Two Hundred Rebels Under Vantz Attacked Setlagoli, But Were Repulsed.

Attempt to Dynamite a Train Failed—Kitchener's Report of the Vlakfontein Affair—Shot Our Wounded.

KIMBERLEY, July 26.—Two hundred rebels, under Vanzt, attacked Setlagoli on Friday, but were repulsed. General Delary is reported to have been present. He afterwards recrossed into the Transvaal and attempted to blow up the railway. Seven pounds of dynamite were concealed and set so as to explode the dynamite when a train passed. The rails were not deflected sufficiently to press the needle, and several trains passed without harm. A "Ganger" discovered the mine.

ANTWERP, July 26.—The physician in attendance on Paul Kruger has ordered a change of scene. Kruger arrived yesterday at the villa of Mr. Willmarans, one of the Boer delegates at Scheveningen, a watering place in South Holland.

LONDON, July 27.—The Daily Mail publishes Lord Kitchener's official report regarding the Vlakfontein affair, which is as follows:

"Lieut. W. S. B. Duff has given the following information:

"On the day after the fight at Vlakfontein, May 29, Lieut. Hearn told him that while lying on the ground wounded, he saw, about 20 yards from him, Lieut. Spring and Sergeant Findlay, both slightly wounded. They were binding up each other's wounds, when a young Boer, with a pink puggaree around his hat, came up and shot both dead. Lieut. Hearn lay quite still. The Boers, thinking him dead, contented themselves with taking his spurs and leggings. Lieut. Hearn also said that others of our wounded were shot by Boers.

"Lieut. Duff collected the testimony of eight privates and non-commissioned officers, who affirmed that they saw Boers shoot our wounded.

"Several of the men saw a Boer, evidently someone in authority, trying to stop his men from shooting our wounded."

The foregoing is taken from Lord Kitchener's first mail report on the subject. He has wired that he would supplement it by sworn testimony.

LONDON, July 27.—The Cape Town correspondent of the Standard says:

"Mail advices say it is reported in Pretoria that Lord Kitchener will give up his command August 31 and proceed to England, where he will remain five months, then taking over the supreme command in India, and that Sir Bindon Blood is expected to succeed him in South Africa."

LONDON, July 27.—Telegraphing from Pretoria under date of July 26, Lord Kitchener reports to the war office as follows:

"A detachment of Steinacker's Horse, occupying Bremersdorp, was forced to evacuate July 24 by a superior force of Boers, probably the commandoes of Amsterdam and Pietretie. The detachment fought its way to Lembobo, a distance of 16 miles, losing about 10 killed or wounded and a few missing.

LONDON, July 29.—The Daily Mail makes the following statement today:

In consequence of the Daily Mail's publication of the fact the Boers killed British wounded at Vlaktontein, all cables from the correspondent who made the charges have been suppressed.

It also asserts that Mr. Brodrick, the war secretary, is using the Daily Mail's publication of Lord Kitchener's new plan of campaign as an occasion for "the insinuation that we obtained the news of Lord Kitchener's scheme by purloining documents at the war office," and has cut off the Daily Mail's daily list of casualties, having also informed the Daily Mail in writing that he had warned the news agencies under contract with the Daily Mail not to supply the paper with casualty lists or other official news.

LONDON, July 29.—Enquiry made by the Associated Press shows there is no foundation of the rumor published here by the Daily Express that the United States ambassador, Joseph H. Choate, had left London for Holland, and not on a holiday, but at the invitation of Mr. Kruger, who desires him to act as a mediator in bringing about a peace settlement. Mr. Choate has not left London. He returned here from Sussex today.

LONDON, July 29.—Lord Stanley, financial secretary to the war office, replying to a question in the house of commons today, said the total number of Boers made prisoners, or who had surrendered since the declaration of war up to July, was 23,000.

FIRST MEMORIAL TO CANADIAN WOMAN.

