OAK HALL - 115 KING E. 116 YONGE

A Little List of Summer Comforts

To pass these stores in selecting your summer clothing means going by the best line of it in the city to-day—not that we expect you're going to do so—but there are "allurements" and lots of loud talk that prove disappointments when you get to them, and a little caution will not hurt you.

TEMPLARS CLOSE BUSINESS

Officer-Elect Installed By Rev. W. J. Andrews, Assisted By Mrs. Scobie.

NOTHING NEW IN STRIKE SITUATION

Each School Child Taking Part in Coronation Day Concert to Get a Medal.

Hamiton, June 19.—At this morning's session of the Grand Lodge of I.O.G.T., it was arranged that a subscription list should be opened to help to provide for an organizer. Toronto was selected for the next meeting place, which will be held on the third Wednesday in June, 1903.

The election of officers resulted as follows: George Spence, G.C.T. (acclamation), Toronto; E. E. Boyd, G.C., Ottawa; K. Crane, G.V.T., Renfrew; Mrs. Graham, G.S.J.T., Inglewood; D. Marshall, G.S., Thornbury; F. Roger, G.T.; S. H. Lyle and E. L. Farnham, Grand Auditors; Rev. W. J. Andrews, D.R.W. G.T., Varna. Mrs. Graham and A. W. Ross, representatives to Supreme Lodge.

The Grand Lodge ended this afternoon with the installation of officers, conducted by Rev. W. J. Andrews, assisted by Mrs. Scobie.

Board of Education Meeting.

The Board of Education held a special meeting to-night and accepted the tenders of the following: For coal, Rogers Coal Company; for wood, J. M. Peregrine. As with the city tenders, E. S. Brennan's offer was lower, but the trustees decided not to entertain it.

The sum of $150 was appropriated for the purpose of medals and for other disbursements on Coronation Day. It is the intention to give a medal to each child taking part in the concert.

Concert for a Union.

A concert was given this evening at the Jockey Club Park in aid of the Street Railwaymen's Union. About 1200 people attended. The program was given by the 13th Band, George Allan and Harry M. Bennett, Toronto.

Going to Montreal.

It has been definitely decided that the 13th Regiment will go to Montreal to take part in the Coronation Day review. Lieut.-Col. McLaren returned from Montreal this morning and appropriate orders were issued. The regiment will leave Hamilton on Wednesday night, and will return Saturday morning.

The members will travel in colonist sleepers, and while in Montreal will be quartered in the armories. They will get their meals at the hotels. Capt. Lester and Capt. Herring remained in Montreal to make final arrangements for the entertainment of the regiment.

Electrical Workers' Strike.

There was no new development in the strike of the electrical workers. Both sides were quiet. The men say they are willing to arbitrate and can't understand why Manager Hawkins is not of the same mind, when he has expressed himself in favor of arbitration. Mr. Hawkins admits that the company's works are considerably undermanned.

Thaxter—Young Nuptials.

This afternoon a pretty home wedding took place at the residence of Mr. and Mrs. James Young, 173 Market-street, when their daughter, Miss Katie Young, and Prof. Benjamin A. Thaxter, B.D., A.M., of the State Normal College, Fort Girardeau, Missouri, were married, Rev. Dr. Lyle officiating. The bride is the author of the book, "Stories of the Maple Land."

Police Points.

At the Police Court to-day, John Shaver and Herbert and Hazel Konkright of Burford were tried on the charge of pointing a revolver and threatening to kill John Everett, a young Indian, whose home is on the Plains-road. According to the evidence, Miss Sarah Hall, a young woman, was living with Everett, and the trio last night tried to get her away from the Indian. A revolver was one of the arguments used.

Everett came to the city to get a warrant, and the three went to his place and took away the woman. Miss Hall admitted in court that she had cohabited with both the Konkrights.

The prisoners were each fined $10.

The girl later promised to marry the Indian, who got a license.

Samuel Swayzie, Sanford-avenue, pleaded guilty to the charge of stealing. He will be sentenced on Saturday.

