MANHOOD

HOW LOST, HOW RESTORED!

We have recently published a new edition of Dr. Culverwell's Celebrated Essay on the radical and permanent cure (without medicine) of Nervous Debility, Mental and Physical Incapacity, Impediments to Marriage, etc., resulting from excesses.

Price, in a sealed envelope, only 6 cents, or two postage stamps.

The celebrated author, in this admirable Essay, clearly demonstrates, from thirty years' successful practise, that alarming consequences may be radically cured without the dangerous use of internal medicines or the use of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which, every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This lecture should be in the hands of every youth and every man in the land.

Address,

The Culverwell Medical Co.,
41 Ann St., New York.

The Century

In 1885.

A Great Enterprise.

PAPERS ON THE CIVIL WAR.

The important feature of THE CENTURY MAGAZINE for the coming year—indeed, perhaps the most important ever undertaken by the magazine—will be a series of seperate papers on the great battles of the War for the Union, written by general officers high in command upon both the Federal and the Confederate sides,—General Grant (who writes of Vicksburg, Shiloh, and other battles), Generals Longstreet, McClellan, Beauregard, Rosecrans, Hill, Admiral Porter, and others. The series opens in the November Century with a graphically illustrated article on

The Battle of Bull Run.

written by the confederate general, G. T. Beauregard. Brief sketches, entitled "Recollections of a Private," papers chronicling special events, descriptions of various auxiliary branches of the service, etc., will supplement the more important series by the various generals.

A strict regard for accuracy will guide the preparation of the illustrations, for which THE CENTURY has at its disposal a very large quantity of photographs, drawings, portraits, maps, plans, etc., hitherto unused. The aim is to present in this series, not official reports, but commanding officer's accounts of their plans and operations,—interesting personal experiences which will record leading events of the war, and possess, at the same time, a historical value not easily to be calculated.

FICTION.

In this line THE CENTURY will maintain its prestige, and furnish the best stories by American writers that can be procured. In November begins

A New Novel by W. D. Howells.

Author of "Venetian days," "A modern instance," etc. This story deals with the rise of an American business man. A novel by Henry James, a novelette by Grace Denio Litchfield, and short stories by "Uncle Remus," Frank R. Stockton, H. H. Boyesen, T. A. Janvier, H. H., Julian Hawthorne, and other equally well-known writers will appear at various times.

MISCELLANEOUS FEATURES.

Under this heading may be included a series of papers on the Cities of Italy by W. D. Howells, the illustrations being reproductions of etchings and drawings by Joseph Pennell; a series on

The New North-West,

being an interesting group of papers by E. V. Smalley, Lieut. Schwatka, Principal Grant (of Kingston, Ont.), and others, descriptive of little known regions; papers on French and American Art,—sculpture and painting, with some exquisite illustrations; papers on

Astronomy, Architecture, History,

the first being by Professor Langlet and others Under architecture are included more of Mrs. Van Rauszelaer's articles on Churches, City and Country Houses etc., Colonel George Waring, Jr. will describe

Progress in Sanitary Draining;

E. C Steadman, Edmund Gosse, and others will furnish literary essays; George W. Cable will contribute in various ways; several papers on sport and adventure will soon be published and

John Burroughs,

will write from time to time on outdoor subjects.

Readers of THE CENTURY may feel sure of keeping abreast of the times on leading subjects that may come within the province of a monthly magazine. Its circulation is now about 140,000 monthly, the November number exceeding that figure. Subscriptions should date from this number, beginning the War Series and Mr. Howell's novel. Price $4.00 a year, and 35 cents a number. All booksellers and news-dealers sell it and take subscriptions, or remittance may be made to the publishers:—

A free specimen copy of THE CENTURY will be sent on request. Mention this paper.

The Weekly Monitor.

WEDNESDAY, NOVEMBER 12, 1884.

TO OUR READERS.

Our readers will be surprised this week, at receiving a half-sheet, and that containing a couple of columns only, of local and general matter.

We feel, however, that we need scarcely apologize, as the MONITOR has not missed an edition in over half-a-dozen years, and from the fact that our remissness at this time has been caused by the unavoidable delay occasioned in unboxing, setting up, and getting into working order, a new Cylinder Newspaper Press.

This sheet is printed upon the new press, but as is the case with all new machinery, it will take time to thoroughly perfect adjustments and get in smooth running order. In our next, we shall have something to say concerning our new machine.

— We are obliged to defer all changes of advertisements until next issue.

— Dr. Edward Jennings, of Halifax, died on Friday evening last, aged 68 years.