Henry J. Morgan of Ottawa writes to the Journal as follows: "In your article some days since, on the monument to Laura Secord, which has been unveiled at Lundy's Lane, you refer to it as the first monument which has been erected to a Canadian woman in Canada. This statement is incorrect, as seemingly the honor of reading such a monument to a member of the other sex in the dominion belongs not to Ontario, but to Nova Scotia. On March 24, 1870, Mr. White, one of the members for Cape Breton in the house of assembly of that province, drew the attention of that body to an act of great heroism which had been displayed by a little girl named Catherine Crowley, at Pugwash, in the county of Cumberland, which had cost her her life, and he moved that the government be authorized to erect a suitable memorial stone over her remains. The resolution was adopted, and in the same year a marble block, surmounted by a cross, and resting on a granite base, was duly dedicated to her in the local cemetery. On the cross are the words: 'In memoriam," and on the face of the stone the following inscription: 'Catherine Crowley lies beneath this sod, a victim of fraternal love. Having rescued a younger brother and sister from the flames of her parents' dwelling, she exclaimed: 'Mother, all is over with me now; but I have saved my brother and sister!' She expired expired twenty-four hours after, October 15, 1869, aged 12 years. 'Greater love no man hath known.' On the side of the stone is inscribed: 'This memorial was erected by the legislature of Nova Scotia."—Montreal Witness.

BIG COAL STRIKE.

PITTSBURG, July 29.—The following terms of settlement of the strike come from an authoritative source, and can be relied upon as the probable outcome of the meeting of the conference:

The Amalgamated Association is to drop contention for the signing of a scale for all mills.

All mills are to be open mills in the fullest sense of the terms.

The company is to have the right to place a non-union man in any plant and keep him there.

In addition to the plants covered by the expired scale it is to be signed for the following:

W. Dewees Wood of McKeesport; Paine, Lindsay and McCutcheon and Clark mills of Pittsburg, and Monessen plants of the American Steel Hoop Co.

The question of making the Wellsville sheet plant and the Monessen tin plate plant directly covered by the scale is to be settled by a joint conference.

The Amalgamated Association is to have the privilege of organizing the men in any of the plants.

KENNAN'S EXPULSION.

LONDON, July 29.—Mail advices received here today from St. Petersburg give details of the expulsion from Russia of George Kennan, the American author.

Mr. Kennan arrived at St. Petersburg three weeks ago after an absence of fifteen years. He entered the country by way of Finland on an American passport. The Russian press referred to Mr. Kennan's return courteously, no paper suggesting that he was not welcome. Thursday evening a high police official placed him under detention in his room and read a notice requiring Mr. Kennan's departure by 10 o'clock the next night. There is only one explanation for Mr. Kennan's expulsion and that is that the Russian government has not recovered from the effects of his criticism of the Siberian exile system, which has been greatly modified and restricted since Mr. Kennan first wrote of it.

Mr. Kennan is going to London, and thence he will go to Nova Scotia.

IN THE FAR EAST.

SHANGHAI, July 29.—The North China Daily News announces that there has been a renewal of outbreaks by the Boxers in the province of Shan-Tung, in consequence of the success of the allied villagers in Chi Li province against the troops of Li Hung Chang.

The notorious Yung Lu, who was imperial treasurer and later generalissimo of the northern army, has been appointed to the lucrative post of controller of the revenue board.

LISBON, July 29.—A despatch received here from Lorenzo Marquez, Portuguese East Africa, announces that a Boer commando, accompanied by women and children, has entered Portuguese territory in the neighborhood of the Limpopo river. Troops have been sent to disarm them.

ST. JOHN, N. B.

LORD AND LADY MINTO

Arrived Sunday on the Curlew After a Pleasant Sail Across the Bay.

Heartily Cheered by an Immense Crowd That Had Waited Long for Their Appearance—Civic Address and Reply—Largely Attended Reception.

Their Excellencies the Governor General and the Countess of Minto, with their staff, arrived in St. John on Sunday evening on the dominion government cruiser Curlew. They were informally received at Pettingill wharf by His Worship Mayor Daniel, and driven in barouches to the Royal Hotel, where they will remain during their stay in the city.