Minor Mention.

Miss Featherston has been appointed organist of the Presbyterian Church, Oakville. Mrs. Clyde Greene has also been engaged as soloist.

Mr. and Mrs. William Vallance, Miss Vallance and Mr. and Mrs. J. V. Teetzel left this evening for the Old Country for a tour of about three months.

The Hotel Brant will be opened for the season next Saturday.

Minor Mention.

RESIGNATION NOT ACCEPTED

Continued From Page 1.

Dr. Ogden, which shelved the rather interesting discussion:

That the resolution be referred back to committee, with instructions to consider and report upon the question of inspection of the schools, and that in the meantime Mr. Hughes be requested not to press his resignation till after August next.

The Coronation Celebration.

Thomas Ryllie headed a deputation of the S.O.E.B.S., who asked that the drill corps of the schools be allowed to take part in the society's demonstration in Exhibition Park on Coronation Day. Major Thompson was heard, and explained that the parade would in all probability be a failure, as the schools close for the summer holidays on June 25.—The matter was finally left in the hands of Chairman Jones, who will co-operate with the deputation.

In view of the discussion on Mr. Hughes' resignation, the clause in the Management report relating to regulations for occasional teachers, was again referred back. This was the only important change in the reports, and the board adjourned.

AT CAMP NIAGARA.

Niagara-on-the-Lake, Ont., June 19.—The cavalry and artillery camp here has now settled down to hard work, and everything is going on smoothly. The absence of the infantry bands is very noticeable, and, except in the evening, when the men parade the town streets, one would hardly know that about 12,000 men were encamped on Fort George Commons. The morning broke dark, with the overcast, with light showers, but before noon the sun came out and a fine warm day followed. Mounted drill was the exercise practised by the different corps this morning, gun drill by the artillery, and foot drill by the cavalry in the afternoon. The preliminary instruction by Major Galloway, musketry instructor, was given to-day on the rifle ranges.

Joy in the East End.

Theresidents of Grant-street, over the Don, last night held a celebration of their victory before the Court of Revision over the opposition to a brick pavement on that street. The street was illuminated with Chinese lanterns and decorated with flags and bunting. The word "victory," on a streamer appeared in several places across the street. The chief opposition came from an official of the Street Railway Company, but the court decided that a brick pavement should be laid.

Steamer leaves Yonge-street wharf daily for Grimsby Park and Jordan Beach at 9.30 a.m., excepting Saturdays, at 2 p.m. Large numbers are taking advantage of this trip, owing to the reduction made in the rate this season. Mr. A. B. Davison is looking after the interests of the company this season, and would be pleased to quote excursion rates.

Sunday World of June 22: At the Coronation of the King. Buy it from the boys.

BOUGHT A STOLEN WHEEL.

Charge Against an Official of Children's Aid Society.

The trial of a lad named Roy Wilkins in the Police Court yesterday may lead to the prosecution of an official of the Children's Aid Society on a charge of receiving. The boy was confined in the shelter some time ago for the theft of a wheel, pleaded guilty and was remanded till called on. The evidence yesterday showed that he stole another bicycle and sold it to an official of the Shelter for $4. Magistrate Kingsford sent the boy to the Industrial School for an indefinite period and instructed that a charge of receiving should be laid against the purchaser of the wheel.

The return of Mr. Dooley will be chronicled in this week's Toronto Sunday World. For sale on the trains, at the news stands, from the boys. Price 5 cents.

G.T.R. Earnings.

Montreal, June 19.—Grand Trunk earnings, June 5th to 14th, 1902, $586,675; 1901, $525,440; increase, $61,235.

WAS BECOMING QUITE NERVOUS

Had Shooting Pains in the Back of the Head and Across the Small of the Back—Fully Restored By

Dr. Chase's Nerve Food

Nervous diseases are slow in coming on and equally slow to disappear. They can only be cured by building up the system and enriching the blood. The case of Mrs. Hillrich, which is related below, is a good illustration of how Dr. Chase's Nerve Food acts on the body. Its cures are thorough and lasting because they are natural.

