FROM ALL OVER THE MARITIME PROVINCES

Saturday, Aug. 6.

These midsummer days everything is given up to getting all the pleasure possible out of life in the open air. In another week or two it will be quite a different affair; for then society will begin to prepare for the great exhibition which will open here on Sept. 5. Already hospitality is being sought for the expected influx of visitors, private citizens are invited to open their houses to accommodate guests during the fair dates, and although what promises to be the greatest "old home week" ever held in the maritime provinces will take place about that time, it is hoped the request may be acceded to. First impressions are so lasting, especially favorable ones.