At Digby, where Saturday night was spent, the vice-regal party received a cordial reception. On the arrival of their special train at nine o'clock in the evening, they were met by the civil officials and a guard of honor composed of members of the local militia corps, under command of Lieuts. Denton, Jenner and Daley, which accompanied them through a large crowd to Oddfellows' Hall, where an address was read by Mayor Letteney, and responded to in a well timed speech by Lord Minto. An engrossed copy of the address was presented to His Excellency, as follows:

To the Right Honorable Sir Gilbert John Elliot, Earl of Minto, Governor General of Canada, etc., etc.:

May it please your Excellency:

The mayor and town council, on behalf of themselves and the citizens of the town and county of Digby, are happy on being among the Nova Scotian subjects of His Most Gracious Majesty King Edward VII., permitted to present their respectful greetings to your excellency and to the Countess of Minto.

We will long continue to regard as a memorable occasion the day on which we have been afforded this opportunity of receiving within the shire town of the county the first representative in Canada of our new sovereign, whom may God long preserve to his loyal subjects.

The lamented demise of her late Most Gracious Majesty Queen Victoria, of illustrious and cherished memory, brought grief to the people of this town and county in the same measure as that felt in the United Kingdom and elsewhere throughout the British Empire. Her blameless life, her many gracious acts of kindness, and the wisdom which she displayed in all matters of public policy, are graven on the hearts of us who lately were her subjects.

In this county your excellency will find a people faithful and loyal, attached to their sovereign and their country, and, although differing in language and origin, yet have but one voice and one heart in welcoming your excellency as the representative of His Majesty the King.

The advantages which Digby has long enjoyed as a favorite summer resort have brought yearly to its shores from the neighboring republic many thousands of our American cousins, and we are vain enough to think that the consequent intercourse of the two peoples here and elsewhere throughout the province has had no small influence in promoting the agreeable relations which exist between Canada and the United States.

We entreat your excellency favorably to accept for our Most Gracious Majesty and yourself, both personally and as his representative, the assurance of our sincere attachment and loyalty, with the most earnest wish that this visit amongst us may prove as gratifying and agreeable to your excellency and to Countess Minto as it is to the citizens of the town and county of Digby.

(Signed) G. I. LETTENEY
Mayor of Digby.

Their Excellencies spent the night on their private cars, and yesterday, after a drive about the town, went

ON BOARD THE CURLEW,

leaving Digby shortly after 3 p. m. It was raining slightly at the time of their departure, but in the bay the weather cleared and a pleasant crossing was made.

It was announced Saturday that the vice-regal party would reach the city at 5.30 Sunday afternoon, but this did not deter the loyal citizens of St. John from beginning to assemble in the vicinity of Reed's Point by two o'clock. All the afternoon the crowd grew and when the reported hour drew near and nothing of the Curlew could be seen, many went home for their suppers, returning immediately after and filling every position from which a

GLIMPSE OF THE LANDING

could be caught. The foot of Prince William and all the bordering wharves were packed and decks of the Cumberland, Prince Rupert and Wastwater were black with the crowds lucky enough to reach such tempting coigns of vantage. After the Curlew was sighted and the news spread about the city, the assembly thickened until all the efforts of the large corps of police on hand were necessary to preserve the cleared space on the wharf necessary for the landing. As the Curlew, spick and span, with gleaming white paint and brass-work polished like a mirror, swung gracefully into the wharf, Lord Minto stood beside Capt. Pratt on the bridge, joining his party aft as the moorings were made. Disembarking, he and the Countess were greeted at the gangway by His Worship Mayor Daniel and

ESCORTED THROUGH THE CHEERING CROWD,

to their carriages, which swiftly took them to their hotel, where another crowd received them as heartily and waited long outside for a re-appearance, which never came, although every exit from the side entrance and every vision at any one of the windows caused a false alarm and provoked gusts of cheering, greatly to the delight of some American tourists who were the recipients of most of the mistaken enthusiasm. The party accompanying their excellencies are their daughters, Lady Eileen and Lady Ruby Elliot, Capt. A. C. Bell, A. D. C., A. F. Sladen, private secretary; Arthur Guise, comptroller, and five attendants.