Mrs. R. Hillrich, 343 Grand Trunk-street, Montreal, Que., and whose husband is employed by the Consolidated Repair Company, states:

"About a year ago I noticed that I was becoming quite nervous. I would often have disagreeable shooting pains in the back of my head which brought on severe attacks of headache, and had for a considerable time suffered almost continuously with pains in the small of my back. Believing my system to be run down, I began the use of Dr. Chase's Nerve Food, and can see how it has gradually strengthened and invigorated my system until my troubles have entirely disappeared, and to-day I feel strong and well again."

Dr. Chase's Nerve Food, 50 cents a box, six boxes for $2.50, at all dealers or Edmanson, Bates & Co., Toronto.

YORK COUNTY AND SUBURBS

It Will Require an Assessment of 32.5 Mills to Meet Obligations of the Junction.

LARGE INCREASES FOR SCHOOLS

An Effort to Be Made to Pare Estimates of Some Departments—County Notes.

Toronto Junction, June 19.—The Executive Committee of the Town Council met to-night to consider the estimates for the year. With the amounts required by the several departments and the High and Public School Boards, a rate of 32.5 mills will be required. The rate last year was 24 mills, which was an increase over the previous year. It is in the Public School and High School Boards that the greatest increase is required. The Public School Board rate proposed is 9.4 mills, an increase of 2 mills over last year, when the great expense of building Western-avenue School was given as the reason for the increased rate. This year, increased population, more teachers, new walks, increased salaries and painting and plumbing are given as reasons for the extra rate. The High School rate is 7-10ths of a mill higher than last year. In the Works Department, too, there is a great increase of expenditure proposed, especially in moving out of sidewalks and building new ones, together with $1000 for the Weston-road Bridge, which does not cover the cost of placing stone abutments in position. The Mayor considered the estimates too high, and the Public and High School Boards as well as the several committees, will be asked to do a great deal of paring down before the committee meets again, on Monday night. Mr. Hodgson, manager of the Union Stock Yards Company, asked to have some of the hydrants now in streets, moved into the alleyways of the yards. The company is building a tie-up pen, 55x800 feet, for sheep, and 50 carloads of cattle. This building is, in itself, as compact as a street of houses would be, and will require the hydrants itself, as compact as a street of houses were removed.

The Kams Baseball team last night, played a picked nine at Brown's Hotel grounds. The score was 29 to 9 in the Kams' favor. The batteries were: Timber and Archer and O'Neil and T. Wilson. The feature of the game was Archer's fielding and batting.

There will be a coronation service in St. John's Church on Thursday, June 26, at 9 o'clock. The prayers will be the same as those which will be used in Westminster Abbey.

Allan Royce, sr., of Davenport-road is seriously ill.

Bracondale.

Surveyors are striking out lines for the extension of Ossington-avenue, from St. Clair-avenue to Hilton-street.

Yarmouth Lodge, S.O.E., will take part in the celebration to the Toronto Exhibition Grounds on Coronation Day.

Rev. Mr. Lumley of Wychwood Church of Christ will return with his bride on Saturday.

Zion Methodist Church lawn party at Mr. George Carter's was attended by about two hundred people. The arrangements of the committee were very complete. Baseball, lawn tennis and other games were much enjoyed.

The Sunday School of the Presbyterian Church will journey, via the steamer White Star, to Oakville, on Tuesday next, and will hold their annual picnic there.

Toronto Junction Gun Club.

The fifth shoot of the summer series of the Toronto Junction Gun Club took place yesterday. The weather was fine and a large number of members were present. The following are the scores at 25 birds each, the figures in parenthesis denoting handicaps: A Jackson (2) 23; G. W. Simpson (0) 22 and 17; H. D'Eye (3) 21; P. Wakefield (0) 22 and 17; H. Playter (2) 19 and 18; C. Burgess (0) 18 and 10; J. Giles, (6) 14; L. Horsley, (5) 14; J. Harris (5) 14; H. Jones (4) 13½; J. Taylor, (4) 10; J. Herbert (10) 10.

