IT WAS A BOY.

Conductor Kelly of No. 1 from Moncton, came near having an interesting experience this morning. After his train had left Moncton, a lady, with a ticket from the eastern part of Nova Scotia to Boston, complained of feeling ill, and at Petitcodiac she was compelled to leave the train. When Sussex was reached Conductor Kelly learned from the telegraph operator that it was "a bright bouncing boy."

A WOMAN'S WOE.

Stipendary Griffin has been interviewed by a woman named Mrs. Annie Bayers, who informed him that she came from Boston a week ago to ascertain if two men named Richard Bayers and George Henderson had arrived in Halifax, as she had understood they had taken their departure from Boston for here about three weeks ago. Bayers, she alleges, married her in the spring of 1884. Last summer he deserted her and their two childern and married a woman named Fletcher, a resident of East Boston. He subsequently started for Halifax, leaving his unlawful wife behind. Soon after he returned again to Boston, when he became acquainted with a man named George Henderson. The latter eloped with a woman named Diggins, wife of James Diggins, who keeps a confectionery store on Tremont row. Mrs. Bayers says she has reason to believe that the two men are located in a small farm house on the post road near the head of Chezzetcook, and as soon as Mr. Diggins, who is expected daily, arrives, warrants will be taken out for their arrest. Mrs. Bayers is ladylike and well educated. She says that up to the time he met the Fletcher woman, Bayers was a good husband. His attention to his family was marked. He used neither tobacco or liquor and was always kind to her and the children. —Halifax Herald.

MR. McDADE EXPLAINS

Why no Telegraph Summary of the Franchise Bill was Sent.

TO THE EDITOR OF THE GAZETTE.

SIR:—I am sure that you would not intentionally do me an injustice. You seem to think that because I am the recognized regular correspondent of the Telegraph I must have sent that paper a copy of the Franchise Bill in advance of all the other papers. I beg leave to say, sir, if the Telegraph obtained an advance copy of the bill I did not send it. During the four years I have reported the proceedings of the house, I have known no one paper mentioned in my contract over another, having honestly tried to do justice to all. I do not object to your expressing the opinion that it should be part of my duty to telegraph the substance of bills upon their being introduced. It happens, however, that, under my contract, it is no part of my duty to do so, nor has it, so far as I know, ever been the duty of any other official reporter to do so. In the interest of the press generally, I have undertaken for the past two years to mail all bills to the St. John papers, just as soon as it is possible to get copies, sending them to all papers at the same time. Knowing that you have no desire to put me in a false position in this matter might I ask, "Is not the fact that the Globe telegraphed its regular correspondent to get a summary of the franchise bill, evidence that that paper did not consider it part of my duty to telegraph such matter?"

Pressmen generally give me the credit of being desirous of doing everything possible to best serve their interests. Had you, sir, dropped me a line, telegraphically or otherwise, asking for a summary of the franchise bill, it would have given me pleasure to have met your wishes.

Yours truly,
M. MCDADE,
Official Reporter, House of Assembly.
FREDERICTON, March 18th 1889.

Town Tattle.

Some of our merchants have not the ideas of patriotism and belief in Canadian excellence they should have, particularly as their example is quoted by not a few persons. In a majority of instances, it is true their action cannot do much harm, but, it must be admitted that many of them do not evince the same encouragement for home enterprise and home industries that they should. This is illustrated in the fact that a gentleman not long ago went into a leading hardware store in this city to purchase a saw. The obliging clerk exhibited a few varieties and the customer noticing they were all of American make asked, 'Don't you keep any Canadian saws in stock? What about saws made in St. John?' The reply was, 'We have none on hand. We find that the American make of saws is far ahead of the Canadian make.' The customer was in a hurry at the time and was obliged to purchase a saw of American make but he resolved at the same time that if he had to do without articles in the hardware line he would not patronize this establishment again.

Provincial Notes.

The R. C. congregation of Grand Falls will hold a grand picnic on May 24th.

The ice is fast breaking up in the river at Woodstock.

