathe the stomach and bowels with the same.

EVEN THE CHOLERA.

Which during the past season has swept off such fearful numbers, has been cured by it, we believe in every case; where it has been early and faithfully applied. In Bangor, where it proved singularly fatal, it was found to yield to no remedy, and CURTIS & PERKINS' *CRAMP AND PAIN KILLER*, was the Medicine recommended by the first Physicians, and by the Press, as the first, the safest remedy to be used.

As a dressing for *Cuts, Wounds, Bruises, &c.*, it is without a rival. As also in cases of *Burns, Scalds, Frozen, &c.*,—relieving the pain and *healing* without scar.

FOR TOOTHACHE

It is, nine times out of ten, a *CURE*. We believe it will *never fail*, unless the tooth is ulcerated. If the tooth is hollow, saturate a little lint and put it in the cavity. Hold some of it in the mouth. If the face is swollen bathe it with it.

Bathing the head with it is generally a cure for the *Headache*.

We are constantly receiving certificates from every part of the country, many of which may be seen in newspapers, and in pamphlets, which may be obtained of any of our agents.

P. S.—It is the best *HORSE AND OX LINIMENT* in the world.

Please read the following statement from John Buckman, Esq., of Belmont, Me.:—

BELMONT, July 11, 1848.

*Messrs. Curtis & Perkins.*—For two years past I have been entirely prostrated with the Rheumatism; both of my knees were swelled to twice their original size—a large bunch came out on my breast bone, appearing like a joint of the bone thrown out. Another bone was thrown out of my wrist. In short, I endured the most excruciating pains for nearly three years. I obtained the best medical attendance the country afforded, and tried a great number of medicines and prescriptions without the least benefit or alleviation, which I had the good fortune to procure a bottle of Cramp and Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. Soon after using it I found I could get some rest nights, and the pain became less violent. I have continued to take it and apply it externally, until I have used eight bottles. I took much larger doses than was recommended.—The swelling has all gone down both in my limbs and breast, and I am entirely relieved from pain. I have been able to do a good day's work at any time for the last three months, for a man of my age. No description of my case can convey the vast amount of benefit I have received from this article. I believe it is the best article in the world for Rheumatism, I have also used it for cholic and pain in the stomach, and always found immediate relief.

JOHN BUCKNAM.

## ST. LEON AND CAXTON SPRINGS.

MONTREAL, June 3, 1850.

For the past twelve months I have frequently recommended the Waters of the St. Leon and Caxton Springs, and have received a favorable opinion of their efficacy as aperients in various derangements and diseases. I have found both Waters well adapted, in the generality of cases, for accomplishing all the purposes of the ordinary saline aperient draughts, over which their tonic and alterative ingredients give them, for continued use, a superiority.

W. FRASER, M.D.,
Lecturer on the Institutes of Medicine, McGill College.

SCROFULOUS AFFECTIONS, &c.

In all these distressing and prevalent cases, there is no question regarding the efficacy of this medicine, as testimony from citizens of this city, writes as follows:—

Dr. Sherwood's Galvanic Embrocation, I regard as the most efficacious of all remedies in Scrofulous affections. One of my children, a daughter of 5 years old, was afflicted with a very inveterate and protracted Scrofulous affection, which had continued its ravages nearly two years, various remedies were tried but without effect.—The disease had diffused itself in several deep-seated ulcers the discharge from which was acrimonious and very offensive. At this crisis, I commenced the treatment with Dr. Sherwood's Galvanic Embrocation—the only remedy used in connection, was a decoction of Sarsaparilla, which soon conquered the disease, and a complete cure was effected. 225

## DR. LA'MERT

ON THE INFIRMITIES OF YOUTH & MATURITY.

*Just Published, 40th Edition, and may be had in French and English, in Sealed Envelope,*

2s. 6d. Sterling.

