CARLETON Condition Powders for Horses and Cattle.

The changes of weather and season, with the change of use and feed, have a very great effect upon the blood and other fluids of horses. It is at these times they require an assistant to nature to throw off any disorder of the fluids of the body that may have been imbibed, and which, if not attended to, will result in the Yellow Water, Heaves, Worms, Bots, &c. All of which will be prevented by giving one of these powders, and will cure when disease appears, if used in time. They purify the blood, remove all inflammation and fever, loosen the skin, cleanse the water, and invigorate the whole body, enabling them to do more work with the same feed. The action of these powders is direct upon all the secretive glands, and therefore has the same effect upon the Horse, Ox, and all and all Herbiverous animals—all diseases arising from or producing a bad state of the blood, are speedily cured by them.

Remember and ask for CARLETON'S CONDITION POWDERS, and take *no others*.

TO THE PUBLIC.
An Effectual and Never-failing Cure for Erysipelas.

THE SUBSCRIBER has for some time prepared a medicine for the cure of ERYSIPELAS, and ERUPTIONS OF THE SKIN, which has not only *immediately* relieved all who have used it, but *effectually cured them*. So decidedly that those who are afflicted with what, in many cases of this disease is considered incurable, and that all who are suffering from its attack, may have the benefit of the WONDERFUL POWER OF HEALING of this Medicine, and removing all diseases of ERYSIPELAS or SALT RHEUM.

MRS. C. BERTEAUX, Nicteaux.

☞ It may be procured from any of the following AGENTS:
John Naylor, Esq., Halifax.
Andrew Henderson, Esq., Annapolis
Daniel Moore, Esq., Kentville
William H. Tupper, Esq., Wolfville.
Elder Sumner McKeown, Barrington
T. R. Patillo, Esq., Liverpool.
B. Fleet, Yarmouth.

CERTIFICATES.

Of persons who were suffering from severe attack of Erysipelas, who had tried the many remedies which are usually prescribed from which they found no relief; but on applying Mrs. Berteaux's Medicine were effectually cured.

This is to certify, that I have been afflicted with the Erysipelas, or the Salt Rheum, as the Doctors call it, for ten years. My hands were frequently so diseased, that I could make no use of them. I employed several physicians, but to no purpose as my suffering only increased.—I applied Mrs Berteaux's Medicine for a short time and was soon cured of every vestige of the disease. The thankfulness which I felt, on the long and painful disease being removed, was much more than tongue can express. After three years from the time when I used the Medicine, I was threatened with a relapse or return of the disease. I applied the Medicine and the disease disappeared. From that time to the present, I *am perfectly free* from all symptoms of Erysipelas or Salt Rheum. I therefore heartily recommend it to all who are similarly afflicted, as a speedy and effectual remedy.

ANN S WHEELOCK, Nicteaux.

August 5, 1847.

The following testimonial in favour of the efficacy of this remedy has been received from William Caldwell Esq., Mayor of the City of Halifax, and is published to the benefit of those who may be similarly afflicted.

Halifax May 3rd, 1851.

To John Naylor, Esq.,

Sir,—The cause of suffering humanity demands, I think, that every one who knows anything that will afford relief ought to make it public. Believing this to be the fact, I hand you the following certificate of what has come under my notice, and you are at liberty to use it in any way you may think proper.

In March last, my wife was attacked with that dreadful disease Erysypelas in her leg. It inflamed and swelled to an alarming size, causing excruciating pain, rendering it impossible for her to put her foot to the floor, and was fast advancing upwards. Her case was one painful to look upon. Having read in a newspaper of the beneficial results of Mrs Berteaux's remedy, I advised her to procure a bottle from you, which she did, and the effect was miraculous; for in the short space of four hours, she was so far relieved that we were both quite astonished. She continued to recover gradually, and in a few days was quite free, (and I believe and hope forever) from that dreadful malady.

W. CALDWELL.

CURE FOR RHEUMATISM.

THE SUBSCRIBER offers to the public a *sure* and *certain* remedy for all kinds of RHEUMATISM, viz., *Acute, Chronic, Inflammatory*, &c. &c., also for Headache, and *Chronic* pains in general.

Mrs. C. BERTEAUX, Nicteaux.

CERTIFICATE.

This is to certify, that last May I was afflicted with acute Rheumatic pains from my head to my feet. I suffered everything but death for four weeks. I tried many things—I employed a Doctor. But I grew worse and worse,—so bad, that it took four persons to lift me off the bed.—I sent for Mrs. Berteaux, she came, and stood with me all night—applied her medicine, and to my astonishment and joy, the next morning I could stand and walk, and in a few days I was able to go about my place.

LIFE AND FIRE INSURANCE. The Undersigned has been appointed Agent for the "Hudson Mutual Life Insurance Company of Albany," United States, and having previously to taking the Agency, received satisfactory proof of the good standing and responsibility of the Institution, he begs to call on the public generally that he is now prepared to issue Policies for eligible risks at moderate rates of premium, and to receive proposals for Life Policies, which will be forwarded to the Directors, and if accepted, Policies will be immediately returned. The Capital Stock of the Hudson Mutual is now $250,000, well secured in good productive Stocks, Mortgage on Real Estate, and Cash in Banks, and is doing a very large and rapidly increasing business, and has been very successful hitherto.

