ROYAL BAKING POWDER

Absolutely Pure.

This powder never varies. A marvel of purity, strength, and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight, alum, or phosphate powders. Sold only in cans. ROYAL BAKING POWDER CO. 106 Wall-st., N. Y.

Brilliant Dissolving Views

On this great subject, including a PRELUDE of MOST INTERESTING OBJECTS in Nature and Art. While the pictures are before the audience, Rev. H. Bool will deliver a discourse on "The Influence of False Systems of Religion," with special reference to MODERN MISSIONS.

As on former occasions, the Lecturer will arrange to share the proceeds with helpers for other good purposes to the extent of one-half, less expenses, in case of larger audiences.

This lectureship, for over three years, has run successfully on independent lines, and is as free as possible from political and denominational differences.

See posters on the tour.

News Summary.

DOMINION.

— Petroleum has been discovered at Kingsville, Ont.

— Miss Walters, of Tiffin, Ohio, is dying from the bite of a pet cat.

— A new wood working factory is to be erected at Londonderry, N. S., this season.

— Large quantities of potatoes are being shipped from St. Stephen to Boston.

— Ninety-six volumes have recently been added to the day school library at Alma, Albert Co.

— The McLaggan mills bought by Mr. Gibson in Northumberland Co. lately, are to be in charge of Thomas Robinson.

— Cattle shipments from Canada for the English markets during the coming season are estimated at 60,000 head.

— Halifax has voted $3,000 for a Summer Carnival. The carnival committee propose to raise the additional sum of $10,000.

— John D. Robertson, of St. John, was awarded $1,000 by the exchequer court in full for his claim against the government.

— The business failures in the last seven days number for Canada 27, while in the corresponding week last year the figures were 22.

— McDonald & Ferguson have completed the boot and shoe factory at Pictou. The building is 40 x 60, three floors, with pitched roof.

— Gardose Rosa was arrested at Windsor, Ont., charged with stealing money letters. The prisoner was a carrier and got tripped up by a decoy.

— The town council of Berlin, Ontario, has ordered the chief of police to ring the town bell at 9 o'clock at night and arrest any children found on the streets after that hour.

— The transfer of the Grand Southern railway has been made. The road will be operated under the management of Mr. Walter Lamb, who will be assisted by Mr. F. W. Holt.

— A bill has passed the Nova Scotia legislature granting corporative powers to a Windsor company, formed for the purpose of supplying the town with the incandescent system of electric lighting.

— The superintendent of education for Prince Edward Island recommends to his government the appointment of a professor of agriculture in Prince of Wales College, Charlottetown, so rapidly is the demand for instruction in this subject growing.

— New Glasgow, N. S., with surrounding villages, has a population of 20,000, and they supply a constituency of 100,000 people. Probably one and a quarter millions of dollars per annum are paid in wages there, mostly among miners and iron workers.

— The Furness Line steamer Ulunda, which cleared from Halifax for London on Tuesday, takes 8,326 barrels of apples. This will be about the last shipment of the season. Since last October over 90,000 barrels of this fruit have been sent from Halifax to London, and about 20,000 barrels have gone from Annapolis to the English market.

— The total value of fish taken during last year in the Provinces was $17,400,000, a decrease of $967,500 from the year previous. The deficiency is made up as follows:

Nova Scotia	$562,750
New Brunswick	617,640
P. E. Island	160,560
British Columbia	72,690

— The result of the recent Scott Act election held in Colchester, N. S., shows that out of a total of 1,150 votes polled, 43 only were recorded against the repeal of the Act, the majority for its repeal being 1,064. The largest proportion of votes polled against repeal in one district was 7 out of a total of 60 in Lower Stewiacke. The town of Truro voted 200 for repeal and 13 against.

— Messrs. John E. Stewart, of Andover; F. P. Thompson, of Fredericton; Daniel McQueen, of Woodstock; J. W. Hoyt, of Blissville, Sunbury; Whitfield Giberson, of Aroostook; James Stewart, of Andover; Ezekiel Hutchinson, of Andover; Charles H. Lugrin, of Fredericton, have applied for letters patent for incorporation as the Victoria Mining company, with a capital stock of $10,000 and office at Andover.

