FREDERICTON.

The Jubilee Exercises at Christ Church Cathedral.

Bishop Kingdon Confined to His House by Illness and Unable to Take Part in Yesterday's Proceedings.

FREDERICTON, Aug. 31.—Upwards of thirty visiting clergymen from all parts of the diocese are here to attend the jubilee exercises in the Cathedral, which opened this evening at 7.30 o'clock. They are guests of members of the congregation in the city. His Lordship Bishop Kingdon is confined to his house through illness and was unable to take part in today's service. He hopes to be able to celebrate Holy Communion tomorrow morning. Very Rev. Dean Partridge, who has also been very ill with rheumatism, was able to conduct the first service at 7.30 o'clock this evening. The Dean delivered an eloquent and thoughtful sermon, which was listened to with keen interest by a large congregation.

The Cathedral was consecrated fifty years ago, and the stone work requires repairs and re-pointing, and the spire requires painting and repairing. As it is a diocesan church, the Bish[illegible] quested that a collection be tak[illegible] in each parish or mission, as th[illegible] thedral funds were quite inadequate. The following collections have been received:

Kingsclear	$25 00
St. Andrews	13 65
Hampton	13 15
Norton	11 88
Fredericton parish church	11 69
St. Jude's, Victoria	8 37
St. Mary's, St. John	8 13
St. Stephen	6 00
Andover	5 52
Westfield	5 29
Studholm	5 06
Bathurst	5 01
Salisbury	5 00
Albert	5 00
Waterford and St. Mark's, Essex	5 00
Stanley	4 72
Gagetown	4 50
New Denmark	4 00
St. David and St. James	3 90
St. Luke's, Portland	3 39
Sussex	3 25
Macadam	2 62
Upham	2 50
Canterbury	2 00
	$164 69

One subscription of $20 has been handed in, W. Emile Smith. It is much to be hoped that many more subscriptions and larger collections will come in soon, as the necessary repairs will amount to about five times the sum that has been handed in. The communicants of the Cathedral have given a new Brussels carpet to the sanctuary.

At the close of the morning service at the Methodist church yesterday Wilmont Lemont, who has officiated as organist and choirmaster for some time, was presented with two handsome volumes of Hugo's work in leather. The presentation was made by Rev. J. A. Rogers on behalf of the choir, Mr. Lemont making an appropriate reply. Mr. Lemont left this evening for Boston, where he will take a course of study in a piano school.

The nuptials will be celebrated on Wednesday morning at six o'clock of Miss Daisy, daughter of Mr. and Mrs. C. W. Buzzell, and Thos. Fowler, head clerk in Oak Hall, and a very popular young man. The ceremony will be performed by Rev. J. H. MacDonald, and they will leave on a three weeks' wedding tour to Bangor, Boston and New York.

R. A. Estey despatched a crew of 30 men and fifteen horses to the timber woods this morning to work at his camp on the Rockaway. Robt. Aitken & Sons, who lumber on the Aroostook, will also send a large crew up to Aroostook tomorrow morning.

The provincial normal school opens tomorrow morning and the attendance is the largest for many years, upwards of 250 students are expected, of whom 20 who came from quarantined districts, have to stand a supplemental examination.

Gertrude, youngest daughter of Neves Kitchen, of Kingslear, was the victim of a painful accident on Saturday afternoon. She was playing in the barn and fell from the hay loft to the floor, a distance of fifteen feet. No bones were broken, but she was unconscious for several hours. She will recover.

PRESENTATION TO LIPTON.

Nothing too Good for Sir Thomas Say the Cream of American Sportsmen.

NEW YORK, Aug. 31.—The initial step towards the presentation to Sir Thomas Lipton of a memento from the American people, probably in the form of a silver service, was taken today, when the following resolution was adopted at the Waldorf-Astoria:

"The undersigned committee, named to arrange a memento for Sir Thomas Lipton, feel assured that they represent a universal sentiment of appreciation among all classes of Americans who love sport and admire a sportsman, and, acting upon this assurance, they suggest to the general public a popular subscription to meet the end in view. The Western National Bank of New York has consented to receive the subscriptions. It is desired that these be national in character, since there is no state or section where the pluck, liberality and good temper of our late antagonist, ever our friend and now our guest, have not won all hearts.

