THE Palmerston Council has appointed a Committee "to take immediate steps to have Palmerston made a port of entry." Is it not time that Listowel was taking steps in the same direction?

EMPRESS MILLS.—Mr. Vogen, of the Empress Mills, has taken in as partner Mr. Watson of Oakville, who, we understand, is also a practical miller. These fine mills have been in constant operation since started running by Mr. Vogen.

FIRST SNOW.—The first snow fall occurred on Monday night, something less than an inch of the "fleecy" being on the ground Tuesday morning. This has since disappeared, and mud is now uppermost. According to the usual climatic programme, indian summer will be next in order.

SCIENTIFIC LECTURE.—"Life in a Drop of Water" is the title of a lecture which Rev. Dr. Al. Sommer has consented to deliver in aid of the Listowel Fire Brigade in the town hall, on the evening of the 7th December. The Dr's reputation as a scientific lecturer should ensure a good house.

TOWN PROPERTY CHANGES.—Mr. John Gabel, jeweller, has purchased a brick residence and lot on Inkerman street from Messrs. Hess Bros. Mr. Alex. Robinson has purchased a residence on Penelope street from Mr. John Binning. Mr. H. Knight has recently purchased Mr. George Adam's residence and lot on Elma street.

As this will be in addition to the two large boilers already employed, Messrs. Hess Bros. will be well supplied with power to drive the machinery in their extensive factory.

Biscuits, confectionery, fruit and canned goods sold very cheap at Huber's confectionery and oyster parlor—one door west of Bricker's.

CHANGE OF TIME.—A slight change of time has taken place in the running of trains on the Georgian Bay division, G. T. R. The morning express north reaches here at 11.45, being 15 minutes later than formerly. The afternoon express going south is now timed to leave at 2.06, instead of 2.30 as formerly A new time card will shortly be issued for the Great Western division, when further changes are likely to be made.

WHERE TO ADVERTISE.—One of our exchanges makes the following truthful and pertinent remarks:—"About this time of the year advertising sharks begin to lay plans to gull and rob business men with holiday sheets and schemes. They are never what they are represented, and many of them are never circulated at all. The only ones benefited are the sharks and schemers. Business men should be very careful not to throw away a large share of their holiday profits on these advertising frauds. The local newspaper is the only sure, safe, and legitimate medium of communication with the people."

American and Canadian Coal Oil, a carload of each just received. Best quality, lowest price, wholesale and retail.
4te. J. A. HACKING.

SCARF'S COMBINED SEEDER AND HARROW.—An exhibition of this machine at work was given on the farm of Mr. D. D. Campbell on Thursday morning of last week. A description of this new invention has already been given in this paper. The machine was pronounced by those who witnessed its work to be a great labour and time saving implement, qualities which should make it of great value to the farmer. So far, we understand that Messrs. Scarf & Russell, the proprietors, have not succeeded in effecting arrangements for starting a foundry in Listowel for manufacturing their machine.

HYMENIAL.—We are pleased to Chronicle the marriage of Mr. John Gabel, jeweller, of this town, and Miss Lizzie Hess, eldest daughter of George Hess, Esq., of the firm of Messrs. Hess Bros., furniture manufacturers. The happy event took place on Wednesday, at the residence of the bride's parents, in the presence of a happy gathering of relatives of the bride and groom, the ceremony being performed by Rev. Al. Sommer, German Lutheran minister of this town. Mr. Gabel is to be congratulated upon entering married life with so genial, affable and comely a partner. We wish them all happiness throughout life's journey. The happy couple left on a wedding trip on the afternoon train.

PAY UP.—Am now making out accounts. Will begin to write out receipts for them. I have a number of regular old hard cases which I am going to sue next court.
4te. J. A. HACKING.

THANKSGIVING DAY was observed in town as a holiday. The union services, in which the various denominations took part, were largely attended. At the morning service, held in the C. M. Church, Revds. J. W. Bell and E. Barker delivered suitable addresses, and in the evening, Revds. J. W. Holmes and J. A. Tredlope addressed a large congregation in the Congregational Church, Thanksgiving services were also held in Christ Church in the morning. The Churches, however, did not monopolize the day, the gun having a greater attraction for a considerable number of boys and men of the town. In the afternoon our very efficient town band turned out and played for a time on Main street.

ADVERTISE YOUR CHRISTMAS GOODS.—Advertisers have not many days left in which to make known their Christmas "strong holds." What is the use of having for sale desirable holiday goods unless they be known to the public. No dealer can trust to show window advertising. Customers do not go about inspecting show windows in order to determine their purchases. Indeed they inspect their newspaper, and from information found there determine just what they will do, and having so determined, proceed accordingly. The newspaper is every day becoming more and more a factor in the affairs of life. Hence it is that the dealer who advertises most sells most, not only of holiday goods but everything else.

☞ Should any person doubt that Hess Bros. are selling their furniture 20 per cent cheaper than ever, for cash, let them call at the warerooms, ascertain the price of the goods, and be convinced.

AN INJUNCTION.—The Harriston *Tribune* says: Mr. J. F. Wilson has taken out an injunction against the directors of the S. & L. H. Railway Company, to prevent them lifting the iron from the track passing through his property. The papers were served on Mr. Henderson, G. T. station agent on Monday last. We understand the council of Wallace has taken similiar action on behalf of the township. If this can be legally done, and the iron held for the benefit of the ratepayers who have so liberally bonused this road, it will be a righteous act, and should be taken hold of at once by the Minto and Harriston councils. If municipatities can be legally defrauded out of thousands of dollars by one company simply transferring their property to another without regard to terms or agreements upon which bonuses were granted, the sooner the people of Ontario know it the better. We believe that our council should at once make an effort to protect the municipality in this matter.