In spite of the fact that the reception was by request private and informal, quite a large portion of the

CITY WAS HANDSOMELY DECORATED

in honor of the visitors. Flags fluttered from all the public and many of the private buildings, and from the shipping in the harbor, flirting with the brisk breeze as daringly as if there were no such grim organization as the Lord's Day Alliance keeping a reproachful eye on their performance. The Royal Hotel flung two huge ensigns from its masthead and decorated its whole front with smaller flags. Flags of various descriptions were also artistically displayed from the post office and custom house, and the goodly number of ships in the harbor were lavish in their decoration. The international s. s. Cumberland, the D. A. R., s. s. Prince Rupert, and the steamer Westwater along the Reed's Point wharves had been adorned with especial care, and the steamers King Frederick and Pharsalia, and the four masted American schooner Jordan Thomas and other vessels were also prettily decorated.

The apartments occupied by their excellencies and staff of attendants at the Royal Hotel comprise a suite of fourteen rooms, the complete floor of the new buildings over the lady's parlor. They include a private reception and dining room, and the gentleman's parlor on that floor is used as an ante room. All the rooms have been handsomely furnished, the Countess of Minto's private apartments especially being daintily decorated with artistic furniture, pictures and tapestries. A special corps of waiters has been provided and the vice-royal visitors' meals are cooked and served at different hours from the rest of the guests. Their excellencies last evening expressed themselves

AS DELIGHTED WITH THE ACCOMMODATIONS

provided them.

The party after their arrival at the hotel last night, dined privately at 8.30, and retired at an early hour. This morning, His Excellency, accompanied by Lady Minto, their two daughters and their staff, will be driven to the Court House, where the civic address will be presented. Drawn up in front will be the guard of honor of 100 men from the 62nd Fusiliers, with the regimental band, which, on the appearance of His Excellency, will play six bars of the national anthem. The guard will be under the command of Major Magee, with the following officers and N. C. O.'s: Lieuts. Perley and McMillan, Color Sergt. Wetmore, Sergts. Cox, Day, Dooe and Corporals Atchison and Phillips. An additional guard will consist of a detachment from the Boys' Brigade of St. Paul's church, in their khaki suits. In the council chamber, His Worship Mayor Daniel will read the address, to which His Excellency will reply. At this function, the mayor and common council desire that

LOYAL WELCOME

The reception tendered to their excellencies the Governor General and the Countess of Minto in the city of St. John on Monday was as spontaneously hearty and enthusiastic as such a welcome should be from the most loyal citizenship of Canada to the distinguished representative of a sovereign whom every British subject delights to honor. Every detail of the programme was carried out with eclat, the brilliant weather vieing with the immense crowds, the waving flags on the gaily decorated buildings, and the flutter of prettily dressed femininity, in adding beauty to every feature and making the whole celebration a complete and happy success.

Early in the morning crowds began to collect in the vicinity of the Court House, and when the hour for the formal reception arrived, King square was alive with a restless and expectant throng, eagerly awaiting the proceedings.

Shortly before eleven o'clock the guard of honor from the 62nd Regiment, under the command of Major Magee, with the following officers and N. C. O.'s: Lieuts. Perley and McMillan, Color Sergt. Wetmore, Sergts. Cox, Day, Dooe, and Corporals Atchison and Phillips and the regimental bands, marched to the Court House and drew up in front of it, waiting the arrival of the Governor General and his suite, which arrived a few minutes later, consisting of Lord and Lady Minto, Lady Eileen and Lady Ruby Elliot, Capt. A. C. Bell, A. D. C., A. F. Sladen, private secretary. Lady Minto looked very charming in a well-fitting dress of black lace and insertion, the neck and sleeves of the dress being transparent. The only adornment was a small bunch of red poppies. Her hat was of black chiffon, with feathers. Lady Eileen and Lady Ruby were dressed in white.

As the coach containing their excellencies drew up in front of the Court House the guard of honor presented arms and the band played the national anthem. Before entering his excellency inspected the guard and complimented their commander, Major Magee, upon the appearance of the men. The party was then escorted by his worship Mayor Daniel to the beautifully decorated Council Chamber, where the large assembly of ladies and gentlemen greeted them with hearty applause.