— Baddeck, C. B., has in its *Reporter* one of the brightest and most clever weeklies published in the Province. May it have a long and prosperous life.

— A lonely old woman, named Mary McAulney, who lived near Souris, in P. E. Island, was burned to death, on the 6th inst., her own house being her funeral pyre. It is not known how the fire occurred.

BUSINESS TROUBLE.— Messrs. D. R. & C F. Eaton, extensively engaged in shipbuilding and milling in Nova Scotia, have assigned in trust to Mr. J. F. L. Parsons, of Halifax. Their liabilities are said to be about $140,000, and their assets are considerably in excess of that amount.

— Eight men of a wrecking crew at work on the wreck of the steamer Inveralt, on Pictou Island, off the Pictou coast, were drowned while endeavoring to return to the shore, on the 15th inst. Another poor fellow put off from the shore in a small boat in the hope of saving some of the drowning men but lost his own life.

— The Grand Division, not being satisfied with the manner in which the *Watchman*, the organ of their order, has been conducted during the past year, concluded at the annual meeting just closed, to change the management. A tender was made by the *Hants Journal* office and accepted. The subscription price will be raised to $1 per year, and the paper will probably appear under a new heading.

— Maud S., the wonderful trotter, has again lowered her record. At Lexington, Ky., fair grounds, on the 11th inst., she trotted a mile in 2.09½, being ½ a second, lower than her previous performance. Mr. Bonner, her present owner, desires to elevate the sports of the turf and in accordance with his wishes, a placard was displayed on the grand stand bearing the words "No betting allowed." Several divines witnessed the mare's performance.

— The formal opening of the Truro Normal School took place on the 5th inst. The inaugural address was delivered by Dr. Allison, Superintendent of Education. Hon. J. W. Longley was also present and followed the superintendent in a speech. 295 pupils are in attendance. Every county in the province is represented, except Shelburne. Eighteen of the pupils are from this County. A new feature of the work is a special Grade "C" class to be examined in May of each year, in addition to the regular class of that grade.

— The 25 mile race, held at the Annapolis Skating Rink, on Wednesday evening last, for $50 a side, was won by John Johlmore, of Lawrencetown. Wm. Foster, of St. John, his opponent, was the best man until the 15th mile, when he was one mile ahead, but Johlmore, apparently, had the best staying powers, as when he completed his 19th mile, he was three feet ahead of Foster, and kept gaining slowly but surely until the end of the race, coming in 26 seconds ahead. Johlmore's time was 3h. 30min. 2½sec. Foster's, 3h. 30min. 28½sec.

—The Government Grant for the past School term will be paid by the Inspector of Schools to Teachers or persons presenting *their written orders* at the office of J. G. H. Parker, Esq., in Bridgetown on Saturday the 22nd inst., and also on Saturday the 29th inst., between the hours of *ten* and *three* o'clock on each day—and at Perkins' Hotel in Annapolis Royal on Monday, the 1st December next between the hours of eleven and twelve o'clock. Teachers are requested to draw their money on the dates mentioned as the Inspector will leave for Digby on the date last mentioned The County School Fund will be paid to Trustees of Schools or to persons presenting *their written orders* at the office of the Municipal Treasurer in Bridgetown on and after the 22nd inst.

—J. W. Beckwith has just received another case of those Black Brocaded Redingote Cloths, in nine different patterns, ranging in prices from $2 30 to $6.50 per yard. Those who have been waiting for these goods will please call early in order to secure first choice. 1i

A DISTRESSING AFFAIR.—On Saturday last, the inhabitants of Centerville, near this town, were shocked with the intelligence that Mr. William Messenger, an old and respected resident had committed suicide by hanging. Very little is known about the matter, but from what we could learn the facts are these. The deceased left his house about 11 o'clock in the morning, and it was supposed that he had gone up into his pasture; but as he did not return, some of his friends went in search of him there, but at nightfall, when a neighbor went into the barn to take care of the deceased's cattle, the missing man was found hanging by the neck to one of the beams near the haymow, quite dead, and had evidently been so for several hours. He was hanging with his face against the hay, and his feet just clearing the floor. No reasonable cause for the rash deed is assigned, except that he had apparently been suffering from fits of despondency during the past month or two. He was fifty-nine years of age, in excellent circumstances and unmarried. The verdict of the Coroner's jury in effect was that discessed came to his death by his own hand by hanging. Supposed cause, temporary aberration of the mind. The funeral took place yesterday. This makes the third suicide in the county within the year.

