Miss Graham
MILLINER

Major J. H. Parks of St John, a veteran of the Boer war and an officer of the Canadian Engineers, has been decorated with the Order of the White Eagle by the King of Serbia.

There is no surplus of agricultural labor, except in Prince Edward Island.

A Digby, N. S., man found a fuse bomb plugged in a hole in one of the chairs of the S. S. Matatau, which was sunk in St. John harbor over a year ago.

NEWS OF NORFOLK

Robins Case Receives Another Hearing in Police Court

HONOURS OVERSEAS

Include Names of Many Norfolk Men

DOLLAR DAY IS BUSY

Despite the Very Bad Weather

(From Our Own Correspondent)

Simcoe, March 29.—Four more witnesses were heard in the Robins' case for drunkenness, and the evidence was quite contradictory; three for the crown and one for the accused. Mr. Porter, in the absence of Mr. Kelly, secured a "reserve judgment," and the case will be argued a week hence. There will be Magistrate R. E. Gunton on the throne, and H. P. Innes and W. E. Kelly, both able K. C's, of which any county might be proud, and a debate royal for all who wish to hear. What will the verdict be? Guilty or not guilty? Drunk or sober?

Press Photographs

W. E. Kelly, K.C., was in Hamilton yesterday attending the assizes as counsel in an action before Mr. Justice Chute

Mrs Geo. Werret is in Toronto today.

Mr. and Mrs. Lewis Sharp will move out to their Woodhouse farm on Friday. Though going only four miles out, Mrs. Sharp will be missed from town owing to the capability and willingness with which this gifted lady has assisted in the work of women's institute and I. O. D. E. work and other activities of our townswomen.

Miss De Cou is now saleslady on the main floor at Jackson's drug store and wall paper emporium.

Windham township dogs were accountable for cheques amounting to $318 being issued at the March council meeting. Townsend got off with $20.

Chicken thieves are operating about Lynnville.

Mr. Roy Wallace has about completed the work of excavating and fitting up a basement floor in the Ford garage, adding thereby considerably to the floor space.

Honors Overseas

In a copy of the London, (Eng.) Times, Feb. 27th, the name of Capt. A. A Winter is in a list of officers and men brought to the notice of the secretary of state for war, for valuable services rendered in connection with the war. Mr. Winter is an ex-alderman of Simcoe, and a brother of Mr. J. G. Winter of King Street. Mrs. Winter also lives at No. 80 on the same street Capt. Winter was with the A.S.C. through France and Belgium, but since October last has been in England. He has been mentioned by Simcoe boys overseas as having taken an active interest in the welfare of the 133rd men there.

Leo Bowlby Reynolds, formerly of Waterford, now overseas, was home last summer as Lieut. Reynolds, on leave of absence from active service. Norfolk is proud to hear that a son of hers has received for bravery and distinguished service, the first "Croix de Guerre" (cross of war) bestowed upon any British officer. Reynolds is a cousin of Dr. Bowlby of Simcoe, and a grandson of the late Dr. Bowlby.

Lt. Harry Coombs is homeward bound from Europe on convalescent leave of absence. Coombs left Canada as a private.

With its ranks shattered and only a corporal's guard left in charge, the local S.O.E. lodge still boasts of everything but a big membership roll, and is keeping the embers glowing while the boys are overseas

L. E. & N. Makes Trouble

Sam King was blamed for everything he did and escaped criticism for what he did not do a few years ago when he made the Victoria St. hill roadway. Sam had not foresight enough to put a heavy steel section in the drain under the road where the L.E. & N. crosses. As a probable result of this lack of prophetic precaution there is a boiling spring just below the R. R. crossing that has given the board of works some trouble, and has left more ahead; for it is quite probable that the construction of the road and the traffic over it has put the draining tile out of joint. Mr. King almost lost his car in the hole this forenoon after it was considered repaired.

Mr. R. Waddle, Sr., was the first to report to us that to-day he has his 1917 garden ploughed.

The Courier Simcoe's Local Daily

The prize winners for the sugar bags at the H. S. Fall's store yesterday were: Master Robert Franklin, 25th customer, Mrs. J. Dixon, 75th, Mrs. E. G. Norris, 150th and Mrs. Clarence Butler 200th, and the last winner was announced quite early in the morning. The special was announced only as an afterthought in Monday's Daily Courier. If it was designed to bring out the town shoppers early, the scheme certainly brought the desired condition. Live Simcoe merchants are aware of the extent of the Courier's local circulation and the class of readers on the subscription list.

Auctioneer Sam King Has an Idea

Mr. Sam King looks for the passing of the Auction Sale Bill in the not distant future. He tells us over the phone that the cost of 100 bills is small compared with the cost of properly posting them, that they are not serviceable, and that without a memo book one has little knowledge of the detail after leaving the sign board, but a list published in a newspaper with a good circulation over the desired area would cost less in the end and give better service to prospective purchasers. That is the opinion of perhaps the most experienced auctioneers in the country.

PTE. S. E. SLADE, SIMCOE.

Already one farmer near the centre of the new school section has advertised his stock of horses and horned cattle for sale, probably getting ready for market gardening, which we suggested a few days ago, might follow the advent of the new school in this district and a subsequent increase in the local population.

Good Dollar Day Business

Bad roads, and bad weather, and still dollar day brought out a good crowd of shoppers. The merchants who were in the game had a good day. Falls', Murdoch, West, Jackson and Miss Graham all had every clerk busy till six o'clock and others doubtless shared in the business. Shoppers on the whole were satisfied with the offering and the L. E. and N. had nothing to complain of in the line of light traffic. The turnout at this season exceeded our own expectations.

Potatoes are being sold now at half the price quoted yesterday—we did not see the sample, but the tendency is downward and eggs are going lower as Easter approaches.