The lumber cut on the Tidnish river and tributaries is estimated at about 6,000,000 feet. This will be handled principally by Hickman of Amherst, and McKeen of St. John. Doyle Bros., have 1500 acres—to J. S. Hickman, Amherst's lumber king, for a sum said to be not far short of $12,000.

Mr. and Mrs. Gideon Strong, of Port William, Kings Co. N S celebrated the fifty-seventh anniversary of their wedding day on Thursday last. A reunion of the family was held, all the children being present except one.

A petition has been presented to parliament for a lighthouse at the northern end of Brier Island.

The Moncton Times says of the recently elected civic rulers of that town:—In politics the mayor and probably two-thirds of the Council may be reckoned as conservative or not allied with any party. In religion three are Baptist, two Methodist, one Roman Catholic, and one Church of England, but fortunately, politics and religion have not been very much of an element in civic affairs, and the leanings of the members of the Council are mentioned merely by the way.

Capt. A. B. Hall of Spa Spring, Wilmot N. S., has received an order from the United States for 250 barrels of his medicinal waters. This is the heaviest order of the kind ever received in this province.

The North Sydney Herald has received a letter from parties representing Capt. Paul Boyton, the famous navigator, who has just closed a successful two year's engagement with P. T. Barnum's great show, in which he was a leading attraction. Capt. Boyton proposes in future to run his own show, and desires to visit Cape Breton, and accordingly wishes information relative to the feasibility of giving an exhibition in Cape Breton.

A sad sight was witnessed on Barrington street near the parade on Thursday afternoon. A well-to-do woman made a sad exhibition of herself while intoxicated. She attempted to cross the street, but fell in the dirt. A gentleman secured a cab from the stand and had the woman conveyed to her home in the north end. The woman is the mother of several grown up children, all of whom are highly respectable.—Halifax Mail.

It is expected by some persons residing in the north end that a married woman, who is now living in St. John, will pounce upon her unfaithful husband one of these days. It is alleged he married a young lady on the quiet in Truro last year, but instead of introducing her to his friends in Halifax as his wife made them believe she was his house-keeper, until something turned up that caused them "to smell a large rat." The man in question did not inform any one that he had a wife and two children in St. John. A detective is watching the case, and no doubt ere long the much married man will get a big surprise.

Ald. Keefe has been excavating a drain into a property of his (whereon he resides) on Quinpool road; and yesterday struck a vein of quartz, in which there was a capital showing of gold, one piece seeming to have quite a nugget in it. The Alderman gratified a number of friends with a view of the specimen, and some of them talked of going up to the Mines Office and taking out a prospecting license, whereupon he produced one that he had had issued him: "Do you think I'd be such a fool," said he, "to show the quartz until I had secured a license?"—Acadian Recorder.

Says the Halifax Herald:—Still another bigamy case. This time the attorney-general has been interviewed by a lady who is well known in this city and who is considered very respectable. She declares that her husband had taken to himself a second wife and judging from the papers that are now being prepared in the matter, Mr. Blank will find himself in such a fix that he will have to take a course in Dorchester college in order to release himself from the clutches of the law. The man in question is basking under the betwitching smiles of a young lady, a well known vocalist of Halifax. But, "oh, what a surprise" awaits both.

If you wish a fine imported Havana cigar, three for a quarter mild or strong, call at Louis Green's, 59 King street; satisfaction guaranteed.

SPIRIT OF THE TIMES.

Y. M. C. A. Sports.

The executive committee who have the management of the Y. M. C. A. sports met last evening to complete arrangements for that event, and to appoint sub-committees. Mr. Keltie Jones occupied the chair. It was decided to hold the sports Thursday, April 18th, and to procure for that purpose, if possible, the Lansdowne rink. It was further decided to open the events to members of any recognized amateur athletic organization of the Maritime provinces.

The following sub-committees were appointed:—

Advertising and prize—O. Watson, chairman; F. McAndrews and G. Hevenor.

Entry committee—Prof. McPhie, chairman; R. A. Watson and James Barnes.

To secure place for holding sports—Keltie Jones and C. A. MacMichael.

The several sub-committees were given full power to manage all the details of their respective departments.

