BY THE BOARD OF EDUCATION.

THE Board of Trustees of any School District is hereby empowered to provide from the School Funds under its control, Prizes not exceeding a first, second and third prize, in any School Term, for each School or Department, and according to such conditions and regulations as may be prescribed by the Board of Education, provided that no such prize shall be awarded in respect of proficiency in particular subjects of the School course, or the discharge of particular School duties.—14 Vict. cap. 55, sec. 10.

In pursuance of the above enactment of the Legislature, the Board of Education has been pleased to prescribe the following conditions and regulations—which are to be carefully observed by Boards of Trustees and Teachers—respecting the offering and awarding of the School Prizes therein authorized:—

1. The offer of the Prizes and the conditions of their award set forth below (in sections 2 and 3) shall be announced to the school, or department, on or before the first day on which it may be in session in any Term.

2. The following shall be regarded as the STANDARD for every member of the School:—

Prompt attendance at each school sitting; unexceptionable conduct while subject to the Teacher's supervision, whether in the school room or elsewhere; industrious application in the discharge of every school duty; and excellence or Scholarship in the subjects of prescribed study, according to the pupil's assignments in the course of instruction pursued in the school.

3. The Teacher shall assign a fixed numerical value to the above standard (say 5 or 10) for each half-day (or for each day) *to be available in respect of those pupils only who are present;* and the Teacher shall according to his best judgment, determine and record at the time what abatements to be made for any failings (or duty) from this standard figure on account of tardiness, improper conduct, want of application or imperfect scholarship. At the close of the calendar month the Teacher shall make entry in the Set 201 Register (pages 8 or 10) of the sum of the standard figures (or parts of them) received for the month by each pupil, and the aggregate of these monthly entries shall be regarded as the pupil's School Standing for the Term.

4. At the close of the term the Teacher shall present a written report, under his signature, to the Secretary of the Board of Trustees, setting (1) the names, with the School Standing for the Term annexed to each, of the pupils having first, second and third positions; and (2) the name of any pupil who, was a member of the school, or department, was unavoidably absent, and whose actual average daily standing being allowed for such days of absence, (not exceeding five in any case) would make the school standing for the Term equal to that of a pupil whose name shall have been reported in the 1st or 2nd place. The Secretary of the Trustees shall keep the Teacher's Report on file for a period of at least two years.

5. The Board of Trustees shall award the prizes to the pupils having the highest School Standing for the Term; and in making the awards the Trustees may, in their discretion, take into consideration, but only within the limitations specified in sec. 10, the case of any pupil unavoidably absent from school.

6. The Board of Trustees shall determine the nature and value of all prizes, and shall exercise a responsible care that no prize be of a character excluded by the provisions of regulation 33, or by section 102 of the School Act.

7. The prizes shall be publicly presented through the Board of Trustees, at some convenient time, at the close of the Term, at such time and place as the Trustees shall determine; and the Trustees may invite, at their discretion, gentlemen resident or non-resident to preside at the presentation of the prizes on behalf of the Board of Trustees and the District.

8. The foregoing conditions and regulations are applicable exclusively to school departments, conducted by teachers holding valid licenses under the provisions of Regulation 27 or 30.

By order,

THEODORE H. RAND,

Chief Superintendent Education.

Education Office,

Fredericton, N. B. August 10, 1878.

Notice to Contractors.

SEALED TENDERS, addressed to the undersigned, and indorsed "Tender for Custom House, Saint John, N. B.," will be received at this office until MONDAY, the 12th day of AUGUST next, at NOON, for the erection and completion of the above building.

Plans, Specifications, &c., can be seen at this office, and at the office of Messrs. McKean and Fairweather, Architects, Saint John, N. B., on and after MONDAY, the 5th inst., where forms of tenders &c., and all necessary information can be obtained.

Contractors are notified that tenders will not be considered unless made strictly in accordance with the printed forms, and—in the case of firms—unless there are attached the actual signature and the nature of the occupation and place of residence of each member of the same.

