CANNOT STOP BETTING ON THE RACE TRACK

Hon. Mr. McGarry Outlines Position of Ontario Government

Legalized betting is carried on at racecourses in Ontario not because the Ontario Government licenses racing, or controls the holding of race meets, but because of Federal legislation that makes it impossible for the Ontario Government to stop either racing or betting. The situation was outlined to the Legislature yesterday by Hon. T. W. McGarry, Provincial Treasurer, in consenting to the bringing down of a return in connection with the granting of a license to the Devonshire Race Track Company, which took over the Federal charter of the Western Racing Association. The motion for the return, made by L. P. Wigle, member for North Essex, gave that member an opportunity to point out the evil effects of 42 days of almost continuous racing near Windsor, and to complain of the action of the Provincial Treasurer in issuing two additional licenses in the past year. Hon. Mr. McGarry's answer was a detailed one, setting out clearly the position in which the Government was placed, and its inability to interfere in any way with a form of betting permitted by Dominion legislation.

Mr. Figle told the House that the operation of three race tracks was bringing into Windsor, from the States, all manner of thieves and blacklegs who followed the races. Moreover, the races and the gambling were attracting thousands of young men who were badly needed upon the farms and in the shops.

"The Government," he said, "would be doing only its duty if it cancelled all such track licenses during the war." In closing Mr. Wigle referred to certain correspondence between Dr. Reaume, an official of the Treasury Department, and parties in the States, interested in securing a license.

We Make it Clear to You

No matter how dimly you may have seen it before, you can read the smallest type with the greatest ease after we have fitted you with Spectacles or Eye-Glasses. We take particular care in the measurement of your sight, as a too strong glass would have as bad an effect upon the eye as would a weak one. Do not suffer from eyestrain or from headache. Maybe all you want is proper glasses to wear.

ACTIONS JOINED.

By Courier Leased Wire.

Toronto, March 20.—Mr. Justice Middleton has given judgment consolidating the three actions brought by the trustees of the Ottawa separate schools against the Quebec Bank, the Bank of Ottawa and the separate schools commission appointed under the legislation which the privy council recently declared invalid. Mr. Justice Middleton said there would be danger of confusion and disaster if a series of fragmentary actions were to be allowed to go to trial.

TO BAR TOBACCO.

London, March 20.—A proposal to prohibit importation of tobacco is being considered by the committee on restriction of imports, the House of Commons was informed to-day by the parliamentary secretary of the Board of Trade. This information was given in response to a question whether in view of the large stocks of tobacco and snuff in the country, a policy of prohibiting their importation would not be reasonable.