—The Scott act was carried in Norfolk, Ontario, by one thousand majority.

—The Kentville *Chronicle* states that the Rawdon gold mine has been sold to an American company for $26,000.

—B. D. Rogers, of the I. O. G. T. of the world, re-organized Orion lodge, at Williamston, Annapolis, on the 10th inst., with 22 members.

—The business failures throughout the country occurring in the last seven days number, for United States, 211, and for Canada, 25, an increase of twenty as compared with last week.

—The Minister of Agriculture has decided not to participate in the New Orleans exposition on behalf of Canada, mainly because the time for procuring, collecting and forwarding Canadian products is too limited.

—Mr. George W. Oliver of Lower Granville had a narrow escape from being shot on the 3rd inst. It appears that in getting on to a cart with a loaded shot gun in his hand by some unaccountable accident the gun went off and the charge just scaled one side of his neck burning the hair off the side of his head without further injury.

—Just received by R. Shipley, 25 boxes Glass, assorted sizes, also to arrive this week 25 kegs of Nails, all of which will be sold at lowest prices. 1i.

—The Boston *Journal* says: In potatoes there is quite an active movement, and from twenty-five to thirty car loads are shipped south, but the greater portion are consumed in this vicinity. Prices rule at 55 cents per bushel for the best grades and 50 cents for other stock. Some extra varieties go up to 56 cents, but 50 to 55 cents cover the bulk of the business.

— The Bridgetown Skating Rink will be formally opened on Friday evening next, with a Grand Running Tournament between a number of noted runners. The following entries have already been made for the race:— Wm. Foster, of St. John, champion, long distance runner of the Province of New Brunswick; John Joblmore, of Lawrencetown, Anna. Co., champion long-distance runner of the Province of Nova Scotia; Albert J. Smith, of St. John; R. N. Keuhbach, of Lawrencetown. Distance, fifteen miles. 1st prize, $25 and silver medal; 2nd prize, $10. Admission, 25 cents.

PANTS $4.75.—See Clayton & Son's beautiful new lines of Trouserings. Pants made to order, $4.75, nothing better at price. J. W. Beckwith agent

THE PRESIDENTIAL ELECTION.—Monday's city papers contained the following Associated press despatches regarding the presidential contest:—

NEW YORK, Nov., 16.—The canvass of the electoral vote in this city was completed on Saturday evening, and while the official declaration of the result has not been made, the board of supervisors have authorized the statement that the canvass shows that Cleveland has a plurality of 1,087 in the state. This settles the controversy over the presidential election and Cleveland's election is generally conceded. The vote when officially announced will stand about 563,073 for Cleveland and 561,986 for Blaine.

—The late storm raged with fearful fury in the St. Lawrence, and did considerable damage to shipping. Capt. Lanance, of the tug Lake, at Quebec, 10th, says out of eight ships at anchor at Kamouraska, the Atlas and barque Paramatta were the last two vessels to get under sail, the former having lost three anchors, and the latter having drifted some ten miles with 110 fathoms on one anchor and 60 fathoms on the other. Her anchor now clove, and she still lies off Cape Devil. All except the Paramatta have passed Green Island all right.

INTERESTING TO SEAMEN.—*New York, November 12.*—John Peterson, a sailor on the ship N. L. Hopkins, was knocked about in a storm in the Indian Ocean several years ago, and received serious injuries. He brought suit against the captain, John Swan, alleging that the vessel did not have a proper medical attendant, and the captain refused to put him ashore at the nearest port. The first jury gave a verdict for the defendant, but on the new trial, heard today before Judge Truax, Peterson was awarded $4,000 damages.

Nictaux Items.

SOCIABLE.—A basket sociable was held in the school house, Bloomington, on Thursday the 6th inst. Amount realized twenty-seven dollars. This was the second of the season. The proceeds go towards repairs on the school house.

TEMPERANCE.—B. D. Rogers, of the I. O. G. T. of the world, reorganized Orion Lodge, at Williamston, on the 10th with 22 members.

SOCIABLE.—An old-fashioned sociable was held at the house of Albert Gates, Nictaux, on Thursday the 13th inst. A bountiful repast was prepared by the hostess. About a hundred guests were present. The proceeds, twenty-four dollars and fifty cents, to go for work done on the Baptist Parsonage.

PRESENTATION.—Miss Jessie Prince, of Lawrencetown, who is teaching at Nictaux, has been presented by her scholars with a handsome portrait album.

Apple Report.