In the Life Department they issued the first year, ending 1st October, 1849, 675 Policies, a number which no other Company of long standing ever achieved in their first year. The benefit of the mutual system in Life Insurance is very apparent, and is most favourable to all Policy holders in this Society, inasmuch as they receive a portion of each year's profits yearly, being deducted from the Premium then payable, which are lower than those of the English Companies and not subject to stamp duty; all the particulars of which are fully set forth in the Pamphlets which the Agent has for distribution, with Blanks and every necessary information, together with the Medical Examiner's Certificate gratis. All persons intending to insure are invited to call on the Agent, who will give them every information.

R. S. Black, Esq., M. D., is Medical Examiner for the Company.

FOR THE CURE OF

Coughs, Colds, Hoarseness, Spitting of Blood, Night Sweats, Asthma, Liver Complaints, and

CONSUMPTION.

DO NOT NEGLECT IT.

CONSUMPTION

Can and has been cured in thousands of cases by

JUDSON'S CHEMICAL EXTRACT OF

CHERRY AND LUNGWORT,

and no remedy has ever before been discovered that will certainly

CURE CONSUMPTION.

The most strongly marked and developed cases of Pulmonary Consumption, where the lungs have become diseased and ulcerated, and the case so utterly hopeless, as to have been pronounced by Physicians and friends, to be past all possibility of recovery, have been cured by this wonderful remedy, and are now as well and hearty as ever. It is a compound of medications which are peculiarly adapted to and essentially necessary for the cure of

COUGHS AND CONSUMPTION.

Its operation is mild, yet efficacious; it loosens the phlegm, which creates so much difficulty, relieves the cough, and assists nature to expel from the system all diseased matter by expectoration, producing a delightful change in the breathing and chest, and this, after the prescriptions of the very best medical men and the inventions of kind and sorrowing friends and Nurses, have failed to give the smallest relief to the *Consumptive sufferer*.

THOUSANDS OF CONSUMPTIVE

persons have been deceived repeatedly in having medicines which were said to be *infallible* cures, but which have only proved palliatives, but this medicine is not only a palliative but a *cure for ulcerated lungs*. It contains no deleterious drugs, and one trial will prove its astonishing efficacy better than any assertions or certificates in curing consumption and all diseases of the Lungs, such as *Spitting of blood, coughs, pain in the side, night sweats*, &c. &c.

About 1000 certificates of almost miraculous cures, performed by this medicine, from some of the first Doctors, Clergymen, and Merchants, have been sent us for this medicine, but the publication of them looks too much like Quackery [will show them to any person, calling at our office.] This medicine will speak for itself and enough in its own favour wherever it is tried.

CAUTION—This medicine is put up in a large bottle, and the name of Judson & Co., Proprietors, New York, on the splendid Wrapper around the Bottle. All orders must be addressed to Comstock & Brother, No. 9 John Street, New York.

☞ Sold wholesale for the Proprietor in Nova Scotia at Morton's Medical Warehouse, Halifax; in Windsor by Mrs. Wiley; in Dartmouth by D. Farrell, and by one agent in every town in N. S. and N. B.

TO INTENDING EMIGRANTS FROM NOVA SCOTIA. The Canada Company would suggest to parties who may contemplate leaving Nova Scotia that the Western Section of Canada offers every inducement for them to settle there, rather than that they should proceed to the United States. In Upper Canada they will find a most healthy climate, and abundance of excellent Land to be obtained upon easy terms from the *Government* and *Canada Company*. The great success which has attended Settlers in Upper Canada is abundantly evidenced by the prosperous condition of the Farmers throughout the Country, by the success of many Natives of New Brunswick and Nova Scotia who have settled in many Townships; and by the individual progress made by several thousands of people who have taken Land from the Company. The Canada Company's lands are offered by way of Lease for Ten Years, or for Sale Cash down. *The price of Lots Cash and Balance in Instalments being done away with.*

The Rents, payable 1st February each Year, are about the interest of six per Cent. upon the Cash Price of the Land. Upon one of the Lots, when leased, *no Money is required to be paid down*, whilst upon the others, according to locality, the Terms for Ten Years Rent would be paid in advance. But these payments will not be Settlers from year to year, until the Second, Third or Fourth year of his Term of Lease.

The Settler has secured to him the *right* of converting his *Lease into a Freehold*, and of compelling *stopping payments* of further Rents, before the expiration of the Term, upon paying the purchase Money specified in the Lease.

The Lease also has the *increased value* of the Land held out to the Settler to purchase. But he may, if he prefers it, refuse to call for the Freehold; the *option* being *completely* with the Settler.

A Discount, of Two per Cent., will be allowed for anticipated payments of the purchase Money, for every unexpired year of Lease, before entering on the fourth Year. The Lessee has also *access* to him the benefit of the Company's Bank Account.

The direct trade now opening up between Upper Canada and Halifax presents facilities for cheap passage by the St. Lawrence to the upper Lakes, in the vicinity of valuable lands open for settlers.

Printed Papers containing full and detailed particulars may be procured gratis from the Revs. R. Evans, Halifax, of whom or persons in the Country who intend to offer themselves as Settlers in Upper Canada, and who will afford information respecting the Company's Lands, and upon Canada generally.