Green River.

The A.O.U.W. of Green River will hold their annual garden party to-night on the grounds of O. P. Ferrier. A number of Grand Lodge officers will speak. Music will be furnished by the Stouffville quartet, under the leadership of D. Stouffer. Recitations will be given by Miss O'Brien, and instrumental music by Messrs. Barker and Nelles. Stouffville and Green River Cornet Bands will be in attendance.

Musselman's Lake.

The annual union Public School picnic, embracing all the schools in the vicinity, will be held to-morrow afternoon. A good program of sports is being arranged.

Richmond Hill.

Edward Carson, Frank Coombs and Edward and William Baker, will appear before Magistrate Ellis here to-morrow morning, charged with trespassing on the grounds of George Bowers of the Township of Vaughan. Informations were sworn out in the city yesterday.

The Beaches.

The Balmy Beach bowling green is being sodded so as to make room for one more rink. Their first match takes place on Coronation Day, 26th inst., against the Kew Beach Club.

The Beach Sailing Association will hold their initial race on Saturday, June 22.

The Church of England Pavilion Tent was well filled last night at its regular weekly prayer meeting. Rev. H. C. Dixon took the service.

The two new sidewalks, one or both sides, Queen, from Howard to Beech-avenue, and the other on Waverly-road, south of Queen, are completed.

A large number of horses and cattle have been wandering about the streets of East Toronto recently. The village constable, Tidsberry, locked a number up in the pound yesterday.

Bathing has started in earnest at the beaches now, despite the cold weather. A large number go in regularly every day.

JUNE WEDDINGS.

A pretty wedding was celebrated on Wednesday at the home of the bride's parents, 161 Spadina-avenue, the participants being Miss Daisy L. Munns and Rev. James Hughson of the Nova Scotia Conference. Rev. D. Hunter was assisted in performing the ceremony by Rev. W. H. Hincks. Miss Minnie Vaughan was bridesmaid and Miss Alida Munns was flower girl. Walter Ireland was best man.

Stanley—Johns.

In St. Stephen's Church on Wednesday morning Miss Alice J. Johns was united in marriage to Gordon Stanley. The ceremony was performed by Rev. J. A. Broughall. The groom was supported by Mr. Gemmell, and the bridesmaid was Miss Lilly Smith. The bride was tastefully attired in a silk crepe de chene, trimmed with maltese lace over white taffeta. After the ceremony a reception was given at the residence of Mrs. J. Micklethwaite, 38 Robert-street. The happy couple left on the 4 o'clock boat for the Thousand Islands and an extended trip thru the Eastern States.

Osler—Scarth.

Rev. Canon Cayley, assisted by Rev. Charles Darling officiated at the wedding yesterday afternoon of Glyn Osler of Ottawa, son of Hon. Justice Osler of the Court of Appeal, and Miss Florence Kuper Scarth, daughter of James L. Scarth of 35 Willcox-street. The bride was attended by her sister, Miss Constance Scarth, and Britton Osler was best man. A reception followed the wedding.

Hardware Merchants Will Assist.

At a meeting of retail hardware merchants last night it was decided to form a hardware merchants' section of the Retail Merchants' Association of Canada, and to join in the convention to be held here Sept. 9 and 10. Invitations will be sent to hardware merchants all over the province to attend.

Grens' Montreal Trip.

A special parade of the Royal Grenadiers was held last night to prepare for the visit to Montreal on Coronation Day. The regiment will parade again on Monday night, when the arrangements for the trip will be announced by Lieut.-Col. Bruce.

How to Get Rich:

Take a quantity of silica costing one-fourth the price of oil; mix it with oil, and sell the compound to the public at the price of pure oil; offer "prizes" with the compound to make it sell. It is such a compound the public get when they buy common soaps. In Sunlight Soap—Octagon Bar—the public buy a pure and well-made soap. Sunlight Soap reduces expense by prolonging the life of the articles washed with it, which is much more profitable to the public, than common soaps with "prizes." 204

NEGOTIATIONS BETWEEN COMPANY AND EMPLOYES

Continued From Page 1.

fect the service now rendered by the company to the public.