Among those present were: Ald. Colwell, White, Hilyard, Waring, Maxwell, Macrae, McMulkin, Robinson, Millidge, Armstrong, Baxter, McGoldrick, Christie, Seaton, Dr. Murray Maxwell, Lt. Col. Markham, Miss Murdoch, Hon. H. A. McKeown, G. S. Mayes, Lt. Col. Tucker, M. P., Miss McGoldrick, D. J. Purdy, M. P. P., S. Feltham, Chief Justice Tuck, Miss L. Gardiner, Miss Green, Dr. Skinner, Mrs. W. H. Scovil, Senator Dever, P. S. McNutt, Chief Clark, E. H. McAlpine, W. Murdoch, Robert Sime, Collector Lockhart, the Misses Lockhart, Lieutenant Colonel G. West Jones, Mrs. Jones, Judge Ritchie, Mrs. Ritchie, A. O. Skinner, Mrs. C. N. Skinner, ex-Ald. Lewis, William Roop, R. J. Walsh, Senator Ellis, Mrs. Calhoun, Francis Walker, Mrs. Thos. Walker, Dr. Steeves, Mrs. Steeves, Mrs. Daniel, L. Hay, Miss Jack, Hon. A. T. Dunn, J. D. Hazen, M. P. P., Hon. C. W. Skinner, H. E. Wardroper, Mrs. S. D. Scott, Miss Wood of Amherst.

When their excellencies reached the dais his worship presented the following address, which was engrossed on parchment and bound in a blue morocco case, bearing the city arms embossed on the cover. The penmanship was the best work of D. R. Willet:

To His Excellency,

The Right Honorable Sir Gilbert John Elliot, Earl of Minto and Viscount Melgund, of Melgund, County of Forfar, in the Peerage of Great Britain, Baron Minto, of Minto, County of Roxburg, in the Peerage of Great Britain, Baronet of Nova Scotia, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, etc., etc., Governor General of Canada:

May it please your Excellency:

The citizens of St. John on the occasion of your first visit to this city, desire to welcome you as the representative of Our Queen. In demonstrating the unity of Greater Empire you have occasion to perform a conspicuous part when the components of your great colonial system were welded into unity with the Mother Land by the strenuous ordeal of war, your was the opportunity to place the loyalty, the patriotism and the self sacrifice of Canada, and, no less, when the nation's personal bereavement by the death of our beloved Sovereign swept over the land, it was your privilege to express the heart felt sorrow of our people. With such events passing into the fabric of history there are many who have been exponents of national feeling. We, therefore, in this city of the Loyalists, feel that a recognition of your adequate performance of such duties is peculiarly appropriate at this time.

We would also invite your attention to the commercial development for which the city has struggled almost single handed through many years, and the realization of which we feel we have been earnest. By such visits as these we feel that our efforts and capacity may become better known, not only throughout our Dominion, but throughout the Empire as well.

To the Countess of Minto, in her present position, the successor of a line of distinguished ladies who in their high station have identified themselves with the aspirations of Canada, we also tender our warmest greeting and express the hope that her stay in our city may be fruitful of many pleasant recollections.

In testimony whereof the Common Council of the City of St. John has caused the common seal of the said city to be hereunto affixed this twenty-ninth day of July, A. D. 1901.

J. W. DANIEL,
Mayor.

H. E. WARDROPER,
Common Clerk.

Lord Minto in reply said: Mr. Mayor and citizens of St. John, ladies and gentlemen: As you tell me, this is the first official visit which I have paid to St. John, and I assure you that I appreciate the magnificent and enthusiastic welcome which you have given me as your governor general. I am proud to make the acquaintance of those who have played so distinguished a part in the history of the dominion.

You remind me that during my administration Canada has passed through trying times, times that will make an epoch in the history of Canada. You have contributed your splendid contingents and I have taken an interest in them and their departure. They fought side by side with the regular regiments and have covered themselves with glory. You have lost many of your gallant sons, and a deep gloom has been cast over many happy homes. All recognized that what we have given has been repaid by the strength gained by the empire and the recognition of that strength through all the world.

You remind me that we have shared in a great sorrow for our greatest queen, a sympathetic and beloved woman, whom all adored.

When yesterday I entered your harbor I was struck with the amount of shipping and the evidences of prosperity. Joined with the energy of your citizens a fast ocean service will insure for St. John the prosperity she deserves.

I thank you for your welcome to me and Lady Minto. We will not forget the spontaneous exhibition of welcome of yesterday. Such a spontaneous exhibition appeals more to me than the greatest organized reception. (Applause).