$20.00 WORTH OF NEW AND POPULAR MUSIC FOR $1.00.—Thomas Brothers' Musical Journal is undoubtedly the finest and best journal of its kind published. The reading matter is varied and original, being news from all parts of the world. The Journal will have a new feature this year in being beautifully illustrated and printed on fine heavy calendered paper. Each number will have in over *Two Dollars* worth of Sheet Music, printed from our best plates; and as you receive one number each month, at the end of each year you have for binding one of the finest collections of vocal and instrumental music imaginable. Don't fail to subscribe for the Journal at once. Price per year, *One Dollar*; or with a beautiful Chromo, 22x36, *One Dollar and thirty five cents*, the 35c. being the actual cost of packing and postage on the Chromo. Sample copy of the Journal, 10c. We want an agent in every village and city in the United States and Canada to take subscription, for the Journal. Address JAS. H. THOMAS, successor to Thomas Brothers, Catskill, N.Y., U. S. A.

HUMBUG ADVERTISEMENTS.—The time never will be when the people of this or any other country can buy a gold dollar for seventy-five cents. Neither can you, dear reader, purchase an organ worth three or four hundred dollars for $60. This is all nonsense. Still we have no objection to other people doing their business just as they see fit. We are selling a good honest Piano at from $185 to $575, and a good honest organ (not all stops) for from $48 to $475. All our goods are made upon honor, and we send to any part of the world on test trial, and if no pleasee no keepee, as the Chinaman would say. For the past ten years we have sent both Pianos and Organs to every part of the world, and our instruments give the most universal satisfaction. If you wish a good instrument, one that will always last you, we shall be pleased to send you our catalogue and prices; and if you purchase one of the Thomas Brothers' *Silver Tone Instruments* you will get what you require, and one instrument sold in a neighborhood always sells us more. Address JAS. H. THOMAS, successor to Thomas Brothers, Catskill, N. Y., U.S. A.

TOWN COUNCIL.—An adjourned meeting of the Town Council was held on Monday evening, 13th inst. Present, J. A. Hacking, Reeve, in the chair; Geo. Hess, Deputy-Reeve, and Councillors J. W. Scott, A. S. Deavitt, R. Woods, W. McMillan, John Riggs, W. G. Hay, Jacob Heppler, B. F. Brook and John Binning. Minutes of previous meeting read and confirmed. Account of Mundelich & Co., amounting to $39.70, was read and referred to Finance Committee. The following persons made application for the position of night watchman and lamplighter, in addition to applications made at last meeting, viz: James Northcott, Mark Elwood, T. W. Stubbs, R. Lowe, Wm. Beattie, ($365,) W. F. Campbell, ($400,) L. Arnold, Jas. Osborne, ($400.) The Finance Committee reported recommending payment of the following accounts: Grant to Dairymen's Association $18.50; Wm. Milne, lumber, $114; A. Morris, coal, $111.49; Wm. Bright, quarter's salary, etc., $42.41; Gas Co., account to Nov. 6, $41.75; N. Ure & Co., stationery, 80c. On motion the report was adopted. The special committee appointed to confer with the Township of Wallace in regard to the Land Improvement Fund, reported that they had succeeded in getting $400, being Listowel's share of said grant. Moved by John Riggs, seconded by Jacob Heppler, that the report of special committee *in re* Land Improvement Fund, be adopted, and committee discharged—carried. The question of appointing a night watchman and lamp-lighter was then taken up. The Mayor entered and took his seat. It was moved by J. W. Scott, seconded by W. G. Hay, that our constable be asked to be on duty from 1 p. m. to 1 a. m., and that his duty be to lamp the lamps and put them out as directed, and act as night watchman while on duty, salary to be increased to $400 per annum for the balance of the year—lost on the following division: Yeas—Scott, Hacking, Hay W. G., Heppler—4. Nays—Deavitt, Woods, Hess, McMillan, Riggs, Brook, Binning—7. Moved by John Riggs, seconded by W. McMillan, that we do now proceed to vote by ballot for a night watchman and lamp lighter—carried. The Council then proceeded to ballot for the applicants, eighteen in all. James Osborne having received the largest number of ballots, it was moved by J. W. Scott, seconded by B. F. Brook, that Jas. Osborne be appointed night watchman and lamp-lighter for the balance of the year, at a salary of $400 per annum, as per direction of Fire & Public Buildings Committee—carried. The application of Messrs. Hess Bros. for exemption from taxes was taken up. It was moved by J. A. Hacking, seconded by John Binning, that Messrs. Riggs, W. G. Hay, Scott, Binning and Woods be a committee to confer with Messrs. Hess Bros. in reference to their application for exemption of taxes, and report at next meeting of Council—carried. Mr. P. Lillico applied to the Council to have Alma street opened to the High School. Moved by J. A. Hacking, seconded by W. McMillan, that a committee consisting of Messrs. Heppler, Deavitt, Riggs and the mover and seconder, be appointed to examine as to cost of opening Alma street, and report at next meeting—carried. Council adjourned.
