SALE OF STOVES.—We beg to call attention to the Sale of Cooking Stoves by Mr. M'Lean to-morrow. They are a superior article and of the latest pattern. No person should be without one, as they not only heat a room and are a convenience, but a great saving, as they do not consume half the quantity of fuel that a grate would, a material object at present, when that article is so high.

THE WEATHER.

For the last week has been very mild. On Wednesday night however, and during Thursday, we had a fall of Snow, the first this season, with strong winds from the north-west.

Major Richardson has issued a Prospectus for a newspaper to be published at Brockville (U. C.) intitled, "*The New Era, or Canadian Chronicle*," price 20s., payable in advance. Major Richardson's abilities are well known. ☞ Subscriptions received at the Post Office here.

Captain Walter Douglas, of the steamer *Unicorn*, has been appointed to the command of Mr. Cunards new steamer *Columbia*.

☞ The *Woodstock Times*, says "we are informed by Mr. WIGHTMAN, that the Boundary Commissioners have been driven from their surveying ground by a late heavy fall of Snow."

Launched at Oak Bay, on the 13th inst. from the building yard, a fine ship called the *Pallas*, of 520 tons New Measurement, built for John Wilson, Esq.