While the Toronto Railway Company feels that the Board of Trade, in calling a meeting of all the conductors and motormen of the company's system, has rendered valuable services to the public, the men and the company, it has firmly but courteously declined to allow the board to arbitrate as to the relations between the company and its employes.

In conclusion, to review the position concisely, the company has always been willing to meet its employes individually, or by their properly elected representatives. The motormen and conductors elected their representatives; the company received them, and went as far as it can to satisfy them, having in view the interests of its shareholders and the public. If the employes now decided to go upon a strike, there remains nothing for the management to do but meet the situation as best it can. The public may feel assured that in this event everything possible will be done to give an uninterrupted service.

Board of Trade Statement.

The Board of Trade delegation issued the following: "The committee of the Board of Trade had an appointment with the officers of the Toronto Railway Company this afternoon at the company's offices at 4 o'clock. The conference lasted till about half-past five.

"During the conference the officers of the company stated that the offer which they had made to the committee of the men had been made after very full consideration, and went as far as they felt justified in going.

"The officers of the company stated that this must be considered as absolutely final.

"A meeting between the Board of Trade Committee and the committee of the men was at once arranged, and was held in the council room of the board.

"After hearing the report of the Board of Trade Committee, the committee of the employes gave careful consideration to the position and stated that they would not take the responsibility of recommending acceptance of the Toronto Railway Company's offer, but would present it to the mass meeting of the men, telling them all the circumstances and leaving the decision to the meeting.

"This meeting will in all probability be held to-morrow night, and will be called by public advertisement of the committee of the Board of Trade."

Strike Organization Re-Begun.

The committee representing the men hold a short, sharp meeting last night. There were present Delegate Dilworth and Organizer McDonald. Within ten minutes the men left the committee room and met the numerous employes of the company scattered around the hotel. The information rapidly circulated thru the city among the employes that all negotiations were off. The men left the hotel hurriedly as if they had business to perform. These men are the "pickets" who are to do scout duty and report to the committee who the men are whom the company is bringing in and where they are coming from. All the other features that were prominent at first when it looked as if a strike was imminent have bobbed up again. The committee having in charge the question of transportation are again in communication with livery stables and owners of buses and are preparing to engage in the traffic on their own responsibility if a strike is declared.

Rock That Split Everything.

In spite of protests from both sides to the contrary, the recognition of the union and the restoration of McDonald, the ex-motorman, to his position were serious problems with the conferees. When it came to the scratch the committee for the men wanted these two propositions favored and the company would not think of it. "We had better go out of business rather than have the business dominated by a committee of the men," remarked one of the officers of the company.

The men promise serious trouble for the people of Winnipeg, incidentally, because they say the employes of the street car company there are in touch with the men here, and as President Mackenzie is president of the Winnipeg lines the same principle is involved in both companies. The union at Winnipeg is stronger than the Toronto union.

Colonial Knighthoods.

London, June 19.—It is confidently asserted here that knighthoods will be conferred on Hon. William Mulock, the Postmaster-General of Canada; Hon. W. S. Fielding, the Minister of Finance; Hon. F. W. Borden, Minister of Militia and Defence.

It is probable that among the coronation honors will be many others for the remaining colonies of the empire whose outburst of loyalty on the occasion of the South African war will now be again officially recognized under the royal seal.

Munro Park.

The people who patronize Munro Park are always sure of a good show and a good time. This week the crowds have been very large. The new show announced for next week will be specially strong, so as to give the crowds attending on Coronation Day a special treat. The whole program will be absolutely new. The minstrel show closes to-morrow night. There will be matinees daily at 3.30 and performances each night at 8.15.

Bruce Old Boys.