— Hon. Elizor Wright, late Insurance Commissioner of Mass., and the father of life insurance science in America, says: "There is no reason why a life insurance association which insures without banking, should not be as permanent as any other, and better accommodate all those business men who wish to have all the capital they can for use in their own business." Such is The Dominion Safety Fund Life Association, St. John, N. B.

— Sir Richard Cartwright has obtained a return showing among other things the total cost of all public buildings erected in the Dominion since Confederation. The totals are worth reproducing. They are: Nova Scotia, $450,460; Prince Edward Island, $222,847; New Brunswick, $1,710,220; Quebec, $2,720,088; Ontario, $4,877,688; Manitoba, $884,075; Northwest Territories, $1,046,789; British Columbia, $433,791; High Commissioner's London house, $42,702.

— The report which has been circulated to the effect that coachmen were not to be allowed to carry hand-baggage or parcels for passengers to or from the cars at the St. John I. C. R. depot, has been contradicted. The rumor is supposed to have arisen from the fact that some of the coachmen have been in the habit of entering the station by the baggage room windows, and this has been stopped. They must enter the building by the proper doors.

— The annual meeting of the Joggins Railway shareholders took place at Amherst on Tuesday. The annual report of business was satisfactory. The following were elected directors: R. Cruikshank, A. C. Jardine, J. R. Lamy, and W. C. Milner. The vacancy created by the death of George Hibbard was left open for the present. At a subsequent meeting of the directors, the following officers were appointed: R. Cruikshank, president; W. C. Milner, managing director.

"Bad for our business," so says a New Brunswick druggist; "we can keep selling the same man for years medicines that relieve Dyspepsia and keep our trade. *Kidney's Dyspepsia Cure* effects a complete cure, and we lose our customer."

— William Irving, of Cherry Valley, P. E. I., recently sold to Messrs. Wright & Bridges, of Charlottetown, two hogs aged 11 months and 12 days, weighing 500 and 410 pounds respectively.

— The government are constructing a tunnel under the falls at Queen Victoria Niagara Falls park, and are blasting a passageway 300 feet long. At the end of the tunnel there will be a large room, affording a magnificent view of the immense volume of falling water from the other side.

— It is understood the Allan and Dominion steamship companies, which are under contract with the Dominion government for the carrying of mails, have received no notice, official or otherwise, of the order of the government to immediately change the route or even to terminate the contract. The contract at present is running one, terminable at any time on either side by the giving of three months notice. As no notice has been given or received, it is generally believed that the order establishing the change is the result of some misunderstanding in the post office department in Ottawa.

— Quite a serious accident occurred on the I. C. R. at Moncton, Saturday morning. The early morning freight train had left the station when conductor Campbell received a signal to return for a car which had been left unattached. Previous to his putting back, an engine started out on the main line from one of the sheds. The result was a collision between the two. Driver Gesnor of the shunting engine was somewhat bruised, but the others escaped. The damage to the cars was considerable, several of them being turned over a number of times. The fault was assuredly not that of the train men.

— The statement of the public debt on the 31st March shows a total net debt of $234,864,000, which is a decrease of $1,221,000 during the month. The expenditure on capital account for the nine months of the fiscal year amounts to $3,888,000, of which amount $282,300 was expenditure in the month of March past. During the nine months nearly $800,000 have been added to the debt in railway subsidies, and nearly $3,000,000 for public works, railways and canals. The statement of the revenue and expenditure on account of the consolidated fund up to March 31st last shows a revenue of $27,940,617, of which amount $3,323,860 accrued during the month of March. The expenditure for the nine months amounted to $23,729,291. This shows a surplus during the nine months of $4,200,000. Compared with the nine months of the previous year, the revenue shows an increase of $500,000, principally made up in increase of receipts from the customs and excise. The expenditure shows an increase of $407,000.

BRITISH AND FOREIGN.

