THE CLAN MACLEAN.

Toronto Members Will Attend the Gathering With the Pipers of the 48th Highlanders.

A circular from the Chicago Association of the Clan Maclean has been received by various members of the clan in Toronto. The circular says:

The final arrangements for the great gathering of the clan in Chicago, commencing on Monday, June 12, are now completed. The chief, Sir Fitzroy Donald MacLean, Bart., Count MacLean, chieftain of the MacLean of Sweden (who is also president of the MacLeans' Association of Glasgow, Scotland, escorted by a delegation from that association) and the chieftains of Pennycross, Loohbuie, Ardgour, Urquhart and Kingerloch are expected to arrive in Chicago on the 12th, and on the 13th a reception will be given at the Auditorium to these distinguished gentlemen and their families by the Clan MacLean in America, as represented on that occasion. On the 15th a grand banquet will be given in their honor by the association at the Auditorium. On the evening of the 16th a MacLean concert will be given at Central Music Hall by members of the clan, assisted by the Highland Association of Illinois; the music at this concert will be of a high class, and exclusively Scottish, both vocal and instrumental, the vocal part consisting of Highland songs in both the ancient Gaelic and the English; there will be a variety of the Scottish national dances; the instrumental music will also be strictly Scottish, and be rendered by a magnificent orchestra and a band of Highland pipers.

A special train of MacLeans from Toronto, accompanied by the Pipers' Band of the 48th Highlanders, will attend the gathering, and this, we believe, will be only the "advance guard" of the MacLeans from other parts of the Dominion who will attend; from each of the states there will be large delegations coming in organized bodies, so that we may confidently say that we have every reason to expect a gathering which will be recalled and remembered by all who are so fortunate to participate in it, and will be a marked event which our children will often refer to with pride after we are gone.

W. A. MACLEAN,
President.

P.S.—As an evidence of the intense interest that this gathering is awakening, not among the MacLeans only, we select from numerous similar ones the following letter from the chieftain of a kindred clan, which cannot fail to evoke a responsive sentiment in the hearts of every MacLean:

AT THE MANNING HOUSE,
WINDSOR, ONT., CANADA, April 12, 1893.

MY Dear Sir,—In the behalf of the Macneil, hereditary Chief of the Clan Neil of Barra, aged and infirm, sojourning in this country, I present compliments to all the gentlemen of the various committees, and beg to congratulate you, and them, on the unprecedented example the proud sons of Dowart have set to the Scots of America in calling their clansmen together on the occasion of the Columbian Exposition, and tendering their worthy chief a grand reception.

The spirit of the Macneill thrills at such an expression of fidelity to their clan kinne as those Macleans have given, and it moves him to exclaim, "Though our clans are scattered to the four corners of the earth, and some of us dispossessed wanderers in many lands, yet our children have not forgotten us."

The heartfelt prayer of the Macneil and the son of the Macneil is, that Him who alone can support the cath of the Maclean will command the earth and the inhabitants, and all the elements to join in the propitiousness of this extraordinary and noble occasion.

Yours very sincerely,
AMBROSE MACNEIL,
Chieftain next of Kin.

To S. P. MACLEAN, Esq.,
Secretary, Chicago.

WHERE THEY GET THEIR NAME.

Keswick, the Town Where English Lead-pencils Are Principally Made.

The convention of the Keswick Brotherhood at Association Hall yesterday was attended by a large number of the religious people of the city. The most notable feature of this society is that it embraces all sects and is attended by Anglicans and "dissenters" alike. Rev. Dr. Inwood occupied the chair, and spoke a few words to the audience, largely composed of ladies, and introduced the speaker of the day, Rev. Mr. McGregor, of Presbyterian persuasion. Mr. McGregor spoke of the end and aim of the brotherhood, which has already been described in The World. The brotherhood is one to advance the spiritual message of Christ and to lay aside all questions of wordly import which now divide the followers of Christ into sects. Prayer was offered. The convention has already aroused the interest of all the Christians of the city, and it is expected that when the convention is concluded it will have been a fruitful and far-reaching success. It may be remarked that the Brotherhood gets its name from the fact that it annually convenes in the town of Keswick, England, a town famous in another respect, for it supplies the black leadpencils, with which the sturdy English newspaper man follows his placid journalistic ideal.

Local Legal.

The motion to dissolve the injunction restraining Buntin, Reid & Co. from selling Taggart & Co.'s stock was up again yesterday before Mr. Justice Robertson, but was enlarged for another week.