"General Joseph Wheeler, chairman; Col. Henry Watterson, Louisville; Patrick Collins, mayor of Boston; Thomas F. Walsh, Washington; Commissioner Robert C. Ted, New York; Valentine H. Snyder, New York; Lindsay Russell, New York; Senator Kearns of Utah; Timothy D. Woodruff, New York Western National Bank, treasurer."

The following telegram was received from Mayor Collins:

"Will serve on committee with greatest pleasure, for gold as well as silver, as nothing is too good for the best sport in the world."

CHATHAM.

The Sudden Death of Mrs. William Stothart.

CHATHAM, N. B., Aug. 31.—Mrs. William Stothart droped dead this afternoon at her home in Lower Newcastle, opposite this town. The deceased lady was about fifty-six years old and was a daughter of the late Thomas Haviland, who for many years was proprietor of the steam ferry at this place. It is not known that she had been suffering from any disease to cause any uneasiness to her friends. It is supposed that heart disease was the cause of her death. She is survived by a husband and five children, most of the latter being grown up, besides several brothers and a sister, and has a large circle of friends who deplore her sudden calling away.

BENSON-TWEEDIE.

CHATHAM, N. B., Aug. 31.—Premier Tweedie's residence was artistically decorated with flowers this morning on the occasion of the marriage of his daughter, Louie, and W. Stewart Benson. Miss Mamie Tweedie, a sister of the bride, was a picture of girlish loveliness as bridesmaid, and Wilson A. Loudoun, her uncle, was best man. The ceremony was performed by Rev. D. Henderson. Only the Tweedie and Benson families, Mrs. Edward Sinclair, Mrs. Ellie Russel and Mrs. Thos. Pugsley were present. The bride was stately and beautiful in Champagne tinted voile over white taffeta. Her travelling costume was blue broadcloth and burnt straw hat. After a sumptuous breakfast, the happy pair left by the ten o'clock train for Summerside.

TARTE DECLARES HIMSELF

Strongly Against the Government, Principally on Its Financial ttitude.

His First Speech from a Conservative Platform Since He Joined Forces With Sir Wilfrid Laurier in 1896—What It Means.

MONTREAL, Aug. 30.—Mr. Tarte was the principal speaker at a conservative demonstration held at Berthierville in Bertier Co. today, and the ex-minister of public works came out strongly against the government, principally on the fiscal question. This is the first time that Mr. Tarte has spoken from a conservative platform since he joined forces with Sir Wilfrid Laurier in 1896, and it shows that he will be with the conservatives in the coming elections. Mr. Tarte declared that Sir Wilfrid Laurier was not hostile to tariff revision, but the majority of the cabinet were free traders and would not have it. He claimed that since the premier's health began to fail the direction of the party's affairs had passed into the hands of men who were looking after their own ends. Mr. Sifton, Mr. Fielding and Mr. Fitzpatrick as well as Sir Richard Cartwright were free traders.

The only two ministers, Mr. Tarte declared, who had any strength in their own provinces, were Mr. Fielding and Sir Fred Borden, and the government believing that defeat was in store for them, was attempting to make a new power while the premier remained. Sir Wilfrid Laurier's disappearance from the scene, he declared, could not be long delayed, as he required absolute rest.

Mr. Tarte spoke strongly for increased protection for Canadian industries, and urged all Canadians to rally to fiscal reform. He expressed the opinion that if the elections took place at once and the government be successful, Sir Wilfrid Laurier would not remain premier two months and the tariff would at once be lowered.

Mr. Tarte also condemned the government for attempting to put through the Grand Trunk Pacific measure with indecent haste.

CANADIAN CABLES,

From London, to Toronto and Montreal Papers.

LONDON, Aug. 31.—The first meeting of the Alaskan boundary commission will be held at the foreign office on Wednesday. A commissioner in an interview said that the dispute was being approached with the utmost friendliness. There was a mutual agreement to earnestly strive for the emphasizing of the importance of arbitration. The commissioner added that it was impossible to estimate how valuable the Alaska question might prove. The United States gave some million dollars for the rights there in seals alone. She has since recouped herself. Sir Louis Jette and Hon. Clifford Sifton arrived at London this afternoon for the Alaskan commission.

LONDON, Aug. 31.—Chas. A. Hanson, formerly of Montreal, and now London partner of Coates Son & Co., has been officially addressed as the unionist candidate and supporter of Mr. Chamberlain in St. Austele division, Cornwall. Mr. Hanson is now considering an offer for the anti-Chamberlain journals to use Premier Ross's speech, delivered at Toronto, as proving that Canada gave a preference in her own interests, and therefore Great Britain is equally entitled to reject Mr. Chamberlain's proposals.

