SAVED HIS SON.

Father Crushed to Death by Locomotive at Staten Island.

New York, Jan. 28.—John Gladys, a machinist, lost his life at Great Kills, S. I., to-day in saving that of his eleven-year-old son. The boy and his father were walking along the tracks of the Staten Island Rapid Transit Company, when the little fellow stepped directly in front of a moving train. Seeing the peril in which the boy had placed himself, Gladys rushed after him and had pushed him out of danger when he himself slipped on the icy track and fell directly in the path of the engine. He was so badly crushed that he lived only a few minutes. The boy was unhurt.

FOR WEST RIDING.

Looks as If Mayor Stewart Would Be It.

Although Mayor Stewart shakes his head wisely and denies it when asked if he has his eye on the West Hamilton nomination for the approaching elections, his friends have another story to tell. During his reign as Hamilton's chief magistrate he has been commended at times for his independent attitude on certain questions, and this year he refused a bid to the Tory aldermanic caucus. The Tory executive, however, which decided that the screws were to be put on good and tight this year, were none too pleased with the Mayor's course. The big Moguls of the Sun Life camp are said to have stated to the Mayor pretty strong that if he wanted to have the party behind him he would have to mend his ways. His worship, so the story goes, with his eye on West Hamilton, agreed to consult the executive on any matters of importance that may come up during the year, including the division of the city into wards.

REWARD FOR GOOD SERVICE.

Police Commissioners Appreciate P. C. Smith.

Doctors Said to Abuse the Ambulance Privilege.

Prolonged Absence of Major Prentice and P. C. Canary.

The first business of the Police Commissioners at noon to-day was the appointment of a chairman for the coming year. "Not for mine," said Mayor Stewart. "I'm your pard there," smiled Magistrate Jelfs. "I suppose I'll have to accept," said Judge Snider, as he traded chairs with the magistrate, who was chairman last year.

The case of Henry Smith, police constable, who alone captured two or three men who had broken into Horey's drug store a month or so ago, was brought up, and the chief recommended him strongly. He has to serve over two years before he receives first-class pay, and the chief asked the commissioners to lop the time off. The commissioners agreed to take a year off the second-class time still to serve. This will make a difference of 10 cents a day in Smith's pay.

P. C's. Barrett and Brannon were also recommended for consideration for their clever and brainy capture of copper wire thieves. They were recommended by Woodman Bros., owners of the wire, and this letter was put in the minutes.

The case of William Canary, who has been away for over a year with tuberculosis, was taken up. He is at present drawing his salary, but if he retires will get $1,000 from the benefit fund. The case was laid over, and before it comes up again Dr. Roberts will be asked to make a final examination of Canary and report on his condition.

Several requests the Chief made for new patrol boxes and the placing of a call gong at King and James streets were granted.

The Police Benefit Fund Trustees asked that the officers' pay be increased 2 per cent., the same to go to the Benefit Fund. This is an annual request, and was turned down, as usual.

Re the Chief's request for more horses for the ambulance, the Chairman stated that in his opinion the ambulance calls were work for the Hospital, not for the police. The police were not able to do what the size of the force would warrant an outsider in expecting.

The Chief stated that the abuse of the privilege was being manifest, and it would serve the doctors right to lose the privilege. This was laid over.

The illness of Sergt.-Major Prentice and his prolonged absence from the force was dealt with in the same way as Canary's case.

The building of new cells was a topic that occupied considerable time, but as the Commisioners were on the point of turning this matter down, the Chief stood up.

"I don't like to draw comparisons," he said, "but look at the equipment and stations the firemen get. They get whatever they ask for."

The Mayor did not say a word in reply.

The Chief's annual report will be found on another page.

DREW A REVOLVER.

John Thornton Had His Head Cracked, However.

A man who gave his name as John Thornton and told the police he lived at 283 York street, was placed under arrest this afternoon, charged with pointing a revolver at the proprietor of the Union Hotel, Hughson and Hunter streets. The police do not know the particulars, but Thornton is said to have suddenly drawn the revolver. Fearing he was going to shoot, men in the bar rushed at him and disarmed him. Thornton was evidently struck in the mix-up for he had to be taken to the City Hospital to get some stitches put in his head. He was arrested by Constables Cruickshanks and Sharp, and is in the cells charged with pointing a revolver.

THIS IS TOUGH.

Tory Organizer Could Not Be Health Chairman.

Between drilling refractory aldermen into line and being worried with rent bills the Tory club and Charles H. Peebles, the new organizer, seem to be having troubles of their own these days. Mr. Peebles desired very much to be Chairman of the Board of Health this year, but, although he is Tory organizer, he could not drum enough of the members of the Board into line to support him. It is said he secured the promise of W. H. Judd and Mayor Stewart to support him, but neither of these turned up at the organization meeting, and Frank Quinn, who was Chairman last year, was re-elected without opposition.