The sports promise to be a great success and will doubtless be well patronized both in the number of contestants and spectators. Already the boys are beginning to train, not only incited on by the general interest manifest in this annual meet but also by the quality of the prize and medals to be offered.

Baseball.

A meeting of the Thistle Club was held last evening and the prospects for the coming season was discussed. The team will be organized on Monday evening next. The batteries will be McGilnchey and Mills and O'Neil and McAulay. The junior league is soon to be re-organized and will likely be composed of the Clippers, Franklins, Lansdowns, Thistles Emmerals, and Royals.

Won't somebody offer a silver cup for competition?

The Ring.

Billy Edwards gives the following for the benefit of those in doubt; "There seems to be considerable uncertainty and unnecessary discussion regarding the proper classification of professional and amateur fighting weights. The following is correct for professionals; Featherweight, under 112 pounds; light-weight 112 to 133 pounds; middle-weight 133 to 154 pounds; heavy-weight, over 154. The amateurs allow up to 116 pounds for feather-weights, and as high as 158 for middle-weight. Also sometimes they permit the light-weights to run up to 137 pounds.

Ike Weir the "Spider" has determined to retire from the ring permanently after his fight with Frank Murray, near Chicago on the 28th inst. It is said this is on account of a reconciliation between the "Spider" and his father, who is an extensive linen manufacturer at Belfast, Ireland.

Athletic.

The second evening's events of the union meeting of the Yale and 2nd Regiment Athletic Association came off Saturday evening with about 1500 people as spectators. The contestants were nearly all New York athletic men or students. The first prize winners were as follows:

Four hundred and forty yards dash—J. M. Downey, time 59 3-5s.

Running high jump—F. F. Sliney, Olympic A. C. (nine in handicap), 5ft. 5 in., actual jump.

Mile walk—C. T. R. Bates, H. A. A., 7m. 41s. (handicap 50s.)

Mile run—W. D. Day, N. J. A. C, 4m. 41¾s. (70 yards handicap.)

Putting 16-pound shot—T. L. Lambrecht, M. A. C. scratch, 41ft. 9in. actual put.

Fifty yards dash—Y. Manes, Columbia Athletic club, actual time 5¾s.

Two hundred and twenty yards hurdle—T. J. Leahy, S. M. A. C., 32s. (handicap 12 yards.)

The tug-of-war contest between the Columbia College team and the company B's team was won by the latter by one-half inch. In the finals the B team pulled the company K team off the cleats and won the count.

The obstacle race was won by B. G. Woodruff of Yale in 1m. 21s.

The Y. M. C. A. boys who were engaged with Prof. Rabethge last year in the management of the sports will be pleased to learn that Mr. Rabethge who is one of the instructors of the Reading Y. M.C. A., will appear in the annual exhibition of the Reading Athletic club to be held April 3rd.

Yachts and Boating.

Lord Dunraven is having built by Messrs. Fay, of Southampton, Eng., from designs made by Mr. G. L. Watson, a cutter yacht, which is to sail either as a keel boat or as a centreboard. She will be ready for the opening matches on the Thames and elsewhere as a keel boat, but after racing with the Yarana, if it should be found that she is not as fast as the latter, her centreboard will be adjusted, and it will be then shown whether under these conditions, her speed is increased. The Glasgow Herald asserts that on the issue of the racing between the two cutters named hangs the decision as to whether the future pleasure navy of Great Britain will be keel boats or centreboats. If Lord Dunraven's new yacht should turn out to be a success, there is a probability that she will be the British champion in the next international race for the America's cup.

John Teemer has given it out that in his opinion the O'Connor-Gaudaur race was on the level, and that O'Connor is a real wonder and that he (Teemer) is the only man in America who can beat him.—Exchange.

DANGER!

People having Feather beds and Pillows do not seem to realize the danger there is in using them without being cleaned, especially in times of an epidemic, as feathers retain all the exhalations and poisonous matter exuding from the person, and by so doing spread sickness through the family.

Our steam cleansing process eliminates all the poisonous matter and leaves the feathers in a better condition than ever.