LONDON, Aug. 31.—The Grand Trunk's July revenue statement, with its gain of $107,500 in receipts, has set the market discussing the Grand Trunk dividend prospects. A still greater improvement is anticipated, giving the impression that the third preference stock will receive something more than the one per cent. distributed in 1902.

LONDON, Aug. 31.—Sir Charles Tupper and Joseph Pope were among the Canadians present at the impressive Salisbury memorial service at Westminster Abbey today. Mr. Griffith of the high commissioner's office represented Lord Strathcona.

DANISH W. I. ISLES

Contented to Remain Under Their Own Old Flag.

BERLIN, Aug. 31.— The National Zeitung says the Danish West Indian commission is said to have reported as follows to Finance Minister Hage:

"The population of the islands is satisfied to remain under Danish rule. The whites hope from the newly awakened interest of Denmark in the islands an improvement of economic conditions and the fostering of civilizing influences. The administration of the island was found to be unpractical and the hygenic conditions entirely satisfactory. It is believed, says the National Zeitung, that the commission will report in favor of reducing the military establishment on the island and reorganizing the gendarmerie on modern lines."

DILLON FROM DUBLIN

Says Ireland Will Be All Right After This—A New Era Opened.

NEW YORK, Aug. 31.—"Ireland has crossed the turning line into a new era and a better civilization," says former Lord Valentine E. Dillon, of Dublin, who has just arrived on his way to Pittsburg. "Only those who have lived in that land all their days as I have done can appreciate the present attention to the provinces."

While optimistic on Ireland's future, Mr. Dillon declares that the British government has eventually opened its eyes. "And now that its eyes are opened," he continued, "we actually feel better. The next ten years will see Ireland rid of the systems by which the provinces have been impoverished."

WAR IMMINENT

Between Turkey and Bulgaria—Hostilities May Break Out Any Day.

SOFIA, Bulgaria, Aug. 31.—Both in official and revolutionary circles the question is freely held that war between Turkey and Bulgaria is imminent and can be averted by nothing short of a miracle. It is not expected that either government will formally declare hostilities, but that the prevailing conditions will force on war.

There is no question that large numbers of insurgents have recently organized and crossed the frontier. An extensive outbreak in Northern Macedonia is possible any day. The Autchoyme prints a telegram from Constantinople, declaring that the sultan influenced by the counsels of Germany, now favors war with Bulgaria. The Turks here, however, take an optimistic view, as asserting that there is no danger of war as Turkey does not desire one and Prince Ferdinand and the present Bulgarian government are not in a position to force hostilities.

The Bulgarian agent at Uskub reports that the detachments of Turkish troops sent to garrison the small towns in that Vilayet, have spread destruction along their route; the villagers have been robbed and beaten; the women violated and the Christian population subjected to every conceivable outrage. The Bulgarian agent specifies excesses in many other villages and the position of the Bulgarian residents is reported to be terrible.

SALONICA, Aug. 31.—The Turks have occupied Klissura, Albania, without resistance. A number of Bulgarian villages in its vicinity were burned.

Inspector General Hilmi Pasha, recently sent a commission composed of five Christians and five Turks to offer amnesty to the insurgents on condition that they lay down their arms before the great feast tomorrow in honor of the sultan's coronation.

The revolt has become general at Caza and Yenidje (25 miles from Salonica), and is spread to Gherghli and Tikhvesh, 65 miles from Salonica.

Sarafoff, the revolutionary leader, has arrived in the neighborhood of Salonica for the purpose of directing the movement in this district.

Some Turkish officers Aug. 29 sold fifteen cases of Martini rifles and a quantity of ammunition to Bulgarians.

SALISBURY'S FUNERAL.

Only Floral Tribute on the Coffin Was That of Queen Alexandra.

LONDON, Aug. 31.—The only floral tribute on Lord Salisbury's coffin was a wreath sent by Queen Alexandra. Other wreaths, sent by the King for Portugal and others, were used to decorate the graveyard. The Archbishop of Canterbury officiated at the funeral service. Attached to the Queen's wreath was a card bearing the words: "To the memory of Lord Salisbury, universally loved and mourned as one of England's best and greatest statesmen. From Alexandra." Beneath was written:

"We think at first that home is Heaven,
We learn at last that Heaven is home."