Mr. Justice Robertson yesterday made an order for the appointment of Tax Collector John B. Matson receiver of rents in the action brought by Elizabeth Picken and others against Robert Brown. Brown has been owner of some six houses in Shaw-street, but the taxes not being paid the collector took possession and collected the taxes. Brown was dissatisfied with this arrangement and had the water turned off and in various ways annoyed the tenants. An injunction was obtained by some of the tenants restraining him from interfering with their enjoyment of the demised premises, and yesterday Mr. Justice Robertson directed that the injunction be continued and that Collector Matson receive the rents till the taxes and costs are paid.

The Infants' Home and Infirmary.

This deserving institution in St. Mary's-street is in need of further aid, and the ladies in charge have arranged for a piano recital by Mr. H. M. Field, assisted by Mrs. Caldwell, Mrs. Cameron, Mr. Aldridge and Mr. Hewlett, at Association Hall, on Monday evening, May 1. Tickets may be had at Gourlay, Winter & Leeming's, Yonge-street. The charge will be a collection taken up during the concert by several little girls becomingly attired.

The Messiah Church Troubles.

The motion to dissolve the injunction in the Messiah Church affair occupied Mr. Justice Robertson most of yesterday. Mr. Meek appeared in support of the injunction and Mr. Moss, Q.C., and Mr. W. Barwick opposed it. Two of the other suits arising out of this matter have been settled, and it is likely that suit will also be settled.

Grip to Be Sold By Tender.

The sale of Grip will be effected, not by auction as at first announced, but by tender. Tenders will be received up to May 31 for the good-will of the paper, subscription list and advertising contracts. The rest of the business carried on by The Grip Printing Company is not included in the sale.

Mr. Joab Scales of Toronto writes: "A short time ago I was suffering from kidney complaint and dyspepsia, sour stomach and lame back; in fact I was completely prostrated and suffering intense pain. While in this state a friend recommended me to try a bottle of Northrop & Lyman's Vegetable Discovery. I used one bottle, and the permanent manner in which it has cured and made a new man of me is such that I cannot withhold from the proprietors this expression of my gratitude."

Escaped From the Asylum.

Edward Clancy, aged 35, an inmate of the Mimico Asylum, escaped yesterday. He is a light complexioned man and limps as if his feet were sore. He wore a soft cap without any peak and a light tweed suit. He had no shoes on at the time he left the asylum.

Nothing Like It.

Dyer's jelly of cucumber and roses cures scalded hands and makes the skin soft and smooth.

Crushed By a Roller.

Norman Knight, aged 8, residing with his parents in Suburban-place, was run over by a street roller attached to a wagon, in the Kingston-road yesterday, and very seriously injured internally.

A $30,000 SLEEPER.

The C.P.R. Company's Magnificent New Sleeper Bombay.

There was an unusually large crowd of people at the Union Station last night to see a new C.P.R. sleeping car, surpassing anything yet seen of its kind, which went east on the 9 o'clock train. The car is named Bombay, is finished outside in Honduras mahogany and is of the standard C.P.R. color. The car is composed of 12 sections and two arches, the interior woodwork being of beautifully carved white mahogany and the seats covered with plush of a sage green color, the whole style being that of the Spanish renaissance. There are toilet rooms for ladies and gentlemen, and also a complete bath room, smoking room and stateroom. The latter is something new to travelers, being completely shut off from the eyes of the occupants of the car. The car is fitted for electric light and each berth has an electric bell communicating with the porter's quarters. The car is 77 feet in length and is said to have cost $30,000. It was built at the company's shops in Montreal. The car is to be placed on the Chicago route on May 14, when others of a similar kind will be added; vestibuled trains leaving Toronto for Chicago at 7.20 a.m. and 7.30 p.m. and arriving there at 9.30 p.m. and 10.30 a.m.

The Frities in Court.

The Scottish-American Investment Company, a creditor of Mr. and Mrs. R. W. Frittie, on Monday evening obtained from Chief Justice Galt an injunction restraining the city from paying over to the Frities any of the money due them—some $35,000 in all. The injunction was made returnable on Friday next. But yesterday afternoon an application was made by Messrs. Neville, McWhinney & Ridley, acting for the defendants, and the injunction was dissolved.

MAKES ITSELF FELT

—the great, griping, old-fashioned pill. Not only when you take it, but unpleasant, from first to last, and it only gives you a little temporary good.

The things to take its place are Dr. Pierce's Pleasant Pellets. One of these at a dose will *regulate* the whole system perfectly. They're tiny, sugar-coated granules, scarcely larger than mustard seeds. They act in Nature's mild way. No reaction afterward. Their help *lasts* and they do *permanent* good. Constipation, Indigestion, Bilious Attacks, Sick or Bilious Headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured.

