PROLONGED DISCUSSION

Details of Plan Favored by Commission—A Minority Report.

Halifax, N.S., June 7.—At the general assembly yesterday morning the business committee brought in a recommendation that speeches on the Queen's Commission report be limited to ten minutes. This brought an objection from the clerk and principal of Queen's, and the fullest liberty was accorded.

The minutes of the commission were reported and read by Dr. Lyle, who said he felt the grave responsibility of his position. The commission met, but insufficient data deterred any definite action. They recommended a joint meeting of the board of trustees and the commission. This was held. The commission numbered forty, but that number were not present. Of those present, six were against the decision reached. Dr. Lyle briefly moved the adoption of the report of the commission, which recommended the separation of the university from the church.

The Minority Report.

Dr. McLeod, Barrie, asked if this was the time to receive the minority report. The moderator thought so. Principal Gordon did not think so, and quoted parliamentary procedure.

A motion to hear the minority report was adopted, and Dr. McLeod read it. The substance is in favor of the retention of the present relation between church and university.

Dr. Lyle explained in detail the report of the commission. The proposed corporation consists of the members of the board of trustees, professors, graduates, and benefactors, constituted as follows: The chancellor, rector, principal, minister of education for Ontario, six members elected by the university council, six by the graduates, and twelve to be elected by the present board of trustees.

Of the members elected by the university council, two to retire annually, similarly with those elected by graduates. Of those elected by benefactors, one to retire annually, and of those named by members of the board three annually, the retiring trustees to be eligible for re-election.

The senate shall continue as at present constituted, with the provision that the board, of trustees, acting in consultation with the senate, should have power to enact any statute it may think proper, or change the constitution of the senate.

The theological faculty it recommends to be reconstructed, and the university to be known as Queen's College, and be governed by a board of management of 25 members appointed by the general assembly.

The Principalship.

The principalship should be separated from that of promarius professor of divinity, and laymen as well as ministers should be eligible for it.

In the event of the constitutional changes being carried into effect, the whole facts should be set before the subscribers to the last endowment fund, inquiring what changes, if any, they desire in the disposal of their contributions. The faculty of theology would be dependent on the revenue from endowment, and on congregational contributions.

The Legal Aspect.

Dr. Lyle elaborated the suggestions of the commission.

Hamilton Cassels followed, treating the legal side of the questions involved in the commission's report.

An order for the day arrived, and the assembly turned from Queen's to decide the next place of meeting. Rev. Dr. Ramsay wanted the assembly in Ottawa, to meet at Knox Church in 1911. Dr. Herridge seconded the motion, and it carried.

Was Weak and Nervous.

Heart Would Stop Beating.

Mr. Paul Poulin, Cascapedia, Que., writes:—"About five years ago I gave up all hope of getting better of heart trouble. I would nearly choke, and then my heart would stop beating. I could not lie on my left side, and became so nervous and weak I could not work. A friend told me to try Milburn's Heart and Nerve Pills, and before the first box was taken I was almost well, and the second box completed the cure. I have advised many others to try them, and they have all been cured of the same trouble. I have offered to pay for a box for anybody they do not cure."

Milburn's Heart and Nerve Pills are a specific for all diseases or disorders arising from the heart or nerve system. They make the weak heart strong and the shaky nerves firm by imparting a strengthening and restorative influence to every organ, and tissue of the body and curing palpitation of the heart, dizziness, sleeplessness, anæmia, twitching of the muscles, sensation of "pins and needles," general debility, lack of vitality, etc.

Price, 50 cents per box or 3 boxes for $1.25 at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