The King sent a wreath with the words: "As a mark of deepest regard, greatest respect and sincere friendship."

PARIS, Aug. 31.—The foreign office here points out the significance of the appointment of M. Witte as president of the Russian council of ministers, which is merely an honorary post, whereas the ministry of finance which he is leaving, is a position of great power and influence. The change practically amounts to putting M. Witte aside, though he will continue to direct Russo-German relations.

NO RESULT MONDAY.

The America's Cup Is Still in Doubt,

But That Is Owing to the Prevailing Weather Conditions,

And Not to the Speed With Which Sir Thomas Lipton's Shamrock III. Sails the Ocean Blue.

NEW YORK, Aug. 31.—Again today the beautiful cup defender Reliance failed to register her third victory over Lipton's challenger because the wind died to nothing and the time limit of five and a half hours expired before she could reach the finish line. Her margin was approximately the same as Thursday last. She was less than half a mile from the finish when the gun sounded. The poor old Shamrock was a faint blurr on the horizon, fully two and a half miles astern. Reliance's failure to score the race was the more exasperating because her ultimate triumph is now conceded even by Sir Thomas himself, to be simply a formality. The superiority of the Herreshoff boat in any kind of weather is acknowledged by the yachting critics of both sides of the Atlantic, and today's fluke only prolonged the agony.

The waning interest in the cup races was strikingly illustrated by the size of the observation fleet. Outside of the revenue cutters which patrolled the course, it consisted of half a dozen sidewheelers with almost empty decks, a few sea-going tugs and a score of steam yachts.

The easterly wind and rain last night had served to knock down the sea somewhat, although it was rough enough during the first two hours of the race to make the excursion boats tumble about a good deal, and the yachts to plunge and stagger on their way to the outer mark. But as the day wore on the wind hauled to the north and fell to a mere zephyr, hardly strong enough to round out the enormous canvasses of the sloops, and the sea subsided to a smooth surface. The race was spiritless from the beginning. Its saving feature was the start, in which Capt. Wringe, by a pretty piece of manoeuring, nearly turned the tables on the Yankee skipper and captured the windward berth. But within fifteen minutes the defender was showing her heels to the challenger and when the float at the outer mark was reached, she rounded the mark 20 minutes and 23 seconds ahead of her rival. In the five times the boats have met this was by far the worst beating Shamrock has had in windward work. The only interest which remained after that was as to whether Reliance would be able to reach the finish line in time to score the race.

The racers waited about Sandy Hook light ship until 10.45, when the Navigator signalled that the starting line would be shifted and the race postponed until later in the day. After running five miles south from the lightship the Navigator signalled a windward and leeward course, east northeast, from which direction a five knot wind was blowing. Until five minutes before the start Capt. Barr held the windward berth. Then both ran away from the line, the Shamrock leading. Two minutes before the starting gun the Shamrock headed up into the wind, tacked, forced the Reliance to do the same, and both ran for the line, Reliance leading. They reached it before the starting gun and the Reliance had to run along the lee side of it to await the gun. Shamrock reached the line as the gun sounded, and not having to sheer off secured the weather position. It was a trick which Capt. Barr had worked often, but never with better fitness or more satisfactory results.

The official starting time of both yachts was 11.45.26.

The first tack, five minutes after crossing the line, put the Shamrock ahead, but under the lee bow of the Reliance. Capt. Wringe gave his boat a good full and the way she began to walk away from the defender made it look as though she had found herself at last. But this was for a few minutes only. Then he began to pinch into the wind and it was apparent that the Reliance was outpointing the challenger and altogether making better work of it. From that time the Reliance gained steadily. When off Long Beach at 1.45 the defender was two miles ahead, having added the second mile by literally outpointing the challenger and at the same time maintained an equal speed.

When the mark was reached the British boat was more than two miles alee and coming slowly. The time at the outer mark was:

Reliance	3:00:37
Shamrock III.	3:21:00

The Reliance, homeward bound, with wind aft of the beam, mainsheet well in and balloener bellying, made good time and drew away from the challenger until the wind softened.

Reliance was not moving more than four miles an hour and Shamrock III. was two miles and a half astern of her when the committee boat signalled that the race was off.

The regatta committee of the New York Yacht Club announced tonight that the yachts would race again tomorrow.

KAISER ACCOUNTS FOR HIS STRENUOUSNESS.