110 Cannon Street,
LONDON, E. C., Oct. 1st, 1884.

DEAR SIR:

We have had had the first arrivals of apples from Nova Scotia this week, per S. S. Newcastle City—all that could be landed were sold at public sale yesterday, realising good prices. The buyers generally well satisfied with the quality and condition, and there was a brisk demand at the following prices.

R Pippins 17s, 19s 6d, 20s, 21s & 25s 6d; Blenheim, 17s, 17s 6d to 20s; King of Tompkins, 20s; Gravensteins, 15s 15s 6d &18s.

American apples sold as follows also at the same sales.

Baldwins, 14s, 14s 6d; Canada Reds, 13s 6d; Greenings, 15s; Russetts, 13s; N. Spys, 16s.

We again repeat that good fruit, carefully packed, will in our opinion sell well all this season, and we shall be pleased to take charge of any consignments you may be sending to London. We sell exclusively through the regular sworn fruit brokers in Monument Yard, where you are sure always of getting the largest attendance of buyers, and whose printed catalogues are a guarantee to the shippers that they receive the actual prices paid for their apples at public sale.

Yours truly,
JOHN S. TOWNSEND & CO.

—10 bushels Potatoes will get a MAN'S GOOD OVERCOAT or REEFING JACKET, or a LADY'S WARM WINTER SACQUE at John Lockett's. 1i

—Have you agne in the face and is it badly swollen? Have you severe pains in the chest, back or side? Have you cramps or pains in the limbs, or rheumatism in any form? If so get *Johnson's Anodyne Liniment*. It will give instant relief and finally cure you.

THE SONS OF TEMPERANCE.—At the annual session of the Grand Division of the Sons of Temperance held in Halifax this week, the following-named officers were elected:

G. W. P.—Rev. John Murray, Sydney.
G. W. A.— Walter Mills, Granville Ferry.
G. S.—Rev. B Alder Temple, Halifax.
G. Treas.—H. A. Taylor, Halifax.
G. Chap.—Rev. W. D. Bradshaw.

Following are the standing committees:

State of the order—Dr. McMurray, P. Monaghan, Wm. C. Bill, F. S. Cunningham, Rev. W. D. Bradshaw.

Communications—R. T. Murray, W. P. Conningham, R. Duncan.

Enrolment — Geo. H. McKinlay, F. W. Curtis.

Nomination of standing committees—Isaiah Wilson, R. S. Blois, John McLearn, R. T. Murray, grand scribe.

London, Nov. 14.—A severe shock of earthquake, accompanied by a terrific report, occurred to-night at Clitheron, twenty-five miles from Manchester. The shock threw down horses and waggons in the streets and caused great consternation among the inhabitants.

St. John's Nfld, Nov. 10—In the gale on Saturday night two British schooners, Northern Light and Elsin, collided off North Head, Catalina. Both sank immediately. Two of the Elsin's crew, named Carpenter and Ford, were drowned.

London, Nov. 16.—It is understood that the government will present the redistribution bill of Parliament immediately after the House of Lords has passed the franchise bill. This programme forms the basis of the compromise between the Government party and the conservatives.

London, Nov. 14.—Shepheard's lumber and timber yard at Hammersmith was burned to-day. A pile of lumber one hundred feet high caught fire at midnight and is still burning. Twenty engines are at work trying to prevent the spreading of the conflagration.

Cobourg, Ont. Nov. 11.—Four men here have been sentenced to 10 years' imprisonment each, for outraging a defenceless woman in a lone cottage near Campbellton. The crime was committed in the presence of the woman's children, one of whom, a girl aged 11 years, the villains also sought to outrage.

London, Nov. 16.—The Shanghai correspondent of the *Times* telegraphs that he has learned from a European source, dated Hoi Pong, October 30th, that Annamite auxiliaries of the French army had beheaded five hundred Chinese prisoners at Kep. The French will require large reinforcements in order to recommence operations.

From England's

Distant shores comes the additional testimony as to the wonderful merit of the only sure pop corn cure—Putnam's Painless Corn Extractor. "Office of the Chemist and Druggist 42 Cannon St., London, Eng. A friend travelling in the States and Canada used Putnam's Corn Extractor, and within a few days the corns vanished and I now asked you to send me a few bottles, S. Brett." After referring the letter to our English Agent, we received intimation that Mr. Brett had ordered three dozen for distribution among his friends. See that you get the genuine Putnam's Corn Extractor. Beware of imitations and substitutes.

—If any person would see the difference between real worth and real worthlessness let him buy a small pack of Sheridan's horse and cattle powders and feed it out to his hens. The increase of eggs will surprise you.