Mayor Daniel then presented to their excellencies Senator Ellis, Ald. Macrae, Maxwell, McGoldrick, Seaton, White, Colwell, Waring, Christie, Hilyard, Robinson, Millidge, McMulkin, Armstrong, Baxter, Common Clerk Wardroper and Recorder Skinner.

His worship then said that as the time of their excellencies was limited adjournment would be made immediately to the City hall to witness the turnout of the firemen. Three cheers were then given for Lord and Lady Minto, and on their appearance at the court house door the applause broke out anew.

The big crowd at the place of reception was splendidly handled by Deputy Chief Jenkins, with Sergt. Campbell, Sergt. Hastings and Officer Killen.

When the party arrived at the City Hall an alarm was sent in from box twenty-six by Ald. Seaton, chairman of the board of public safety. The first round had hardly done striking before a rumbling of wheels was heard and a clanging of gongs. The first piece of apparatus to appear in sight was No. 1 Salvage wagon, but just as it turned Market square one of the hind wheels collapsed and the driver was compelled to pull up. Two members of the corps who were riding on the back step were thrown, but escaped injury. No. 2 hose wagon, with the fine team of greys, was close behind, and they galloped by in fine style, making a magnificent run, but the honor of being first went to No. 1 hose cart, which came down Duke street and turned into Prince William at a rapid pace. Closely following these teams was No. 3 hose wagon, and then in quick succession No. 1 ladder cart, Chief Kerr's wagon, No. 4 hose wagon, No. 3 ladder cart, No. 1 engine, No. 3 engine, No. 4 engine, No. 5 engine and hose wagon. Each piece of apparatus arrived quickly; in fact the entire department, exclusive of Carleton, was on hand inside of four or five minutes. No. 2 Salvage Corps did not respond, and the new ladder truck is undergoing repairs. No. 2 engine team is disabled, and the engine remained in the house. As an exhibition of quick response it was a huge success, and his excellency was greatly impressed at the fine showing. Both the Governor General and Lady Minto heartily applauded as the firemen dashed by. There was a large crowd on the street, but a squad of men from No. 1 Fire Police and Salvage Corps, assisted by Police Sergt. Caples, kept the street clear of teams and people, and were instrumental in several cases in preventing accidents, for people in their eagerness to see disregarded all danger and crowded forward in the path of the galloping horses. The turnout was an exceedingly creditable one to the city, the firemen and Chief Kerr. After his excellency had inspected the apparatus, the party drove to the Royal Hotel.

At three oclock yesterday afternoon another large crowd gathered around the Royal Hotel to witness the departure for the proposed drive about the various scenic attractions of St. John, and when the vice-regal party appeared at the side enterance, they were cheered loudly and long. Four barouches were provided for the conveyance of the party. In the first, as the drive started, were Their Excellencies, Capt. Bell, A. D. C., and His Worship Mayor Daniel; following came Lady Ruby and Lady Eileen Elliot, accompanied by Arthur Guise and Alderman A. W. Macrae; in the third carriage were Aldermen W. W. White, J. R. Armstrong, James Seaton and Thomas Millidge, and in the fourth were Col. Dunbar and Alderman T. B. Robinson. The party were first driven to Rockwood Park, around Lily Lake and to the various attractions in that charming spot, including the enclosure where the wild animals are. Driving over Fort Howe they then went out Douglas avenue, over the Suspension bridge, viewed the falls and drove down to Cushings mills, where a pleasant half hour was spent in watching the various interesting processes in the manufacture of logs, returning again by way of Douglas avenue, Main, Deck, Mill and King streets to their hotel. The drive was heartily enjoyable for all concerned and to his worship their excellencies expressed themselves as highly delighted with the entertainment afforded them. All along the route of the drive large numbers of the people heartily greeted the distinguished visitors.

VICE-REGAL RECEPTION.

The opportunity given Monday evening for presentation to their excellencies was largely taken advantage of, the beautifully decorated Council Chamber, where the public reception took place, being filled with the large number assembled to honor the royal representatives. But the number inside was a bagatelle beside the crowd that assembled without, all through King square, down King street and around the Royal hotel, long before the hour appointed for the beginning of the function, waiting for the appearance of the vice-regal party, and when they came, cheering them along the streets