Ascribes It to the D[illegible]cipline at the School He Attend[illegible] in Cassel When a Bo[illegible]

BERLIN, Aug. 29—Emperor William attributes his restless activity and zeal for Germany to the discipline of his tutors. He attended the gymnasium at Cassel and received instruction at the same time from a number of private teachers, chief of whom was Prof. Hinzpeter.

"The very earnest and constant preparation that I received," said the Emperor at a banquet in Cassel yesterday, "made me capable of taking on my shoulders the burden from day to day. Although my teachers knew the responsibilities they had undertaken and utilized every hour and minute to prepare me for my high calling, none had a clear prevision of what an immense burden of labor and what a depressing weight he has to carry who is responsible for 58,000,000 of Germans.

"Not for a moment do I regret the studies I at that time thought severe and I may truly say that work and a life of work has become my second nature."

EDWARD VII AT VIENNA.

VIENNA, Aug. 31.—A state dinner in honor of King Edward was given at the Hofburg tonight.

Emperor Francis Joseph toasted King Edward, who in responding assured the Emperor of the continuance of the feelings of friendship which he had inherited from Queen Victoria, and concluded by appointing Emperor Francis Joseph a field marshal in the British army.

A YANKEE VERSION

Of Canada's Case Before the Alaska Boundary Commission.

(U. S. Associated Press.)

LONDON, Aug. 30.—Secretary of War Elihu Root, ex-Secretary of State John W. Foster, Hannis Taylor and Judge John M. Dickinson arrived at Liverpool on the Celtic today for the meetings of the Alaskan boundary commisssion, which will open in London Sept. 3. They were received at Liverpool by Mr. Petherick, assistant U. S. despatch agent, on behalf of the American embassy. The party came directly to London. The Canadian commissioners are also here. U. S. Ambassador Choate has arranged to give a dinner in honor of Secretary Root, at which all the American and British representatives will be present.

At the first meeting of the commissioners next Thursday the Americans and Canadians will submit their briefs. The documents have not yet been made public, but the Associated Press correspondent learns that the whole controversy centres upon Canada's effort to acquire an outlet to the sea. It is known authoritatively that the Canadian agent asserts that under the Russo-British treaty of 1825 the line properly crosses numerous inlets, including the headwaters of the Lynn canal. The contention seems to be that the inlets less than six miles wide situated in the disputed region belong to Canada. U. S. Counsel Foster vigorously opposes this view, holding that the treaty clearly places the line thirty miles inland, and thus separates Canada from all the arms of the ocean and puts Porcupine Creek and the gold district under American jurisdiction.

The American representatives are confident that their position is unassailable. The commissioners expect that the complete consideration of the entire case will take less than two months and that even should the commission fail to render a majority award the facts will be clearly established. This will lead to an easier settlement in the future.

LORD STRATHCONA

Opened the Toronto Exhibition on Saturday in Person.

TORONTO, Aug. 30.—The first dominion exhibition and the 25th industrial exhibition held here, was formally opened this afternoon by Lord Strathcona.

Lord Strathcona this afternoon received the honorary degree of LL. D., from Toronto university. Lord Strathcona was the guest of honor at a banquet given by the National Club tonight, which was largely attended.

A BIG CONTRACT.

The Rebuilding of the Foundation of Courtenay Bay Railway Extension.

J. B. McManus of Memramcook began on Friday week the work of extending and rebuilding the foundation for the government railway along the western shore of Courtenay Bay. The extension will consist of eight feet to the present work and its rebuilding with a batter of three and one-half inches to the foot instead of being plumb, as was before. After the work is brought up to high water mark the contractor will tear down and build in under the track about nine feet on the old property. Only 1,400 feet of the whole length of structure will be improved, and this extent will be in three different places, so as to cover the portions most in need of repair. This means about one-third of the whole affair. The logs will project out where necessary for the addition of further improvements. Twenty-five men are on the work now, but before the end of the present week there will be 40. The men up to the present time have only been able to work at tide time, about five hours. The wharf for a distance of 250 feet has already been built up to an average height of eight feet. P. S. McManus is superintending the job for the contractor.

ONLY A MATTER OF TIME.

Mrs. Oldbird—Mr. Smith looks quite young and jaunty since his marriage, doesn't he?

Miss Mature—Yes, so he does. He looks almost as young as he did when I refused him. He was just 25 then.

Miss Oldbird—Indeed! I had no idea he was 50.