Final arrangements were made at the meeting of the Executive yesterday for the excursion to Southampton and Wiarton, Friday, July 11, to Monday evening, July 14. The excursion train will divide at Palmerston. Very favorable terms have been obtained from the G.T.R. Southampton and return $2.05. Wiarton and return, $1.85.

Huron Old Boys' Day.

The Seaforth people are making grand preparations for the visit of the Old Boys' on July 5. The procession will be headed by the 48th and 33rd Bands, and at the recreation grounds a good program of sports will be carried out.

Touring Around the Lakes.

A Toronto man said yesterday that he always took his holidays on a bicycle—taking short runs from town to town, around the lakes—good roads everywhere. Comfort and health and exercise. The best way out to enjoy yourself. "Massey-Harris," the best wheel.

Federation By the Sea.

Windsor, N.S., June 19.—After a discussion which lasted from 8 last evening until 2 this morning the Board of Governors of King's University, by a vote of 16 to 7, decided upon Maritime University federation, and adopted a scheme to unite with Dalhousie at Halifax.

DUKE BECOMES A LIBERAL.

Excitement in Political Circles Over Westminster's Change of Front.

London, June 19.—There is excitement in political circles here as a result of the announcement that the Duke of Westminster intends to take an active part in politics as a supporter of Sir Henry Campbell-Bannerman, the Liberal leader in the House of Commons.

This decision is somewhat surprising, as the Duke of Westminster served a year in South Africa as private secretary to Lord Milner, the British High Commissoner. The Duke's accession to the Liberal ranks is likely to be important from the view point of party finance.

The government has finally decided that it will be necessary to have an autumn session of parliament in order to dispose of the Education Bill and other business.

BRITISH TRUST PROBABLE.

New York, June 19.—The Herald's London correspondent says: In view of the various reports respecting the possible formation of a Canadian-British steamship line, it may be well to point out the exact situation.

When the announcement of the Morgan combination was made, the government, feeling apprehensive and desirous of taking some action of a counter nature, took into consideration one or two schemes for a rapid route between this country and Canada. One of these schemes had already been brought before them at a previous date. Since then the proposal of which Sir Alfred Jones is undoubtedly one of the chief organizers has been primarily under consideration.

This scheme, which for the most part would, it is believed, utilize lines already in existence, practically depends for its ultimate realization on subsidies from both the Canadian and British governments. There is good authority for stating that there is, on imperial grounds, a strong feeling entertained by many ministers in favor of granting a substantial subsidy to a sound concern, without which subsidy no group of promoters is willing to undertake operations.

Hitherto the difficulty has been one of finance, but inasmuch as the war is now ended it is more than probable that the matter will come prominently to the front at an early date. In any case, it i sadvisable to discount all statements purporting to represent the conclusion of arrangements for any combination, since nothing can be settled until the British government has decided what action it will take.

A cable from America to the effect that steps are being taken with a view to increase the minimum freights on all the Atlantic lines between the Nrth American seaboard and ports in the United Kingdom is admitted to be accurate by prominent shipowners in the House of Commons.

The ruinous low rates of recent years, I was told by several to-day, have rendered an arrangement absolutely necessary. They say that freights will be raised from one shilling (twenty-five cents) per quarter to two shillings sixpence (sixty-two cents), and that this will show only a small margin of profit. This is with regard to corn and wheat, but there will be a corresponding increase for the carriage of other articles.

Germany's Richest Turf Prize.

Berlin, June 19.—The largest purse ever offered from the German turf was contested for to-day at Hamburg. The purse was of 100,000 marks ($25,000), and it was won by Nunquamrunio, owned by Count Trautmanns Dorff of Austria. The winner paid 10 to 1. Easter Monday, owned by Alfred Belt, director of the British Chartered South African Company and others, was a great favorite, but did not secure a place. Fred Taral, the American jockey, riding Ezdregyej, owned by Herr Van Rohonczy, a Hungarian, won the Jubilee Criterium at Hamburg to-day and a purse of 40,000 marks ($10,000).
