CITY MARKET REPORT.

SATURDAY AFTERNOON, Jan. 22.

Within the last ten days we have to report the arrival of two cargoes from England, and eight from San Francisco.

The Napoleon III. from London, consigned to Messrs. Henderson & Burnaby, brings about 1490 tons of miscellaneous English goods to this market, and the ship Locket, from Liverpool, consigned to Messrs. Dickson, Campbell & Co., about 1000.

The additions to grain stocks from California and Puget Sound since the commencement of the year have been considerable, and have partially glutted the market. Cargo prices in most cases are very little in excess of California rates, and in some instances lower.

The supplies of most kinds of grain and feed may be considered to exceed the demand.

The stock of hay is also considerable, but notwithstanding the large arrivals, prices remain firm.

The following are jobbing quotations:

WHEAT—$1 75 to $2.
FLOUR—Golden Gate, $5 50 sup; Pacific Extra, $6; National Extra, $6.
BARLEY—$1 75 @ $2.

HOLLOWAY'S PILLS.—Indigestion.—How much thought has been bestowed and what ponderous volumes written upon this plague of every household, which is certainly and safely dispersed by a course of this purifying, soothing and tonic medicine, without fear of relapse! It acts directly on the stomach, liver, and bowels; more indirectly, though not less effectively, on the brain, nerves, vessels and glands, and so commands order throughout the entire system, that harmony dwells between each organ and its functions. Dyspepsia can now no longer be the bugbear of the public, since Holloway's excellent Pills are fully competent to subdue the most chronic and distressing cases of impaired digestion, and to restore the miserable sufferer to health, strength, and cheerfulness.

A WORD TO THE AGED.—In the decline of life the loss of vital force consequent upon physical decay, can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

The wholesome effect exercised by these admirable Pills over the blood and fluids generally is like a charm in dispelling low spirits, and restoring cheerfulness. Their general aperient qualities well fit them for a domestic medicine, particularly for females, of all ages and periods of life. They never betray any disagreeable irritating qualities; they quickly eject all impurities from the system, and regulate every function of the body, giving wonderful tone and energy to weak and debilitated persons, while they brace and strengthen the nervous system in a most extraordinary manner.

To Regain Health, Strength, and Vigor.

Whenever persons find themselves in that state termed "a little out of health," and there are so many causes at work to shorten life, it is necessary that Holloway's Pills, the finest purifier of the blood ever known, should be at once taken, as they not only rid both solids and fluids of all morbid matters, but regulate all disordered actions, and strengthen the frame in a most extraordinary manner.

Id Coughs, Colds, and Asthmatical Affections.

These Pills, assisted in their action by rubbing Holloway's Ointment very effectively twice a day upon the throat and chest, and keeping those parts covered with the preparation, will be found the most effective remedy for asthma, coughs, colds, bronchitis, and influenza. These remedies tranquilize the hurried breathing, soothe the irritated air tubes, and assist in dislodging the phlegm which stops up the air passages. This treatment has proved wonderfully efficient in not only curing old settled coughs and colds, but asthma of many years' standing, and even when patients who were in so bad a state as not to be able to lie down on their beds lest they be choked by phlegm.

Derangement and Distension of the Bowels, Flatulency, Diarrhœa and Dysentery.

Any symptoms of the above complaints should be immediately met by appropriate doses of these Pills, according to printed directions; delay may be followed by disastrous consequences. These Pills are a certain remedy for all the ailments of the alimentary canal, they secure the thorough digestion of the food, and act most kindly on the stomach, liver, bowels, and kidneys. As a household medicine they are unrivalled, and should always be at hand.

Very Important, of Costiveness Beware.

Rarely but little notice is taken of costiveness, yet at certain periods it is a sure sign that danger is near. All who are seized with apoplexy and paralysis, have previously suffered from costiveness. In the former case the blood flies to the head, a small vein is ruptured on the brain, and we know the rest. Let wives counsel their husbands and husbands their wives, never to go to bed a second night if the bowels have not been properly moved during the day, particularly if they feel heavy and drowsy. A few gentle doses of these fine Pills will regulate the circulation of the blood, and remove all dangerous symptoms.
