Evidence Against Buckley.

A man, whose name the authorities withhold, testified on Thursday under oath as follows:—I was in the employment of Patrick Buckley as driver in September last; I remember that during the week afer the election of Dr. Grant, I had a conversation with Buckley at his own door; we were talking about the business; I said I knew a good many members of Parliament, and I believed I could get as much business as any other person; I named amongst others of my patrons Mr. McGee; Buckley then said that Mr. McGee was a traitor, and if he went to the United States he would be killed, I remarked how could that be, he was a smart man and a good Irishman, and they could not get one again so good; he was a good man and good pay too. Buckley then said—"You will see; I don't believe he will not see the last of next session." He said there might be some one from the States to kill him, or some one from Montreal might come and do it; he also said that Mr. McGee was a mean man; that it was his fault that Father McMahon was in the penitentary. I did not think much about this conversation at the time, but after Mr. McGee's murder it came to my mind and I remarked to Patrick Conway "How soon Buckley's words have come true;" telling him what Buckley had said about Mr. McGee. Conway then told me to keep quiet, or I might get into trouble.

A NOBLE ENDOWMENT.—Mr. Whitworth, the inventor of the famous gun that bears his name, has just performed an act that will make it remembered in England long after the engine of death, that has hitherto distinguished it, has been superseded by a more perfect instrument. He has offered to the Government thirty scholarships of £100 each, annually, for the instruction of young men—selected by open competition—in the theory and practice of mechanics. The value of such an endowment which may be said to require a fund of £100,000, is by no means to be measured by its ability to give every year, to a few studious young men, thorough technical instruction. Its benefits include the incitement to all to compete for the scholarships. Its tendency is to produce a school of scientific inventors, which is a peculiar necessity for England, whose great wealth is in her manufactures. Instances of such munificence in the cause of education are rare.

NEWSPAPERS FROM THE UNITED STATES.—We learn that an amendment has been authorized by the Postmaster-General in respect to the rate of postage to be charged on newspapers coming in from the United States addressed to regular subscribers in Canada. The instructions issued on the 1st of April, constituted this rate at two cents each paper—the amendment reduces the rate to one cent. This reduction will also apply to American papers sent to regular subscribers by newsdealers in the Dominion. In fact the position of this class of paper reverts to what it was before the 1st of April. Transient American newspapers coming in from the States will continue to be liable on delivery to a charge of two cents.

THE INTERCOLONIAL RAILWAY.—Mr. Sanford having arrived at Hamilton on Thursday from Halifax, *via* River du Loup, it is understood that he is to prepare a report of the fresh explorations of the railway route. It is not believed that much information has been obtained, and that, in fact, Parliament will only be amused until it is prorogued, when members of the Cabinet take their own course on the route, regardless of the opinion of members. By a return laid on the table to-day, it is shown that since 1863 the entire sum expended in connection with the Intercolonial Railway survey, amounts to $70,590.

THEY are making great preparations at Havre for the naval exhibition which is to be held there from June to October next. One of the greatest curiosities will be a colossal aquarium, which will be constructed in imitation of the celebrated basaltic Fingal's cave in Scotland. A magnificent collection of the fishes of all latitudes will be shown during the whole time of the exhibition.

Sixteen thousand Mormons in Europe have proposed emigrating to Utah this spring.

DR. MAGGIEL is the founder of a new Medical system. The quantitarians, whose internal dosen enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite with from one to two of his ordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all-healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Exxtraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every boxfull taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to keep the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant. There is no griping and no reaction in the form of constipation. If the liver is affected, its functions are restored, and if the nervous system is feeble, it is invigorating. This last quality makes the medicine very desirable for the wants of delicate females. Ulcers and eruptive diseases are literally extinguished by the disinfectant use of Maggiel's Salve. In fact, it is here announced that Maggiel's Bilious, Dyspeptic and Diarrhœa Pills cure where all others fail.—While for Burns, Scalds, Chilblains, Cuts, and all Abrasions of the Skin, Maggiel's Salve is infallible. Sold by J. HAYDOCK, 11 Pine street, New York, and all Druggists, at 25 cents per box.

COUNTERFEITS!—Buy no Maggiel Pills or Salve, with a little pamphlet inside the box. They are bogus. The genuine have the name of J. Haydock on box with name of J. Maggiel, M. D. The genuine have the Pills surrounded with white powder."

Frightful Burns!—Frightful Scalds!—Dr. Maggiel.s Salve stops the most violent pain of burns, scalds, etc., it is unsurpassed.

Teeth Extracted Without Pain

Guelph, 20th June, 1866

Home Depot at London and Liverpool. Canada Depot, 23 Hospital Street, Montreal.

THE India and China Tea Company beg to call the attention of the Canadian community to their directly imported Teas, which for PURITY and EXCELLENCE will be found unequalled.

The Company have made arrangements whereby they have secured the entire produce of some of the best plantations in Assam and on the slopes of the Himalayas, and, by a judicious blending of these magnificent Teas with the best varieties of China produce, they are enabled to offer to the public Tea fo quality and flavour hitherto unknown to the general consumer. These Teas are in high favour in England and France, and a single trial will prove their superiority.

The Company supply two qualities only, either Black, Green or Mixed. Their Black Teas will be found to possess great briskness and flavour, combined with colour and strength, and to be entirely different to the flat and vapid article usually sold as Black Tea; while their Green Teas are altogether free from the deleterious mineral powder so commonly used for colouring the leaf.

PRICES: Rich, full-flavoured Tea, for family use, a real genuine and fine article 70 cents per lb. Finest quality procurable, one dollar per lb.

☞ The above can be had either Black, Green or Mixed.

To be had in packets of Quarter Pound Half Pound, One Pound, and upwards, or in tin canisters of 5 lbs. and upwards, from the Company's Agents in all the chief towns of Canada.—N.B. All the packages are lined with tin foil paper, and the Tea will consequently retain its flavour any length of time.

OBSERVE.—All packages have the Company' trade-mark, without which none are genuine

Valuable Tavern Stand

FOR SALE.

THE subscriber offers for sale the following valuable Tavern Stands in the village of Rockwood:

THE COMMERCIAL HOTEL, close to the Railway Station. It is only recently built, contains 17 apartments, and has a very large and well finished Ball Room or Hall; also large and commodious stables and driving shed. The house is well supplied with hard and soft water, with wood shed, pig styes, splendid garden, and all other conveniences. From its nearness to the station, and the excellent accommodation it supplies, it does the largest and most profitable business in Rockwood.

THE WELLINGTON HOTEL.—This house is situated in the heart of the village, and close to the mills and stores. It was rebuilt this summer after being burnt down, and is now rented for a year. It contains 11 apartments, with stone wood shed, driving shed, pig styes, and large frame stable. There is a plentiful supply of water on the premises. There is a good garden attached to the house.

For terms and other particulars apply to the undersigned (if by letter post-paid) at the Commercial Hotel, near the G. T. R. Station, Rockwood.