For the due fulfilment of the contract, satisfactory security will be required on real estate, or by deposit of money, public or municipal securities, or bank stocks, to an amount of *five per cent.* on the bulk sum of the contract.

To the Tender must be attached the actual signatures of two responsible and solvent persons, residents of the Dominion, willing to become sureties for the carrying out of these conditions, as well as the due performance of the works embraced in the contract.

This Department does not, however, bind itself to accept the lowest or any Tender.

By order,

F. BRAUN, Secretary.

TO THE ELECTORS

OF THE

County of York.

GENTLEMEN:—

In a short time you will be called upon to elect some person to fill the seat in the House of Commons that I have had the honor of holding for ten years. It would be somewhat strange if during that period, I had not made some mistakes, and at the same time, offended some person in the discharge of my public duty. It has been my aim to do the best to further the welfare of the whole Dominion, at the same time to keep our Provincial interests always in view, and to support such measures as in my judgement would tend to our local advancement. Our interests are varied, and to legislate and bring the whole into harmony is to my mind a problem yet to be solved. The building of Railroads and Canals, giving us an internal communication for the Commerce of the country, will help its solution; but it will take time and money to work it out successfully. When we look at the vastness of our territory, extending from the Atlantic to the Pacific Ocean, and the millions of acres of Prairie land, resting or waiting for man to cultivate and bring into life, we pause with wonder what to do! We dare not falter, we must go forward. Years must roll around before we shall reap our reward. Our debt must vastly increase until our population reach eight to ten millions or more. Perhaps then our Revenues will increase faster than our expenditure, without increasing our Taxes, or thinking of our Tariff yearly, giving dissatisfied politicians opportunity to make capital out of the changes. During the last five years we have been wading deep in a commercial crisis, almost without a pause; and not only we, but all the nations of the world. There has been depression on every side, and a want of confidence in everything that attempts to move. No legislation can bring us up to a prosperous state point; only the practice of strict economy at home and abroad can help us to reach it. Let us wait the result. With willing hands and hearts, strong to brave the storm to adversity. We have grumblers on every hand; let them grumble; it will be a work to carry them along that we stop to satisfy or attempt to make them understand. We have other more deadly foes who are prowling around to devour the Loaves and the Fishes, and the Wedge of Gold. Drop them. The World will soon roll over them and hide them from our view. I thank you, Gentlemen, for your confidence in the past; I now ask you for a renewal of that confidence; and I hope that my course in dealing with the trust that you placed in my hands ten years ago, has been such as to justify the request. I believe that I have acted in the past with a desire to advance your interests. In the event I shall endeavor, aided by ten years experience, to do all that I can to promote your interests in future. If on the contrary you decide to place another in my stead, I can only say to you that I will bow to your decision without a protest. I will just wish you all thing you represent to do the responsible position in such a way that will tend to elevate us as a portion of the Dominion in the eyes of the world, without attempting to lower by word or deed any person in order to build myself up. I shall endeavor to see you all, if possible, before the election, in your districts. Should I not go to the polls and deposit your ballots in my favor.

I shall ever remain,

Yours faithfully,

JOHN PICKARD.

Gentlemen Electors

OF THE

County of York.

I SHALL be a Candidate at the approaching Election for the representation of this County in the house of Commons. I may tell you frankly that I am opposed to the present Administration, believing that its policy from the beginning, and all along, has been one detrimental to the interests of the Dominion, and fraught with ruin to the whole Country.

As soon as Parliament is dissolved, I shall commence to visit the various localities throughout the County, and give my views upon Dominion matters, as well as expose, to the best of my ability, the reign of maladministration which has marked the career of the Mackenzie regime. In the mean time, I ask you not to pledge yourselves to any other candidate.

I have the honor to be, Gentlemen,

Your obedient servant,

C. H. B. FISHER.