— Wm. O'Brien has entered a libel action against Lord Salisbury for certain remarks made by the latter in a recent speech at Waterford.

— The prejudice against horse flesh has now so faded out in Paris that there are 132 recognized butcher shops where horse flesh is openly sold.

— The collection of postage stamps made by the late Duchess of Galliera is said to be valued at $350,000. It is contained in 3,000 albums, and is the finest collection in the world.

— The Court of Queen's Bench, England, has pronounced women ineligible to county councils. The decision makes void the election of Lady Sandhurst to the London council. Lady Sandhurst will appeal the case.

— The strike among dock workers at Marseilles has spread to all the men in that city employed on the docks. The strikers are becoming demonstrative and threaten to attack officers of the various steamship companies.

— The Marquis of Londonderry, lord lieut. of Ireland, has requested the government to accept his resignation. His reason for resigning is non-political. The state of his wife's health and the necessity of giving more attention to his private affairs in England are the main grounds.

UNITED STATES.

— Philo Remington, inventor of the rifle and the typewriter bearing his name, is dead.

The best and surest dye to color the beard *brown or black*, as may be desired, is Buckingham's Dye for the Whiskers. It never fails.

— 120 men and boys employed in Clark's thread works, East Newark, have gone on strike against a 15 per cent. reduction in wages.

— The U. S. Court of Claims have appointed Miss Mary F. Seymour a commissioner of that court for the whole country. This action of the court settles the question whether women can legally hold offices.

— H. F. Wilder, proprietor of the *Eastport Messenger*, Eastport, Me., disappeared last November. His hat and a small boat in which he had gone to Lubec were found, the boat bottom up, and he was given up by his wife and friends as drowned. Within three days his wife has received a letter from him at Pawtucket, R. I. He says the last thing he remembers is standing on the beach at Lubec. After that his mind was a blank till he found himself in the woods near Pawtucket, ragged, poor, his watch and money gone. At the time of the disappearance he was worn out by overwork on his paper and sickness in his family. These cares, with loss of sleep, probably unsettled his mind.

A sufferer from Piles writes, "One bathing with *Potter's Liniment* cured me of a severe attack of Piles. It is worth its weight in gold." Don't fail to try it. Sold by all dealers, 25 cts. per bottle.

—Send to Baptist Book Room for "Happy Greetings," 35c. per copy or $3.60 per doz. It contains 11 pieces of music for Easter exercises, *all new*. Read list:

Christ is risen to-day, He is risen to-day,
Easter after Calvary, He lives again,
Easter offering, Jubilate,
Glad Easter morn, See! from the
Glorious resurrection, morning land,
Victory, victory, sing! The Lord arose,

Now that the mortgage has been cleared off the College, the committee are anxious to pay half of the $10,000 mortgage from the Seminary before the Convention. We hope that all unpaid subscriptions will be sent in as soon as they become due, and that many who have not subscribed will send forward their donations. We are hoping to receive a large number of donations from our sisters for this object.

Best Cough Cure.

For all diseases of the Throat and Lungs, no remedy is so safe, speedy, and certain as Ayer's Cherry Pectoral. An indispensable family medicine.

"I find Ayer's Cherry Pectoral an invaluable remedy for colds, coughs, and other ailments of the throat and lungs."—M. S. Randall, 204 Broadway, Albany, N. Y.

"I have used Ayer's Cherry Pectoral for bronchitis and

Lung Diseases,

for which I believe it to be the greatest medicine in the world."—James Miller, Caraway, N. C.

"My wife had a distressing cough, with pains in the side and breast. We tried various medicines, but none did her any good until I got a bottle of Ayer's Cherry Pectoral which has cured her. A neighbor, Mrs. Glenn, had the measles, and the cough was relieved by the use of Ayer's Cherry Pectoral. I have no hesitation in recommending this medicine."—Robert Horton, Foreman *Headlight*, Morrillton, Ark.

"Ayer's Cherry Pectoral cured me of a severe cold which had settled on my lungs. My wife says the Pectoral helps her more than any other medicine she ever used."—Enos Clark, Mt. Liberty, Kansas.