For the third year in succession Arthur West's big "Dane" will carry dog tax No. 1 of the town of Simcoe.

Geo. Gylee Bamforth who retired a few months ago from his "Valet" business on Peel Street, died today, aged 36 at the home of his parents. George came here five years ago. His wife died two years later, one of his two children also died. Deceased was very prominent in fraternity circles in Simcoe and his evident approaching demise has been generally much regretted.

James Mitchell and George Demery of Malahide were in town recently in quest of a few heavy draft horses.

Geo. Shepphard, of Goshen, has notified the local County Mutual Insurance Co., of the destruction of his barns by lightning on the 3rd, inst. Loss not stated, insurance $1,400.

The County Battalion Auto Car, was rescued from its West Street plight only to partially disappear in some newly made land near the L. E. and N. depot. With the assistance of the section foreman and crew it was again salvaged and up to six o'clock had managed to keep on the street.

USE "TIZ" IF FEET ACHE, BURN, PUFF UP

Can't beat "Tiz" for sore, tired, swollen, calloused feet or corns.

You can be happy-footed in a moment. Use "Tiz" and never suffer with tender, raw, burning, blistered, swollen, tired, smelly feet. "Tiz" and only "Tiz" takes the pain and soreness out of corns, callouses and bunions.

As soon as you put your feet in a "Tiz" bath, you just feel the happiness soaking in. How good your poor old feet feel. They want to dance for joy. "Tiz" is grand. "Tiz" instantly draws out all the poisonous exudations which puff up your feet and cause sore, inflamed, aching, sweaty, smelly feet.

Get a 25-cent box of "Tiz" at any drug store or department store. Get instant foot relief. Laugh at foot sufferers who complain. Because your feet are never, never going to bother or make you limp any more.

TAX CANADIANS ENTERING U. S.

All Intending to Take up Residence There Must Pay

OTHERS ARE EXEMPT

Upon Proving Their Stay Only Temporary

By Courier Leased Wire.

Ottawa, Ont. March 29.—Some misunderstanding seems to exist as regards the proposed head tax on Canadians entering the United States. It is not a Canadian, but an American regulation. Heretofore foreigners entering the United States excepting Canadians, have been subject to a head tax of $4. There has been no tax on Canadians or any person who had resided a year or more in this country. Under the new American regulations to take effect May 1, the head tax is increased to $7 and it is understood that it may be applied to Canadians entering the United States for residence. Authorities here are in doubt as to the exact effect of the regulations, but it is understood Canadians visiting the United States may obtain identification cards, otherwise they may have to pay the head tax, which will be refunded if they return within a certain specified period.

United States officials here say they have not yet been apprised of the regulations to be framed on the statute.

Provincial Trunk Road

Mayor and Board of Trade President

Have a Most Satisfactory Conference at Hamilton

Mayor Bowlby and Mr. Logan Waterous, President of the Board of Trade, paid a visit to Hamilton yesterday in connection with ways and means to have the provincial trunk line from Montreal to Windsor run through this section.

At the city hall they met members of the board of control and the chairman of the Motor League, and were most cordially received.

After discussion it was agreed that Hamilton should look after the interesting of the people on the Niagara Peninsula, and those residing between the Ambitious City and Toronto.

On behalf of Brantford, the Mayor agreed that the Lake Erie Shore people would be looked after, and and those residing west of the county of Wentworth.

It is proposed to get the co-operation of Parliamentary members, Wardens, Mayors, Reeves, and so on.

Messrs Bowlby and Waterous report that everything passed off most satisfactorily and with the greatest spirit of co-operation.

There will be another meeting in Hamilton on April 5th.

It is not proposed to wait on Premier Hearst until about April 20th, as it is believed that at the Good Roads convention to be held in Ottawa in the interim, further support can be pledged.

Farm Work Bureau

Continued from page eight

County Farmers

Several retired Brant County farmers who were familiar with the situation, expressed their opinions, without exception, declaring that there was at present an undoubted and serious scarcity of labor existing in Brant as well as in other sections of the province and country. Some doubt, however, was voiced as to the adaptability of raw recruits from the city for farm work, some speakers believing that the work accomplished by them would not compensate their employers for the time spent in teaching them the rudiments of tilling the soil. Mr. Burt suggested obtaining a few tractors which could be rented to the farmers, but this idea was declared impracticable by Mr. Ballachey, and the matter was dropped without further discussion.

Mr. F. D. Reville thought that to be actually effective the labor would have to be regular, steady and continued and he deprecated any efforts that would result in giving the farmer spasmodic assistance. He pointed out that merely dabbling in farming would not prove successful any more than dabbling in business or any other undertaking. There must be continuity.

When the question regarding the advisability of women working on the farm, the fact was brought out that they would only be useful in harvesting fruit in the autumn, and would be of little advantage to employ them at other times throughout the summer.

Mr. Preston following up his former suggestion inquired if the labor of business men from three o'clock in the afternoon to nine in the evening would be valuable, and in reply it was stated that if this were regular each day it would prove of undoubted value at least freeing experienced men from work that could be accomplished equally well by unskilled help. Mr. Burt thought a patriotic appeal might be made to the manufacturers of the city to close their factories in the summer months for stock-taking and other purposes instead of in the winter as had been customary.

Mr. H. T. Watt advised that a committee be appointed to wait upon the Thrift League at its meeting held last night, and request that when their canvassers made their rounds to secure vacant lots, that they also carry cards to be filled out by any who might be willing to do farm work. This suggestion was taken.

A resolution was passed establishing the Board of Trade Chambers in the Temple Building as a bureau where those residents of the city who would be willing to do farm work might register, and where in turn the farmers of Brant County who wished to secure this labor would apply.
