lodging,] towards the support of the said school.

C. D. } Trustees.
E. F. }

Justices at general sessions to certify certificates.

VI And be it further enacted, That the said Justices at their general Sessions respectively, shall and they are hereby required twice in each and every year to certify in one general schedule all such certificates of the trustees of schools as shall or may be laid before them at their general Sessions, under and according to the provisions of this Act, and shall transmit the same to the Secretary of the Province, upon which schedule there shall be allowed and paid toward the support of each school a sum of money at and after the rate of twenty pounds per year for each school taught by the schoolmaster or schoolmistress named in such schedule, that is to say, for a school kept six months pursuant to agreement as aforesaid, ten pounds, and for a school kept one year, twenty pounds, the same to be drawn from the Treasury of the Province by warrant from His Excellency the Lieutenant Governor or Commander in Chief for the time being, in favour of the trustees of schools of the respective parishes mentioned in such schedule, to be applied towards the support of the said schools according to the true intent and the meaning of this Act: Provided nevertheless, that no larger sum than one hundred and eighty pounds shall be paid out of the Treasury of this Province for schools kept in any parish in any one year and provided that no county in the Province shall be entitled to recieve a larger sum from the Province Treasury, in any one year than would a rise from an average of one hundred and sixty pounds for each and every parish in such County; provided that no more than three female schools shall be included in any such certificate or schedule for any one parish; and provided also, that when the whole sum allowed for any one parish pursuant to this Act is not sufficient to afford the above allowance to each and every school by reason of the great number of schools in the parish then and in such case it shall and may be lawful for the trustees, and they are hereby required to apportion the whole sum among all the schools in the parish according to the nature of their respective claims, whether yearly or half yearly schools.

Teachers to render every 6 months an account of state of school.

VII. And be it further enacted, That all teachers of schools in this Province, once in every six months during the period in which they may be employed to teach school, shall render to the clerks of the peace in the several and respective counties, to be laid before the General sessions, a true and correct account of the number of male and famale schoars taught by them respectively, with their names and ages, and in case of the neglect or refusal of any teacher so to do, his or her name shall not be included in the schedule of schools to be made up and transmitted as herein before provided

Justices to report to the Lt. Governor the teachers and scholars once a year for the information of the Legislatura.

VIII. And be it enacted, That the justices of the peace for the several counties in this Province shall once in each and every year make return to His Excellency the Lieutenant Governor or commander in chief for the time being, of the names of the teachers employed in their respective counties, and the number of children, male and female, taught in the respective schools for the purpose of being laid before the Legislature.

School House Property.

IX. And whereas difficulties have frequently arisen from the school house being the property of private individuals as built on their land; Be it therefore enacted, that the justices of the peace in their respective counties and also the trustees of schools in their several parishes shall, as much as in them lies, endeavor to cause the school houses to be built on the public ground of any county or on property conveyed to the Justices of the Peace for that purpose, who are hereby empowered to receive conveyances of the same, and to hold the same for the use of such schools, and that no school house shall be removed from one part to the parish to another part thereof without an order of the Justices in their general sessions, to be made, if they shall so think fit, upon the application and with the consent of a majority of the Trustees.

Board of Education 3 or more in each County.—to examine candidates for school licences.

X. And whereas it is expedient that applicants for parish school licences should undergo an examination as to moral character, literary attainments and loyal principles, before obtaining a legal authority to undertake the highly important and responsible duty of teacher; Be it therefore enacted, that it shall and may be lawful for His Excellency the Lieutenant Governor or Commander in Chief for the time being, by and with the advice of Her Majesty's Executive Council, to appoint 3 or more persons in each and every county of this Province, who shall constitute a board of education in the same; and them or any of them from time to time at pleasure to remove, and to supply the deficiency caused by such removal or by death, or resignation or absence, by further and other appointments; and it shall be the duty of such boards respectively to receive applications from such persons as may hereafter desire to obtain parish school licences for their respective counties, and to appoint an early and convenient time to hold a personal examination of the applicants, and to determine upon his, her or their applications, and report thereon to His Excellency the Lieutenant Governor or Commander in Chief for the time being.

Board to report to the Lt. Governor teachers displaced by trustees.

XI. And be it further enacted, That when and so often as the trustees of schools in any town or parish shall displace any teacher, as authorized and provided for in and by the third section of this act, and shall make report of the same to the board of education of the county within which such dismissal shall have taken place, the said board shall cause a statement thereof to be transmitted to His Excellency the Lieutenant Governor or Commander in Chief for the time being; provided such board shall be of opinion that there was sufficient cause for such dismissal.

XII. Provided always and be it further enacted, that all schools established and in operation at the time of passing this Act, which may not be finished or certified agreeably to the provisions of the said Acts herein before repealed, shall be kept until the termination of the period contracted for, and be subject and entitled in all respects to the same regulations, certificate and encouragement as if the said Acts had not been repealed, and that the trustees now in force under and by virtue of the provisions of the Acts hereby repealed, shall be to all intents and purposes trustees to carry into effect the provisions of this Act until the making of the annual appointments of town or parish officers.

To continue until the 1st April 1839.

XIII. And be it further enacted, That this Act shall continue and be in force until the first day of April, which will be in the year of our Lord one thousand eight hundred and thirty nine.