They're the cheapest, for they're *guaranteed* to give satisfaction or money is returned. Nothing can be "just as good."

TIPS FROM WALL-STREET.

Monroe, Miller & Co. of New York send the following despatch over their private wire to their Toronto office:

NEW YORK, April 25.—There was a turn for the better in Wall-street yesterday because chances favored a speedy solution of the currency problem. President Cleveland's unmistakeable language about maintaining the parity of the two metals formed the nucleus of an improved feeling. A drop in foreign exchange and the conference with the presidents of national banks and representative bankers also kept up the spirits of the bulls. The meeting was significant, because it was arranged for in advance by the accredited of the Treasury Department in this city. Sugar was a strong feature. Barnes Bros. bought 1000, Seymour Bros. & Young 1000, sellers scattering. It was stated that the $3,200,000 gold forwarded by the Trave would have been largely increased had there been another available steamer. London took profits on some of its purchases, but the bears found a more limited supply of stocks pressing on the market than they did last week. This was especially noticeable in Sugar, Mo. P., R.I. and C.B. and Q. Distillers was feverish on the report that at to-day's special meeting of the directors an issue of $10,000,000 bonds will be authorized. A. T. dropped on the report that Kenney Bros., one of the oldest members, intended to turn their holdings into cash. The raid on N. E. did not lessen the strength of the general market, which is ruling firm at improved quotation. Buying orders from the west are the features of the grangers.

Henry Allen wires J. J. Dixon that at a long Cabinet meeting in Washington, Secretary Carlisle put before President Cleveland a proposition from New York banks to advance from $25,000,000 to $50,000,000 of gold in exchange for Government bonds, the banks agreeing to waive objections as to the legality of such an issue. The proposition was rejected.

GOSSIP FROM CHICAGO.

R. Cochran received the following from Kennett, Hopkins & Co.:

CHICAGO, April 25.—Wheat opened easier, but immediately firmed up on numerous private cables reporting widespread apprehension of damage by drought. There was considerable buying on this news, and for an hour or so it looked like a bull market, but offerings increased and closing cables, both Liverpool and Paris, came lower. These were a surprise, in view of the bullish news, and disappointed holders sold out, rightly reasoning that if the situation there was not bullish enough to affect foreign markets, high rate for money and difficulty of getting it are unsettling the cash markets for grain. With favorable weather lower prices tomorrow seem probable.

Corn and oats—Scalpers laid in a supply of calls yesterday on corn, expecting a strong market to sell on, but it turned out that with nearly everybody prepared to sell and few to buy prices could not be sustained. The crop outlook for corn and oats is still favorable. Shorts have covered freely, and there seems to be no good reason for anticipation of higher prices at present. The market for provisions is still very strong, light stocks and short supplies of hogs being the influential factors. It is risky to be short of any hog product.

The Live Stock Market.

Receipts of live stock at the Western Cattle Market were lighter to-day, 25 loads coming in. A few export cattle were in, but the offerings were mainly of butchers' stock. Prices for export cattle stood about at Friday's figures. Butchers' cattle were in fair demand, and with lighter offerings prices were a shade firmer, though still unsatisfactory to drovers. Some of the latter complain that they are unable to get more here than the cost of the cattle in the country. Some of to-day's sales are:

18 head butchers' av'g	1100 lbs at	4c	per lb.
4 bulls	" " 1900	" 3⅜c	" "
7 head butchers'	" " 1200	" $4.20	per cwt
5 "	" " 1050	" $3.90	" head
18 "	" " 1092	" $3.65	" cwt.
20 "	" " 1080	" $3.80	" "
22 "	" " 1050	" $3.75	" "
11 export cattle, including 4 bulls weighing 16,070		4c	" lb

Hogs were in fair supply, 550 coming in. Strong outside markets and local competition firmed prices. Select weight, off car, brought $6 to $6.25, per cwt.; stores from $5.50 to $5.75 and rough light and heavy $5.25 to $5.50. A few inferiors sold as low as $4.75. McDonald & McClennan were in the market to-day and took about 400 hogs. Receipts of sheep and lambs were light, only 41 coming to hand. Prices were firm at 5½c to 6c per lb for yearlings and 4½c to 4¾c for sheep. Calves sold all the way from $2 to $8 a head. Milch cows and springers were easier, owing to there being an over-supply on the market. Prices ranged from $35 to $45 a head.