### SELF-PRESERVATION:

A MEDICAL TREATISE ON THE PHYSIOLOGY of MARRIAGE, and DISORDERS of YOUTH and MATURITY, usually acquired at an early period of life, which enervate the physical and mental powers, diminish and enfeeble the natural feelings, and exhaust the energies of Manhood—with practical observations on the Treatment of Nervous Debility and Indigestion, whether arising from those causes, close study, or the Influence of Tropical Climates; Local and Constitutional Weakness, Syphilis, and all Diseases and Derangements resulting from Indiscretion.—with Forty Colored Engravings, illustrating the Anatomy, Physiology, and Diseases of the Reproductive Organs, explaining their structures, uses and functions, and the various injuries that are produced in them.

BY SAMUEL LA'MERT, M.D.,

*No. 37, Bedford Square, London,*

Doctor of Medicine, Matriculated Member of the University of Edinburgh, Licentiate of Apothecaries' Hall, London, Honorary Member of the London Hospital, Medical Society, &c.

THE Work contains an accurate and complete account of the Anatomy and Physiology of the Reproductive Organs, and of their relative conditions in health and disease. Nor are alone the sole conderns of the Work; the means of escape, as well as the nature of the danger, are pointed out in clear and intelligible language. It unerringly requires the closest attention and study, for what subject can be of more import than the preservation of health, and of the physical capabilities of which every man should be possessed. It unfortunately happens that the unhappy victim of excessive indulgence and vicious habits, whether acquired in early life, or from the follies of advanced age, while suffering from their invariable consequences, one lately entertains a fear of applying to a qualified physician for relief. Shame and the dread so frequently, but erroneously, entertained, that those complaints are beyond the reach of art, alike restrain him, and prevent the seeking for assistance before alone it can be procured. In acting thus, he forgets that accurate discrimination in ascertaining the causes of disease, sympathy with the sufferer, and, above all, secrecy, invariably characterize the intelligent and practical physician, and to the medical man, who can show by his possession of the requisite legal qualifications, that he is entitled to esteem and respect in his professional pursuits, the utmost confidence should be extended. Dr. LA'MERT has obtained the highest medical honors, as his diplomas testify, and the great extent of his practice for many years, is a guarantee for his professional experience, which has reference almost solely to the treatment of these diseases.

The Work may be had in Montreal, of BENJAMIN DAWSON, St. John, of H. Cathin & Co., price 5s. 6d. Sterling; Halifax, Messrs. Morton & Co.

December 20. 270

---

Society at large is indebted to William Bogle, 277 Washington Street, for a series of the most unexceptionable toilet articles,—the month of his inventive research. His Hyperion Fluid is extensively used, and stands at the head of the list of preparations for strengthening and beautifying the hair; his Amole, for shaving, is decidedly the greatest assistant in comfort, and, we add, this troublesome task; and his Hebeaiona, for the complexion, is universally in its beneficial effects. Sold by the inventor as above.—*See Adv.* 277

STRONG RECOMMENDATIONS.

Regarding the effects of Dr. Sherwood's Galvanic Embrocation, is distinguished Physician of New York remarks as follows:—"The extraordinary rapidity with which this Galvanic Embrocation is conquering the prejudices and overcoming the opposition of the medical profession and intelligent members of the Profession, seems to warrant the conclusion, that it will ultimately effect a complete revolution in the practice of medicine." The Boston Medical and Surgical Journal, recently, seems to have been little thought of its duty by the profession, and it will be found the best Physician, and surest friend, in cases of sickness, pain and accident." The Boston Medical and Surgical Journal, recommends it to the regular practitioner in private families and on shipboard, for effects sometimes almost miraculous, in judicious application, for severe contusions, sprains, &c., and in cases of accidents, where the skin is not ruptured, the Embrocation can possibly injure, the result will be as in any case whatever, even to the most delicate person or tender infant.

*From the Baltimore Sun Daily Paper.*—Dr. Sherwood's Galvanic Embrocation, is in great demand, and is rapidly growing into general use, and is a valuable remedy for Rheumatism, Gout, Lumbago, Sprains, &c., &c., &c., &c. Sold by Druggists, Hotel, Boat, and every Public and Private Family, throughout the country. Persons and persons residing in Europe, or Europe, or Asia, or Africa, or America, or Australia, or Oceania, or Polynesia, or Polynesia, or Polynesia
