The Weekly Monitor

ISSUED ON WEDNESDAY,

At Bridgetown, Annapolis Co, N. S.

M. K. PIPER, Proprietor and Publisher.

Terms: $1.50 per year, Payed at $1.00 if paid within the year.

WEDNESDAY, SEPT. 21ST. 1904

—The Monitor is requested by Mr. R. J. Messenger, the secretary for the A. F. G. Association, to state that contrary to the impression that has gone abroad in regard to the imperfect or spotted condition of the apple crop, in his inspection of the orchards through the county he has found them remarkably free from spot or blemish.

—Annapolis county farmers, we are informed, are not showing the interest that might be expected of them in the coming Kings and Annapolis exhibition, judging from the small number of entries already in. The lists close on Monday next, and our farmers are urged to place their entries in time to give Annapolis county the creditable showing she deserves.

—The people of Sydney are indignant over the action of the town council, which, in defiance of the expressed wishes of the better part of the people, and during a session when three of the temperance members were absent, passed a resolution granting permission to the brewery to operate its plant in the town. A petition is to be forwarded the Minister of Inland Revenue to restrain the operation of the brewery.

—The equinoctial storm has been one of unusual violence and destructiveness this fall. Its central point was reached on Thursday last in a gale which blew almost a hurricane and worked havoc with the shipping along the coast, a number of vessels and some lives being lost. Great damage was also done to the fruit crops, and the Valley farmers estimate that about one-half the apple harvest has been gathered, especially in exposed situations. These "drops," as they are called, are now being marketed at whatever price they will bring. In their eagerness not to be unsupplied with the necessary barrels for packing this season, probably many farmers will find themselves overstocked.

The movements of the contestants in the Russo-Japanese war are now being watched with intense interest. The victory of the Japs at Liao-Yang failed to have the decisive effect anticipated, and it is now a question whether the Russians will ever admit that they are beaten. Some of the seers prophesy that in the end Japan will be crushed by the larger nation, having fruitlessly sacrificed the flower of her population. On the other hand, some of the sooth-sayers, who profess to have inside information, state that negotiations are already on between Russia and Japan for a political alliance, and that a peaceful solution of this deadly animosity will soon follow. Unless this happy event soon transpires, the story of the historical Kilkenny cats seems likely to be repeated. Circumstances at present point to an early renewal of the siege on Port Arthur, where the garrison is reported to be in a desperate condition.

Miller, in behalf of the ladies of the Bridgetown church, welcomed the visiting ladies in a graceful address, which was responded to by Mrs. Whiston, president of the association, in a few well chosen words.

Musical and Literary Entertainment.

The musical and rhetorical recital at the Bridgetown Court House, on Monday evening, was highly creditable to our local talent. Although the audience was not large, it was select and very appreciative. Miss Munro was at her best, and her pleasant manner and fine soprano voice elicited rounds of applause. She was repeatedly encored. Mrs. W. A. Warren gave a number of selected readings of a tragic and humorous character. Her rendering of these pieces was greatly enjoyed, and she was called back again and again. Mr. Warren's song selections were rendered with clear and well modulated baritone voice, the pleasure of the audience being manifested by warm expressions of approval. Miss Minnie Dodge presided at the piano with her usual tact and cleverness. The Messrs. Hicks & Sons and W. E. Reed kindly loaned the platform decorations. Altogether the entertainment was worthy of a much larger audience.

WANTED

A reliable party for Nova Scotia to sell Fruit Trees, Ornamental Trees, Flowering Shrubs, Seed Potatoes, etc. We pay CASH weekly. Supply outfit free and allot exclusive territory. OVER 600 ACRES of Fruit and Ornamental Trees. We pay large sums weekly to a responsible class of salesmen who sell our stock. If you have any spare time at all, it will be to your interest to write us, as arrangements can be made for part or whole time. Many people who would make good representatives for us do not realize the money they can make by selling nursery stock.

A few years ago, when times were bad, the nursery business was overdone; too many were at it. Now there are fewer men than in past years but we do a larger business, which means each man is selling about four times what he sold when competition was keener. The present conditions are the best they have ever been. Roll for a reliable firm, offering reliable stock, and you will do a splendid business. We guarantee all stock to be as we represent it.
